Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Thanks, Dan!

I think that one hour is not enough time to look at 340 pages as it allows only slightly more than 10 seconds per page. Perhaps we could make the appointment for 3 pm, which is a nice compromise between CD13's desire to make an appointment in the late afternoon and my constitutional right to look at these records any time the office is open and for as long as I want to.

Please let me know,

Adrian

Adrian -

We need to change the location of tomorrow's appointment to our **City Hall** office, Room 480. Same time (3 PM), but at City Hall instead.

Please confirm that will work for you. Thanks!

Best,

Dan Halden

Thanks, Dan!

I think that one hour is not enough time to look at 340 pages as it allows only slightly more than 10 seconds per page. Perhaps we could make the appointment for 3 pm, which is a nice compromise between CD13's desire to make an appointment in the late afternoon and my constitutional right to look at these records any time the office is open and for as long as I want to.

Please let me know,

Adrian

Hi Dan,

Thanks for answering! You did not provide them in the format you found them, you provided them printed on to paper after you found them and you chose the formatting so that they printed in a less-than-legible way. Also you or someone chose to print them in conversation view, a formatting choice which is not a property of the record but was imposed by the City. Also you or someone chose to print them sideways, another imposed formatting choice. I understand that the CA has advised CD13 that it is not required to provide electronic records in electronic format, but surely the CA has not advised CD13 that it is forbidden from doing so. Thus, for some reason, CD13 is voluntarily refusing to provide these records, which are of essential public interest, in a format in which they are extremely hard to read. Why?

Thanks for reconsidering!

On Wed, Mar 13, 2019, at 6:22 PM, adrian@123mail.org wrote:

Hi again, Dan.

I think I need to ask you to give me copies of the individual emails in this conversation, or rather to print them (since some departments of the City insist on printing) not in conversation view.

Despite the CA's idiosyncratic interpretation of the CPRA with respect to electronic records, this must be required, as the microscopic version you've printed out sideways for me is (a) not legible and (b) not an exact copy, which is required by the CPRA at section 6253(b). Prepping copies of each individual message would take care of the first problem at least. The original is not sideways and the original does not have an objective font size. These were formatting choices. Furthermore, printing messages in conversation view rather than in non-conversation-view omits some essential information.

As a compromise to this requirement, I am happy to accept a PDF version
of this particular conversation only, if it's made directly from Gmail. I know that the City version of Gmail is capable of producing PDFs, just do "print to file." This will be easier for you and will meet my needs. Even though the City is perfectly capable of redacting PDFs, and even though CD13 chooses not to redact them, the question doesn't arise here as there are no redactions in this record.

Thanks for your help, Dan.

of CD13 staff from 2018

and 2019 that contain any of these search terms:

a. Planter

b. Quixote

c. 720 AND Cahuenga (but not as exact phrase)

d. 706 AND Cahuenga (but not as exact phrase)

e. 1000 AND Cahuenga (but not as exact phrase)

2. Emails in the possession of CD13 staff from 2018 and 2019 that are

to or from any of these correspondents:

a. Anyone at Quixote

b. Anyone at any entities that either own or operate the building at

706 N. Cahuenga Blvd.

3. All communications between CD13 staff from 2018 or 2019 and anyone

at the City or elsewhere concerning permits for planters anywhere in

the CD13-controlled part of the area bounded by SMB, Vine St., Melrose

Avenue, and Cole Avenue.

4. Staff calendar entries from 2018 and 2019 relating to planters in

that same area.

Thanks!

Adrian

Subject: Please assist/ part 1: CPRA request (CD13.2019.03.12.a)

Strefan,

As you can see below, I've been working on this CPRA request. Adrian is asking for all emails between me and two LAPD officers for a period of approximately 15 months. I've searched for this time frame and it comes up to 699 emails.

He is also asking, in the separate request we discussed over the phone, for emails in the same time frame between me and 8 additional officers. That is likely to yield hundreds, or perhaps thousands, more documents.

For the initial request of 699 emails: can you please advise on a reasonable time frame in which I can have to respond?

Thank you,

Dan Halden

Good afternoon, Dan.

I'd like to see all emails between you and either Eddie Guerra or Shannon Geaney from January 1, 2018 through February 28, 2019. I need to see all attachments as well.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Subject: CPRA request (CD13.2019.03.13.a)
To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Thanks, Dan!

I think that one hour is not enough time to look at 340 pages as it allows only slightly more than 10 seconds per page. Perhaps we could make the appointment for 3 pm, which is a nice compromise between CD13's desire to make an appointment in the late afternoon and my constitutional right to look at these records any time the office is open and for as long as I want to.

Please let me know,

Adrian

Subject: 11/16/18 Response to Public Records Act Request
To: Qwerty Uiop <ms.qwerty90210@gmail.com>
Cc: Jeanne Min <jeanne.min@lacity.org>, Gigi Galias <gigi.galias@lacity.org>

Dear Qwerty,

We have consulted with the City Attorney on this matter.

Your request needs to be narrowed down. There are 20 custodians (staff) in this office with potentially responsive documents. An initial search by just one custodian yielded approximately 1500 documents.

The public interest in producing the documents is outweighed by the public interest in not expending the staff resources to locate, print, redact, and produce what could be potentially thousands of documents. The current request is thus exempt from production under Government Code section 6255. Accordingly, a more focused request is necessary.

I would be happy to work with you on refining your request so that it produces a much smaller number of documents and is more focused in nature. As you know, I have already produced 2018 emails that have two or more of the search terms you provided. Please feel free to contact me at your convenience with a refined request.

Best Regards,

Dan Halden

Hi Mr Halden I wonder if you ahve a revised time when you will have this requested material ready? Thank you!

On Tue, Oct 30, 2018 at 9:48 AM Qwerty Uiop <ms.qwerty90210@gmail.com> wrote:

hi Mr. Halden, well that depends on what you mean by "just". as I said on Aug 8 "any ***one*** or more of the words ficus, cherokee, kerry, sarian" with emphasis added on "one" and as I said on Sept 7 "***any single one*** of those four key words what ever comes up from 2018 will be what I am looking for" with emphasis added on "any single one". I am sorry I was unclear so to be clear I am looking for any emails that any staff of Mr. O'Farrell have from 2018 that have the word kerry ***or*** that have the word sarian or that have the word ficus or that have the word cherokee in them but if they have two of those words that will be ok or if they have three of those words that will be ok or if they have all four of those words that will be ok. most importantly those if they have any one or more of those words then those are the emails I want. Like if the email says "kerry how are you" then I want that one and if it says "kerry there is a ficus on cherokee just ask sarian" then I want that one but if it says for intsance "mr. O'Farrell had a private lunch at Taix with John Ek" then I don't want that one from this request.

thanks again for your help Mr. Halden!

On Tue, Oct 30, 2018 at 9:38 AM Dan Halden <Daniel.Halden@lacity.org> wrote:

Hi Qwerty,

We may have misunderstood your request. Are you looking for every email in 2018 with *just* the word "Kerry," and every email in 2018 with *just* the word "Sarian?" Please confirm.

Subject: CPRA request (CD13.2019.03.29.a)
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan.

I would like to see the following materials:

1. Emails in the possession of *any* CD13 staffer or MOF himself that contain the word "encampment" from January 1, 2018 through March 29, 2019.

2. Emails in the possession of *any* CD13 staffer or MOF himself from the same date range that are to/from/cc/bcc any of the following folks:

HWD 26906 PESQUEIRA DANIEL
HWD 30500 RAMIREZ BRENDA
HWD 30735 SANCHEZ RALPH
HWD 30987 CORONA CESAR
HWD 32285 JORDAN PAUL
HWD 37352 EUBANK ANNABELLE
HWD 38074 WHITE BRIAN
HWD 38136 GUERRA EDWIN
HWD 39467 THOMPSON BENJAMIN

Exclusive, that is, of those between you and Officer Guerra from 2018 through February 2019, which are already the subject of an earlier request.

3. Appointment calendars for everyone at CD13 including MOF from July 1, 2013 through March 29, 2019 printed in weekly format in such a way that the full text of each entry is visible. If you're going to print these on paper, which I do not agree is legal under the CPRA, please use a legible ink color. The yellow ink that CD13 has used in the past is not readable, which is why this request isn't actually duplicative, if you were wondering.

Thanks, Dan.

Subject: Re: CPRA request (CD13.2019.02.22.a)

Hi Dan,

I feel like we're going in circles here. The CPRA says explicitly that I can look at records at any time that CD13's office is open. It does not say that I can be required to make an appointment, and since the CPRA is to be interpreted broadly if that increases access to records it's pretty clear that in fact the City can't require me to make an appointment in order to see records. If the records are there and the office is open I can look at them.

Now, in the interest of efficiency I'm reasonably content to make appointments, but it seems to me that the City ought to see that willingness as a concession on my part rather than an acknowledgement that the City has the right to put off my inspections for days or weeks by stating for no discernible reason that a given time "will not work," especially when the law forbids them from doing so. CD13's insistence that I not only make appointments but that I make them some unspoken time in advance is materially hindering my access to records at this point.

Now, I'm getting pretty used to the fact that the CA has ways of reading the CPRA so that its plain language means something different than what it says, and I'm sure you'll be pleased to share such readings with me in this case, which naturally I am eagerly anticipating.

Meanwhile, though, can you at least tell me when CD13 plans to reopen its City Hall office? Also, as a kind of compromise can we agree that I will come in to inspect records on Thursday, April 4, but I can't say when it will be right now? If that's not acceptable, can you perhaps send them to some City office which complies with the requirements of the CPRA with respect to non-appointment inspections, like e.g. City Planning at 221 N Figueroa?

Thanks, Dan.

Hi Adrian,
Sorry for the delay. Unfortunately today will not work. We will circle back with you ASAP regarding a time(s) either at City Hall or Echo Park. Or, please let me know some dates/times next week that would work for you.

Thank you,

Dan Halden

Dear Mr. Riskin,

We have compiled this request. We can arrange to make an appointment to come view the documents at our Echo Park District Office, 1722 Sunset Blvd, LA CA 90026.

I am CCing colleagues here to work with you on scheduling an appointment.

Thank you,

Subject: CPRA request (CD13.2019.03.13.a)
To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Subject: Re: Attorney Client Privilege - question re CPRA redactions

We do redact personal email addresses. Adrian suggests we have "waived" the exemption. I don't know what he's referring to. Perhaps he thinks we have produced these documents without the redactions already. Is that the case? I doubt it, but if so, he has a point. Or maybe he thinks when we made the initial determination we didn't say there would be redactions for private information? If that's the case, redact the personal email addresses anyway. I would suggest you tell him you're doing it, if you are, and he can then explain why he thinks we've waived the exemption.

Mike and Strefan,

In one of my recent correspondences with Adrian Riskin, he asked me this question:

"Also, I notice that CD13 redacts a lot of email addresses when the City of Los Angeles has already waived any exemptions with respect to their release. Can you certify that that hasn't been done here?"

Can you please clarify what Adrian is talking about? Is he saying that personal email addressed should NOT be redacted? I always thought we were to redact people's personal email addresses and information (a private Gmail, etc.). Can you please clarify what we should and should NOT be doing with respect to redacting of information?

Thank you,

Location: Silverlake Community Church, 2930 Hyperion Ave, Los Angeles, CA 90027

Date: June 30th, 2016

Time: 8:00 am to 9:30 am

Topics: Parking, Permits and Traffic

Please let your membership know the details as soon as possible – we are planning to do at least 3 email distributions in the days leading up to the event – one soon, one two weeks ahead of the event, and one on the week of. June 30th is a Thursday, so that Monday.

The Silverlake Board is intending to provide some sort of breakfast, or breakfast-like refreshments, if you all would like to chip in a little for that it would certainly be welcomed.

I've copied my co-president Natalie on this, and Betsy our right-hand-woman. Please let us know if you have any questions!

Thanks,

Ben

Hi Christian and Jason,

Happy Friday! There is a small business owner (dog-grooming) that reached out to our office that is looking for a location in our district. Please let us know if you know if any spaces that are currently available or may be available soon.

How's your project coming along?

Thanks,
Amy

Hi Amy,

Thanks for getting in touch!

Our project is coming along nicely—we actually just posted an ad yesterday for the tenant space we have at 1507 Echo Park Ave. We're looking for a food business (small restaurant, cafe, or food retail) that would complement the Italian restaurant and be something great for the neighborhood. If you happen to know of any small-business owners who could be a match, please send them our way!

http://www.loopnet.com/Listing/20340664/1507-Echo-Park-Ave-Los-Angeles-CA/

We'll definitely keep an eye out for a space that would work for dog grooming. Do you know how much space they'd like? The former tote bag store at 1825 Sunset seems potentially available, but it's tiny so would be a one-dog-at-a-time kind of situation. We've noticed some remodeling at a vacant building at 1555 Sunset--not sure of the details or if they already have tenants, but might be worth a try. There's also something happening at the former Casablanca furniture store further east on Sunset. We can send you more ideas as we have them.

Enjoy the long weekend and hope to see you soon!
Jason and Christian

Hi Jason,

Happy to hear the project is coming along!

I will keep an eye out for any small food/ retail business looking for a location. I will definitely send them your way.

I reached out to the business for specific details, would it be okay if I refer him to you directly?

Thank you and have a wonderful long weekend as well!

Hi Amy,

Of course—please feel free to put us in touch. Our knowledge may be pretty localized to Echo Park, but we'd be happy to help however we can.

Ciao!

Hi Amy,

Too you as well! Unfortunately we are all occupied at the moment. We may have an 1000 sf space coming available in a month or so but it is in Highland Park (Figueroa and 59th). If that doesn't work I'd be more than happy to help then find another space; I have my real estate license and have represented all types of businesses who are expanding in LA!

The project is moving along! It looks like will be able to deliver the space to the two businesses by the end of August. Thank you again for the help. Today we are waiting for Frank, the metro east electric inspector from the DWP, to come out and OK our electrical piping, and then hopefully pour cement over the pipes this afternoon and let it dry over memorial weekend.

I do not believe our electrical plans have reached the Department of Engineering yet for permitting, but I plan on reaching out to Porsche Bell on Tuesday to check our status and see if we can push them forward next week. I'll be sure to keep you updated.

Hope you have a relaxing memorial weekend!

Myles

Subject: CPRA request (CD13.2019.03.13.a)
To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Dear Adrian,

This letter is in response to your request received by Council District 13 seeking records pertaining to all emails/attachments between myself and Eddie Guerra and/or Shannon Geaney from 1/1/18 through 2/28/19, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriate examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before April 2, 2019.

If you have any questions, you may reach our office at (213) 473-7013. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Subject: HOPE and CSLA in Hollywood

Hi All,

I had a brief conversation with a few of you yesterday at the UHRC regarding HOPE and CSLA activity in Hollywood around the Bridge Housing site but I wanted to loop you all in to the same conversation to prevent any issues or delays and to make sure we're all on the same page. CD 13 would like for the teams to begin HOPE outreach on Monday, April 8th with the first comprehensive clean up starting on Wednesday, April 10th. Since the signage indicates a start date of April 8th we would like to stick to that language.

If any of you have any questions, please let me know.

Best,

You can search those terms, but if you know you call them something else, like garden beds instead of planters, or you know you have records that are not just texts, emails and calendars, such as works orders, you can't just limit yourself to the listed items. He is, ultimately, asking for "all records related to...."

On Wed, Mar 6, 2019 at 3:39 PM Dan Halden <Daniel.Halden@lacity.org> wrote:

I'm starting with the "planter" search. My main concern was actually items C, D, and E - the address numbers and street names. Thank you for clarifying.

Another question regarding the search terms, generally: Am I able to get him to clarify exactly what the search terms should be? His request was "should include [the following terms] but not be limited to," which leaves it open-ended, in my view. Can I just search those five terms?

Mike,

Please see the below request from Adrian Riskin that came in over the weekend. If I'm reading it correctly, he seems to be interested in some specific topics but is also asking for some very generic search terms. For example, he is interested in planters at a given location, but is asking us to search for "planter." That could come up with a variety of things. Additionally, he is interested in "720 Cahuenga" but is asking us to search for "720" and "Cahuenga" separately, which would also come up with a variety of things.

Can I ask him to refine his search terms?

Thank you,

Subject: CPRA request (CD13.2019.03.02.a)
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Mr. Halden.

I'd like to take a look at records relating to planters placed on sidewalks recently in the following locations in CD13:

a. Along the west side of Lillian Way south of SMB for about half a block, seemingly associated with the Hollywood Production Center at 6350 SMB.

b. Along the west side of Lillian Way and the east side of Cahuenga Blvd. between Eleanor Avenue and Romaine Street, seemingly associated with Quixote Production Supplies at 1000 N. Cahuenga Blvd.

c. On the north side of Waring Avenue and the east side of Cahuenga Blvd. near the intersection of those two streets, seemingly associated with 726 N. Cahuenga Blvd.

d. On the east side of Cahuenga Blvd. north of Melrose Avenue, clearly associated with 720 and 706 N. Cahuenga Blvd.

These records should include but not be limited to:

1. Emails OR text messages in the possession of CD13 staff from 2018 and 2019 that contain any of these search terms:

a. Planter
b. Quixote
c. 720 AND Cahuenga (but not as exact phrase)
d. 706 AND Cahuenga (but not as exact phrase)
e. 1000 AND Cahuenga (but not as exact phrase)

2. Emails in the possession of CD13 staff from 2018 and 2019 that are to or from any of these correspondents:

a. Anyone at Quixote
b. Anyone at any entities that either own or operate the building at 706 N. Cahuenga Blvd.

3. All communications between CD13 staff from 2018 or 2019 and anyone at the City or elsewhere concerning permits for planters anywhere in the CD13-controlled part of the area bounded by SMB, Vine St., Melrose Avenue, and Cole Avenue.

4. Staff calendar entries from 2018 and 2019 relating to planters in that same area.

Thanks!

Adrian

Budget and Finance

19. Regarding the near-term staffing plan for the Sidewalk Vending Program.

(Economic Development, Public Works and Gang Reduction, and Personnel and Animal Welfare Committees waived consideration of the above matter)

Health, Education, Neighborhoods, Parks, Arts, and River

20. Regarding a proposed strategy to restrict the sale of flavored tobacco products to youth and young adults, and a report on how other cities are addressing the issue.

Personnel and Animal Welfare

21. Approve the exemption of one Chief Management Analyst (Class Code 9182) position for the Department of Recreation and parks from the Civil Service provisions of the City Charter pursuant to Charter Section 1001(d)(4).

22. Note and File the July 31, 2018 Personnel Department report, attached to the Council file, relative to the feasibility of creating an Ordinance requiring successor contractors and their subcontractors to hire candidates from the Targeted Local Hire Program if a contract is terminated.

Economic Development

23. **CD 11** Regarding the Pacific Palisades Business Improvement District Fiscal Year 2019 Annual Planning Report.

Rules, Elections, and Intergovernmental Relations - Budget and Finance

24. Regarding enforcement against illegal commercial cannabis activity, the cannabis budget policy, and related matters.

CLOSED SESSION

25. Recess to Closed Session to confer with legal counsel regarding the case entitled **Sonia Carranco v. City of Los Angeles**. (This matter arises from a trip-and-fall accident from an uplifted sidewalk that occurred on June 29, 2015 at or near 1957 Bronson Street, Los Angeles.)

26. Recess to Closed Session to confer with legal counsel regarding the case entitled **Babakhanyan v. City of Los Angeles**. (This matter arises from a traffic accident on January 18, 2016 at La Tuna Canyon Road near Eiben Avenue.)

27. Recess to Closed Session to confer with legal counsel regarding the case entitled **Amber Wyche v. City of Los Angeles**. (This matter arises from a traffic collision at the intersection of Wilshire Boulevard and Selby Avenue on May 9, 2014 at approximately 5:45 p.m.)

28. Recess to Closed Session to confer with legal counsel regarding the case entitled **Estate of Omar Gonzales, et al. v. City of Los Angeles, et al.** (This matter arises from an incident involving members of the Los Angeles Police Department on July 28, 2016, in Los Angeles, California.)

29. Recess to Closed Session to confer with legal counsel regarding the case entitled **ACLU of Southern California, et al. v. City of Los Angeles, et al.** (This matter involves a request for records under the California Public Records Act and an award of attorneys' fees to the prevailing party.)

30. Recess to Closed Session to confer with legal counsel regarding the case entitled **Hartford Fire Insurance Co. v. City of Los Angeles.** (This is an inverse condemnation action in which Hartford Fire Insurance Company seeks recovery for alleged damages arising out of sewage backup at its insured's leased property located at 619 North Fairfax Avenue, Los Angeles.)

Good morning, Mr. Halden.

I'd like to take a look at records relating to planters placed on sidewalks recently in the following locations in CD13:

a. Along the west side of Lillian Way south of SMB for about half a block, seemingly associated with the Hollywood Production Center at 6350 SMB.

b. Along the west side of Lillian Way and the east side of Cahuenga Blvd. between Eleanor Avenue and Romaine Street, seemingly associated with Quixote Production Supplies at 1000 N. Cahuenga Blvd.

c. On the north side of Waring Avenue and the east side of Cahuenga Blvd. near the intersection of those two streets, seemingly associated with 726 N. Cahuenga Blvd.

d. On the east side of Cahuenga Blvd. north of Melrose Avenue, clearly associated with 720 and 706 N. Cahuenga Blvd.

These records should include but not be limited to:

1. Emails OR text messages in the possession of CD13 staff from 2018 and 2019 that contain any of these search terms:

a. Planter
b. Quixote
c. 720 AND Cahuenga (but not as exact phrase)
d. 706 AND Cahuenga (but not as exact phrase)
e. 1000 AND Cahuenga (but not as exact phrase)

2. Emails in the possession of CD13 staff from 2018 and 2019 that are to or from any of these correspondents:

a. Anyone at Quixote
b. Anyone at any entities that either own or operate the building at 706 N. Cahuenga Blvd.

3. All communications between CD13 staff from 2018 or 2019 and anyone at the City or elsewhere concerning permits for planters anywhere in the CD13-controlled part of the area bounded by SMB, Vine St., Melrose Avenue, and Cole Avenue.

4. Staff calendar entries from 2018 and 2019 relating to planters in that same area.

Thanks!

Adrian

Subject: Re: CPRA request (CD13.2019.02.22.a)

Dear Mr. Riskin,

This letter is in response to your request received by Council District 13 seeking records pertaining to EPCC, Civitas, and the Echo Park BID, pursuant to the California Public Records Act (CPRA).

Please be advised that this office finds that "unusual circumstances" exist with respect to the request, as that term is defined in California Government Code section 6253(c). Unusual circumstances exist because of the need to search for, collect, and appropriately examine a voluminous amount of separate and distinct records in order to respond to the request.

We expect to make a determination concerning your request on or before March 18, 2019.

If you have any questions, please don't hesitate to contact me. We greatly appreciate your courtesy and cooperation in this matter.

Best Regards,

Dan Halden

Good evening, Mr. Halden.

I'd like to take a look at all emails between anyone at CD13 including MOF and anyone at either epcc.la or civitasadvisors.com from July 1, 2013 through February 22, 2019 as well as all intra-staff/elected emails relating to the Echo Park BID. Also all calendar entries relating to meetings between CD13 staff and anyone at Civitas, anyone at EPCC, or with others but relating to the Echo Park BID. Also all materials prepared or used by anyone in conjunction with MOF's Echo Park BID event at Taix the other day.

Thanks!

Adrian

Hi Strefan,

Just following up on this as I told Qwerty I would respond to them today. Can you please advise if it's OK to insist that they come in directly to pick up the documents?

Thanks,

Hello Hollywood Apartment Managers.
It was a pleasure to see everyone who joined the Hollywood Property Owners Alliance at Greenleaf yesterday. We hope you found the information useful and that you will utilize the resources that were presented.

Steve Houchin shared some strategies for dealing people causing trouble in and around your properties, **Dan Halden** talked about what's next with Bridge Housing in Hollywood, and **Devin Strecker** informed us on upcoming events and how to report issues that the Business Improvement security and cleaning services can handle.

Please share the information about upcoming events with your tenants.

Subject: Please assist/ part 2: CPRA request (CD13.2019.03.29.a)

Hi Strefan,

See below. My draft responses to each of Adrian's three requests here are in **BOLD.** Please advise if these are acceptable responses.

1. Emails in the possession of *any* CD13 staffer or MOF himself that contain the word "encampment" from January 1, 2018 through March 29, 2019. **This request is overly broad and, per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and resources it would take to respond. Therefore, the City is exempt from responding to this request.**

2. Emails in the possession of *any* CD13 staffer or MOF himself from the same date range that are to/from/cc/bcc any of the following folks:

HWD 26906 PESQUEIRA DANIEL
HWD 30500 RAMIREZ BRENDA
HWD 30735 SANCHEZ RALPH
HWD 30987 CORONA CESAR
HWD 32285 JORDAN PAUL
HWD 37352 EUBANK ANNABELLE
HWD 38074 WHITE BRIAN
HWD 38136 GUERRA EDWIN
HWD 39467 THOMPSON BENJAMIN

Exclusive, that is, of those between you and Officer Guerra from 2018 through February 2019, which are already the subject of an earlier request.

For the officers above, just with my email address, it's over 1100 emails. Adding Sgt. Geaney (who is part of the other request I just emailed you about), it's over 1500 emails total. Can you please advise on a response?

3. Appointment calendars for everyone at CD13 including MOF from July 1, 2013 through March 29, 2019 printed in weekly format in such a way that the full text of each entry is visible. If you're going to print these on paper, which I do not agree is legal under the CPRA, please use a legible ink color. The yellow ink that CD13 has used in the past is not readable, which is why this request isn't actually duplicative, if you were wondering. **This request is overly broad and, per Government Code Section 6255, the public interest is outweighed by the extraordinary amount of time and resources it would take to respond. Therefore, the City is exempt from responding to this request.**

Please advise... thank you!!!

Subject: CPRA request (CD13.2019.03.29.a)
To: Dan Halden <daniel.halden@lacity.org>

Good morning, Dan.

I would like to see the following materials:

1. Emails in the possession of *any* CD13 staffer or MOF himself that contain the word "encampment" from January 1, 2018 through March 29, 2019.

2. Emails in the possession of *any* CD13 staffer or MOF himself from the same date range that are to/from/cc/bcc any of the following folks:

HWD 26906 PESQUEIRA DANIEL
HWD 30500 RAMIREZ BRENDA
HWD 30735 SANCHEZ RALPH
HWD 30987 CORONA CESAR
HWD 32285 JORDAN PAUL
HWD 37352 EUBANK ANNABELLE
HWD 38074 WHITE BRIAN
HWD 38136 GUERRA EDWIN
HWD 39467 THOMPSON BENJAMIN

Exclusive, that is, of those between you and Officer Guerra from 2018 through February 2019, which are already the subject of an earlier request.

3. Appointment calendars for everyone at CD13 including MOF from July 1, 2013 through March 29, 2019 printed in weekly format in such a way that the full text of each entry is visible. If you're going to print these on paper, which I do not agree is legal under the CPRA, please use a legible ink color. The yellow ink that CD13 has used in the past is not readable, which is why this request isn't actually duplicative, if you were wondering.

Thanks, Dan.

Subject: CPRA request (CD13.2019.03.13.a)
To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Subject: Council member meeting February 26, 2019.

Sean,

Thank you for meeting with me this morning. It was a pleasure to meet with you and have an opportunity discuss issues impacting my community.

As we discussed, the major issue is the homeless encampment located at Lexington and Vine and Adrian Johnson aka AJ who is residing at Banner and Vine.

I first would like to thank Sr Lead Officer Corona for his latest efforts in eradicating the encampment. On 01/31/19, this location was to get a cleanup by the Sanitation Department. For whatever reason, our area was pulled off the list and the cleanup was given to a higher priority area. SLO Corona personally went out to the location and cleaned the area with the Hope Team. He spent several hours cleaning side by side with the team. However, the encampment returned. Hours later. Yesterday we got our clean up by the Sanitation Department Environmental Enforcement. As of this morning, the homeless have not returned. That said, I would like to personally iterate my request I made on behalf of SLO Corona and Sergeant Geaney. They would like:

Access to Sanitation Department Environmental Services on a weekly basis rather than once a month.

They indicate that this is going to be a powerful tool in cleaning up the health hazard that these encampments breed and discourage the amount of garbage that is allowed to collect in the encampments.

This morning I spoke with Angie Aramayo with Mayor Garcetti's office and she is going to share the peace officers request for weekly sanitation services with the Mayor as well. I do believe that the peace officers request should be taken into consideration and seriously looked at in combating this issue since they are the ones combatting this issue on the streets.

Secondly, we discussed you to have a dialog with the property owner of Goodwill/Dollar Tree. Dan Halden indicated that he would open up a dialog with the owner but nothing ever came of the dialog. We as a community would like the owner to:

Secure the parking lot nightly

Work with LAPD to address the homeless that is using the sidewalk adjacent to the property

Additionally, our community would like to work in conjunction with the property owner to build out a greenway on the sidewalk at the corner of Lexington and Vine. Our community is committing to help in maintaining the greenway in partnership with the property owner. Ms Aramayo is committed to help in any way she can to make this community/land owner project happen.

Regarding Preferential Parking. On December 4, 2018, I submitted the petition for permit parking. January 31, 2019, Felix Valde with DOT sent an email that one of the petition was short signatures. I had a telephone conversation with him and explained 100% of the signatures were present. However, based on were this building lies, we may have needed to separate the signatures on two petitions. After I explained that this was a condominium complex not an apartment complex, he said he would let the petition stand as is. He was to get back to me by February 8, 2019. I followed up with an email on February 18, 2019, and I have not heard back. Could you please inquire:

If the petition is valid as stands. If not, how does he want me to break up the petitions for signatures?

When we will be getting the Permit Parking?

Ms. Aramayo asked me to send another email to Mr. Valde and cc her with the inquiry. The request is because I explained to Ms. Aramayo that more staff needs to be allocated to the DOT since they do not have adequate staff because of promotions and staff being off for extended periods of time.

Lastly, can you please follow up with City Attorney Ethan Weaver regarding stay-away orders for Adrian Johnson and Estaban Flores? I have provided information to him on both cases to conduct an investigation on obtaining the orders.

If you can please provide me a timeline on getting these items addressed, I would greatly appreciate it. Although I appreciate the help I received from Dan Halden while he was field deputy, most of these concerns were elements that he was to work on but never followed through.

Thank you again,

Joseph Blea

Good evening, Mr. Halden.

I'd like to take a look at all emails between anyone at CD13 including MOF and anyone at either epcc.la or civitasadvisors.com from July 1, 2013 through February 22, 2019 as well as all intra-staff/elected emails relating to the Echo Park BID. Also all calendar entries relating to meetings between CD13 staff and anyone at Civitas, anyone at EPCC, or with others but relating to the Echo Park BID. Also all materials prepared or used by anyone in conjunction with MOF's Echo Park BID event at Taix the other day.

Thanks!

Adrian

Thanks, Dan!

I think that one hour is not enough time to look at 340 pages as it allows only slightly more than 10 seconds per page. Perhaps we could make the appointment for 3 pm, which is a nice compromise between CD13's desire to make an appointment in the late afternoon and my constitutional right to look at these records any time the office is open and for as long as I want to.

Please let me know,

Adrian

Yes, we definitely want them to succeed. We should get an update from the Clerk? Civitas? on what hurdles remain. Thanks!

R.E. EP BID:

Marie is hearing this for the second time (sorry Marie!)..

Mitchell Frank is President of the EP Chamber. 323-708-8085, <mitchell@theecho.com>.

They are under contract with Civitas/ Lorena Parker and having a slow go of it. They currently are working on the District Management Plan, and reducing the boundaries.

It's a PBID, so, they need to start small and then grow it, once it proves its effectiveness? The y will appreciate support and guidance from CD 13 moving forward I am sure.

Constituent called because there is an encampment at 4th and Westmoreland blasting music at 2 am last night. He called LAPD last night and he couldn't get anybody on the phone for a long time. Then when he spoke to the Watch Commander he was very rude and dismissive.

Gene Day
(213) 282-8390

I told him you could connect him with the SLO to see what else we could do.

Hi Mel,

Just info sharing on a call we got today re: the encampment on 4th. I spoke with him and explained the process.

When you get a chance can you give Gene a call. He wanted to speak with someone at LAPD that has better "customer service" skills.

Thanks for all your help. It looks like we will not be able to get this on until the week of the 17th right now but will keep you posted.

Hello Noah,

Sorry for my delay in response. It was good to meet you earlier last month. We have been working on those tents on 4th/Virgil. We will continue to educate, enforce and conduct clean ups in order to have them bring down the tents during day time hours. We are not able to have them leave the location as our current City laws allow them to reside on the sidewalk. However, we will continue to work on this issue and hopefully they will relocate soon.

Subject: Help needed at 4th Street bet. Virgil/Westmoreland

Officer Melkonian,

We met on the street near MacArthur Park a couple weeks ago, and you were kind enough to give me your card and talk for a few minutes.

The homeless encampment on my block (4th Street, between Virgil and Westmoreland, on the North side) continues to grow. The tents have expanded. The men who live there constantly walk around indecently, and I smell drugs and dedication. The tents don't come down at night. They block ingress and egress. We've had an increase in vandalism on our block.

I've called the main "ASK-LAPD" number most days in the last couple weeks and I've asked my neighbors to join me. I haven't noticed an increased police presence or any change for the better, only the worse. We're scared.

In addition to contacting my local government, I'm reaching out to you personally, in your position of authority and experience, to please help us feel safe.

Thank you and I hope you can help before something truly dangerous happens,

Noah Segan

Thank you for getting back to me, Officer Melkonian. Mr. Fregoso speaks very highly of you.

I've expressed interest in supporting politics and legal action that continues enforcing existing loitering, indecency, drug use and hygiene laws, as well as anti-camping ordinances. I'd love to elect officials that can make your job easier and safer, as well as my home a stable and pleasant place.

While frustrations amongst many of my neighbors are concerning, and I am hoping that they don't escalate, I'm trying to do everything I can to remedy the situation. If there is something I can do, please let me know.

I appreciate your attention and I hope you can keep us safe.

Thanks,

Juan, I really couldn't say at this time.
the first location doesn't look to bad, the 2nd looks a little longer
if I were to bet, I would say between close to lunch time say 10:30 to 11

Cc: Alexander Ortiz <27531@lapd.online>

Officer Melkonian,

I hope you're well.

Since we last spoke, I've become President of the Board of Directors at our 100-unit building here at 435 S. Virgil Ave.

We live between two encampments, one on 5th between Virgil and Westmoreland, and the other on 4th, also between Virgil and Westmoreland.

Today, Officer Pop (who thinks very highly of you and has great taste in movies) arrested two people associated with the 5th Street encampment. I had called earlier when three people were defecating on our 5th Street entrance, shouting and rifling through our landscaping. The 5th Street camp is the site of a lot of drug use, drug sales and prostitution. The usual issues of trash and hygienic detritus continue. As with the 4th Street camp, we here on Virgil fear for our safety and health.

I've urged the homeowners in the building to get in touch with LAPD and the councilman's office. I'm doing my best to work with others in management and administration on the block. We are motivated to work on this issue, although many residents are elderly and frail. They need as much care as we can give them.

We urge you and Mr Fregoso from the Councilman's office (CC'd) to enforce every law you can to ensure that we remain safe and healthy.

Sincerely,

Noah Segan

Thanks Mel.

Sending for authorization, please stand by.

I can push to get this on for next week. Would you want this one over the one behind Vons?

Im trying to get both, but might only be able to get one location.

Homeless camping issues

Hello, Juan
I really appreciate talking to me regarding this matters today and listening to what I have to say.
I am a resident manager about 10 years for 400 S. Westmoreland apartment.
I understand these issues are everywhere in LA county nowadays.
I would like to address you on our neighbor homeless people.

Our areas are all residential area where the Elementary school is very near and the park is for many children and adults enjoying walking and play sports. Our apartments around this areas are very expensive areas and people are paying a lot of money to live here.
I just don't think it is fair and we as the resident have to deal with all these problems that cause by homeless people are getting out of hands now. they are making the neighbor very dirty, throwing trash all over the streets and peeing and using the street as bathrooms so it makes the street smells very bad. Most of people can not walk through these streets anymore because either they are blocking the street with their tents or their belonging which is all kind of things that are dirty. chairs or bicycles everywhere.
They are coming to our apartment complex and using laundry rooms and taking things digging trash bins making a mess. Also scaring the tenants because some of them were either drunk or did drugs. We are scared that they will do something dangerous.

If you look at the pictures, these people are camp on the 4th street, whole block from Shatto place all the way to Westmoreland street. that is 2 blocks already. They are very dirty and noisy at night time, always fighting waking all the people drunk and yelling screaming music on or fighting.. As a citizen, I don't know why we as hard working people has to put up with these kind of behaviors and let them just stay where ever they want making the city this way. If you talk about fairness, we are the one who pays tax and rents and working so hard to live where with piece, quiet and enjoyable environments. But these people are breaking these rules. Government is telling us to put up with these kind of issues and they are not addressing these homeless people to stop doing what they are doing. I just don't think this is fair for us.

I know that already since this year it has become very bad and getting worse everyday. City has come out and cleaned up about 5 to 6 times already. But cleaning up is not going to do anything because it will bring more homeless to here after cleaned up.
We thank you for cleaning up but they should not come back and camp here again. Then you are doing favor for them but not for us which we are the one who votes and pay tax and working very hard, not them. These people need to be somewhere with shower and bathroom but not near residential area. Because they choose or became homeless, this does not mean they can live like this way hazarding our neighbors all the time and it seems like the government is allowing these people do as they please. But by doing this, its just not fair for us. You are asking for hard working people to move out if we don't like this?
Is this what the government is saying to us? I know that you are making shelters for them and all that. but what if they don't go there? then what is the other solution. If they want to live out on the street, they should have one areas where no residential but some area away from middle of town. Let them camp or put tent up there.
It seems like government is making our city Ghetto where anyone without home can come here and live on the street because it is allowed no matter what the circumstances. A lot of people from other state comes here to live on the street. If these people can live on the street without working they will continue doing so because they just don't want to work. but it is not fair for people who is working hard to live so we don't become homeless.

I hope you understand where this is coming from and I am sure you think the same way.
Please take care of these people in our neighborhood and don't let them come back to this areas again to camp.

Thank you very much
Sincerely
Westmoreland LP Resident manager(A-JU property management)

PS: if you can not open the file please let me know.

Dear: Juan
Reporting updates.
So yesterday, the city has come out and cleaned up the street. This is already about 5 or 6 times.
But as usual, they all came back and camped after one hour...
Looks the same as usual still just a little bit less since they cleaned up yesterday.
Please resolve this matter asap for us so we can live in this town happily.
Something must be done here... no use keep cleaning up.

Hello Juan,
It looks like 4th street across from our apartment grass area, we have much more homeless people then before. Not sure if you ever been in this area but it's getting worse everyday.
They are causing noise and bouncing balls and dogs barking all night long making our street very dirty.
Please remove these people from our neighborhood.
We should not tolerate these people in our neighborhood because they are causing hazard. We can not sleep through out the night due to they are being so noisy.

Thank you Juan please help us to clean out the area.

Regards
Esther

Juan,
Tents are now on the Westmoreland street side. it is 3 blocks of homeless in our neighbor.
People are walking to asphalt area where cars go due to this issues. This is very dangerous people can't get hit by the car.
Please come out and check this area for yourself. This is becoming a serious crime area.
Thank you for attention on this matter.

Message Body:
December 14, 2018

Councilman Herb Wesson
Los Angeles City Hall
Los Angeles, CA. 90014

Dear Councilman Wesson:

We as residents of Koreatown, with the address c 3. Westmoreland Avenue, between 4th and 5th Streets perpendicular to 4th Street, bring up to you these serious issues contained in the following article which need urgent attention.

THE HOMELESS AND THE DISABLED: DOES IT HAVE TO BE A CLASH OF RIGHTS?
I used to roll the sidewalks alone with no fear and trepidation but now cannot even be assured of sidewalk access because the homeless have taken over the entire space on certain streets. Two of my co-workers who use wheelchairs have been robbed, spat upon and thrown coffee at.
These last two days I have been really upset and angry because of the scourge of homelessness already spilling into our home turf again. Almost two years ago, when a neighbor sold his home, the new owners left it abandoned and in no time, it was occupied, trashed and burned by a group of homeless people. We were exhausted and always on our toes watching out for our security after two big fires were started and we almost were burned down. They often found a way into our building to crash into the conference room, bathe in our swimming pool, break the car windows and rob us. They have stolen our mail, broken into a neighbor's unit, ran after a neighbor with a knife almost killing him. They have attempted a home invasion into my unit by cutting a hole behind where I had the refrigerator. We had to give up the convenience of an entry system triggered only by buttons that allow a visitor to get buzzed in. As a disabled person, that was a necessity so I did not have to fetch my visitor/s two floors down which I now have to do. But of all these, the biggest danger were and are the fires!
After a reprieve of 2 years, the same people are back and we called the police for protection on Monday this week. First

there was one tent and now three! After our report, we were shocked when the police were just as angry over their own powerlessness. They claimed they could not do much of anything anymore to arrest the many improprieties happening on our streets and although homelessness is not a crime, its unintended consequences are not acceptable either.

"Ever since LA claimed the 'Sanctuary City' status last year," said Sgt. Ramirez and Sgt. Sandoval, "our hands have been tied!" Their irritation was aimed at Mayor Eric Garcetti because since the Mayor decriminalized homelessness, it brought to Los Angeles a series of outrageous and untenable situations threatening the overall citizenry:

"Now, the homeless can put up their tents anywhere they please. Even the porch to your entryway leading up to the glass door is no longer sacrosanct because they are allowed to loiter there!" Continued Sgt. Ramirez.

"Even urinating and defecating on the sidewalk are allowable now!"

This is particularly distressing and unacceptable for the disabled to be forced to trudge through this human waste that we by ourselves cannot clean off our wheelchairs. It is outrageously cruel for Los Angeles, this "sanctuary city" to subject the disabled to such abuse.

People with disabilities conduct normal activities of daily living too and just to get anywhere, the sidewalks, by law have to be accessible! But just to run errands, we have to traverse on the streets like everyone else trying to avoid the urine, human feces and the clutter on the sidewalk. We have to risk getting hurt or being killed just to get anywhere. This is not just a health and sanitation issue but a gross violation of our federal and civil rights to access under the Americans with Disabilities Act of 1990!

Since smoking drugs is legal now, the police claim they cannot arrest the homeless even if they were doing it in front of our building; Drug addicts can kill when they are high and delusional yet unless people are actually hurt or killed by users, the homeless cannot be arrested. This makes everyone vulnerable.

The Mayor and Los Angeles City Council have made LA very unsafe and dangerous for all of us!

Los Angeles provides no more sanctuary for a majority of its citizens. If this unhealthy, irresponsible and criminal order of things is allowed any further, then the City Government will have to account to its constituents.

Do the rights of the homeless and the disabled have to clash? Is the Mayor pitting oppressed communities against each other? Fourteen percent of the homeless are people with disabilities so we have common concerns but unless we respect each other's rights for space, the basic need for order and cleanliness and respectability, resentment will only build and harden between our communities with the City feigning compassion and care for both.

We therefore demand the following:

☑ A full restoration of all our City sidewalks—no more homeless tents on our streets but correspondingly, connect the homeless on our streets with helping organizations. Particularly urgent is our street in Koreatown, on Westmoreland Avenue, between 4th and 5th Streets and the many pockets of homeless tents in that vicinity that have made it unsafe to travel on a wheelchair to get anywhere!

☑ Restore law and order to our communities and provide adequate community oasis of caring like toilet and shower rentals especially in communities most blighted to give the homeless a chance to clean up. Smoking drugs, Urinating, defecting and cluttering on the streets should be forbidden especially in residential areas where the disabled, seniors and young people live.

☑ Reverse the Status of Los Angeles as a "Sanctuary City" as it has and continues to add to the urban decay of Los Angeles.

☑ Provide the Homeless real sanctuary consisting of livable, affordable and accessible homes, thriving and decent communities with adequate social services, job opportunities and enterprise.

Let's not give up on Los Angeles!

Hi, my name is John [redacted]a and I live near the Shatto Recreation Center park on W. 4th St. between S. Westmoreland Ave. and Shatto Pl. There are numerous homeless encampments on 4th St. across from the park. I would like to speak with your office about this in person. May I visit your office this week to voice my concern and plea for help? I would also like to speak with my Council member Mitch O'Farrell about this.

Hi Blad and Hector,

Please see the most updated photo of the encampment on 4th and Westmoreland that was sent to our Cheif of Staff.

Blad can you please send the polygon when it is ready?

Thank you both.

Mary,

Per our conversation, please find the attached pictures of the homeless encampment that is getting out of control on 4th and Westmoreland. We are concerned that it is growing as 2 tents have appeared on in front of 424 Wesmoreland.

Please advise.

Thank you.

Hi Wayne,

Thank you for following up, I understand you also reached out to our Chief of Staff Jeanne Min as she asked that I follow up with you as well.

I am currently working on getting another clean up scheduled for this location. We have schedule a few in the last couple of months and it is the top priority for my this area

Please note that we are limited in what we can do to prevent anyone from coming back onto public property, but I am working with LAPD to address and encourage people to move along to another area, but we can not force them to move.

Let me know if you have some time to further discuss the protocol and what we have been doing to address this location.

Thank you for reaching out to our office, I look forward to talking to you soon.

Hi Wayne,

The CSLA Service date was cancelled because of the rain last week and the homeless count that took place this week. Unfortunately we do not get any make updates for the days that were cancelled. I am waiting on a new date from the department, as of right now, there are no dates scheduled for January.

I will pass along any information I get from the department on the next day of service.

Thank you for your patience.

Cc:

Honorable Councilmember O'Farrell-
Hi Juan, Hi Felix-

My name is Tom Wiscombe. I am an LA Architect, Chair of the Southern California Institute of Architecture's Undergraduate Program, and part of Mayor Garcetti's Sister Cities Initiative. I love LA and I do what I can to contribute to the city on a regular basis. I also expect certain baseline things back from my city-- safety, protection of my property, and enforcement of laws.

Right now my neighborhood, where I have lived for 12 years, is under siege. I am writing to ask for your help, as a follow-up to my neighbor Ken Min's plea. This unique and serious situation at 4th and Westmoreland Avenue combines aggressive homelessness, illegal activity, dumping, destruction of property, and illegal use of street parking. I don't know how to explain it except as total mayhem.

My neighbors and I have all attempted to address these issues for the last year through the local channels of the LA Department of Sanitation, the Park Rangers, the Abandoned Vehicle Hotline, and the LAPD to no avail. We have been working with LAPD Senior Lead investigator Dikran Melkonian for some time now, who has been a good resource, but nothing has changed despite his good will. We have even been told that the LAPD "is not allowed" to enforce certain laws on the books that might expose the LAPD to legal action by civil rights groups, which I imagine might concern your office. It concerns me. I can't imagine that any city would choose its own legal protection over the safety of its law-abiding citizens.

My neighbors and I believe that a major, and solvable, part of this problem lies in the fact that we live in a "lost" block in terms of parking regulations. There is no preferential parking district in place, nor adequate parking enforcement. This allows the homeless-- as well as what appear to be groups of organized criminals selling drugs and chopping up stolen bicycles-- to set up a "park-and-live" or "park-and-chop" situation. These people are parking their cars and RVs for long periods of time and now connecting tents to these vehicles either informally or literally. They have even found ways to hack into city power and private irrigation systems for water and power, and I recently heard a gas generator running out there all night. This truly lawless situation only works because they seem to have learned that this "lost" block is the only place they can get away with this activity.

My family and I have lived here for 12 years and we have never felt unsafe until last year. Now we fear even going home some nights. Moving forward, I will be following up with your office and my other LA City contacts about the status of this situation until we get some relief. For now, my only-- and easy to execute-- ask is that my neighbors and I be granted an immediate Preferential Parking District reclassification to at least deal with that dimension of the problem.

I appreciate your time and welcome any suggestions of what else I, and my local community members, can do to help get things back to baseline.

Sincerely,
Tom

Tom al

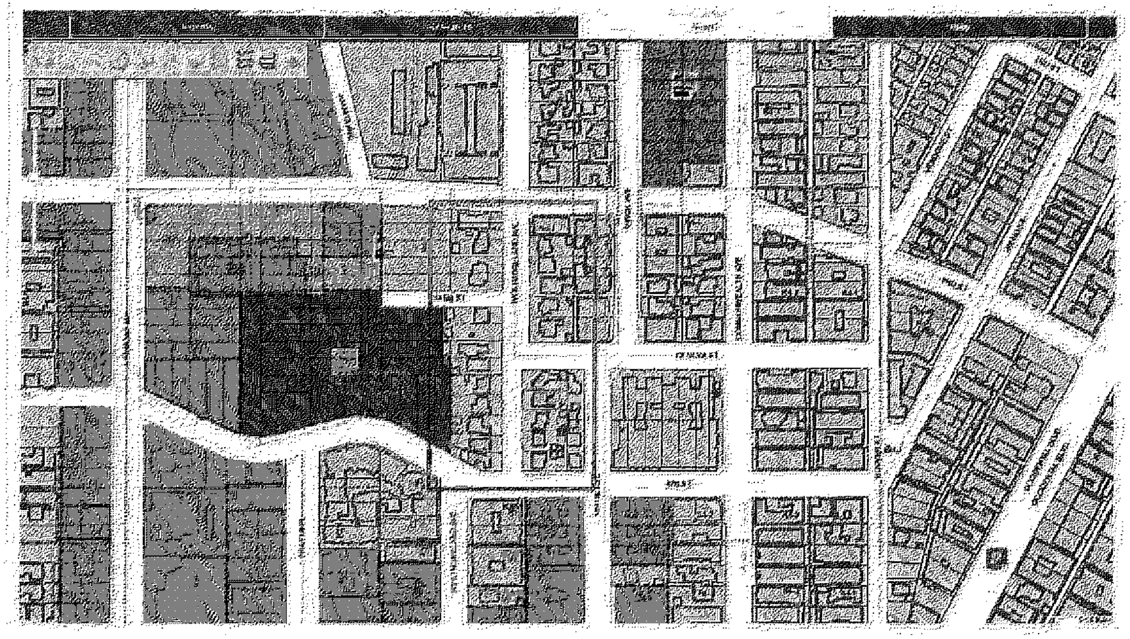
On Mon, Feb 25, 2019 at 3:48 PM Ken Gur [redacted] te:

Dear Juan Fregoso and Felix Valde,
Wednesday works for me. I will call on Wednesday morning.
This area (Red box indicated) is where I want to start the petition process. (My house is located c [redacted] 3 westmoreland ave. CA90020)
As you can see, this is only the single house block among commercial buildings.
There's no "six blocks" but this 10+ home owners are on the same page (we discussed before and they are 100% willing to sign in)
As per our conversation before, I was told this case is exempt from 6 block rule because this is ONLY left R1 zone among the big apartment buildings.
Let me know what I can do to start this process immediately.
Thank you so much.
p.s. I am sharing this email with my neighbors so we can notified and check the process.

Ken



On Mon, Feb 25, 2019, 9:23 AM Juan Fregoso <juan.fregoso@lacity.org wrote:

Hi Ken,

Do you have the six blocks identified to start the petition process?

Please let me know the boundaries the community agreed too or wants to petition. Part of the process requires a letter from our office. I can get this process started prior to the meeting.

I am available to schedule a call Wednesday morning if you wish to further discuss.

On Fri, Feb 22, 2019 at 9:23 AM Ken

Hi Felix,

Our neighbors are on the same page to apply for preferential parking program ASAP.
Personally, I am so tired of cleaning random used condom and garbage almost every morning in front of my house.
Our street became party place for random people during the night and homeless people's parking lot.
We started to try to communicate with you and set up the meeting since Jun 2018 but somehow it never happen.
Could you please contact me and make this happen?

Thank you.

Ken

On Mon, Nov 26, 2018 at 4:33 PM Felix Valde <felix.valde@lacity.org> wrote:

Ken and Juan -

My deepest apologies for the extremely late response. Our office is just overwhelmed but slowly working out of our backlog. I'm pretty much available for most of December (except for holidays and most Fridays) - we can talk about the process and requirements with you and your neighbors.

I get so many requests that I hope the attached brochure about the program steps is not redundant.

Thanks again for being patient and understanding.

Felix

On Tue, Oct 23, 2018 at 4:53 PM Juan Fregoso <juan.fregoso@lacity.org> wrote:

Hi Ken,

I know Felix is aware of your request. I know he is very busy, but ill follow up and see when he is available to schedule a meeting. The department recently updated their policy for PPD requests and I was out of town for that meeting so I still need a full debrief.

Thank you for the follow up, once Felix gives us some times and dates we can work to schedule the meeting.

On Tue, Oct 16, 2018 at 10:30 AM Ken Gun Min

Dear Juan Fregoso,
I sent 2 email regards preferential parking initial meeting about a month ago.
Myself and neighbors are already shared enough of information and we are very interested in moving forward.
Could I get a chance to set up meeting?

I am looking forward to hearing from you

Thank you.
Ken

Juan,
updating the homeless in our neighborhood
These people are washing dishes middle of the street and washing hairs brushing teeth,
Is this allowed to do on the street? I called the police, they told me then where else they can clean themselves?
Just looks horrible.
Please remove this lady to shelter where she can do all these actives.
These homeless are peeing on the street, smells like pees every time people pass by.
Also, there are other tents on the Westmoreland street between 4th and 5th,
They are blocking the streets so people can not pass by anymore,
they also making loud music and noisy at night time.
Called policy several times but they really can't do anything and no use calling them.
We are suffering tremendously due to these people.

Please do something about them, please

Thank you

Esther

Juan Fregoso <juan.fregoso@lacity.org> Tue, Feb 5, 2019 at 4:15 PM

Hi Esther,

This area is scheduled for service this Thursday the 7th.

Please keep in mind that if it rains the service day will get cancelled.

I will keep you updated if anything changes.

Juan, we have a problem as usual,
But now we have another issue,
since the city covers all the street light pole electric socket, now these people have no place to get the power, they are coming into our building to use the plug to charge their phone and whatever necessary,
If the city allows them to live them to live on the street, you need to let them use city power so they don't come into the resident apartment.
This is just going too far, rats all over and bugs and they have all kinds of trash on the street, cars can not park on the streets anymore.

Do not clean this area anymore, this makes worse, and every time city clean the street, more homeless comes to this area.
Also, they try to move to our area as they clean the street, I don't want that.
Please remove these people from our neighbor before some serious crime arise.
I am leaving a message to Mitchel as well
Thank you

Esther

Hi Esther,

I am going through the process of getting this scheduled for another day of service. This was serviced last month, but Im trying to get another day this month.

To: Juan Fregoso <juan.fregoso@lacity.org>

Juan, please do not send for service to clean up, that job brings more homeless to come to this neighborhood.
I don't want more of them to come to these areas. you need to tell these people to go somewhere else. too many of them on these streets already. You are resolving the issue but creating more issues...

To: jeanne.min@lacity.org, Juan Fregoso <juan.fregoso@lacity.org>

Please advise on any updates regarding the homeless encampment tents that are littered on 4th and on Westmoreland. I have reached out for months and nothing has changed.

Laura,

I was there yesterday with the clean team from Mitch O'farrels office and took voluntary trash.

I also created an additional request using the MYLA311 application.

Officers from our CORE unit are there almost daily, citing for 56.11 LAMC or warning for other violations.

LAHSA goes there to do outreach.

At this point even when we get the clean up from sanitation I am afraid I can't guarantee they won't come back and the process will start all over again.

In this email I also cc'd Field Deputy Sean Starkey who has taken over this area for Dan Halden.

I promise you that we are all engaged and doing what the law and the city allows us to. I also understand the frustration as the process they have set in place takes weeks for the city to provide the clean up.

If you'd like to meet in person and discuss this further I am available this Friday.

Senior Lead Officer Eddie Guerra

>
> Senior Lead Officer Guerra is back, and we are working together to schedule a cleanup with LA Sanitation. I was at this location this morning conducting enforcement with citations for the ADA violations for blocking the entire sidewalk, and getting as much voluntary

compliance as possible with getting the homeless community to break down the tents. Keep in mind that with this current weather, we are not legally allowed to ask them to break their tents down when it is colder than 50 degrees or when it is raining.
>
> In regards to a long term solution, we our doing our best to provide homeless outreach as well, and working closely with outreach workers from the Los Angeles Homeless Services Authority in order to specifically place the members at this homeless encampment into a new transitional housing facility called "A Bridge Home" in Hollywood. We have received great support from the community in this project, and can thank Mayor Garcetti and Councilman Mitch O'Farrell's office for making this project a reality. The facility is set for completion in the next 4 weeks, and we will keep you updated when we have more information.

> Hello all,
>
> After 3 years of dealing with this on-going problem, we have learned that there is no long term solution in sight that the city can offer. We have hired private full time security patrol, made our own sidewalk plant boxes, and routinely schedule weekly sidewalk power wash cleanings, putting the required 3 day notices up the minute we see any homeless encampment developing. The only solution is to be diligent and not wait until a camp is fully entrenched to begin looking for solutions. We call police and district media security multiple times per week to keep the encampments annoyed with the hassle. The issue unfortunately seems like one that will persist indefinitely under current legislation.

> Good Afternoon,
>
> My name is Officer Gabriel Ruiz and I am filling in for Senior Lead Officer Ed Guerra while he is out of the office for the next couple of months. We are aware of the situation at this location and have been doing our best to conduct outreach and enforcement for several weeks now. I have notified our LAPD West Bureau HOPE team, and they will do our best to respond tomorrow with a Rapid Response Team to do another clean up. I will also reach out to Dan Halden to follow up on Thursday for an additional cleanup of trash and bulky items.
>
> Thank you for your patience. If you have any further questions, please feel free to let me know and I will do my best to follow up with you.

> Hello everyone,
>
> First, I wanted to thank everyone for taking the time to either call or come in to our studio for Friday's meeting. To Officer Guerra, my sincere appreciation for your commitment to the public and our concerns, I feel privileged to have you working with us. To Shannon Geaney, thank you for your support of your team and Officer Guerra, he said many great things about your leadership.
>
> For those on the conference call, I do apologize for the snafu for getting everything setup, we won't have that issue next time. If it was hard of hearing and you were not able to get all the details from Officer Guerra's report, basically LAPD cannot encroach on the 'property' of the homeless except for the scheduled monthly clean-up. They have their hands tied as far as solving this problem of homeless, it has been and will continue to be an ever present struggle for them. Power washing in his experience only cleans the area of excrement and filth making it better living conditions once the homeless decide to return. We, as neighboring businesses, have the ability to come together, to be creative and produce lasting deterrents from homeless encamping around our area.
>
> Quixote has made their own planters (see attached pictures) and placed them outside of their business on the sidewalk where most homeless were residing. They made 12 for roughly $2000 total. These were filled with succulents and cacti, of which John Vargas and fellow worker Mando mentioned made up the bulk of the total cost for the planters. Officer Guerra made it clear that this was still only a temporary fix though it would be better than power washing while pooling more resources to beautify the actual street (see attached picture).
>
> What I am proposing is for us to start making these planters (with a slight design deviation from the ones pictured) and placing them in hot spots of homeless activity. Places where there is minimal foot traffic and vacant lots/buildings (south of Waring and Lillian, near Pavilions). This will serve as a placeholder while we all aim for the in-street beautification. Officer Guerra and the Friday group saw this is an opportunity for creativity as well. We can erect works of art or community pieces that everyone can contribute to. Even with these planters, we can include volunteers to participate and get kids involved with the artwork that can revitalize our streets to look colorful and vibrant as well as push homeless away from our businesses.
>
> RED Studios will be working closely with Quixote, Boys & Girls Club and Khaos Digital to make the beginning push in this initiative. We are reaching out to local nurseries and other friends in the community to help donate to our cause, if you have anyone who can contribute or donate, it may benefit them as a tax deduction! Once we have placed our planters/artwork/otherwise, we will update with pictures and a report on what worked and what did not. Now is the time we can show our neighborhood, our community and our city that we can make a difference if we band together as one, we can effect positive change.
>
> Please, send ideas and ways to involve/attract more. On top of the constant communication via email and phone calls, I would like us all to meet again in about a month and a half (depending on schedules) to share all the progress we've made.

>

> Also, Although Dan Halden is out sick today he was able to coordinate so resources regarding this new encampment. He submitted a request for sanitation to come out and help us. LAPD can come out and write citations and provide outreach. But as you can tell that only does so much and the problem does not go away. We have to wait for sanitation to come out and that usually takes a month.

Laura,
I would be happy to stop by and speak with you regarding the situation. When would be a good time for you?

Also, not sure if you recognize my name, I used to work for you.

Sean Starkey
Hollywood Field Deputy
Office of Councilmember Mitch O'Farrell, 13th District
13th District, City of Los Angeles
1722 Sunset Blvd., Los Angeles, CA 90026
Phone (213) 207-3015 | Fax (213) 207-3031 | www.cd13.com

Find the Councilmember on:

On Wed, Feb 13, 2019 at 6:16 PM Edwin Guerra <38136@lapd.online> wrote:

Laura,

I was there yesterday with the clean team from Mitch O'farrels office and took voluntary trash.

I also created an additional request using the MYLA311 application.

Officers from our CORE unit are there almost daily, citing for 56.11 LAMC or warning for other violations.

LAHSA goes there to do outreach.

At this point even when we get the clean up from sanitation I am afraid I can't guarantee they won't come back and the process will start all over again.

In this email I also cc'd Field Deputy Sean Starkey who has taken over this area for Dan Halden.

I promise you that we are all engaged and doing what the law and the city allows us to. I also understand the frustration as the process they have set in place takes weeks for the city to provide the clean up.

If you'd like to meet in person and discuss this further I am available this Friday.

Senior Lead Officer Eddie Guerra

> Hello Everyone,
>
> Senior Lead Officer Guerra is back, and we are working together to schedule a cleanup with LA Sanitation. I was at this location this morning conducting enforcement with citations for the ADA violations for blocking the entire sidewalk, and getting as much voluntary compliance as possible with getting the homeless community to break down the tents. Keep in mind that with this current weather, we are not legally allowed to ask them to break their tents down when it is colder than 50 degrees or when it is raining.
>
> In regards to a long term solution, we our doing our best to provide homeless outreach as well, and working closely with outreach workers from the Los Angeles Homeless Services Authority in order to specifically place the members at this homeless encampment into a new transitional housing facility called "A Bridge Home" in Hollywood. We have received great support from the community in this project, and can thank Mayor Garcetti and Councilman Mitch O'Farrell's office for making this project a reality. The facility is set for completion in the next 4 weeks, and we will keep you updated when we have more information.

> Hello all,
>
> After 3 years of dealing with this on-going problem, we have learned that there is no long term solution in sight that the city can offer. We have hired private full time security patrol, made our own sidewalk plant boxes, and routinely schedule weekly sidewalk power wash cleanings, putting the required 3 day notices up the minute we see any homeless encampment developing. The only solution is to be diligent and not wait until a camp is fully entrenched to begin looking for solutions. We call police and district media security multiple times per week to keep the encampments annoyed with the hassle. The issue unfortunately seems like one that will persist indefinitely under current legislation.

> My name is Officer Gabriel Ruiz and I am filling in for Senior Lead Officer Ed Guerra while he is out of the office for the next couple of months. We are aware of the situation at this location and have been doing our best to conduct outreach and enforcement for several weeks now. I have notified our LAPD West Bureau HOPE team, and they will do our best to respond tomorrow with a Rapid Response Team to do another clean up. I will also reach out to Dan Halden to follow up on Thursday for an additional cleanup of trash and bulky items.
>
> Thank you for your patience. If you have any further questions, please feel free to let me know and I will do my best to follow up with you.

> Hello everyone,
>
> First, I wanted to thank everyone for taking the time to either call or come in to our studio for Friday's meeting. To Officer Guerra, my sincere appreciation for your commitment to the public and our concerns, I feel privileged to have you working with us. To Shannon Geaney, thank you for your support of your team and Officer Guerra, he said many great things about your leadership.
>
> For those on the conference call, I do apologize for the snafu for getting everything setup, we won't have that issue next

time. If it was hard of hearing and you were not able to get all the details from Officer Guerra's report, basically LAPD cannot encroach on the 'property' of the homeless except for the scheduled monthly clean-up. They have their hands tied as far as solving this problem of homeless, it has been and will continue to be an ever present struggle for them. Power washing in his experience only cleans the area of excrement and filth making it better living conditions once the homeless decide to return. We, as neighboring businesses, have the ability to come together, to be creative and produce lasting deterrents from homeless encamping around our area.

>

> Quixote has made their own planters (see attached pictures) and placed them outside of their business on the sidewalk where most homeless were residing. They made 12 for roughly $2000 total. These were filled with succulents and cacti, of which John Vargas and fellow worker Mando mentioned made up the bulk of the total cost for the planters. Officer Guerra made it clear that this was still only a temporary fix though it would be better than power washing while pooling more resources to beautify the actual street (see attached picture).

>

> What I am proposing is for us to start making these planters (with a slight design deviation from the ones pictured) and placing them in hot spots of homeless activity. Places where there is minimal foot traffic and vacant lots/buildings (south of Waring and Lillian, near Pavilions). This will serve as a placeholder while we all aim for the in-street beautification. Officer Guerra and the Friday group saw this is an opportunity for creativity as well. We can erect works of art or community pieces that everyone can contribute to. Even with these planters, we can include volunteers to participate and get kids involved with the artwork that can revitalize our streets to look colorful and vibrant as well as push homeless away from our businesses.

>

> RED Studios will be working closely with Quixote, Boys & Girls Club and Khaos Digital to make the beginning push in this initiative. We are reaching out to local nurseries and other friends in the community to help donate to our cause, if you have anyone who can contribute or donate, it may benefit them as a tax deduction! Once we have placed our planters/artwork/otherwise, we will update with pictures and a report on what worked and what did not. Now is the time we can show our neighborhood, our community and our city that we can make a difference if we band together as one, we can effect positive change.

>

> Please, send ideas and ways to involve/attract more. On top of the constant communication via email and phone calls, I would like us all to meet again in about a month and a half (depending on schedules) to share all the progress we've made.

> I am on a scheduled day off tomorrow and usually to schedule a pressure was I'd like more than a days notice.
>
> Also, Although Dan Halden is out sick today he was able to coordinate so resources regarding this new encampment. He submitted a request for sanitation to come out and help us. LAPD can come out and write citations and provide outreach. But as you can tell that only does so much and the problem does not go away. We have to wait for sanitation to come out and that usually takes a month.

Subject: 11/16/18 Response to Public Records Act Request
To: Qwerty Uiop <ms.qwerty90210@gmail.com>
Cc: Jeanne Min <jeanne.min@lacity.org>, Gigi Galias <gigi.galias@lacity.org>

Dear Qwerty,

We have consulted with the City Attorney on this matter.

Your request needs to be narrowed down. There are 20 custodians (staff) in this office with potentially responsive documents. An initial search by just one custodian yielded approximately 1500 documents.

The public interest in producing the documents is outweighed by the public interest in not expending the staff resources to locate, print, redact, and produce what could be potentially thousands of documents. The current request is thus exempt from production under Government Code section 6255. Accordingly, a more focused request is necessary.

I would be happy to work with you on refining your request so that it produces a much smaller number of documents and is more focused in nature. As you know, I have already produced 2018 emails that have two or more of the search terms you provided. Please feel free to contact me at your convenience with a refined request.

Best Regards,

Dan Halden

Dear Qwerty,

We have consulted with the City Attorney on this matter.

Your request needs to be narrowed down. There are 20 custodians (staff) in this office with potentially responsive documents. An initial search by just one custodian yielded approximately 1500 documents.

The public interest in producing the documents is outweighed by the public interest in not expending the staff resources to locate, print, redact, and produce what could be potentially thousands of documents. The current request is thus exempt from production under Government Code section 6255. Accordingly, a more focused request is necessary.

I would be happy to work with you on refining your request so that it produces a much smaller number of documents and is more focused in nature. As you know, I have already produced 2018 emails that have two or more of the search terms you provided. Please feel free to contact me at your convenience with a refined request.

Best Regards,

Dan Halden

On Tue, Oct 30, 2018 at 9:48 AM Qwerty Uiop <ms.qwerty90210@gmail.com> wrote:

> hi Mr. Halden, well that depends on what you mean by "just". as I said on Aug 8 "any ***one*** or more of the words ficus,

cherokee, kerry, sarian" with emphasis added on "one" and as I said on Sept 7 "***any single one*** of those four key words what ever comes up from 2018 will be what I am looking for" with emphasis added on "any single one". I am sorry I was unclear so to be clear I am looking for any emails that any staff of Mr. O'Farrell have from 2018 that have the word kerry ***or*** that have the word sarian or that have the word ficus or that have the word cherokee in them but if they have two of those words that will be ok or if they have three of those words that will be ok or if they have all four of those words that will be ok. most importantly those if they have any one or more of those words then those are the emails I want.

Like if the email says "kerry how are you" then I want that one and if it says "kerry there is a ficus on cherokee just ask sarian" then I want that one but if it says for intsance "mr. O'Farrell had a private lunch at Taix with John Ek" then I don't want that one from this request.

thanks again for your help Mr. Halden!

Subject: Re: EXTERNAL: Re: Homeless Issue

Hello Everyone,

Senior Lead Officer Guerra is back, and we are working together to schedule a cleanup with LA Sanitation. I was at this location this morning conducting enforcement with citations for the ADA violations for blocking the entire sidewalk, and getting as much voluntary compliance as possible with getting the homeless community to break down the tents. Keep in mind that with this current weather, we are not legally allowed to ask them to break their tents down when it is colder than 50 degrees or when it is raining.

In regards to a long term solution, we our doing our best to provide homeless outreach as well, and working closely with outreach workers from the Los Angeles Homeless Services Authority in order to specifically place the members at this homeless encampment into a new transitional housing facility called "A Bridge Home" in Hollywood. We have received great support from the community in this project, and can thank Mayor Garcetti and Councilman Mitch O'Farrell's office for making this project a reality. The facility is set for completion in the next 4 weeks, and we will keep you updated when we have more information.

Thank you for your patience and understanding.

Regards,

Officer Gabriel Ruiz

Hello all,

After 3 years of dealing with this on-going problem, we have learned that there is no long term solution in sight that the city can offer. We have hired private full time security patrol, made our own sidewalk plant boxes, and routinely schedule weekly sidewalk power wash cleanings, putting the required 3 day notices up the minute we see any homeless encampment developing. The only solution is to be diligent and not wait until a camp is fully entrenched to begin looking for solutions. We call police and district media security multiple times per week to keep the encampments annoyed with the hassle. The issue unfortunately seems like one that will persist indefinitely under current legislation.

Good Afternoon,

My name is Officer Gabriel Ruiz and I am filling in for Senior Lead Officer Ed Guerra while he is out of the office for the next couple of months. We are aware of the situation at this location and have been doing our best to conduct outreach and enforcement for several weeks now. I have notified our LAPD West Bureau HOPE team, and they will do our best to respond tomorrow with a Rapid Response Team to do another clean up. I will also reach out to Dan Halden to follow up on Thursday for an additional cleanup of trash and bulky items.

Thank you for your patience. If you have any further questions, please feel free to let me know and I will do my best to follow up with you.

Regards,
Officer Gabriel Ruiz
LAPD Hollywood Division
Acting Senior Lead Officer

Update:

I've added Martin Bravo to this chain, who can provide info about the house on Lillian. We just spoke on the phone and he has demolition planned as well as tree removal permitted for next week.

I also spoke to Daniel at Red, who is recovering from a motorcycle accident and has been a bit out of commission. He is still on top of the camp at Red Lot D.

We have planter boxes arriving this week which we plan to put throughout the neighborhood in probably locations to discourage set up.

Good morning all,

Is there an update on how we can stop the encampment being provided with fresh, untouched food?

This morning they were seen with a whole box of untouched food. I'm sure this is one of the main reasons they will not leave.

Pavilions: can you please investigate how/why this is happening, and how we can stop it? The previous idea of locking the dumpsters sounds like a good start.

Thanks,

Rebecca <image1.jpeg>

Good Morning all,

The owner of the 'abandoned house' at 743 Lillian is Mr Bravo, who can be reached at 818 231 3347. We will work with the owner if needed to have the tree removed, however it is outside his property so it may need to be filed/requested by him.

I am also adding Makan to the chain, who is the owner of the apartment building at 753 Lillian Way. Makan, please scroll down for some background on the ongoing discussion regarding the homeless encampment and possible management/prevention strategies. JAHZ properties is the owner of the construction site at 747 Lillian Way.

Regards,

Rebecca

Hi Nick,

Once the building at 747 Lillian approaches completion we will certainly be looking to implement some of the strategies discussed.

In the meantime, let us know if there's anything else we can do to assist. We have scheduled another power was for the neighboring vacant property tomorrow in the hopes that the encampment moves on or at least disperses.

It seems like the only option right now.

Hey everyone,

I just wanted to send out an email to the thread again as it's been a month now since we've spoken about the improvements we want to make in the area. I own the buildings on Waring in between Cahuenga and Lillian. What are the updates?

We've expressed multiple times that we're prepared financially and time-wise to lend our efforts and improve the area.

RED STUDIOS- Would you all be open to planting succulents exactly like the photo attached on Waring (South Side of your building) between Cahuenga and Lillian? This is right across the street from our two buildings and figured it would be way nicer to have than the dead grass currently over there. We'd be happy to help get this done with a thumbs up from your team.

PAVILIONS- Did we end up getting that really large tree trimmed down?

Did we end up moving forward on the rocks and the build of the colored planters as well? Happy to start in any way with those and putting them around our property.

Let's keep the push forward, it feels like everyone gets excited to do something and then nothing happens. LET'S GOOOOOOO!!!!

Daniel,

Thanks for all the work. I called in while out of town and overheard the meeting. Are you available to meet tomorrow to discuss logistics of getting planters made? We are prepared and willing to provide money and resources immediately. Would be great to sit and coordinate with you on beautification beginning this week. There are no encampments currently and we'd love to act fast before their return.

On Mon, Sep 3, 2018 at 12:29 PM, Daniel Ellinger <daniele@redstudioshollywood.com<mailto:daniele@redstudioshollywood.com>> wrote:
Hello everyone,

First, I wanted to thank everyone for taking the time to either call or come in to our studio for Friday's meeting. To Officer Guerra, my sincere appreciation for your commitment to the public and our concerns, I feel privileged to have you working with us. To Shannon Geaney, thank you for your support of your team and Officer Guerra, he said many great things about your leadership.

For those on the conference call, I do apologize for the snafu for getting everything setup, we won't have that issue next time. If it was hard of hearing and you were not able to get all the details from Officer Guerra's report, basically LAPD cannot encroach on the 'property' of the homeless except for the scheduled monthly clean-up. They have their hands tied as far as solving this problem of homeless, it has been and will continue to be an ever present struggle for them. Power washing in his experience only cleans the area of excrement and filth making it better living conditions once the homeless decide to return. We, as neighboring businesses, have the ability to come together, to be creative and produce lasting deterrents from homeless encamping around our area.

Quixote has made their own planters (see attached pictures) and placed them outside of their business on the sidewalk where most homeless were residing. They made 12 for roughly $2000 total. These were filled with succulents and cacti, of which John Vargas and fellow worker Mando mentioned made up the bulk of the total cost for the planters. Officer Guerra made it clear that this was still only a temporary fix though it would be better than power washing while pooling more resources to beautify the actual street (see attached picture).

What I am proposing is for us to start making these planters (with a slight design deviation from the ones pictured) and placing them in hot spots of homeless activity. Places where there is minimal foot traffic and vacant lots/buildings (south of Waring and Lillian, near Pavilions). This will serve as a placeholder while we all aim for the in-street beautification. Officer Guerra and the Friday group saw this is an opportunity for creativity as well. We can erect works of art or community pieces that everyone can contribute to. Even with these planters, we can include volunteers to participate and get kids involved with the artwork that can revitalize our streets to look colorful and vibrant as well as push homeless away from our businesses.

RED Studios will be working closely with Quixote, Boys & Girls Club and Khaos Digital to make the beginning push in this initiative. We are reaching out to local nurseries and other friends in the community to help donate to our cause, if you have anyone who can contribute or donate, it may benefit them as a tax deduction! Once we have placed our planters/artwork/otherwise, we will update with pictures and a report on what worked and what did not. Now is the time we can show our neighborhood, our community and our city that we can make a difference if we band together as one, we can effect positive change.

Please, send ideas and ways to involve/attract more. On top of the constant communication via email and phone calls, I would like us all to meet again in about a month and a half (depending on schedules) to share all the progress we've made.

Sincerely,

Daniel

I can meet this Friday, I do have a meeting at 1pm, but any time before that or after say 2 pm is great for me and Khaos.

Thank you everyone!

Hey all, I'm happy we've all come together to solve this problem. Did we decide on a time we can all get together?

Based on Edwin's schedule can we all do Friday? Will that work?

On Tue, Aug 28, 2018 at 3:29 PM, <mriley@strzenterprises.com<mailto:mriley@strzenterprises.com>> wrote:
Over the past 3 years power washing has been the only solution we have found to have any effect at all. We've been trying to get trees approved in front of our lots for beautification purposes, but the city has held up approval for months. Also, it seems trees providing shade is actually an attraction in some cases rather than a deterrent.

Hi All,

I know the pressure washing is a temp solution, but for now is our only option, I am working on setting up everything for tomorrow.

Rebecca I was told the notice needs to be up 24 hours in advance.

Thursday will work to meet for me as well.

Subject: Re: EXTERNAL: Re: Homeless Issue

All,

I am on a scheduled day off tomorrow and usually to schedule a pressure was I'd like more than a days notice.

Also, Although Dan Halden is out sick today he was able to coordinate so resources regarding this new encampment. He submitted a request for sanitation to come out and help us. LAPD can come out and write citations and provide outreach. But as you can tell that only does so much and the problem does not go away. We have to wait for sanitation to come out and that usually takes a month.

Unfortunately we are in the displacement business. All the subjects at this location used to be on Cahuenga and

Eleanor and the Gower corridor south of Santa Monica.

I am available Thursday and Friday to discuss ideas how to deter them from coming back to this location. Our efforts in these areas pushed them to this location.

I personally don't feel pressure washing helps and it hasn't worked in other areas. I also noticed the property is vacant (743), the location next to it under construction and the trees over grown and providing a lot of shade.

This issue is too sensitive to discuss over email, too many moving parts and we need the help from everyone. If you're available to meet Thursday or Friday please let me know.

Senior Lead Officer Eddie Guerra

Hi all,

I don't have everyone's email from the chain below, please loop in anyone I have omitted. We own the construction site over at 747 Lillian Way<https://na01.safelinks.protection.outlook.com/?url=https%3A%2F%2Fclicktime.symantec.com%2Fa%2F1%2FtXnGBC5X5IH6TBpgN7rVdlHgE96lp93a0pPPWRqzzT4%3D%3Fd%3D7UP2BUuhmwZtHMCkcY-2tMypYguoGqlmbCzU6_o0GDvNsy47jKa3w0dz8WsWpuTrFXLdhZCi4xHvA0EAq07ChQIjDBMXjFlNWZXABTIv-K-lginlgjlwGkSHdEKMU60NTadkMAnVNjxTvUX4hQiw5YMtH4nL8mgRFbY2LOjTrjReIixYxN80ife0duJc2AGQGhS_2-yyV4FkU7ZEa3UKvnNUfR351r4Ry2_39pCPyRAMvUP-SopueIXm8oOCdub8s9IHPo4v3iJrqFnIcURDE7apSmdIeYTziRMhUfBO_Levf24yerd-f2m0ZhBcesJy9yV5cALyXTFZ8CNp540A9fTPJ87SgT7_X1cBOnNtCdELq01-XTpHI6BZLx-oIvJvrY78YTFfvTpIbeIqrB2dsnC3rmfu%26u%3Dhttps%253A%252F%252Fna01.safelinks.protection.outlook.com%252F%253Furl%253Dhttps%25253A%25252F%25252Fclicktime.symantec.com%25252Fa%25252F1%25252FNy2j_3HPAghR-VNfqYUFlKgNL4cIA2vpYmjznt3oLdU%25253D%25253Fd%25253D-Uh-EGqSxHGUUlNB3op9LKQDL05oZe5pBf8lXKY5EiEX0D1U7pv_Dp99sMLGHW_iWZIqCOAtDt9I1NZm603rAJnutG3td8Aw5VXfFdySXHMLbIy2E6Lun4--yOSrKN1WFWwnMPQXHJOMnSOWFmRXZt8lCUHnQ29dJlq5gddFDFSmvvYUQVMc8-_Ma2O6_M4jqMOAysXshMG7oPRVuBZUy_WfhpavmVk6H_a38cAXxT6W6eVC8ZAo-9nLUj4kVFwsvn-spa64z0kc7Lokyyu6UVbk9vFivXXrUncTJlN3hugYaZVzY96mGD-GI8UWgeG_egUT5JJPKrq0yvZV3LIgI1PR9lKcib1vKnKoP376Tfi0lp6IQVUruuusXrBu1eZeir4tjlnqdnVfvIekv0Wz%252526u%25253Dhttps%2525253A%2525252F%2525252Fmaps.google.com%2525252F%2525253Fq%2525253D747%2525252BLillian%2525252BWay%25252526entry%2525253Dgmail%25252526source%2525253Dg%2526data%253D02%25257C01%25257C39066%252540lapd.online%25257C9340d6db3ecf454a21d508d63ea65259%25257C642fd61c34dd4fd0af8d443576485883%25257C0%25257C0%25257C636765281419006012%2526sdata%253DesHkC68k3pCNauD7yWeXrtQ%25252FGlDUoWZxxm%25252BsQCCZxtE%25253D%2526reserved%253D0&data=02%7C01%7C39066%40lapd.online%7C68e1010f18b248f38f4608d6906fede2%7C642fd61c34dd4fd0af8d443576485883%7C0%7C0%7C636855207767575099&sdata=LP5nMkVCiLvDOZV90DX%2Fx2VBrWsSLSQHdVVybHee%2B5g%3D&reserved=0>, and have been calling 311, LAPD, Hollywood Community Relations daily to no avail. Please include us on any correspondence as we too are keen to help resolve the issue.

The sidewalk outside 743 Lillian is covered with human excrement, furniture and used needles.

Laura & Eddie, is there any way that we can have the Western side of Lillian Way where they are now based pressure washed tomorrow when you do the Pavilions side? I am happy to post signs this afternoon and we can contribute to the cost.

Please advise.

Thank you,

Rebecca

Subject: Re: EXTERNAL: Re: Homeless Issue

Hi All,

I have reached out to Dan Halden my self by phone and email, I will talk to him tomorrow Wednesday afternoon.

I have contacted our corporate office and they are trying to help as well, I have posted signs on our Lillian way sidewalk to be pressure washed tomorrow, I am contacting LAPD today to hopefully have them here tomorrow for the side walk cleaning since I heard we can not touch the homeless property because is on public place.

Please let me know when would be a good time to meet, I would do everything on our power to help with this situation

Has anyone received response from Pavilions management? Camp on Lillian is growing exponentially and their assistance would be very helpful.

Good morning Everyone,

I made my way over to Pavilions and spoke with the supervisor, Jessica, and she will reach out to the store manager, Laura, so they can find a good time to meet with all of us.

Please see the attached photos for the work that was executed thanks to the planning and diligence of Officer Guerra and his team, thank you! We have put caution tape as a temporary fix and it will stand for a time, but let us see if we can schedule to meet sometime within the coming weeks.

My team is drafting a letter of intent to send out to local nurseries (or business of similar nature) to inquire about donations to help our community's cause and the public. Possibly a tax write off, could be beneficial for all parties. Just an idea of where we can all start our foods for thought.

Hope everyone is having a productive Tuesday.

Best,

Daniel

Hello Mike and fellow business community members,

I am adding Melinda and Mark from Khoas Digital (located at the corner of Waring and Cahuenga, 6007) as Mark was present while we spoke with Officer Guerra, his supervisor Shannon Geaney, and Deputy City Attorney Steve Houchin about a proposed plan about beautification with our community's streets.

Tomorrow, the city's sanitation trucks are coming to clean up the area on Waring just west of Cahuenga. Our studio is going to place cones, red and yellow caution tape to section off the space during the clean up. This is a temporary fix as we move forward with plans to gather the necessary materials and aesthetically improve that space while deterring more encampments from returning.

I would very much like (time and schedules permitting) to have a small, community forum in our diner with most (ideally all) surrounding businesses in attendance. We can discuss the plan to pool our resources together and help each other beautify a section of our streets at a time so we and the families that walk their kids to and from the Boys & Girls Club do not have to feel uneasy where we all work and/or live.

In the meantime, I will work with my management and with Melinda and Mark of Khaos Digital to come up with our options to begin the beautification of Waring and Cahuenga. Updates once work is complete will

Hello all,
After 3 years of dealing with this on-going problem, we have learned that there is no long term solution in sight that the city can offer. We have hired private full time security patrol, made our own sidewalk plant boxes, and routinely schedule weekly sidewalk power wash cleanings, putting the required 3 day notices up the minute we see any homeless encampment developing. The only solution is to be diligent and not wait until a camp is fully entrenched to begin looking for solutions. We call police and district media security multiple times per week to keep the encampments annoyed with the hassle. The issue unfortunately seems like one that will persist indefinitely under current legislation.

Good Afternoon,

My name is Officer Gabriel Ruiz and I am filling in for Senior Lead Officer Ed Guerra while he is out of the office for the next couple of months. We are aware of the situation at this location and have been doing our best to conduct outreach and enforcement for several weeks now. I have notified our LAPD West Bureau HOPE team, and they will do our best to respond tomorrow with a Rapid Response Team to do another clean up. I will also reach out to Dan Halden to follow up on Thursday for an additional cleanup of trash and bulky items.

Thank you for your patience. If you have any further questions, please feel free to let me know and I will do my best to follow up with you.

Regards,

Officer Gabriel Ruiz

LAPD Hollywood Division

Acting Senior Lead Officer

Is there an update on how we can stop the encampment being provided with fresh, untouched food?

This morning they were seen with a whole box of untouched food. I'm sure this is one of the main reasons they will not leave.

Pavilions: can you please investigate how/why this is happening, and how we can stop it? The previous idea of locking the dumpsters sounds like a good start.

Thanks,

Hey everyone,

I just wanted to send out an email to the thread again as it's been a month now since we've spoken about the improvements we want to make in the area. I own the buildings on Waring in between Cahuenga and Lillian. What are the updates?

We've expressed multiple times that we're prepared financially and time-wise to lend our efforts and improve the area.

RED STUDIOS- Would you all be open to planting succulents exactly like the photo attached on Waring (South Side of your building) between Cahuenga and Lillian? This is right across the street from our two buildings and figured it would be way nicer to have than the dead grass currently over there. We'd be happy to help get this done with a thumbs up from your team.

PAVILIONS- Did we end up getting that really large tree trimmed down?

Did we end up moving forward on the rocks and the build of the colored planters as well? Happy to start in any way with those and putting them around our property.

Let's keep the push forward, it feels like everyone gets excited to do something and then nothing happens. LET'S GOOOOOOO!!!!

wrote:

Hello everyone,

First, I wanted to thank everyone for taking the time to either call or come in to our studio for Friday's meeting. To Officer Guerra, my sincere appreciation for your commitment to the public and our concerns, I feel privileged to have you working with us. To Shannon Geaney, thank you for your support of your team and Officer Guerra, he said many great things abo ut your leadership.

For those on the conference call, I do apologize for the snafu for getting everything setup, we won't have that issue next time. If it was hard of hearing and you were not able to get all the details from Officer Guerra's report, basically LAPD cannot encroach on the 'property' of the homeless except for the scheduled monthly clean-up. They have their hands tied as far as solving this problem of homeless, it has been and will continue to be an ever present struggle for them. Power was hing in his experience only cleans the area of excrement and filth making it better living conditions once the homeless decide to return. We, as neighboring businesses, have the ability to come together, to be creative and produce lasting deterrents from homeless encamping around our area.

Quixote has made their own planters (*see attached pictures*) and placed them outside of their business on the sidewalk where most homeless were residing. They made 12 for roughly $2000 total. These were filled with succulents and cacti, of which John Vargas and fellow worker Mando mentioned made up the bulk of the total cost for the planters.

Officer Guerra made it clear that this was still only a temporary fix though it would be better than power washing while pooling more resources to beautify the actual street (*see attached picture*).

What I am proposing is for us to start making these plan ters *(with a slight design deviation from the ones pictured)* and placing them in hot spots of homeless activity. Places where there is minimal foot traffic and vacant lots/buildings *(south of Waring and Lillian,* *near Pavilions*). This will serve as a placeholder while we all aim for the in-street beautification. Officer Guerra and the Friday group saw this is an opportunity for creativity as well. We can erect works of art or community pieces that everyone can contribute to. Even with these planters, we can include volunteers to participate and get kids involved with the artwork that can revitalize our streets to look colorful and vibr ant as well as push homeless away from our businesses.

RED Studios will be working closely with Quixote, Boys & Girls Club and Khaos Digital to make the beginning push in this initiative. We are reaching out to local nurseries and other friends in the community to help donate to our cause, if you have anyone who can contribute or donate, it may benefit them as a tax deduction! Once we have placed our planters/

artwork/otherwise, we will update with pictures and a report on what worked and what did not. Now is the time we can show our neighborhood, our community and our city that we can make a difference if we band together as one, we can effect positive change.

Please, send ideas and ways to involve/attract more. On top of the constant communication via email and phone calls, I would like us all to meet again in about a month and a half (*depending on schedules*) to share all the progress we've made.

Sincerely,

Daniel

All,

I am on a scheduled day off tomorrow and usually to schedule a pressure was I'd lik emorethanadaysnotice.

Also,AlthoughDanHaldenisoutsicktodayhewasa bletocoordinatesoresourcesregardingthisnewencampment.Hesubmittedare quest for sanitation to come out and help us. LAPD can come out and write citation s and provide outreach. But as you can tell that only does so much and the problem d oes not go away. We have to wait for sanitation to come out and that usually takes a month.

Unfortunately we are in the displacement business. All the subject sat this location used to be on Cahuenga and Eleanor and the Gower corridor south of Santa Monica.

I am available Thursday and Friday to discuss ideas how to d eter them from coming back to this location. Our efforts in these areas pushed th em to this location.

I personally don't feel pressure washing helps and ith asn't worked in other areas. I also noticed the property is vacant (743), the loc ation next to it under construction and the trees overgrown and providing a lot o f shade.

This issue is too sensitive to discuss over email, too many moving p arts and we need the help from everyone. If you’re available to meet Thursday or F riday please let me know.

Subject: Re: Our Little Street @ Tamarind Cul de Sac

I just drove home over a pile of trash on the road, cans, glass bottles...
Some of us don't mind putting some effort to clean our sidewalks; therefore, to have clean streets to drive on ...
We can not do that anymore, because the tents are everywhere...I don't feel comfortable disturbing them and it is not safe for me to pick up their glass bottles, cans, trash...because I don't know what they intend to do with that??!
We have to accept their way of living, be quiet and patient. We have no rights to demend our peace.

How can that be?!
Our little street is not ours anymore. I feel we are disturbing them by driving our vehicles home. They have to move from the street to let us pass by.
All of this just does not make any sense.

The officers came not long ago one morning, they cleared everything...and for couple of hours...everything was like before...clean sidewalks and streets...there was not one tent anywhere.
And then invation...they all came back...and invited some others to join them. By the afternoon everything was like a previous day; tents and trash everywhere...

All of this just does not make any sense.
Why wasn't that done for good?
Why didn't the officer return a few times that day and make everyone leave who came back? And return the next day?
Why can't we get our little street back?

> I just now walked by the tent area and someone was lighting something on fire inside their tent then just setting it out on the sidewalk.

Someone else is sorting out the trash of the community's residents a little further down the block (still happening right now).

I thought we were supposed to have another meeting with a member of the police? What happened to that?

Evening everyone,

I don't usually send any emails on this chain but I just wanted to let everyone know that my roommate just told me that she found our front door at 1756 tamarind Ave broken into tonight and saw a disheveled looking man coming down the stairs that she's never seen in the building before. She has called a police officer to come take a look around,
but please everyone be careful out there tonight.

Thanks and I hope you're all well,
Nick G.

On Jan 8, 2019, at 2:46 PM, Gabriel Ruiz <39066@lapd.online> wrote:

Mr Snyder,

This encampment is on the 101 Freeway embankment, and it would be the responsibility of Caltrans (not LA City Sanitation) to clean it up. Caltrans was here this morning but they ran out of time cleaning other locations before they could address it today. They will be here next Tuesday, and will do our best to address it with them next week. In the meantime, it would also help us if you create a service request on the Caltrans website to clean it up.

https://csr.dot.ca.gov/

Thank you for your patience and understanding.

Regards,

Officer Gabriel Ruiz

LAPD Hollywood Division

Acting Senior Lead Officer

We live on 1762 Tamarind Ave., which is the last building on our little street and we've seen them many times using our wall as a toilet. They have to go somewhere, somewhere close by...right?!

They don't care...

What I am afraid of is that one day - one of us will be stubbed.

On Thu, Dec 27, 2018 at 4:28 PM Alysanna Dayrit <alysanna06@yahoo.com> wrote:

I'm not sure if you guys are aware but there was an incident on Christmas night. I came home around 10:30pm to find the whole block of Carlos to be closed by the lapd. When I told the officer that I lived on tamarind Ave and I wanted to park in my complex because I was carrying my baby home. He said I couldn't go because it was blocked off for a crime scene "somebody was stabbed." Not only has our block become unsanitary but it has also become dangerous for everyone.

On Dec 27, 2018, at 3:30 PM, Marissa <nzmarissa@gmail.com> wrote:

Current situation in Tamarind/Carlos:

- The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.
- The people living out of the tan-colored van near the Bronson/tamarind corner have cracked

> open the base of the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.
>
> - There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

rind Ave. everyone. Soon, it will be the same as before; all the yelling, drinking, swearing and smoking pot...therefore, we are going only backward, not at all forward...

Where are all these people going to a bathroom, I wonder???!

My Goodness...I feel we are not worth a penny.

Is that what we are showing and teaching our kids?! Those young lives are seeing that the law that is there to protect them is not enforced to protect them, their moms and dads and everyone else around them. That is really sad.

It looks like - being nice just does not work. Do we need to stand up and protest

? Something solid has to be done soon before it's too late...

This is really sad all the way around, but we just don't deserve to be treated like we don't matter.

Thank you for the response so late on a Friday. I completely understand the situation given the circumstances and I am sorry for your family's loss. I had previously emailed Dan about re-scanning the records, so that is helpful to know. Dan, if you don't mind, the immediate solution would be to tell Mr. Riskin when you return on Monday morning that you are re-scanning the records in order so an appointment should be unnecessary.
Mike

Hi Mike,

Unfortunately, last week I had to emergency death in the family, this is why I wasn't able to help host Adrian in City Hall.

Now, Dan is out town due to family matters and will not be back until Tuesday, which he plan to scan all documents to Adrian on Tues.

I do not have the documents and Jeanne will reply to you accordingly.

Thank you,
Gigi

CONFIDENTIAL, ATTORNEY CLIENT, WORK PRODUCT PRIVILEGED

Dan and Gigi,

Can you please respond to Mr. Riskin with a confirmation of the appointment asap? In an email on 2/1 (a week ago now) Dan said that confirmation will have to wait until Gigi returns to the office because she is responsible for confirming the appointment. Now the email Gigi just sent to Mr. Riskin says that Riskin has to wait for Dan to return to office for confirmation.

The CPRA does provide latitude on making records available but it also requires you to make the records "promptly available."

It surely has been enough. Something has to be done. Why do we have live with all that trash around us. It is just not fair! But, I guess noone cares....

On Fri, Feb 8, 2019, 5:11 PM Carlos Tamarind <carlostamarind@gmail.com wrote:

If the City Hall officials and staff are scared of the TYPHUS outbreak caused by homelessness, trash and filth all around them, aren't ordinary citizens like us here in this area likewise?
Didn't we hear January 2019 before? It's now February and the Tent City is still growing by leaps and bounds every single day. Even our little street here at Tamarind Avenue has been invaded!

Where have all our "TAXES FOR THE HOMELESS" gone?

Evening everyone,

I don't usually send any emails on this chain but I just wanted to let everyone know that my roommate just told me that she found our front door at 1756 tamarind Ave broken into tonight and saw a disheveled looking man coming down the stairs that she's never seen in the building before. She has called a police officer to come take a look around,
but please everyone be careful out there tonight.

Thanks and I hope you're all well,
Nick G.

We live on 1762 Tamarind Ave., which is the last building on our little street and we've seen them many times using our wall as a toilet. They have to go somewhere, somewhere close by...right?!

They don't care...

What I am afraid of is that one day - one of us will be stubbed.

On Thu, Dec 27, 2018 at 4:28 PM Alysanna Dayrit <alysanna06@yahoo.com> wrote:

I'm not sure if you guys are aware but there was an incident on Christmas night. I came home around 10:30pm to find the whole block of Carlos to be closed by the lapd. When I told the officer that I lived on tamarind Ave and I wanted to park in my complex because I was carrying my baby home. He said I couldn't go because it was blocked off for a crime scene "somebody was stabbed." Not only has our block become unsanitary but it has also become dangerous for everyone.

On Dec 27, 2018, at 3:30 PM, Marissa <nzmarissa@gmail.com> wrote:

> Current situation in Tamarind/Carlos:
>
> - The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.
> - The people living out of the tan-colored van near the Bronson/tamarind corner have cracked open the base of the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.
> - There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.
>
> I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

> On 12/11/2018 1:52 PM, Laura Ruiz wrote:
>
> > The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.

On Dec 11, 2018, at 1:45 PM, Alysanna Dayrit <alysanna06@yahoo.com> wrote:

> As I was taking my baby out of her car seat right now I noticed an unfamiliar man looking inside of cars. I should not have to fear stepping out of my car with my baby to get inside of where I live. And I debated whether or not I should phone the police because I thought about how long it would take for them to respond to this suspicious person and to have to think twice about calling this in is absurd. As of now there are two tents on Tamarind Ave. and in no way can my one year old walk around her block because of the danger outside her own home.

On Dec 11, 2018, at 9:49 AM, Cora Maclang <coramaclang@gmail.com> wrote:

> Please dear Officers, this little street at Tamarind Cul de Sac is the only one left of us to go about our lives. We could no longer use the sidewalk to use our wheelchairs, walkers, strollers, walk our dogs, bring our children to day care and school and ourselves to work and run errands. Please give us, if not the quality of life we deserve, at least our basic rights as upright and decent citizens.
>
> We have for a long time now tolerated the tent city that you have allowed to proliferate along the Carlos area. You have

always urged us to be “good neighbors” and we have tried to be so, waiting for the time that the City could finally provide housing to these poor people (which we anticipate to be in January?)

Will you be true to your word about BALANCE of meeting the rights of the residents and respecting the rights of the homeless?

On Dec 11, 2018, at 1:33 AM, Amalisha <love4allsouls@gmail.com> wrote:

> Hi Cora,

> **This evening there was the 3rd tent on Tamarind Ave. everyone.** Soon, it will be the same as before; all the yelling, drinking, swearing and smoking pot...therefore, we are going only backward, not at all forward...
>
> Where are all these people going to a bathroom, I wonder???!
>
> My Goodness...I

feel we are not worth a penny.

Is that what we are showing and teaching our kids?! Those young lives are seeing that the law that is there to protect them is not enforced to protect them, their moms and dads and everyone else around them. That is really sad.

It looks like - being nice just does not work. Do we need to stand up and protest? Something solid has to be done soon before it's too late...

This is really sad all the way around, but we just don't deserve to be treated like we don't matter.

Hi Mike,

Unfortunately, last week I had to emergency death in the family, this is why I wasn't able to help host Adrian in City Hall.

Now, Dan is out town due to family matters and will not be back until Tuesday, which he plan to scan all documents to Adrian on Tues.

I do not have the documents and Jeanne will reply to you accordingly.

Thank you,
Gigi

CONFIDENTIAL, ATTORNEY CLIENT, WORK PRODUCT PRIVILEGED

Dan and Gigi,

Can you please respond to Mr. Riskin with a confirmation of the appointment asap? In an email on 2/1 (a week ago now) Dan said that confirmation will have to wait until Gigi returns to the office because she is responsible for confirming the appointment. Now the email Gigi just sent to Mr. Riskin says that Riskin has to wait for Dan to return to office for confirmation.

The CPRA does provide latitude on making records available but it also requires you to make the records "promptly available."

Mike

CONFIDENTIAL, ATTORNEY CLIENT, WORK PRODUCT PRIVILEGED

Dan and Gigi,

Can you please respond to Mr. Riskin with a confirmation of the appointment asap? In an email on 2/1 (a week ago now) Dan said that confirmation will have to wait until Gigi returns to the office because she is responsible for confirming the appointment. Now the email Gigi just sent to Mr. Riskin says that Riskin has to wait for Dan to return to office for confirmation.

The CPRA does provide latitude on making records available but it also requires you to make the records "promptly available."

Mike

Hi Gigi, hi Dan,

Can you please confirm this appointment? It's hard to hold my time indefinitely.

Thanks,

Adrian

Subject: Re: CPRA request (CD13.2017.03.25.a)

Gigi: Sadly, I can't wait until the 13th to know my schedule for the 14th. I will be in on February 28th at 10 am to inspect this material if that's OK, that being the next day I have free after the 14th. Dan told me that only you could make appointments, so maybe you could make this one without asking him? In fact, he said he couldn't make one without asking you, which I guess I find a little confusing. Then we could cancel it if it becomes unnecessary?

Thanks again for all your help!

Adrian

If the City Hall officials and staff are scared of the TYPHUS outbreak caused by homelessness, trash and filth all around them, aren't ordinary citizens like us here in this area likewise?
Didn't we hear January 2019 before? It's now February and the Tent City is still growing by leaps and bounds every single day. Even our little street here at Tamarind Avenue has been invaded!

Where have all our "TAXES FOR THE HOMELESS" gone?

I noticed someone is now camping next to our parking lot. I'm not sure how long they've been there but I saw this today.

We live on 1762 Tamarind Ave., which is the last building on our little street and we've seen them many times using our wall as a toilet. They have to go somewhere, somewhere close by...right?!
They don't care...

What I am afraid of is that one day - one of us will be stubbed.

On Thu, Dec 27, 2018 at 4:28 PM Alysanna Dayrit <alysanna06@yahoo.com> wrote:

I'm not sure if you guys are aware but there was an incident on Christmas night. I came home around 10:30pm to find the whole block of Carlos to be closed by the lapd. When I told the officer that I lived on tamarind Ave and I wanted to park in my complex because I was carrying my baby home. He said I couldn't go because it was blocked off for a crime scene "somebody was stabbed." Not only has our block become unsanitary but it has also become dangerous for everyone.

On Dec 27, 2018, at 3:30 PM, Marissa <nzmarissa@gmail.com> wrote:

Current situation in Tamarind/Carlos:

- The Bronson/Carlos street corner is now an open sewer for the homeless people. There's a mound of human feces and toilet paper where they sit on the barrier to defecate, and this has started overflowing across the sidewalk. The other side of the street is also their toilet (between the parked cars and fence) and it stinks of urine and there is often human feces or diarrhea on the sidewalk there. This means there are now no safe sidewalks for pedestrians to exit Carlos on the Bronson side. Residents (including the elderly and children) and their dogs must either walk through this fecal matter and risk carrying hepatitis A and other diseases and bacteria into their own homes, or they are forced to walk on the street among moving traffic. Regular taxpayers get a citation for urinating in public, but these people are being allowed to defecate in the open on a residential street close to a school.
- The people living out of the tan-colored van near the Bronson/tamarind corner have cracked open the base of the street light there and are jacking power from it using flimsy little electrical cables. I doubt this is safe for anyone.
- There is a mattress directly under the trees of 1756 Tamarind that is burned black on one side. At night, this area is usually occupied by solitary homeless people taking drugs between our parked cars and screaming to the void. I think we should all be worried that there may have been a fire out there, considering these buildings are surrounded by flammable trees and vines.

I hope the media CC'd here will note that if/when any fires or diseases break out here, we have been updating LAPD and gov representatives on this unsafe situation for a long time.

On 12/11/2018 1:52 PM, Laura Ruiz wrote:

The car in front of mine was broken into this past weekend, so I do believe there is suspicious activity going on with the parked automobiles in our street.

I've heard a loud verbal fight going on outside my window. There was suggestive wording (yelling, really) that a weapon was involved. When I called 911, I did not get assurance that this fight was high in their priorities, but to call back if I could see a weapon. Some of the people involved returned back to the area of the trailer that has been parked outside for over a month.

Some time before that, I saw a fight where 2 men were physically fighting over a backpack, to the point of biting each other, right outside my apartment's front gate.
On Dec 11, 2018, at 1:45 PM, Alysanna Dayrit <alysanna06@yahoo.com> wrote:

> As I was taking my baby out of her car seat right now I noticed an unfamiliar man looking inside of cars. I should not have to fear stepping out of my car with my baby to get inside of where I live. And I debated whether or not I should phone the police because I thought about how long it would take for them to respond to this suspicious person and to have to think twice about calling this in is absurd. As of now there are two tents on Tamarind Ave. and in no way can my one year old walk around her block because of the danger outside her own home.

>> Please dear Officers, this little street at Tamarind Cul de Sac is the only one left of us to go about our lives. We could no longer use the sidewalk to use our wheelchairs, walkers, strollers, walk our dogs, bring our children to day care and school and ourselves to work and run errands. Please give us, if not the quality of life we deserve, at least our basic rights as upright and decent citizens.
>>
>> We have for a long time now tolerated the tent city that you have allowed to proliferate along the Carlos area. You have always urged us to be "good neighbors" and we have tried to be so, waiting for the time that the City could finally provide housing to these poor people (which we anticipate

to be in January?)

Will you be true to your word about BALANCE of meeting the rights of the residents and respecting the rights of the homeless?

before it's too late...

This is really sad all the way around, but we just don't deserve to be treated like we don't matter.

Adrian,

Please see below regarding what happened on Tamarind Avenue just north of Carlos Avenue. Please continue to send HOPE to Carlos Avenue on a regular basis particularly to enforce the 6am/tents rule.

Rich,

Can you let me know if there are any updates to this investigative report?

Thanks,

Hi Dan,

I know how busy you are but we need to bring this to your attention. Yesterday, the planters we have placed in that space next to the freeway have been vandalized (pictures attached). We reported it to LAPD and they sent an investigator. Attached is the officer's Investigative Report. Incidentally, our cameras failed to record the crime being committed and we only had a suspect riding a bike leaving the scene. As can be expected, this case will be kept on file and most probably will soon be forgotten. Although we never caught the person(s) in the act, we have a strong suspicion that they belong to the group of transients living in the tents along Carlos Avenue and at the corner of Tamarind Avenue. I recognize them as being the same group evicted from the cul-de-sac by Officer Sevdalian and his team some months back. They were not able to occupy that space again because of the planters we put in place right after they moved out. Now that they live nearby, they maybe thinking of going back there if we do not replace the broken pots as soon as possible.

We would like to seek your help again in ridding Carlos Avenue of transients. These tents are up 24/7 and so residents of nearby buildings have to walk on the street or risk being harassed when walking next to their tents. This area is fast becoming a potential crime scene if nothing is done about them. We are highly suspicious that drug deals involving these transients are being made there.

Old vans can be seen parked next to or near them for days until cleaning day. We would greatly appreciate whatever assistance you can provide in clearing that area of transients so we can walk on the sidewalk without fear of being attacked.

Thanking you in advance for your help.

Hi Maria,

We will request this location be added to the next "Clean Streets" day in Hollywood, although that will not be for several weeks.

In the meantime, we have requested that the location be included as frequently as possible during the HOPE (Homeless Outreach and Proactive Engagement) Team's visits to the Hollywood area. The HOPE Team consists of LAPD officers as well as Sanitation.

Maria,

I will contact West bureaus HOPE team and will ask Dan Halden to set this location as a clean up for Watershed.

As for the electricity, I will also follow up with the today. It looks like now they are using the one across the street.

Thank you to your email and your patience with the process. I will also be by the location later today.

Subject: CPRA Requests
To: councilmember.ofarrell@lacity.org

Hi there!
This is a formal request under the CPRA, which I hope isn't too much of an imposition.

I'd like, at your convenience, to inspect all disclosable emails and documents relevant to the following institutions:
- the L.A. Fort, at 736 Ceres Avenue
- Non Plus Ultra, at 4310 Burns Avenue, 90029
- the Church of Fun, at 4109 Melrose Avenue, 90029

Thank you for your help! I appreciate it tremendously.
If you have any questions about my request, feel free to contact me at 310-849-2134, or this email.

Sincerely,
James

Subject: CPRA request (CD13.2019.03.13.a)
To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Hi Robert,

Yes, you are correct. The Councilman frowns heavily on Ellis evictions and is working on tightening up tenant protections. Thank you for doing everything that you absolutely can to protect these tenants and help them. From what we hear, they are elderly and disabled, and particularly scared of what is happening. I encourage you to treat them with the utmost care and respect.

Dan, I have had Stephanie Greene from my office take the tenants around to look at some apartments.

We are working together on a solution.

I have offered them a lot more in financial aid than what is required.

Also I have offered to buy them all new appliances.

I told Chris that I would look after this couple.

I intend to keep my word and to make sure that the transition will be smooth and comfortable for them.

Thank you

Subject: CPRA request (CD13.2019.03.13.a)
To: Dan Halden <daniel.halden@lacity.org>

Good afternoon, Dan.

I'd like to see all emails between any CD13 staff and MOF and anyone at hqdevelopment.net or hqcreativeoffice.com from January 1, 2015 through February 28, 2019. I need to see all attachments as well. Please be sure that all staff and MOF accounts are searched if they're used to conduct City business, whether or not they are official accounts.

Note that Gmail retains attachments in whatever format they're in and that these are accessible to the end-user of the City's version of Gmail. Furthermore, the City of LA uses these various formats internally.

Thus, even though I think the City Attorney's theory of why the City isn't obligated to provide emails in their native format is completely wrong, it nevertheless does not apply to email attachments, which I will therefore need to inspect or obtain copies of in their native formats.

Thanks!

Adrian

Hi Dan,

Hope all is well with you and at the Councilman's office.
I'm reaching out again to see if we could meet the week of 5/7.

Please let me know.

Regards,
Na'ama

Hi Robert,

Yes, you are correct. The Councilman frowns heavily on Ellis evictions and is working on tightening up tenant protections. Thank you for doing everything that you absolutely can to protect these tenants and help them. From what we hear, they are elderly and disabled, and particularly scared of what is happening. I encourage you to treat them with the utmost care and respect.

Dan, I have had Stephanie Greene from my office take the tenants around to look at some apartments.

We are working together on a solution.

I have offered them a lot more in financial aid than what is required.

Also I have offered to buy them all new appliances.

I told Chris that I would look after this couple.

I intend to keep my word and to make sure that the transition will be smooth and comfortable for them.

Thank you

Robert Herscu

Thank you, Robert. As Chris mentioned, our number one concern is for the well-being of the tenant(s), particularly the elderly, so going the extra mile for them is appreciated. Please keep me posted. Have you filed the Ellis paperwork with the City?

Hello Dan,

Yes, the Ellis Act paperwork was filed through our attorney on June 9, 2017.
All tenants received notification by certified mail on June 12, 2017.

Thank you,
Na'ama

Hello Dan,

I hope this email finds you well.

We would like to update you on the latest developments with our tenants at 717 Lillian Way.
Is there any time next week when we might be able to meet in person?

Please let me know.

Sincerely,
Na'ama

Dan,
Could we do something in person early next week?
Robert leaves for Japan on 4/18, but would like to catch up and discuss a few items beforehand.

If it gets too tricky, we'll do a phone call as a second best option.

Thanks,

Hi there!
This is a formal request under the CPRA, which I hope isn't too much of an imposition.

I'd like, at your convenience, to inspect all disclosable emails and documents relevant to the following institutions:
- the L.A. Fort, at 736 Ceres Avenue
- Non Plus Ultra, at 4310 Burns Avenue, 90029
- the Church of Fun, at 4109 Melrose Avenue, 90029

Thank you for your help! I appreciate it tremendously.
If you have any questions about my request, feel free to contact me at 310-849-2134, or this email.

Sincerely,
James

Hello,

Pursuant to the provisions of the California Public Records Act, I am seeking an electronic copy of any correspondence between any staffer in Council District 13 and three individuals -- Joel Jacinto, Raymond Chan and George Chiang -- during the period spanning from Jan. 1, 2015 to Jan. 31, 2019.

Feel free to contact me if you have any questions. I can be reached at 213-270-3955.

Thanks,

INVITATION: May 18, 2016 - ACCESSING LA : Doing Business with the City

1 message

Joel Jacinto <joel.jacinto@lacity.org> Mon, Apr 18, 2016 at 4:50 PM
Bcc: david.cano@lacity.org

Dear friends,

Please join L.A. City Councilmember David Ryu and Board of Public Works Commissioner Joel Jacinto for our special event, **"Accessing L.A. - Doing Business with the City"** on May 18th from 9:00 am - 2:00 pm, at the Ronald F. Deaton Auditorium at LAPD. Accessing L.A. will bring together the City's major departments who contract for goods and services, and provide local Asian Pacific American businesses in Los Angeles with the information and tools necessary to tap into the City's contracting dollars. You will hear from the departments and have the opportunity to interact with them.

In addition, representatives from the Los Angeles Police and Fire Departments will announce their recruitment job opportunities.

*Light refreshments and lunch will be provided.

When: Wednesday, May 18, 2016

9:00 am - 2:00 pm

Where: Ronald F. Deaton Civic Auditorium at LAPD

100 W. 1st Street

Los Angeles, CA 90012

RSVP: Wilson Truong, wturong@icgworldwide.com

Parking information will be shared on RSVP.

Deadline is May 13, 2016

Thank you,

Joel F. Jacinto
Commissioner, Board of Public Works
City of Los Angeles
200 N. Spring Street, Room 361
Los Angeles, CA 90012

Are we doing a ceremonial flip of the switch?

Is it weird that Com. Jacinto is directing date/time? Usually that's a comms team thing.

Joel- do you mind if our scheduler takes over scheduling from here? He can work with the Mayor's team to figure out a date and time that is convenient to both our boss and the Mayor.

Once we have that date secure, then we should have a meeting to discuss show flow, speakers, etc.

Tony, not at all! Please go for it! I would like to propose two (2) events to roll out the Project HiFi Highlight design elements.

1. At the Festival of Philippine Arts and Culture (FPAC) on October 8th--this can be a "preview" of the design elements at Echo Park. Thousands will be in attendance.
2. Formal unveiling on the dates you had floated earlier (10/25, 10/26 or 10/27 at 6pm somewhere on Temple Street)

Thank you Team CD13!

Hey Joel,

Just wanted to follow up and confirm that the formal unveiling is going to be the first event scheduled for the HiFi Highlights Project? I know we discussed the 20th but the Councilman has a prior commitment scheduled.Our office has invited the Mayors team, once we get confirmation we will share a hard date and time for the event.

Please let me or Tony know if you have any questions.

Talk to you soon.

Meeting w/Shaul Kuba, CIM 4/17

3 messages

Dave Cano <david.cano@lacity.org> Tue, Apr 14, 2015 at 3:41 PM
To: Raymond Chan <raymond.chan@lacity.org>

Hello Mr. Chan,

Councilmember Mitch O'Farrell will be meeting with Shaul Kuba to discuss Sunset Gordon on Friday, 2PM, Room 450 at City Hall, and would like you or a representative to attend as well.

Please let me know if you can make yourself or appropriate staff available.

Hi again Mr. Chan!

Councilmember O'Farrell would still like to meet with you tomorrow at 2PM. It will NOT be with Shaul, but rather with a member of the City Attnys office & planning department.

We will be meeting with Shaul later that afternoon.

We'll see you tomorrow.

Hello Ray,

Thank you for the message. I'm happy to assist with setting the meeting. I've copied the CM's Executive Assistant, Dave Cano, on the message.

Dave - Can I get 15 minutes with the CM on Monday or Tuesday for a meeting with Ray?

Gary

Dear Colleagues,

The Department of Building and Safety (LADBS) is pleased to announce the launch of our new website!

The new LADBS.org features an intuitive modern design with an emphasis on ease of use for all our visitors. With a straightforward and user-friendly format, information is now displayed across a clean interface and quicker to find with our new search feature. We hope that you will find the new look easy and pleasant to use on your computer, tablet or smartphone.

We are looking forward to continuously improve participation and cooperation between our departments by providing you better information.

Thank you!

Good morning David,

As you may have heard , I will be retiring from the City at the end of the month. Per my conversation with Jeanne this morning, will you please set a 10-min meeting for me to meet with CM O'Farrell, Jeanne, Chris, and yourself soon? The purpose of the meeting is to pay my respect to CD 13 and thank the CM in person for all his support and assistance over the years. Thank you and please advise.

Dear Jeanne, Chris, David, and William,

Last June, I retired from the Los Angeles Department of Building and Safety but shortly after ended up working in the Mayor's Office. Well, a year later, I am retiring again and Friday (6/30) will be my last day.

I am a very fortunate person blessed with an incredible career serving the residents of the City of Los Angeles and having the opportunity to help make LA a better place. However, after 33 years of fun, excitement, and job satisfaction, I need to focus on other essential areas of my life.

Exercising more to treat my nerve problem, which would limit my mobility without this care, will be my priority. I also need to keep my parents active so they stay in good health. Of course, taking care of my honey's bottomless to-do-list is a top priority – a job I signed up for 40 years ago and retirement is not an option.

I would like to thank you for a wonderful working relationship that I enjoyed and valued throughout the years. I sincerely appreciate your trust and support. I cherish the moments we worked together and I hope we will cross paths again in the future. Please feel free to contact me if there is anything I can be of assistance.

Best regards!

Ray Chan

Hi there!
This is a formal request under the CPRA, which I hope isn't too much of an imposition.

I'd like, at your convenience, to inspect all disclosable emails and documents relevant to the following institutions:
- the L.A. Fort, at 736 Ceres Avenue
- Non Plus Ultra, at 4310 Burns Avenue, 90029
- the Church of Fun, at 4109 Melrose Avenue, 90029

Thank you for your help! I appreciate it tremendously.
If you have any questions about my request, feel free to contact me at 310-849-2134, or this email.

Sincerely,
James

Hi Maria,
We will request this location be added to the next "Clean Streets" day in Hollywood, although that will not be for several weeks.

In the meantime, we have requested that the location be included as frequently as possible during the HOPE (Homeless Outreach and Proactive Engagement) Team's visits to the Hollywood area. The HOPE Team consists of LAPD officers as well as Sanitation.

Thank you,

Maria,

I will contact West bureaus HOPE team and will ask Dan Halden to set this location as a clean up for Watershed.

As for the electricity, I will also follow up with the today. It looks like now they are using the one across the street.

Thank you to your email and your patience with the process. I will also be by the location later today.

Subject: Re: MyLA311: Open - Homeless Encampment - 1011 N GOWER ST, 90038

Maria,

I will contact West bureaus HOPE team and will ask Dan Halden to set this location as a clean up for Watershed.

As for the electricity, I will also follow up with the today. It looks like now they are using the one across the street.

Thank you to your email and your patience with the process. I will also be by the location later today.

Senior Lead Officer Eddie Guerra

Subject: Please advise for Thurs 4/4: Adrian Riskin CPRA Request
SC13CH-KMC519040318100.pdf

Hi Strefan,

Sorry to keep bugging you. Please see attached. As part of another CPRA request to Mr. Riskin (related to the Echo Park Chamber of Commerce and the proposed Echo Park B.I.D.), various versions of the attached management district plan & engineer's report have popped up.

There are a few different versions of this plan - one from October 2018, and one from November 2018. In other words, there are different iterations that were amended over time.

Questions:

1) Should ANY version of the report be included in the CPRA request, or can it be withheld?

2) If the report must be included, do we need to include the different versions, or can we simply include the most recent/final one?

Thank you,

Dan Halden

I. OVERVIEW

Developed by a growing coalition of property owners, the Echo Park Property and Business Improvement District (EPPBID) is a benefit assessment district whose main goal is to provide improvements and activities which constitute and convey a special benefit to assessed parcels. This approach has been used successfully in other cities throughout the country to provide special benefits to property owners, namely increased sales, attraction of new tenants, increased occupancies, and specifically increased property values. As required by state law, property owners have created this Management District Plan (Plan) to form the EPPBID.

Location: The EPPBID generally includes parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles, as shown on the map in Section III.

Purpose: The purpose of the EPPBID is to provide activities and improvements which constitute and convey a special benefit to assessed parcels. The EPPBID will provide clean and safe, marketing and events, and related administration and outreach programs directly and only to assessed parcels within its boundaries. The intention of the EPPBID is to deliver supplemental services to assessed parcels within the EPPBID that are designed to increase commerce by attracting patrons to assessed parcels within the EPPBID, retention of businesses on assessed parcels within the EPPBID, and attraction of new businesses to the EPPBID.

Budget: The EPPBID annual budget for the first year of its five (5) year operation is anticipated to be $439,245.69. The annual budget may be subject to an increase in assessment rates of no more than three percent (3%) per year.

Cost: The EPPBID's source of revenue will be special assessments levied on specially benefitting parcels that receive improvements and activities within the EPPBID boundaries and other non-assessment revenue sources (such as grants and event income). The assessment rate (cost to the parcel owner) is based on the estimated special benefit provided to each assessed parcel. The assessment rate has been quantified using parcel type, parcel size, and parcel frontage along Sunset Blvd., Glendale Blvd., and Liberty Street. The initial annual rate to each parcel is shown in Engineer's Report (Section VII). Assessment rates may be subject to an increase of no more than three percent (3%) per year.

Formation: EPPBID formation requires submittal of petitions from property owners representing more than fifty percent (50%) of the total assessment. Proposition 218 requires a ballot vote in which more than fifty percent (50%) of the ballots received, weighted by assessment, be in support of the EPPBID.

Duration: The EPPBID will have a five (5) year life, beginning January 1, 2020 through December 31, 2024. Near the end of the term, the petition, ballot, and City Council hearing process must be repeated for the EPPBID to be renewed. The EPPBID is expected to begin services on or shortly after January 1, 2020. If the EPPBID is not renewed, services will sunset on December 31, 2024.

Management: The Echo Park Chamber of Commerce (the Chamber) will serve as the Owners' Association for the EPPBID.

II. BACKGROUND

The International Downtown Association estimates that more than 1,500 Property and Business Improvement Districts (PBIDs) currently operate throughout the United States and Canada. PBIDs are a time-tested tool for property owners who wish to come together and obtain collective services which benefit their properties.

PBIDs provide supplemental services in addition to those provided by local government. These improvements and activities are concentrated within a distinct geographic area and are funded by a special parcel assessment. Services and improvements are only provided to those who pay the assessment.

Although funds are collected by the local government, they are then directed to a private nonprofit. The nonprofit implements services and provides day-to-day oversight. The nonprofit is managed by a Board of Directors representing owners of assessed parcels within the PBID, to help ensure the services meet the needs of property owners and are responsive to changing conditions within the PBID.

PBIDs all over the globe have been proven to work by providing services that improve the overall viability of commercial districts, resulting in higher property values, lease rates, occupancy rates, and sales volumes.

The EPPBID will be formed pursuant to a state law that took effect in January of 1995. The "Property and Business Improvement District Law of 1994," which was signed into law by Governor Pete Wilson, ushered in a new generation of Property and Business Improvement Districts in California. Key provisions of the law include:

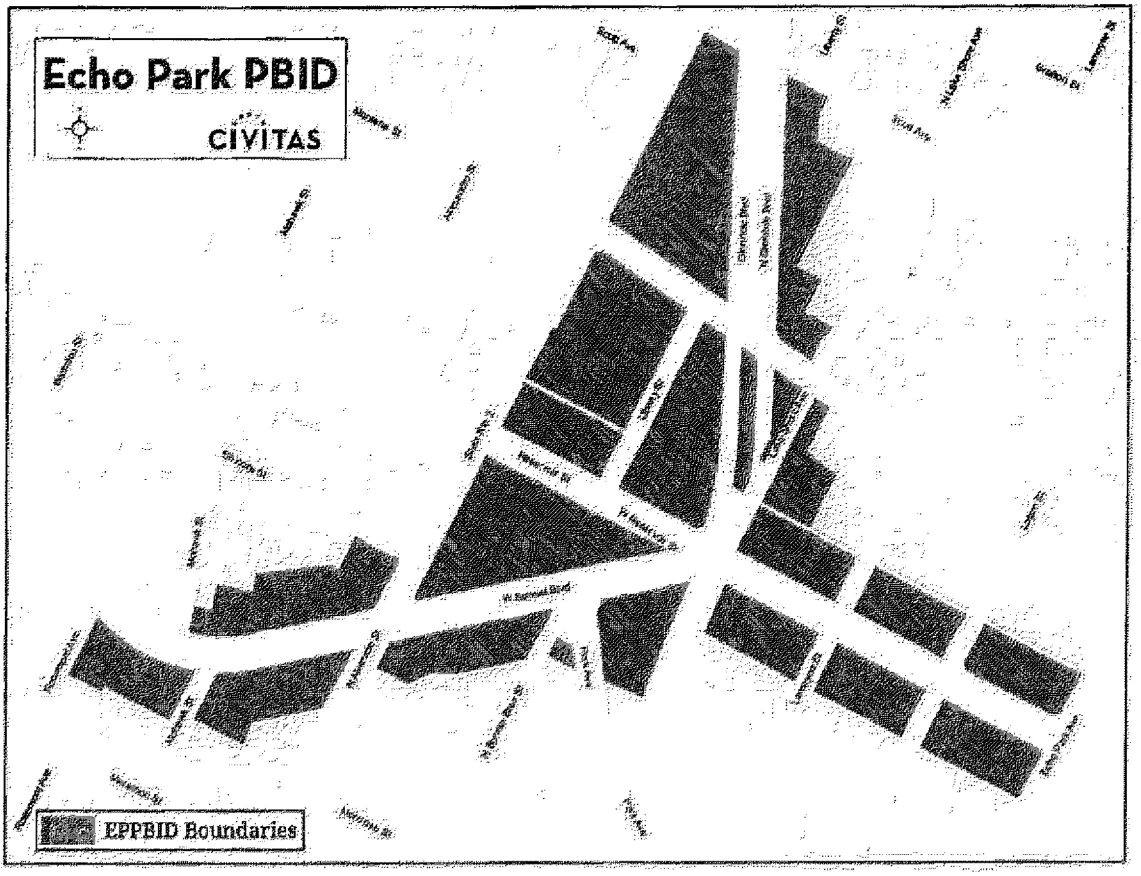
- Allows a wide variety of services which are tailored to meet specific needs of assessed properties in each individual PBID;
- Requires property owner input and support throughout the formation process;
- Requires written support on both a petition and ballot from property owners paying fifty percent (50%) of proposed assessments;
- Allows for a designated, private nonprofit corporation to manage funds and implement programs, with oversight from property owners and the City;
- Requires limits for assessment rates to ensure that they do not exceed the amount owners are willing to pay; and
- Requires the PBID be renewed after a certain time period, making it accountable to property owners.

The "Property and Business Improvement Business District Law of 1994" is provided in Appendix 2 of this document.

III. BOUNDARIES

The EPPBID will deliver activities and improvements to individual assessed parcels within the EPPBID. EPPBID boundaries and services were developed based on the special benefits to be received by individual assessed parcels. Parcels were reviewed to determine: (1) whether the parcel's zoning allows it to be included in the EPPBID; and (2) if the parcel would receive special benefits from the EPPBID's proposed activities and improvements. Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

The EPPBID boundaries include parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The EPPBID boundaries include 110 parcels with 81 parcel owners in a twenty (20) block area. The EPPBID boundary is illustrated by the map below and in Appendix 5. A larger map is available on request by calling (916)437-4300 or (800)999-7781.



IV. SERVICE PLAN & BUDGET

A. Establishment

Property and business owners in Echo Park have been concerned about the need for coordinated supplemental services in the area for several years. City services and efforts in the area have been welcomed, but limited resources have not allowed for a more comprehensive approach to managing the commercial area.

A service plan to provide special benefits to assessed properties was developed using several methods. A series of property owner meetings, a survey of property owners, an analysis of current property conditions and needs, and an intercept survey of visitors were all conducted. The primary needs identified were: increased cleanliness, security, and marketing. To meet those needs, the EPPBID will provide clean and safe, marketing and events, and related administration and outreach to assessed parcels within its boundaries.

B. Improvements and Activities

The EPPBID will provide supplemental improvements and activities that are above and beyond those provided by the City and other government agencies. None of the services to be provided by the EPPBID are provided by the City or other government agencies. The improvements and activities will be provided directly and only to assessed parcels; they will not be provided to parcels that are not assessed. Each and every service is unique to the EPPBID, thus the benefits provided are particular and distinct to each assessed parcel.

1. Clean & Safe

The clean and safe program will focus on making the EPPBID a cleaner and safer place to do business. Clean and safe programs may include, but are not limited to:

- Litter abatement to improve the cleanliness of assessed parcels for their special benefit;
- Graffiti removal to improve the appearance of assessed parcels for their special benefit;
- Power-washing sidewalks to remove gum, stains, and dirt buildup to improve the cleanliness of assessed parcels for their special benefit;
- Weed abatement to improve the appearance of assessed parcels for their special benefit;
- Contracting with service providers for litter clean up to improve the cleanliness of assessed parcels for their special benefit;
- A homeless navigator program to mitigate the negative impacts of homeless individuals on assessed parcels to improve the appearance of assessed parcels for their special benefit;
- Security services provided by dedicated private security patrols to improve the safety of assessed parcels for their special benefit;
- Installation of security cameras to improve the safety of assessed parcels for their special benefit;
- Community meetings to encourage regular communications and educate property owners and tenants on safety procedures to improve the safety of assessed parcels for their special benefit; and
- Coordination with the police department and other agencies to maximize efficiency and create a unified security program to improve the safety of assessed parcels for their special benefit.

2. Marketing & Events

The Owners' Association will work to promote, market, and brand the EPPBID as a desirable location to shop, dine, work, live, and otherwise conduct business, which may include the use of pole banners and wayfinding signage; promotional materials including visitors' guides (general or specific to arts, antiques, entertainment, restaurants, retail, services, and education), press releases, e-newsletters, e-calendars, an EPPBID website; marketing research; special events; and other similar projects. Marketing services will only be provided to individual assessed parcels within the EPPBID boundaries. The EPPBID will provide sponsorship and promotion of special events that attract potential customers and tenants to assessed parcels. All marketing and events activities are designed to attract additional patrons to assessed parcels for their special benefit.

3. Administration & Outreach

The administration portion of the budget will be utilized for administrative costs associated with providing the services. Those costs may include rent, telephone charges, legal fees, accounting fees, postage, administrative staff, insurance, and other general office expenses. Outreach programs will utilize dedicated staff time to provide unified attention, communication, and responsiveness throughout the EPPBID and provide a unified voice to represent the EPPBID's best interests at local government agencies. All administration and outreach activities will only be provided to individual assessed parcels within the EPPBID boundaries for the special benefit of assessed parcels and will not be provided outside the EPPBID boundaries.

4. Contingency/Reserve

The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration or renewal costs at the discretion of the Owners' Association. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the Board of Directors of the Owners' Association. The reserve fund may be used for the costs of renewing the EPPBID.

5. City Administration Fee

The City of Los Angeles shall retain a fee equal to three percent (3%) of the amount of assessment collected to cover its costs of collection and administration.

C. Annual Budget

A projected five (5) year budget for the EPPBID is provided below. The overall budget shall remain consistent with this Plan. In the event of a legal challenge, assessment funds may be used to defend the EPPBID. The annual budget is based on the following assumptions and guidelines:

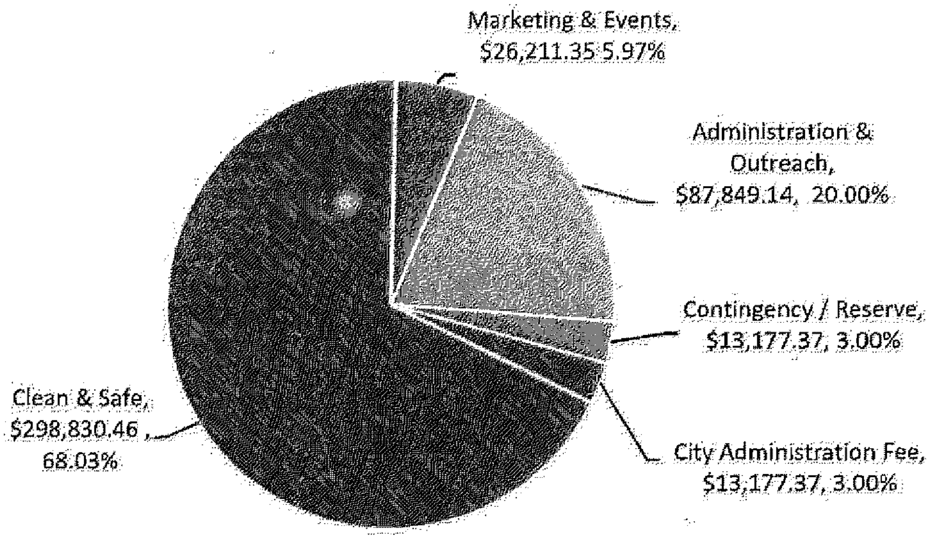
1. The cost of providing improvements and activities may vary depending upon the market cost for those improvements and activities. Expenditures may require adjustment up or down to continue the intended level of improvements and activities. The Chamber Board shall annually have the ability to re-allocate up to ten percent (10%) of the budget allocation by line item within the budgeted categories. Any change will be approved by the Chamber and submitted with the Annual Report.
2. Funds not spent in any given year may be rolled over to the next year.
3. The assessment rate may be subject to annual increases that will not exceed three percent (3%) per year. Increases will be determined by the Chamber Board and will vary each year. The projections below illustrate the maximum annual three percent (3%) increase for all budget items.

4. Each budget category includes all costs related to providing that service, in accordance with Generally Accepted Accounting Procedures (GAAP). For example, the clean and safe budget includes the cost of staff time dedicated to overseeing and implementing the clean and safe program. Staff time dedicated purely to administrative tasks is allocated to the administration portion of the budget. The costs of an individual staff member may be allocated to multiple budget categories, as appropriate in accordance with GAAP. The staffing levels necessary to provide the EPPBID services will be determined by the Chamber Board on as-needed basis.

D. Service Budget

The total improvement and activity budget for 2020 that is funded by property assessments and other revenue sources is $439,245.69. In addition to the assessment revenue, the programs will be supplemented by non-assessment funds. The total of non-assessment funds, and the determination of special and general benefit, is included in the Engineer's Report. The total of assessment and non-assessment funds is provided in Appendix 4. Below is an illustration of the estimated total budget allocations for each budget category for the five (5) year life of the EPPBID. The allocation of the assessment funds is governed by Section E below. Non-assessment funds shall be utilized only for the budget category from which they are derived.

Initial Year Total Budget - $439,245.69



E. Annual Maximum Budget

The budget on the following page assumes the maximum annual increase of three percent (3%) is enacted and that there are no changes to the categorical budget allocations.

Year	Clean & Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
%	68.03%	5.97%	20.00%	3.00%	3.00%	100.00%
2020	$298,830.46	$26,211.35	$87,849.14	$13,177.37	$13,177.37	$439,245.69
2021	$307,795.37	$26,997.69	$90,484.61	$13,572.69	$13,572.69	$452,423.05
2022	$317,029.24	$27,807.62	$93,199.15	$13,979.87	$13,979.87	$465,995.75
2023	$326,540.11	$28,641.85	$95,995.13	$14,399.27	$14,399.27	$479,975.63
2024	$336,336.32	$29,501.11	$98,874.98	$14,831.25	$14,831.25	$494,374.91
Total	$1,586,531.50	$139,159.62	$466,403.01	$69,960.45	$69,960.45	$2,332,015.03

V. ASSESSMENT RATE

A. Assessment Formula

Individual assessed parcels shall be assessed an assessment rate according to each assessed parcel's proportionate special benefit derived from the services provided to each assessed parcel, as shown in the table below. Parcels zoned R1 through R3, RD1.5 or RD3, including residential uses, shall not be assessed.

Initial Parcel Assessment Rates

Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

B. Changes in Zoning

If the zoning of a parcel within the EPPBID boundary changes during the term of the EPPBID, the assessment calculation may be modified according to the new zoning of the parcel.

C. Public Parcels

The California Constitution requires that "Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owner parcels in fact receive no special benefit."[1] All parcels within the EPPBID are assessed on their parcel square footage and front along Sunset Blvd., Glendale Blvd., and Liberty St. and received EPPBID services and special benefits from those services. All publicly-owned individual parcels will receive all of the services provided in the EPPBID, except for marketing and events services; therefore, all publicly-owned parcels will be assessed at a reduced rate commensurate with the special benefits received by each publicly-owned parcel. The table below lists all publicly-owned (government) assessed parcels within the EPPBID.

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
5402030901	L A CITY		6,977	51.5	0	0	$2,634.11	0.63%
5404001900	L A CITY	2005 SUNSET BLVD	7,070	50.5	0	0	$2,617.92	0.63%
5404001901	L A CITY	2011 SUNSET BLVD	7,892	50	0	0	$2,728.48	0.66%
5404001902	L A CITY	2015 SUNSET BLVD	7,000	50	0	0	$2,592.00	0.62%
5404001903	L A CITY	1206 ALVARADO ST	5,888	0	0	0	$900.86	0.22%
5404001904	L A CITY	1214 ALVARADO ST	7,007	0	0	0	$1,072.07	0.26%
5404001905	L A CITY	2005 SUNSET BLVD	3,836	0	0	0	$586.91	0.14%
Subtotal LA City							**$13,132.35**	**3.16%**
5419030901	L A CITY DEPT OF WATER AND POWER		5,905	45	0	0	$2,272.37	0.55%
Subtotal LA City Dept of Water and Power							**$2,272.37**	**0.55%**

---

[1] Cal. Const., art. XIII D, §4(a)

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
Total Government Assessments							$15,404.72	3.71%

D. Residential Parcels

California Streets and Highways Code section 36632(c) states, "Properties zoned solely for residential use…are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part." Therefore, parcels that are zoned R1 through R3, RD1.5 or RD3 within the EPPBID boundaries will not be assessed.

E. Time and Manner of Collecting Assessments

The EPPBID special assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installments. The City of Los Angeles will then disburse funds to the Chamber, pursuant to the authorization of this *Echo Park Property and Business Improvement District Management District Plan*. Existing laws for enforcement of property taxes apply to EPPBID assessments. If necessary, the City of Los Angeles City Clerk's Office will directly bill property owners or entities that do not appear on the tax roll.

F. Bonds

No bonds shall be issued to finance any services or improvements of the EPPBID.

G. Capital Improvements

The EPPBID shall not fund or construct capital improvements.

VI. GOVERNANCE

A. Owners' Association

The EPPBID shall be governed by the Echo Park Chamber of Commerce, with oversight from the Los Angeles City Council. The Echo Park Chamber of Commerce shall serve as the Owners' Association described in the Streets and Highways Code §36651. The Board of Directors of the Chamber and its staff are charged with the day-to-day operations of the EPPBID.

The Chamber shall form a new standing advisory committee, to be known as the "Echo Park PBID Governing Committee" (PGC). The Chamber Board's resolution creating the PGC shall delegate the authority to manage matters related to the EPPBID to the PGC, including, but not limited to, management of assessment funds and full decision-making authority regarding EPPBID programs. A majority of the PGC shall be property owners paying the EPPBID assessment.

B. Brown Act & Public Records Act Compliance

An Owners' Association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. The Owners' Association is, however, subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The Owners' Association must act as a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Chamber Board of Directors and certain committees must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act.

C. Annual Report

The Chamber shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650 (see Appendix 2). The annual report is a prospective report for the upcoming year and must include:

1. Any proposed changes in the boundaries of the EPPBID or in any benefit zones or classification of property within the district;
2. The improvements, maintenance, and activities to be provided for that fiscal year;
3. The estimated cost of providing the improvements, maintenance, and activities to be provided for that fiscal year;
4. The method and basis of levying the assessment in sufficient detail to allow each real property owner to estimate the amount of the assessment to be levied against his or her property for that fiscal year;
5. The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year; and
6. The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this Plan.

VII. ENGINEER'S REPORT

The EPPBID's parcel assessments will be imposed in accordance with the provisions of Article XIIID of the California Constitution. Article XIIID provides that "only special benefits are assessable,"[2] and requires the City to "separate the general benefits from the special benefits conferred on a parcel."[3] Special benefits are a "particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public-at-large."[4] Conversely, a general benefit is "conferred on real property located in the district or to the public-at-large."[5] Assessment law also mandates that "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[6]

The Engineer determined the total cost of the improvements and activities, quantified the general benefit accruing to the public-at-large and non-assessed parcels adjacent to and within the EPPBID, and separated that amount from the special benefit accruing to the assessed parcels. Then, the Engineer determined the proportional special benefit derived by each parcel and allocated the special benefit value of the improvements and activities accordingly. The Engineer's determinations and detailed calculations are summarized in this report.

A. Boundary Description and Rationale

The EPPBID boundaries include parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The EPPBID boundaries include 110 parcels with 81 parcel owners in a twenty (20) block area.

Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

B. Separation of General and Special Benefits

Each of the improvements and activities, and the associated costs and assessments within EPPBID, were reviewed, identified, and allocated based on special and general benefits pursuant to Article XIIID of the California Constitution. The assessment has been apportioned based on the proportional special benefits conferred to the assessed parcels located within the EPPBID boundaries as determined below.

1. General Benefits

Unlike special benefits, which are conferred directly and only upon assessed parcels, a general benefit is conferred on the general public or non-assessed parcels. Existing City and other public services, which are provided to every person and parcel, everywhere within the City, are an example of a general benefit. Although the EPPBID's boundaries have been narrowly drawn and programs have been carefully designed to provide special benefits, and activities and improvements will only be provided directly to assessed parcels, it is acknowledged that there will be general benefits as a result of the EPPBID's activities and improvements.

---

[2] Cal. Const., art. XIII D, §4(a)
[3] Cal. Const., art. XIII D, §4(a)
[4] Id, §2(i)
[5] Cal Const., art XIII D §2(i)
[6] Cal. Const., art. XIII D, §4(a)

The California Constitution mandates that "only special benefits are assessable, and an agency shall separate the general benefits from the special benefits."[7] "Generally, this separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits."[8] The first step that must be undertaken to separate general and special benefits provided by the EPPBID's activities and improvements is to identify and quantify the general benefits. There are two bodies who can receive general benefits: the public-at-large within the EPPBID, and non-assessed parcels within and surrounding the EPPBID.

a. General Benefit to the Public-at-Large

Although the activities and improvements are narrowly designed and carefully implemented to specially benefit the assessed parcels, and only provided directly to assessed parcels, they will generate a general benefit to the public-at-large within the EPPBID. State law indicates that "Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed."[9] However, "the mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits."[10] Further, "the value of any incidental or collateral effects that arise from the improvements, maintenance or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel."[11] Thus, although there may be some incidental benefit to persons engaged in business on the assessed parcels, that incidental benefit is not considered general benefit because it is inherently produced by activities and improvements that provide special benefits to the assessed parcels. There is, however, a general benefit to persons not engaged in business on the assessed parcels.

Intercept surveys conducted in similar districts have found that approximately 97.3% of pedestrian traffic within PBID boundaries is engaged in business on assessed parcels, while the remaining approximately 2.7% is simply passing through and not engaging in business on the assessed parcels[12]. The 2.7% of traffic passing through does not have any connection to the assessed parcels, and therefore does not represent a special benefit to the assessed parcels. The 2.7% will, however, receive a derivative and indirect general benefit as a result of the activities and improvements being provided in the EPPBID. Therefore, it is estimated that 2.7% of the benefit created by the EPPBID's services is general benefit provided to the public-at-large. To ensure that the assessment dollars do not fund general benefits to the public-at-large, that portion of the cost of activities and improvements will be paid for with funds not obtained through assessments. Using the 2.7% figure, based on the initial year activity and improvement budget, the value of this general benefit to the public-at-large is $11,859.63 ($439,245.69*0.027).

b. General Benefit to Non-Assessed Parcels

Although they are only provided directly to the assessed parcels, the EPPBID's activities and improvements may also confer general benefits upon non-assessed parcels within and surrounding the EPPBID. One study examining property values in PBID areas found "no evidence of spill-over impacts (either good or bad) on commercial properties located just outside the BID's boundaries;"[13] however, the California Court of Appeals has stated that "services specifically intended for assessed parcels concomitantly confer collateral general benefits to surrounding properties."[14] It is reasonable to conclude that activities and improvements within the EPPBID will have an incidental impact on non-assessed parcels surrounding or within the EPPBID's boundaries. Although the legislature has indicated that "the value of any incidental or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall *not* be deducted from the entirety of the cost of any special benefit,"[15] the California Court of Appeals has noted that "the characterization of a benefit may depend on whether the parcel receives a direct advantage from the improvement…or receives an indirect, derivative advantage resulting from the overall public benefits of the improvement."[16] Those derivative and indirect impacts are considered general benefits and will be quantified and separated.

In this Engineer's opinion, because activities and improvements are provided only within the EPPBID and on its perimeter, parcels separated from the EPPBID by either at least one intervening parcel or an impassable physical barrier such as a wall, railroad track, freeway, or ditch will not receive spill over benefits. Parcels separated from the EPPBID will not benefit because they are physically removed from the actual location of activities and improvements provided, and do not face serviced parcels. Therefore, this analysis considers non-assessed parcels within the EPPBID's boundaries and surrounding parcels that are immediately adjacent to and accessible from the EPPBID's boundaries.

The total EPPBID activity and improvement budget for the first year is $439,245.69. After reducing the activity and improvement budget by the general benefit to the public-at-large ($11,859.63), the remaining benefit to parcels is $427,386.06. This benefit has been distributed to both assessed and non-assessed parcels using the following methodology. The general benefit to the public-at-large has been proportionally allocated to the EPPBID's activity and improvement categories as shown in the following table.

Category	**Benefit to Parcels**	**Benefit to Public-at-Large**	**Total**
Clean & Safe	$290,762.04	$8,068.42	$298,830.46
Marketing & Events	$25,503.64	$707.71	$26,211.35
Administration & Outreach; Contingency/Reserve; City Admin Fee	$111,120.38	$3,083.50	$114,203.88
TOTAL	**$427,386.06**	**$11,859.63**	**$439,245.69**

To determine the general benefit to parcels, the Engineer assigned each parcel group a benefit factor, determined the appropriate parcel characteristic to use in the calculation, multiplied the benefit factor by the benefit characteristic to determine the benefit units attributable to each parcel group, and apportioned the remaining service cost (service cost minus general benefit to the public) in accordance with the benefit units derived by each parcel group.

i. Benefit Factors

All parcels within and adjacent to the EPPBID have been assigned a benefit factor to mathematically represent the proportional special and general benefit and quantify the value of each. The determination of benefit factors for each type of activity follows.

Tangible Activities

The tangible activities (those that are physically provided via a person or people working throughout the district) to be provided by the EPPBID generate three types of special benefits:

> *Service* – The primary special benefit provided by the EPPBID's physical activities is the actual service.
> *Presence* – the EPPBID's physical activities also provide the special benefit of an individual's presence on the assessed parcel as the activities are provided, which can have a deterrent effect and creates a positive impression that the area is well-maintained and safe. The "Disneyland effect" is the benefit the parcels receive from the observation that parcels are being maintained. There are studies which link the perception of cleanliness to a perception of increased security.
> *Proximity* – the EPPBID's physical activities also provide the special benefit of being in proximity to a cleaner, safer parcel. Neighboring parcels enjoy the spillover benefits of being adjacent to increased safety and cleanliness.

The majority of the benefit received by the parcels is the results of the EPPBID's services; onsite presence and proximity are lesser benefits. It is this Engineer's estimation that seventy-five percent (75%) of the special benefit from the EPPBID's physical activities is the service, while the presence and proximity benefits each account for twelve and one-half percent (12.5% presence, 12.5% proximity) of the special benefit. Assessed parcels will receive all three benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly serviced and therefore only receive the general benefit of proximity.

Intangible Activities

Some of the EPPBID's activities, such as marketing, are distinct in that they are not provided to a targeted area within the EPPBID, rather they are provided via Internet, radio, and other forms of media and targeted at an audience outside the EPPBID in an effort to bring the audience into the EPPBID. These activities provide two types of special benefits:

> *Direct Exposure* – The primary special benefit provided by the EPPBID's intangible activities is exposure. The intangible activities increase awareness of the EPPBID as a commercial and business destination and lead to increased patronage.
> *Incidental Exposure* – The EPPBID's intangible activities will also have a secondary special benefit of incidental exposure, such as word-of-mouth exposure, that results from the direct exposure and increases awareness of the EPPBID as a commercial and business destination.

The majority of the benefit from these activities is the direct exposure; the incidental exposure is a lesser benefit. It is this Engineer's estimation that ninety percent (90%) of the special benefit from the intangible activities is direct exposure, while ten percent (10%) is incidental exposure. Assessed parcels will receive both as special benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly marketed and therefore only receive the general benefit of incidental exposure.

Factors Determined

Based on the foregoing analysis, all assessed parcels within the EPPBID specially benefit from the EPPBID's activities and improvements, and have been assigned a benefit factor of 1.0. Parcels that are not assessed have been assigned benefit factors based on the portion of the benefit they will receive, as described above. The non-assessed parcels will benefit from 12.5% of the tangible activities and 10% of the intangible activities; therefore they have been assigned benefit factors of 0.125 and 0.10, respectively.

ii. Non-Assessed Benefit Characteristics

There are two types of parcels that are not assessed; those within the EPPBID and those immediately adjacent to and accessible from the EPPBID. Because they generally benefit in a differing manner, distinct parcel characteristics are used to quantify the general benefit to each type.

> *Inside* – Non-assessed parcels inside of the EPPBID are surrounded by parcels that are assessed and receiving the full special benefits; they will, therefore, receive the general benefits of proximity and indirect exposure. These parcels are impacted on more than one side by the EPPBID's activities and improvements, marketing has a direct impact all around them, and activities and improvements are provided all around them. Because these parcels are surrounded by specially benefitted parcels, it is appropriate that parcel square footage be used to measure the general benefit they receive.
>
> *Adjacent* – Adjacent parcels are those that are immediately adjacent to or directly across the street from specially benefitted parcels, and accessible from specially benefitted parcels. These parcels generally benefit differently than those inside the EPPBID, because these parcels are adjacent to, rather than surrounded by, specially benefitted parcels. Square footage is not an appropriate measure of benefit to these parcels. Because the parcels are not surrounded by serviced parcels, a long, shallow parcel with the same square footage as a deep, narrow parcel will receive a different level of general benefit. Likewise, two parcels with the same depth but a different width adjacent to serviced parcels will benefit differently. To account for this difference, it is appropriate that parcel linear frontage be used to measure the general benefit the adjacent parcels receive.

iii. Calculations

To quantify and separate the general benefit to non-assessed parcels, the following calculations were undertaken for each budget category.

1. The total service budget for each category was determined and the amount of general benefit to the public-at-large was subtracted from the category budget.
2. The benefit factor applicable to each activity or improvement was multiplied by the parcel square footage or linear frontage of assessed and non-assessed parcels, to determine the number of benefit units received by each parcel group.
3. The benefit units for all parcel groups were summed, and the percentage of benefit units attributable to each parcel group was calculated.
4. The total remaining activity and improvement budget, less the amount already determined to be general benefit to the public-at-large, was allocated to general and

special benefit categories for each parcel group using the calculated benefit percent and applicable benefit characteristic methodology.

5. The special and general benefit resulting from the administration and outreach, contingency/reserve, and city administration fee portions of the budget were determined based on the proportional allocation of benefits derived from activities and improvements.

Clean & Safe

The clean & safe budget, minus the amount of general benefit to the public-at-large, is $290,762.04. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The clean & safe budget category contains tangible activities; the Engineer used the 0.125 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	= 1,110,022.00	99.743%	X $290,762.04	= $290,015.40
Non-Assessed	22,862	X 0.125	= 2,857.75	0.257%	X $290,762.04	= $746.64

The clean & safe budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $290,015.40. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.296%	X $290,015.40	= $282,174.13
Adjacent	3,376	X 0.125	= 422.00	2.704%	X $290,015.40	= $7,841.27

Therefore, the allocation of the clean & safe budget is as follows:

General Benefit – Public-At-Large	$8,068.42
General Benefit – Inside Parcels	$746.64
General Benefit – Adjacent Parcels	$7,841.27
Special Benefit	$282,174.13
Total	**$298,830.46**

Marketing & Events

The marketing and events budget, minus the amount of general benefit to the public-at-large, is $25,503.64. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The marketing and events budget category contains intangible activities; the Engineer used the 0.10 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	=1,110,022.00	99.794%	X $25,503.64	= $25,451.22
Non-Assessed	22,862	X 0.100	=2,286.20	0.206%	X $25,503.64	= $52.42

The marketing and events budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $25,451.22. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.825%	X $25,451.22	= $24,897.72
Adjacent	3,376	X 0.100	=337.60	2.175%	X $25,451.22	= $553.50

Therefore, the allocation of the marketing and events budget is as follows:

General Benefit – Public-At-Large	$707.71
General Benefit – Inside Parcels	$52.42
General Benefit – Adjacent Parcels	$553.50
Special Benefit	$24,897.72
Total	**$26,211.35**

Administration & Outreach; Contingency/Reserve; City Administration Fee

The administration and outreach; contingency/reserve; and City administration fee budget line items relates to the activities and improvements provided. These costs have been allocated proportionally based on the special and general benefit provided by each category.

	Special Benefit to Parcels	General Benefit to Parcels
Clean & Safe	$282,174.13	$8,587.91
Marketing & Events	$24,897.72	$605.92
Activity Totals	$307,071.85	$9,193.83
Percent	97.09%	2.91%
Administration & Outreach; Contingency/Reserve; City Administration Fee	$107,890.11	$3,230.27
Total Parcel Benefits	**$414,961.96**	**$12,424.10**

iv. Total Benefits

Based on the foregoing calculations, the total benefits to assessed parcels, non-assessed parcels, and the general public are:

	Special	Parcel General	Public	Total
Clean & Safe	$282,174.13	$8,587.91	$8,068.42	$298,830.46
Marketing & Events	$24,897.72	$605.92	$707.71	$26,211.35
Administration & Outreach	$82,992.39	$2,484.83	$2,371.93	$87,849.14
Contingency/Reserve	$12,448.86	$372.72	$355.79	$13,177.37
City Admin Fee	$12,448.86	$372.72	$355.79	$13,177.37
Total	**$414,961.96**	**$12,424.10**	**$11,859.63**	**$439,245.69**

c. Non-Assessment Funding

The programs funded by the EPPBID receive additional non-assessment funding in the form of grants, corporate sponsorships, event income, and other miscellaneous funds. These funding sources are anticipated to equal or exceed the amount of general benefit conferred annually by the EPPBID's activities and improvements, $24,283.73. These non-assessment funds will be used to pay for the general benefit provided by the EPPBID's activities and improvements, ensuring that parcel assessments will only be used to provide special benefits.

2. Special Benefit

The activities and improvements to be provided by the EPPBID constitute and convey special benefits directly to the assessed parcels. Assessment law requires that "the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided."[17] Further, "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[18] Special benefit "includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed."[19]

To determine the total special benefit value to be conveyed to the assessed parcels, we deduct the general benefit value ($24,283.73) from the total value of the activities and improvements ($439,245.69) The remaining $414,961.96 is considered the special benefit to assessed parcels (the "Total Assessment"). The Total Assessment represents the total value of the special benefit to be provided by the activities and improvements. The Total Assessment has been proportionally divided among the assessed parcels so that no assessment exceeds the reasonable cost of the proportional special benefit conferred on a parcel. The assessment rate has been designed to ensure that "properties that receive the same proportionate special benefit pay the same assessment."[20]

C. Assessment Methodology

1. Base Formula

Each parcel will be assessed based on proportional special benefits received. The variables used for determining the annual assessment formula are parcel type, parcel size, and parcel frontage along Sunset Boulevard, Glendale Boulevard, and Liberty Street. These variables are appropriate measures of the proportional special benefit because the need for services, level of services, and quantity of services are all relative to these variables; thus the special benefit provided to each parcel by the services can be proportionally measured using these variables.

---

[17] Cal. Const., art XIII D §4(a)
[18] Ibid
[19] Streets and Highways Code section 36615.5
[20] *Tiburon v. Bonander* (2009) 180 Cal.App.4th 1057

Determination of Assessment Rates

"Because not all parcels in the district are identical in size…some will receive more special benefit than others."[21] Each of the variables used relates directly to the service level and special benefit provided to each parcel. Parcel square footage is the size of the parcel, measured in square feet. Parcel frontage is the length of a parcel that fronts Sunset Boulevard, Glendale Boulevard, Liberty Street, measured in linear feet. Size is an appropriate measure of proportional special benefit because it relates directly to the quantity of services provided to the parcel, the highest and best use of a parcel, and reflects the long-term value implications of the EPPBID. The larger a parcel, the more services and benefit the parcel will receive.

Because not all parcels in the EPPBID are identical in use, some will receive more special benefit than others. For example, a private non-profit parcel will benefit to a lesser degree than a commercial parcel, because it will not enjoy the benefits of increased commerce resulting from the services. Further detail on the benefit to each parcel type is in the following pages. To determine the assessment rates, the assessed parcels were classified by the estimated benefit each type of parcel receives, the estimated special benefit value of the activities and improvements provided to each type was determined based on approximate cost of service provision, and an assessment rate that is proportional to the estimated proportional benefit received by each parcel type was determined.

To determine the assessment rates, the estimated special benefit value for each parcel type was divided by the total assessable parcel square footage, parcel linear front footage, and parcel type as shown in the tables below.

Parcel Type

Parcel types were categorized based on the typical amount of foot and vehicle traffic on the various commercial, government and private non-profit parcels. Parcels with heavy traffic, such as commercial parcels, will receive the highest level of services. Parcels with lower traffic, such as government parcels, will receive a lower level of services. Parcels with lowest traffic, such as private non-profit parcels will receive the lowest level of services. The approximate cost of services by parcel type was determined. Then, the cost of services by type was divided by the parcel square footage and parcel linear front footage of those parcels to determine the assessment rates.

Parcel Size and Parcel Front Footage

The EPPBID's services will benefit each assessed parcel as a whole. The service budget, which in this Engineer's estimation, represents special benefits to the parcels, has been allocated based on parcel size and parcel front footage.

Parcel Type	Initial Parcel Size Budget		Parcel Square Footage		Initial Parcel Assessment Rate ($/sqft/yr)
Commercial	$162,434.49	÷	955,497	=	$0.170
Government	$7,890.98	÷	51,575	=	$0.153
Private Non-Profit	$8750.75	÷	102,950	=	$0.085

---

[21] *Dahms v. Downtown Pomona* (2009) 174 Cal.App.4th 708

Parcel Type	Initial Parcel Frontage Budget (Sunset Blvd. & Glendale Blvd.)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$201,633.90	÷	5,966	=	$33.80
Government	$7,513.74	÷	247	=	$30.42
Private Non-Profit	$13,225.43	÷	783	=	$16.90

Parcel Type	Initial Parcel Frontage Budget (Liberty Street)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$12,040.80	÷	803	=	$15.00
Government*	$0.00	÷	0	=	$13.50
Private Non-Profit	$1,471.88	÷	196	=	$7.50

*There are currently no government parcels fronting Liberty Street. However, if in the future a parcel fronting Liberty Street is owned by a government entity, it will be subject to the rate identified in the table above.

Summary of Assessment Rates

Therefore, for the initial year, the maximum annual assessment rates to parcels are as shown below and in Appendix 1. Maximum annual assessment rates may be subject to an increase of no more than three (3%) percent per year as shown in Appendix 1.

Initial Parcel Assessment Rates			
Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

Parcel assessment calculations are shown in Appendix 3.

2. Commercial Parcels

Commercial parcels will receive and benefit from all EPPBID activities and improvements, and will therefore be assessed the full rate.

3. Government Parcels

The California Constitution, in Article XIII D, provides that "parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit." No public agency owning parcels in the district has made such a demonstration. Government-owned parcels within the District will receive special benefit to a lesser degree than commercial parcels, therefore they will be assessed at a rate commensurate with the degree of special benefit.

4. Private Non-Profit Parcels

Because they do not have a commercial component, private non-profit parcels, as shown on the County Assessor's records will be assessed at a reduced rate commensurate to the benefits received as shown in the table above. This rate was developed based on the estimated benefit to private non-profit parcels, which do not have a for-profit commercial component – and therefore benefit to a lesser degree than commercial parcels. These parcels will benefit in that they will be cleaner and safer, but they benefit to a lesser degree than parcels occupied by for-profit businesses.

5. Non-Assessed Parcel

There are three (3) parcels within the EPPBID that will not be assessed. These parcels are neither commercial, government, or private non-profit parcels and will not specially benefit from or directly receive the EPPBID's activities and improvements. These parcels are accounted for in the analysis of general benefit provided to non-assessed parcels within the EPPBID. These parcels have the following uses:

Residential. The state legislature has determined that "properties zoned exclusively for residential use…are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment."[22] The activities and improvements to be provided are designed to specially benefit commercial, government and private non-profit parcels via increased commerce, occupancy, and lease rates. None of these benefits apply to residential parcels, which will not be serviced or benefit from the EPPBID's activities and improvements. Residential parcels are those parcels with four family units or less, residential common areas, residential vacant lots, residential planned unit developments, and residential condominiums. There are two (2) residential parcels within the EPPBID that will not be assessed.

Miscellaneous. There is one (1) miscellaneous parcel with no commercial activity. This parcel contains a median and will not receive or specially benefit from EPPBID programs, nor will it be assessed.

6. Changes in Data

It is the intent of this Plan and Engineer's Report that each parcel included in the EPPBID can be clearly identified. Every effort has been made to ensure that all parcels included in the EPPBID are consistent in the boundary map and the assessment calculation table. However, if inconsistencies arise, the order of precedence shall be: 1) the assessment calculation table and 2) the boundary map.

If the parcel size, parcel front footage, or type of a parcel changes during the EPPBID's term, the assessment calculation may be modified accordingly.

D. Assessment Notice

During the hearing process, an Assessment Ballot will be sent to owners of each parcel in the EPPBID. The Assessment Ballot provides an estimated assessment. The final individual assessment for any particular parcel may change, up or down, if the parcel square footage, parcel front footage, or type differ from those used to calculate the amount shown on the notice, which can be found in Appendix 3.

E. Time and Manner for Collecting Assessments

As provided by State Law, the the EPPBID assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installment. The County of Los Angeles shall distribute funds collected to the Chamber. Existing laws for enforcement and appeal of property taxes, including penalties and interest, apply to the EPPBID assessments.

---

F. Engineer's Certification

I hereby certify, to the best of my knowledge and experience, that each of the identified assessed parcels located within the Echo Park Property and Business Improvement District will receive a special benefit over and above the general benefits conferred and that the amount of the assessment is no greater than the proportional special benefits conferred on each parcel, as described in this Engineer's Report.

Review of this Echo Park Property and Business Improvement District Management District Plan and preparation of the Engineer's Report was completed by:

Ross Peabody
State of California

November 19, 2018
Date

ROSS E. PEABODY
No. C51090
Exp. 9-30-19

This Engineer's Report is intended to be distributed as part of the Management District Plan in its entirety, including the Assessment Calculation Table (Appendix 3) and the Boundary Map. Reproduction and distribution of only Section VII of this Management District Plan violates the intent of this stamp and signature.

APPENDIX 1 – MAXIMUM ANNUAL ASSESSMENT RATES

The table below illustrates the maximum annual assessment rates with the assumption that the rates will be increased annually by three percent (3%). The maximum rates listed are a required disclosure and not the anticipated course of action.

Year	Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
2020	Commercial	$0.170	$33.80	$15.00
	Government	$0.153	$30.42	$13.50
	Private Non-Profit	$0.085	$16.90	$7.50
2021	Commercial	$0.175	$34.81	$15.45
	Government	$0.158	$31.33	$13.91
	Private Non-Profit	$0.088	$17.41	$7.73
2022	Commercial	$0.180	$35.86	$15.91
	Government	$0.162	$32.27	$14.32
	Private Non-Profit	$0.090	$17.93	$7.96
2023	Commercial	$0.186	$36.93	$16.39
	Government	$0.167	$33.24	$14.75
	Private Non-Profit	$0.093	$18.47	$8.20
2024	Commercial	$0.191	$38.04	$16.88
	Government	$0.172	$34.24	$15.19
	Private Non-Profit	$0.096	$19.02	$8.44

APPENDIX 2 – PBID LAW

*** THIS DOCUMENT IS CURRENT THROUGH THE 2018 SUPPLEMENT ***
(ALL 2017 LEGISLATION)

STREETS AND HIGHWAYS CODE
DIVISION 18. PARKING
PART 7. PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

CHAPTER 1. General Provisions

ARTICLE 1. Declarations

36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

36601. Legislative findings and declarations; Legislative guidance

The Legislature finds and declares all of the following:

(a) Businesses located and operating within business districts in some of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.

(d) Assessments levied for the purpose of conferring special benefit upon the real property or a specific benefit upon the businesses in a business district are not taxes for the general benefit of a city, even if property, businesses, or persons not assessed receive incidental or collateral effects that benefit them.

(e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:

(1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.

(2) Job creation.

(3) Business attraction.

(4) Business retention.

(5) Economic growth.

(6) New investments.

(f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.

(g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.

(h) The act amending this section is intended to provide the Legislature's guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.

(1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.

(2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.
(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

36603.5. Part prevails over conflicting provisions

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

ARTICLE 2. Definitions

36606. "Activities"

"Activities" means, but is not limited to, all of the following that benefit businesses or real property in the district:
(a) Promotion of public events.
(b) Furnishing of music in any public place.
(c) Promotion of tourism within the district.
(d) Marketing and economic development, including retail retention and recruitment.
(e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
(f) Other services provided for the purpose of conferring special benefit upon assessed real property or specific benefits upon assessed businesses located in the district.

36606.5. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

36609.4. "Clerk"

"Clerk" means the clerk of the legislative body.

36609.5. "General benefit"

"General benefit" means, for purposes of a property-based district, any benefit that is not a "special benefit" as defined in Section 36615.5.

36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

(a) Parking facilities.
(b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
(c) Trash receptacles and public restrooms.
(d) Lighting and heating facilities.
(e) Decorations.
(f) Parks.
(g) Fountains.
(h) Planting areas.
(i) Closing, opening, widening, or narrowing of existing streets.
(j) Facilities or equipment, or both, to enhance security of persons and property within the district.
(k) Ramps, sidewalks, plazas, and pedestrian malls.
(l) Rehabilitation or removal of existing structures.

36611. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

36612. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all records relating to activities of the district.

36614. "Property"

"Property" means real property situated within a district.

36614.5. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

36614.6. "Property-based assessment"

"Property-based assessment" means any assessment made pursuant to this part upon real property.

36614.7. "Property-based district"

"Property-based district" means any district in which a city levies a property-based assessment.

36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

36615.5. "Special benefit"

"Special benefit" means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

ARTICLE 3. Prior Law

36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

CHAPTER 2. Establishment

36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

(1) A map showing the boundaries of the district.

(2) Information specifying where the complete management district plan can be obtained.

(3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

36622. Contents of management district plan

The management district plan shall include, but is not limited to, all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements, maintenance, and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.

(e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.

(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k) (1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.

(2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.

(l) In a property-based district, the total amount of all special benefits to be conferred upon the properties located within the property-based district.

(m) In a property-based district, the total amount of general benefits, if any.

(n) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.

(o) Any other item or matter required to be incorporated therein by the city council.

36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.

(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district. Notwithstanding the foregoing, improvements and activities that must be provided outside the district boundaries to create a special or specific benefit to the assessed parcels or businesses may be provided, but shall be limited to marketing or signage pointing to the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

36626. Resolution establishing district

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in Section 36625.

36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

CHAPTER 3. Assessments

36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.
(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.
(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:
(1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.
(2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.
(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

CHAPTER 3.5. Financing

36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

(a)The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.
(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.
(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 4. Governance

36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.
(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.
(2) The improvements, maintenance, and activities to be provided for that fiscal year.
(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.
(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.
(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.

The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

36651. Designation of owners' association to provide improvements, maintenance, and activities

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

CHAPTER 5. Renewal

36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.
(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.
(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

CHAPTER 6. Disestablishment

36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:
(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.
(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the district who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.
(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is

disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.
(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

APPENDIX 4 – TOTAL ESTIMATED COST OF IMPROVEMENTS AND ACTIVITIES

The estimated maximum cost of the line items below was developed based on the estimated costs of providing services in the proposed EPPBID. The costs below are estimated, the actual line item costs will fluctuate. The table below shows expenditures from assessment and non-assessment funds. The total maximum budget may exceed the maximum listed in this table if parcel ownership changes result in parcels being assessed at a higher rate due to a higher estimated benefit.

Year	Clean and Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
2020	$298,830.46	$26,211.35	$87,849.14	$13,177.37	$13,177.37	$439,245.69

I. OVERVIEW

Developed by a growing coalition of property owners, the Echo Park Property and Business Improvement District (EPPBID) is a benefit assessment district whose main goal is to provide improvements and activities which constitute and convey a special benefit to assessed parcels. This approach has been used successfully in other cities throughout the country to provide special benefits to property owners, namely increased sales, attraction of new tenants, increased occupancies, and specifically increased property values. As required by state law, property owners have created this Management District Plan (Plan) to form the EPPBID.

Location: The EPPBID generally includes parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles, as shown on the map in Section III.

Purpose: The purpose of the EPPBID is to provide activities and improvements which constitute and convey a special benefit to assessed parcels. The EPPBID will provide clean and safe, marketing and events, and related administration and outreach programs directly and only to assessed parcels within its boundaries. The intention of the EPPBID is to deliver supplemental services to assessed parcels within the EPPBID that are designed to increase commerce by attracting patrons to assessed parcels within the EPPBID, retention of businesses on assessed parcels within the EPPBID, and attraction of new businesses to the EPPBID.

Budget: The EPPBID annual budget for the first year of its five (5) year operation is anticipated to be $439,245.69. The annual budget may be subject to an increase in assessment rates of no more than three percent (3%) per year.

Cost: The EPPBID's source of revenue will be special assessments levied on specially benefitting parcels that receive improvements and activities within the EPPBID boundaries and other non-assessment revenue sources (such as grants and event income). The assessment rate (cost to the parcel owner) is based on the estimated special benefit provided to each assessed parcel. The assessment rate has been quantified using parcel type, parcel size, and parcel frontage along Sunset Blvd., Glendale Blvd., and Liberty Street. The initial annual rate to each parcel is shown in Engineer's Report (Section VII). Assessment rates may be subject to an increase of no more than three percent (3%) per year.

Formation: EPPBID formation requires submittal of petitions from property owners representing more than fifty percent (50%) of the total assessment. Proposition 218 requires a ballot vote in which more than fifty percent (50%) of the ballots received, weighted by assessment, be in support of the EPPBID.

Duration: The EPPBID will have a five (5) year life, beginning January 1, 2020 through December 31, 2024. Near the end of the term, the petition, ballot, and City Council hearing process must be repeated for the EPPBID to be renewed. The EPPBID is expected to begin services on or shortly after January 1, 2020. If the EPPBID is not renewed, services will sunset on December 31, 2024.

Management: The Echo Park Chamber of Commerce (the Chamber) will serve as the Owners' Association for the EPPBID.

II. BACKGROUND

The International Downtown Association estimates that more than 1,500 Property and Business Improvement Districts (PBIDs) currently operate throughout the United States and Canada. PBIDs are a time-tested tool for property owners who wish to come together and obtain collective services which benefit their properties.

PBIDs provide supplemental services in addition to those provided by local government. These improvements and activities are concentrated within a distinct geographic area and are funded by a special parcel assessment. Services and improvements are only provided to those who pay the assessment.

Although funds are collected by the local government, they are then directed to a private nonprofit. The nonprofit implements services and provides day-to-day oversight. The nonprofit is managed by a Board of Directors representing owners of assessed parcels within the PBID, to help ensure the services meet the needs of property owners and are responsive to changing conditions within the PBID.

PBIDs all over the globe have been proven to work by providing services that improve the overall viability of commercial districts, resulting in higher property values, lease rates, occupancy rates, and sales volumes.

The EPPBID will be formed pursuant to a state law that took effect in January of 1995. The "Property and Business Improvement District Law of 1994," which was signed into law by Governor Pete Wilson, ushered in a new generation of Property and Business Improvement Districts in California. Key provisions of the law include:

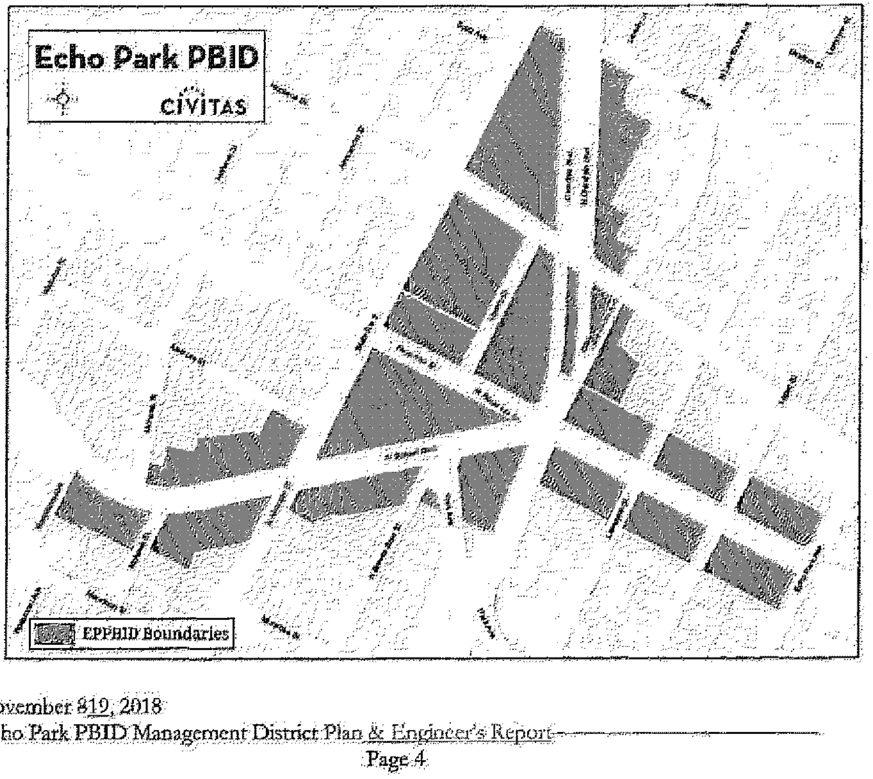
- Allows a wide variety of services which are tailored to meet specific needs of assessed properties in each individual PBID;
- Requires property owner input and support throughout the formation process;
- Requires written support on both a petition and ballot from property owners paying fifty percent (50%) of proposed assessments;
- Allows for a designated, private nonprofit corporation to manage funds and implement programs, with oversight from property owners and the City;
- Requires limits for assessment rates to ensure that they do not exceed the amount owners are willing to pay; and
- Requires the PBID be renewed after a certain time period, making it accountable to property owners.

The "Property and Business Improvement Business District Law of 1994" is provided in Appendix 2 of this document.

III. BOUNDARIES

The EPPBID will deliver activities and improvements to individual assessed parcels within the EPPBID. EPPBID boundaries and services were developed based on the special benefits to be received by individual assessed parcels. Parcels were reviewed to determine: (1) whether the parcel's zoning allows it to be included in the EPPBID; and (2) if the parcel would receive special benefits from the EPPBID's proposed activities and improvements. Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

The EPPBID ~~generally~~ boundaries includes parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The ~~service area~~EPPBID boundaries includes ~~approximately~~ 110 ~~properties~~ parcels with 81 ~~property~~ parcel owners in a twenty (20) block area. The EPPBID boundary is illustrated by the map below and in Appendix 5. A larger map is available on request by calling (916)437-4300 or (800)999-7781.



IV. SERVICE PLAN & BUDGET

A. Establishment

Property and business owners in Echo Park have been concerned about the need for coordinated supplemental services in the area for several years. City services and efforts in the area have been welcomed, but limited resources have not allowed for a more comprehensive approach to managing the commercial area.

A service plan to provide special benefits to assessed properties was developed using several methods. A series of property owner meetings, a survey of property owners, an analysis of current property conditions and needs, and an intercept survey of visitors were all conducted. The primary needs identified were: increased cleanliness, security, and marketing. To meet those needs, the EPPBID will provide clean and safe, marketing and events, and related administration and outreach to assessed parcels within its boundaries.

B. Improvements and Activities

The EPPBID will provide supplemental improvements and activities that are above and beyond those provided by the City and other government agencies. None of the services to be provided by the EPPBID are provided by the City or other government agencies. The improvements and activities will be provided directly and only to assessed parcels; they will not be provided to parcels that are not assessed. Each and every service is unique to the EPPBID, thus the benefits provided are particular and distinct to each assessed parcel.

1. Clean & Safe

The clean and safe program will focus on making the EPPBID a cleaner and safer place to do business. Clean and safe programs may include, but are not limited to:

- Litter abatement to improve the cleanliness of assessed parcels for their special benefit;
- Graffiti removal to improve the appearance of assessed parcels for their special benefit;
- Power-washing sidewalks to remove gum, stains, and dirt buildup to improve the cleanliness of assessed parcels for their special benefit;
- Weed abatement to improve the appearance of assessed parcels for their special benefit;
- Contracting with service providers for litter clean up to improve the cleanliness of assessed parcels for their special benefit;
- A homeless navigator program to mitigate the negative impacts of homeless individuals on assessed parcels to improve the appearance of assessed parcels for their special benefit;
- Security services provided by dedicated private security patrols to improve the safety of assessed parcels for their special benefit;
- Installation of security cameras to improve the safety of assessed parcels for their special benefit;
- Community meetings to encourage regular communications and educate property owners and tenants on safety procedures to improve the safety of assessed parcels for their special benefit; and
- Coordination with the police department and other agencies to maximize efficiency and create a unified security program to improve the safety of assessed parcels for their special benefit.

2. Marketing & Events

The Owners' Association will work to promote, market, and brand the EPPBID as a desirable location to shop, dine, work, live, and otherwise conduct business, which may include the use of pole banners and wayfinding signage; promotional materials including visitors' guides (general or specific to arts, antiques, entertainment, restaurants, retail, services, and education), press releases, e-newsletters, e-calendars, an EPPBID website; marketing research; special events; and other similar projects. Marketing services will only be provided to individual assessed parcels within the EPPBID boundaries. The EPPBID will provide sponsorship and promotion of special events that attract potential customers and tenants to assessed parcels. All marketing and events activities are designed to attract additional patrons to assessed parcels for their special benefit.

3. Administration & Outreach

The administration portion of the budget will be utilized for administrative costs associated with providing the services. Those costs may include rent, telephone charges, legal fees, accounting fees, postage, administrative staff, insurance, and other general office expenses. Outreach programs will utilize dedicated staff time to provide unified attention, communication, and responsiveness throughout the EPPBID and provide a unified voice to represent the EPPBID's best interests at local government agencies. All administration and outreach activities will only be provided to individual assessed parcels within the EPPBID boundaries for the special benefit of assessed parcels and will not be provided outside the EPPBID boundaries.

4. Contingency/Reserve

The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration or renewal costs at the discretion of the Owners' Association. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the Board of Directors of the Owners' Association. The reserve fund may be used for the costs of renewing the EPPBID.

5. City Administration Fee

The City of Los Angeles shall retain a fee equal to three percent (3%) of the amount of assessment collected to cover its costs of collection and administration.

C. Annual Budget

A projected five (5) year budget for the EPPBID is provided below. The overall budget shall remain consistent with this Plan. In the event of a legal challenge, assessment funds may be used to defend the EPPBID. The annual budget is based on the following assumptions and guidelines:

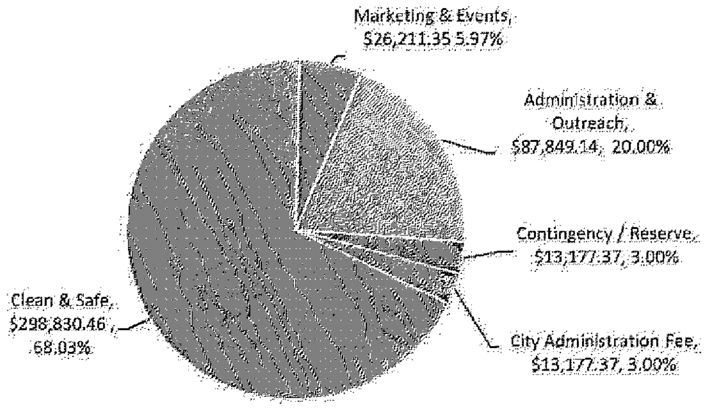
1. The cost of providing improvements and activities may vary depending upon the market cost for those improvements and activities. Expenditures may require adjustment up or down to continue the intended level of improvements and activities. The Chamber Board shall annually have the ability to re-allocate up to ten percent (10%) of the budget allocation by line item within the budgeted categories. Any change will be approved by the Chamber and submitted with the Annual Report.
2. Funds not spent in any given year may be rolled over to the next year.

3. The assessment rate may be subject to annual increases that will not exceed three percent (3%) per year. Increases will be determined by the Chamber Board and will vary each year. The projections below illustrate the maximum annual three percent (3%) increase for all budget items.
4. Each budget category includes all costs related to providing that service, in accordance with Generally Accepted Accounting Procedures (GAAP). For example, the clean and safe budget includes the cost of staff time dedicated to overseeing and implementing the clean and safe program. Staff time dedicated purely to administrative tasks is allocated to the administration portion of the budget. The costs of an individual staff member may be allocated to multiple budget categories, as appropriate in accordance with GAAP. The staffing levels necessary to provide the EPPBID services will be determined by the Chamber Board on as-needed basis.

D. Service Budget

The total improvement and activity budget for 2020 that is funded by property assessments and other revenue sources is $439,245.69. In addition to the assessment revenue, the programs will be supplemented by non-assessment funds. The total of non-assessment funds, and the determination of special and general benefit, is included in the Engineer's Report. The total of assessment and non-assessment funds is provided in Appendix 4. Below is an illustration of the estimated total budget allocations for each budget category for the five (5) year life of the EPPBID. The allocation of the assessment funds is governed by Section E below. Non-assessment funds shall be utilized only for the budget category from which they are derived.

Initial Year Total Budget - $439,245.69



E. Annual Maximum Budget

The budget on the following page assumes the maximum annual increase of three percent (3%) is enacted and that there are no changes to the categorical budget allocations.

Year	Clean & Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
%	68.03%	5.97%	20.00%	3.00%	3.00%	100.00%
2020	$298,830.46	$26,211.35	$87,849.14	$13,177.37	$13,177.37	$439,245.69
2021	$307,795.37	$26,997.69	$90,484.61	$13,572.69	$13,572.69	$452,423.05
2022	$317,029.24	$27,807.62	$93,199.15	$13,979.87	$13,979.87	$465,995.75
2023	$326,540.11	$28,641.85	$95,995.13	$14,399.27	$14,399.27	$479,975.63
2024	$336,336.32	$29,501.11	$98,874.98	$14,831.25	$14,831.25	$494,374.91
Total	$1,586,531.50	$139,159.62	$466,403.01	$69,960.45	$69,960.45	$2,332,015.03

V. ASSESSMENT RATE

A. Assessment Formula

Individual assessed parcels shall be assessed an assessment rate according to each assessed parcel's proportionate special benefit derived from the services provided to each assessed parcel, as shown in the table below. Parcels zoned R1 through R3, RD1.5 or RD3, including residential uses, shall not be assessed.

Initial Parcel Assessment Rates			
Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

B. Changes in Zoning

If the zoning of a parcel within the EPPBID boundary changes during the term of the EPPBID, the assessment calculation may be modified according to the new zoning of the parcel.

C. Public Parcels

The California Constitution requires that "Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owner parcels in fact receive no special benefit."[1] All parcels within the EPPBID are assessed on their parcel square footage and front along Sunset Blvd., Glendale Blvd., and Liberty St. and received EPPBID services and special benefits from those services. All publicly-owned individual parcels will receive all of the services provided in the EPPBID, except for marketing and events services; therefore, all publicly-owned parcels will be assessed at a reduced rate commensurate with the special benefits received by each publicly-owned parcel. The table below lists all publicly-owned (government) assessed parcels within the EPPBID.

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
5402030901	L A CITY		6,977	51.5	0	0	$2,634.11	0.63%
5404001900	L A CITY	2005 SUNSET BLVD	7,070	50.5	0	0	$2,617.92	0.63%
5404001901	L A CITY	2011 SUNSET BLVD	7,892	50	0	0	$2,728.48	0.66%
5404001902	L A CITY	2015 SUNSET BLVD	7,000	50	0	0	$2,592.00	0.62%
5404001903	L A CITY	1206 ALVARADO ST	5,888	0	0	0	$900.86	0.22%
5404001904	L A CITY	1214 ALVARADO ST	7,007	0	0	0	$1,072.07	0.26%
5404001905	L A CITY	2005 SUNSET BLVD	3,836	0	0	0	$586.91	0.14%

---

[1] Cal. Const., art. XIII D, §4(a)

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
Subtotal LA City							$13,132.35	3.16%
5419030901	LA CITY DEPT OF WATER AND POWER		5,905	45	0	0	$2,272.37	0.55%
Subtotal LA City Dept of Water and Power							$2,272.37	0.55%
Total Government Assessments							$15,404.72	3.71%

D. Residential Parcels

California Streets and Highways Code section 36632(c) states, "Properties zoned solely for residential use…are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part." Therefore, parcels that are zoned R1 through R3, RD1.5 or RD3 within the EPPBID boundaries will not be assessed.

E. Time and Manner of Collecting Assessments

The EPPBID special assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installments. The City of Los Angeles will then disburse funds to the Chamber, pursuant to the authorization of this *Echo Park Property and Business Improvement District Management District Plan*. Existing laws for enforcement of property taxes apply to EPPBID assessments. If necessary, the City of Los Angeles City Clerk's Office will directly bill property owners or entities that do not appear on the tax roll.

F. Bonds

No bonds shall be issued to finance any services or improvements of the EPPBID.

G. Capital Improvements

The EPPBID shall not fund or construct capital improvements.

VI. GOVERNANCE

A. Owners' Association

The EPPBID shall be governed by the Echo Park Chamber of Commerce, with oversight from the Los Angeles City Council. The Echo Park Chamber of Commerce shall serve as the Owners' Association described in the Streets and Highways Code §36651. The Board of Directors of the Chamber and its staff are charged with the day-to-day operations of the EPPBID.

The Chamber shall form a new standing advisory committee, to be known as the "Echo Park PBID Governing Committee" (PGC). The Chamber Board's resolution creating the PGC shall delegate the authority to manage matters related to the EPPBID to the PGC, including, but not limited to, management of assessment funds and full decision-making authority regarding EPPBID programs. A majority of the PGC shall be property owners paying the EPPBID assessment.

B. Brown Act & Public Records Act Compliance

An Owners' Association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. The Owners' Association is, however, subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The Owners' Association must act as a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Chamber Board of Directors and certain committees must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act.

C. Annual Report

The Chamber shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650 (see Appendix 2). The annual report is a prospective report for the upcoming year and must include:

1. Any proposed changes in the boundaries of the EPPBID or in any benefit zones or classification of property within the district;
2. The improvements, maintenance, and activities to be provided for that fiscal year;
3. The estimated cost of providing the improvements, maintenance, and activities to be provided for that fiscal year;
4. The method and basis of levying the assessment in sufficient detail to allow each real property owner to estimate the amount of the assessment to be levied against his or her property for that fiscal year;
5. The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year; and
6. The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this Plan.

VII. ENGINEER'S REPORT

The EPPBID's parcel assessments will be imposed in accordance with the provisions of Article XIIID of the California Constitution. Article XIIID provides that "only special benefits are assessable,"[2] and requires the City to "separate the general benefits from the special benefits conferred on a parcel."[3] Special benefits are a "particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public-at-large."[4] Conversely, a general benefit is "conferred on real property located in the district or to the public-at-large."[5] Assessment law also mandates that "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[6]

The Engineer determined the total cost of the improvements and activities, quantified the general benefit accruing to the public-at-large and non-assessed parcels adjacent to and within the EPPBID, and separated that amount from the special benefit accruing to the assessed parcels. Then, the Engineer determined the proportional special benefit derived by each parcel and allocated the special benefit value of the improvements and activities accordingly. The Engineer's determinations and detailed calculations are summarized in this report.

A. Boundary Description and Rationale

The EPPBID boundaries include parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The EPPBID boundaries include 110 parcels with 81 parcel owners in a twenty (20) block area.

Formatted: Normal, Space Before: 0 pt, No bullets or numbering

Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

Formatted: Font color: Auto

~~A.~~B. Separation of General and Special Benefits

Each of the improvements and activities, and the associated costs and assessments within EPPBID, were reviewed, identified, and allocated based on special and general benefits pursuant to Article XIIID of the California Constitution. The assessment has been apportioned based on the proportional special benefits conferred to the assessed parcels located within the EPPBID boundaries as determined below.

[4] Id, §2(i)
[5] Cal Const., art XIII D §2(i)
[6] Cal. Const., art. XIII D, §4(a)

1. General Benefits

Unlike special benefits, which are conferred directly and only upon assessed parcels, a general benefit is conferred on the general public or non-assessed parcels. Existing City and other public services, which are provided to every person and parcel, everywhere within the City, are an example of a general benefit. Although the EPPBID's boundaries have been narrowly drawn and programs have been carefully designed to provide special benefits, and activities and improvements will only be provided directly to assessed parcels, it is acknowledged that there will be general benefits as a result of the EPPBID's activities and improvements.

The California Constitution mandates that "only special benefits are assessable, and an agency shall separate the general benefits from the special benefits."[7] "Generally, this separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits."[8] The first step that must be undertaken to separate general and special benefits provided by the EPPBID's activities and improvements is to identify and quantify the general benefits. There are two bodies who can receive general benefits: the public-at-large within the EPPBID, and non-assessed parcels within and surrounding the EPPBID.

a. General Benefit to the Public-at-Large

Although the activities and improvements are narrowly designed and carefully implemented to specially benefit the assessed parcels, and only provided directly to assessed parcels, they will generate a general benefit to the public-at-large within the EPPBID. State law indicates that "Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed."[9] However, "the mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits."[10] Further, "the value of any incidental or collateral effects that arise from the improvements, maintenance or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel."[11] Thus, although there may be some incidental benefit to persons engaged in business on the assessed parcels, that incidental benefit is not considered general benefit because it is inherently produced by activities and improvements that provide special benefits to the assessed parcels. There is, however, a general benefit to persons not engaged in business on the assessed parcels.

Intercept surveys conducted in similar districts have found that approximately 97.3% of pedestrian traffic within PBID boundaries is engaged in business on assessed parcels, while the remaining approximately 2.7% is simply passing through and not engaging in business on the assessed parcels[12]. The 2.7% of traffic passing through does not have any connection to the assessed parcels, and therefore does not represent a special benefit to the assessed parcels. The 2.7% will, however, receive a derivative and indirect general benefit as a result of the activities and improvements being provided in the EPPBID. Therefore, it is estimated that 2.7% of the benefit created by the EPPBID's services is general benefit provided to the public-at-large. To ensure that the assessment dollars do not fund general benefits to the public-at-large, that portion of the cost of activities and improvements will be paid for with funds not obtained through assessments. Using the 2.7% figure, based on the initial year activity and improvement budget, the value of this general benefit to the public-at-large is $11,859.63 ($439,245.69*0.027).

[12] Surveys conducted in: North Park, San Diego (January 2015); Mack Road, Sacramento (July 2014); and Sunrise MarketPlace, Citrus Heights (December 2013)

b. General Benefit to Non-Assessed Parcels

Although they are only provided directly to the assessed parcels, the EPPBID's activities and improvements may also confer general benefits upon non-assessed parcels within and surrounding the EPPBID. One study examining property values in PBID areas found "no evidence of spill-over impacts (either good or bad) on commercial properties located just outside the BID's boundaries;"[13] however, the California Court of Appeals has stated that "services specifically intended for assessed parcels concomitantly confer collateral general benefits to surrounding properties."[14] It is reasonable to conclude that activities and improvements within the EPPBID will have an incidental impact on non-assessed parcels surrounding or within the EPPBID's boundaries. Although the legislature has indicated that "the value of any incidental or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall *not* be deducted from the entirety of the cost of any special benefit,"[15] the California Court of Appeals has noted that "the characterization of a benefit may depend on whether the parcel receives a direct advantage from the improvement… or receives an indirect, derivative advantage resulting from the overall public benefits of the improvement."[16] Those derivative and indirect impacts are considered general benefits and will be quantified and separated.

In this Engineer's opinion, because activities and improvements are provided only within the EPPBID and on its perimeter, parcels separated from the EPPBID by either at least one intervening parcel or an impassable physical barrier such as a wall, railroad track, freeway, or ditch will not receive spill over benefits. Parcels separated from the EPPBID will not benefit because they are physically removed from the actual location of activities and improvements provided, and do not face serviced parcels. Therefore, this analysis considers non-assessed parcels within the EPPBID's boundaries and surrounding parcels that are immediately adjacent to and accessible from the EPPBID's boundaries.

The total EPPBID activity and improvement budget for the first year is $439,245.69. After reducing the activity and improvement budget by the general benefit to the public-at-large ($11,859.63), the remaining benefit to parcels is $427,386.06. This benefit has been distributed to both assessed and non-assessed parcels using the following methodology. The general benefit to the public-at-large has been proportionally allocated to the EPPBID's activity and improvement categories as shown in the following table.

Category	Benefit to Parcels	Benefit to Public-at-Large	Total
Clean & Safe	$290,762.04	$8,068.42	$298,830.46

[14] Beutz v. Riverside (2010) 184 Cal.App.4th 1516

[15] Streets and Highways Code section 36622(k)(2)

[16] Tiburon v. Bonander (2009) 180 Cal.App.4th 1057, 1077

Marketing & Events	$25,503.64	$707.71	$26,211.35
Administration & Outreach; Contingency/Reserve; City Admin Fee	$111,120.38	$3,083.50	$114,203.88
TOTAL	**$427,386.06**	**$11,859.63**	**$439,245.69**

To determine the general benefit to parcels, the Engineer assigned each parcel group a benefit factor, determined the appropriate parcel characteristic to use in the calculation, multiplied the benefit factor by the benefit characteristic to determine the benefit units attributable to each parcel group, and apportioned the remaining service cost (service cost minus general benefit to the public) in accordance with the benefit units derived by each parcel group.

i. Benefit Factors

All parcels within and adjacent to the EPPBID have been assigned a benefit factor to mathematically represent the proportional special and general benefit and quantify the value of each. The determination of benefit factors for each type of activity follows.

Tangible Activities

The tangible activities (those that are physically provided via a person or people working throughout the district) to be provided by the EPPBID generate three types of special benefits:

> *Service* – The primary special benefit provided by the EPPBID's physical activities is the actual service.
>
> *Presence* – the EPPBID's physical activities also provide the special benefit of an individual's presence on the assessed parcel as the activities are provided, which can have a deterrent effect and creates a positive impression that the area is well-maintained and safe. The "Disneyland effect" is the benefit the parcels receive from the observation that parcels are being maintained. There are studies which link the perception of cleanliness to a perception of increased security.
>
> *Proximity* – the EPPBID's physical activities also provide the special benefit of being in proximity to a cleaner, safer parcel. Neighboring parcels enjoy the spillover benefits of being adjacent to increased safety and cleanliness.

The majority of the benefit received by the parcels is the results of the EPPBID's services; onsite presence and proximity are lesser benefits. It is this Engineer's estimation that seventy-five percent (75%) of the special benefit from the EPPBID's physical activities is the service, while the presence and proximity benefits each account for twelve and one-half percent (12.5% presence, 12.5% proximity) of the special benefit. Assessed parcels will receive all three benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly serviced and therefore only receive the general benefit of proximity.

Intangible Activities

Some of the EPPBID's activities, such as marketing, are distinct in that they are not provided to a targeted area within the EPPBID, rather they are provided via Internet, radio, and other forms of media and targeted at an audience outside the EPPBID in an effort to bring the audience into the EPPBID. These activities provide two types of special benefits:

Direct Exposure – The primary special benefit provided by the EPPBID's intangible activities is exposure. The intangible activities increase awareness of the EPPBID as a commercial and business destination and lead to increased patronage.

Incidental Exposure – The EPPBID's intangible activities will also have a secondary special benefit of incidental exposure, such as word-of-mouth exposure, that results from the direct exposure and increases awareness of the EPPBID as a commercial and business destination.

The majority of the benefit from these activities is the direct exposure; the incidental exposure is a lesser benefit. It is this Engineer's estimation that ninety percent (90%) of the special benefit from the intangible activities is direct exposure, while ten percent (10%) is incidental exposure. Assessed parcels will receive both as special benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly marketed and therefore only receive the general benefit of incidental exposure.

Factors Determined

Based on the foregoing analysis, all assessed parcels within the EPPBID specially benefit from the EPPBID's activities and improvements, and have been assigned a benefit factor of 1.0. Parcels that are not assessed have been assigned benefit factors based on the portion of the benefit they will receive, as described above. The non-assessed parcels will benefit from 12.5% of the tangible activities and 10% of the intangible activities; therefore they have been assigned benefit factors of 0.125 and 0.10, respectively.

ii. Non-Assessed Benefit Characteristics

There are two types of parcels that are not assessed; those within the EPPBID and those immediately adjacent to and accessible from the EPPBID. Because they generally benefit in a differing manner, distinct parcel characteristics are used to quantify the general benefit to each type.

Inside – Non-assessed parcels inside of the EPPBID are surrounded by parcels that are assessed and receiving the full special benefits; they will, therefore, receive the general benefits of proximity and indirect exposure. These parcels are impacted on more than one side by the EPPBID's activities and improvements, marketing has a direct impact all around them, and activities and improvements are provided all around them. Because these parcels are surrounded by specially benefitted parcels, it is appropriate that parcel square footage be used to measure the general benefit they receive.

Adjacent – Adjacent parcels are those that are immediately adjacent to or directly across the street from specially benefitted parcels, and accessible from specially benefitted parcels. These parcels generally benefit differently than those inside the EPPBID, because these parcels are adjacent to, rather than surrounded by, specially benefitted parcels. Square footage is not an appropriate measure of benefit to these parcels. Because the parcels are not surrounded by serviced parcels, a long, shallow parcel with the same square footage as a deep, narrow parcel will receive a different level of general benefit. Likewise, two parcels with the same depth but a different width adjacent to serviced parcels will benefit differently. To account for this difference, it is appropriate that parcel linear frontage be used to measure the general benefit the adjacent parcels receive.

iii. Calculations

To quantify and separate the general benefit to non-assessed parcels, the following calculations were undertaken for each budget category.

1. The total service budget for each category was determined and the amount of general benefit to the public-at-large was subtracted from the category budget.
2. The benefit factor applicable to each activity or improvement was multiplied by the parcel square footage or linear frontage of assessed and non-assessed parcels, to determine the number of benefit units received by each parcel group.
3. The benefit units for all parcel groups were summed, and the percentage of benefit units attributable to each parcel group was calculated.
4. The total remaining activity and improvement budget, less the amount already determined to be general benefit to the public-at-large, was allocated to general and special benefit categories for each parcel group using the calculated benefit percent and applicable benefit characteristic methodology.
5. The special and general benefit resulting from the administration and outreach, contingency/reserve, and city administration fee portions of the budget were determined based on the proportional allocation of benefits derived from activities and improvements.

Clean & Safe

The clean & safe budget, minus the amount of general benefit to the public-at-large, is $290,762.04. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The clean & safe budget category contains tangible activities; the Engineer used the 0.125 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	= 1,110,022.00	99.743%	X $290,762.04	= $290,015.40
Non-Assessed	22,862	X 0.125	= 2,857.75	0.257%	X $290,762.04	= $746.64

The clean & safe budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $290,015.40. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.296%	X $290,015.40	= $282,174.13
Adjacent	3,376	X 0.125	= 422.00	2.704%	X $290,015.40	= $7,841.27

Therefore, the allocation of the clean & safe budget is as follows:

General Benefit – Public-At-Large	$8,068.42
General Benefit – Inside Parcels	$746.64

General Benefit – Adjacent Parcels	$7,841.27
Special Benefit	$282,174.13
Total	**$298,830.46**

Marketing & Events

The marketing and events budget, minus the amount of general benefit to the public-at-large, is $25,503.64. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The marketing and events budget category contains intangible activities; the Engineer used the 0.10 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	=1,110,022.00	99.794%	X $25,503.64	= $25,451.22
Non-Assessed	22,862	X 0.100	=2,286.20	0.206%	X $25,503.64	= $52.42

The marketing and events budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $25,451.22. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.825%	X $25,451.22	= $24,897.72
Adjacent	3,376	X 0.100	=337.60	2.175%	X $25,451.22	= $553.50

Therefore, the allocation of the marketing and events budget is as follows:

General Benefit – Public-At-Large	$707.71
General Benefit – Inside Parcels	$52.42
General Benefit – Adjacent Parcels	$553.50
Special Benefit	$24,897.72
Total	**$26,211.35**

Administration & Outreach; Contingency/Reserve; City Administration Fee

The administration and outreach; contingency/reserve; and City administration fee budget line items relates to the activities and improvements provided. These costs have been allocated proportionally based on the special and general benefit provided by each category.

	Special Benefit to Parcels	General Benefit to Parcels
Clean & Safe	$282,174.13	$8,587.91
Marketing & Events	$24,897.72	$605.92
Activity Totals	$307,071.85	$9,193.83
Percent	97.09%	2.91%
Administration & Outreach; Contingency/Reserve; City Administration Fee	$107,890.11	$3,230.27
Total Parcel Benefits	**$414,961.96**	**$12,424.10**

iv. Total Benefits

Based on the foregoing calculations, the total benefits to assessed parcels, non-assessed parcels, and the general public are:

	Special	Parcel General	Public	Total
Clean & Safe	$282,174.13	$8,587.91	$8,068.42	$298,830.46
Marketing & Events	$24,897.72	$605.92	$707.71	$26,211.35
Administration & Outreach	$82,992.39	$2,484.83	$2,371.93	$87,849.14
Contingency/Reserve	$12,448.86	$372.72	$355.79	$13,177.37
City Admin Fee	$12,448.86	$372.72	$355.79	$13,177.37
Total	**$414,961.96**	**$12,424.10**	**$11,859.63**	**$439,245.69**

c. Non-Assessment Funding

The programs funded by the EPPBID receive additional non-assessment funding in the form of grants, corporate sponsorships, event income, and other miscellaneous funds. These funding sources are anticipated to equal or exceed the amount of general benefit conferred annually by the EPPBID's activities and improvements, $24,283.73. These non-assessment funds will be used to pay for the general benefit provided by the EPPBID's activities and improvements, ensuring that parcel assessments will only be used to provide special benefits.

2. Special Benefit

The activities and improvements to be provided by the EPPBID constitute and convey special benefits directly to the assessed parcels. Assessment law requires that "the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided."[17] Further, "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[18] Special benefit "includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed."[19]

To determine the total special benefit value to be conveyed to the assessed parcels, we deduct the general benefit value ($24,283.73) from the total value of the activities and improvements

---

[17] Cal. Const., art XIII D §4(a)
[18] Ibid
[19] Streets and Highways Code section 36615.5

($439,245.69). The remaining $414,961.96 is considered the special benefit to assessed parcels (the "Total Assessment"). The Total Assessment represents the total value of the special benefit to be provided by the activities and improvements. The Total Assessment has been proportionally divided among the assessed parcels so that no assessment exceeds the reasonable cost of the proportional special benefit conferred on a parcel. The assessment rate has been designed to ensure that "properties that receive the same proportionate special benefit pay the same assessment."[20]

~~Service Provided~~	~~Total Benefit Value~~	~~General Benefit Value to Public~~	~~Benefit Value to Parcels (Special & General)~~	~~Special Benefit to Assessed Parcels~~
~~Clean & Safe~~	~~$298,830.46~~	~~$8,068.42~~	~~$290,762.04~~	~~$282,174.13~~

~~B.~~C. Assessment Methodology

1. Base Formula

Each parcel will be assessed based on proportional special benefits received. The variables used for determining the annual assessment formula are parcel type, parcel size, and parcel frontage along Sunset Boulevard, Glendale Boulevard, and Liberty Street. These variables are appropriate measures of the proportional special benefit because the need for services, level of services, and quantity of services are all relative to these variables; thus the special benefit provided to each parcel by the services can be proportionally measured using these variables.

Determination of Assessment Rates

"Because not all parcels in the district are identical in size...some will receive more special benefit than others."[21] Each of the variables used relates directly to the service level and special benefit provided to each parcel. Parcel square footage is the size of the parcel, measured in square feet. Parcel frontage is the length of a parcel that fronts Sunset Boulevard, Glendale Boulevard, Liberty Street, measured in linear feet. Size is an appropriate measure of proportional special benefit because it relates directly to the quantity of services provided to the parcel, the highest and best use of a parcel, and reflects the long-term value implications of the EPPBID. The larger a parcel, the more services and benefit the parcel will receive.

Because not all parcels in the EPPBID are identical in use, some will receive more special benefit than others. For example, a private non-profit parcel will benefit to a lesser degree than a commercial parcel, because it will not enjoy the benefits of increased commerce resulting from the services. Further detail on the benefit to each parcel type is in the following pages. To determine the assessment rates, the assessed parcels were classified by the estimated benefit each type of parcel receives, the estimated special benefit value of the activities and improvements provided to each type was determined based on approximate cost of service provision, and an assessment rate that is proportional to the estimated proportional benefit received by each parcel type was determined.

---

[20] *Tiburon v. Bonander* (2009) 180 Cal.App.4th 1057

[21] *Dahms v. Downtown Pomona* (2009) 174 Cal.App.4th 708

To determine the assessment rates, the estimated special benefit value for each parcel type was divided by the total assessable parcel square footage, parcel linear front footage, and parcel type as shown in the tables below.

Parcel Type

Parcel types were categorized based on the typical amount of foot and vehicle traffic on the various commercial, government and private non-profit parcels. Parcels with heavy traffic, such as commercial parcels, will receive the highest level of services. Parcels with lower traffic, such as government parcels, will receive a lower level of services. Parcels with lowest traffic, such as private non-profit parcels will receive the lowest level of services. The approximate cost of services by parcel type was determined. Then, the cost of services by type was divided by the parcel square footage and parcel linear front footage of those parcels to determine the assessment rates.

Parcel Size and Parcel Front Footage

The EPPBID's services will benefit each assessed parcel as a whole. The service budget, which in this Engineer's estimation, represents special benefits to the parcels, has been allocated based on parcel size and parcel front footage.

Parcel Type	Initial Parcel Size Budget		Parcel Square Footage		Initial Parcel Assessment Rate ($/sqft/yr)
Commercial	$162,434.49	÷	955,497	=	$0.170
Government	$7,890.98	÷	51,575	=	$0.153
Private Non-Profit	$8750.75	÷	102,950	=	$0.085

Parcel Type	Initial Parcel Frontage Budget (Sunset Blvd. & Glendale Blvd.)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$201,633.90	÷	5,966	=	$33.80
Government	$7,513.74	÷	247	=	$30.42
Private Non-Profit	$13,225.43	÷	783	=	$16.90

Parcel Type	Initial Parcel Frontage Budget (Liberty Street)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$12,040.80	÷	803	=	$15.00
Government*	$0.00	÷	0	=	$13.50
Private Non-Profit	$1,471.88	÷	196	=	$7.50

*There are currently no government parcels fronting Liberty Street. However, if in the future a parcel fronting Liberty Street is owned by a government entity, it will be subject to the rate identified in the table above.

Summary of Assessment Rates

Therefore, for the initial year, the maximum annual assessment rates to parcels are as shown below and in Appendix 1. Maximum annual assessment rates may be subject to an increase of no more than three (3%) percent per year as shown in Appendix 1.

Initial Parcel Assessment Rates			
Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

Parcel assessment calculations are shown in Appendix 3.

2. Commercial Parcels

Commercial parcels will receive and benefit from all EPPBID activities and improvements, and will therefore be assessed the full rate.

3. Government Parcels

The California Constitution, in Article XIII D, provides that "parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit." No public agency owning parcels in the district has made such a demonstration. Government-owned parcels within the District will receive special benefit to a lesser degree than commercial parcels, therefore they will be assessed at a rate commensurate with the degree of special benefit.

4. Private Non-Profit Parcels

Because they do not have a commercial component, private non-profit parcels, as shown on the County Assessor's records will be assessed at a reduced rate commensurate to the benefits received as shown in the table above. This rate was developed based on the estimated benefit to private non-profit parcels, which do not have a for-profit commercial component – and therefore benefit to a lesser degree than commercial parcels. These parcels will benefit in that they will be cleaner and safer, but they benefit to a lesser degree than parcels occupied by for-profit businesses.

5. Non-Assessed Parcel

There are three (3) parcels within the EPPBID that will not be assessed. These parcels are neither commercial, government, or private non-profit parcels and will not specially benefit from or directly receive the EPPBID's activities and improvements. These parcels are accounted for in the analysis of general benefit provided to non-assessed parcels within the EPPBID. These parcels have the following uses:

Residential. The state legislature has determined that "properties zoned exclusively for residential use…are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment."[22] The activities and improvements to be provided are designed to specially benefit commercial, government and private non-profit parcels via increased commerce, occupancy, and lease rates. None of these benefits apply to residential parcels, which will not be serviced or benefit from the EPPBID's activities and improvements. Residential parcels are those parcels with four family units or less, residential common areas, residential vacant lots, residential planned unit developments, and residential condominiums. There are two (2) residential parcels within the EPPBID that will not be assessed.

---

[22] Streets and Highways Code § 36632(c)

Miscellaneous. There is one (1) miscellaneous parcel with no commercial activity. This parcel contains a median and will not receive or specially benefit from EPPBID programs, nor will it be assessed.

6. Changes in Data

It is the intent of this Plan and Engineer's Report that each parcel included in the EPPBID can be clearly identified. Every effort has been made to ensure that all parcels included in the EPPBID are consistent in the boundary map and the assessment calculation table. However, if inconsistencies arise, the order of precedence shall be: 1) the assessment calculation table and 2) the boundary map.

If the parcel size, parcel front footage, or type of a parcel changes during the EPPBID's term, the assessment calculation may be modified accordingly.

~~C.~~D. Assessment Notice

During the hearing process, an Assessment Ballot will be sent to owners of each parcel in the EPPBID. The Assessment Ballot provides an estimated assessment. The final individual assessment for any particular parcel may change, up or down, if the parcel square footage, parcel front footage, or type differ from those used to calculate the amount shown on the notice, which can be found in Appendix 3.

~~D.~~E. Time and Manner for Collecting Assessments

As provided by State Law, the the EPPBID assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installment. The County of Los Angeles shall distribute funds collected to the Chamber. Existing laws for enforcement and appeal of property taxes, including penalties and interest, apply to the EPPBID assessments.

~~E.~~F. Engineer's Certification

I hereby certify, to the best of my knowledge and experience, that each of the identified assessed parcels located within the Echo Park Property and Business Improvement District will receive a special benefit over and above the general benefits conferred and that the amount of the assessment is no greater than the proportional special benefits conferred on each parcel, as described in this Engineer's Report.

Review of this Echo Park Property and Business Improvement District Management District Plan and preparation of the Engineer's Report was completed by:

Ross Peabody
State of California

November ~~8~~19, 2018
Date

This Engineer's Report is intended to be distributed as part of the Management District Plan in its entirety, including the Assessment Calculation Table (Appendix 3) and the Boundary Map. Reproduction and distribution of only Section VII of this Management District Plan violates the intent of this stamp and signature.

APPENDIX 1 – MAXIMUM ANNUAL ASSESSMENT RATES

The table below illustrates the maximum annual assessment rates with the assumption that the rates will be increased annually by three percent (3%). The maximum rates listed are a required disclosure and not the anticipated course of action.

Year	Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
2020	Commercial	$0.170	$33.80	$15.00
	Government	$0.153	$30.42	$13.50
	Private Non-Profit	$0.085	$16.90	$7.50
2021	Commercial	$0.175	$34.81	$15.45
	Government	$0.158	$31.33	$13.91
	Private Non-Profit	$0.088	$17.41	$7.73
2022	Commercial	$0.180	$35.86	$15.91
	Government	$0.162	$32.27	$14.32
	Private Non-Profit	$0.090	$17.93	$7.96
2023	Commercial	$0.186	$36.93	$16.39
	Government	$0.167	$33.24	$14.75
	Private Non-Profit	$0.093	$18.47	$8.20
2024	Commercial	$0.191	$38.04	$16.88
	Government	$0.172	$34.24	$15.19
	Private Non-Profit	$0.096	$19.02	$8.44

APPENDIX 2 – PBID LAW

*** THIS DOCUMENT IS CURRENT THROUGH THE 2018 SUPPLEMENT ***

STREETS AND HIGHWAYS CODE
DIVISION 18. PARKING
PART 7. PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

CHAPTER 1. General Provisions

ARTICLE 1. Declarations

36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

36601. Legislative findings and declarations; Legislative guidance

The Legislature finds and declares all of the following:

(a) Businesses located and operating within business districts in some of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.

(d) Assessments levied for the purpose of conferring special benefit upon the real property or a specific benefit upon the businesses in a business district are not taxes for the general benefit of a city, even if property, businesses, or persons not assessed receive incidental or collateral effects that benefit them.

(e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:

- (1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.
- (2) Job creation.
- (3) Business attraction.
- (4) Business retention.
- (5) Economic growth.
- (6) New investments.

(f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.

(g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.

(h) The act amending this section is intended to provide the Legislature's guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.

- (1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.

(2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.

(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

36603.5. Part prevails over conflicting provisions

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

ARTICLE 2. Definitions

36606. "Activities"

"Activities" means, but is not limited to, all of the following that benefit businesses or real property in the district:
(a) Promotion of public events.
(b) Furnishing of music in any public place.
(c) Promotion of tourism within the district.
(d) Marketing and economic development, including retail retention and recruitment.
(e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
(f) Other services provided for the purpose of conferring special benefit upon assessed real property or specific benefits upon assessed businesses located in the district.

36606.5. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

36609.4. "Clerk"

"Clerk" means the clerk of the legislative body.

36609.5. "General benefit"

"General benefit" means, for purposes of a property-based district, any benefit that is not a "special benefit" as defined in Section 36615.5.

36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

(a) Parking facilities.
(b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
(c) Trash receptacles and public restrooms.
(d) Lighting and heating facilities.
(e) Decorations.
(f) Parks.
(g) Fountains.
(h) Planting areas.
(i) Closing, opening, widening, or narrowing of existing streets.
(j) Facilities or equipment, or both, to enhance security of persons and property within the district.
(k) Ramps, sidewalks, plazas, and pedestrian malls.
(l) Rehabilitation or removal of existing structures.

36611. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

36612. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all records relating to activities of the district.

36614. "Property"

"Property" means real property situated within a district.

36614.5. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

36614.6. "Property-based assessment"

"Property-based assessment" means any assessment made pursuant to this part upon real property.

36614.7. "Property-based district"

"Property-based district" means any district in which a city levies a property-based assessment.

36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

36615.5. "Special benefit"

"Special benefit" means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

ARTICLE 3. Prior Law

36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

CHAPTER 2. Establishment

36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

(1) A map showing the boundaries of the district.

(2) Information specifying where the complete management district plan can be obtained.

(3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.

(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

36622. Contents of management district plan

The management district plan shall include, but is not limited to, all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements, maintenance, and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.

(e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.

(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k) (1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.

(2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.

(l) In a property-based district, the total amount of all special benefits to be conferred upon the properties located within the property-based district.

(m) In a property-based district, the total amount of general benefits, if any.

(n) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.

(o) Any other item or matter required to be incorporated therein by the city council.

36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.

(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as

modified by the city council at the hearing concerning establishment of the district. Notwithstanding the foregoing, improvements and activities that must be provided outside the district boundaries to create a special or specific benefit to the assessed parcels or businesses may be provided, but shall be limited to marketing or signage pointing to the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

36626. Resolution establishing district

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in Section 36625.

36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

CHAPTER 3: Assessments

36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.
(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.
(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:
    (1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.
    (2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.

(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

CHAPTER 3.5. Financing

36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

(a)The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.
(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.
(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 4. Governance

36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.
(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.
(2) The improvements, maintenance, and activities to be provided for that fiscal year.
(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.
(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.
(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.
The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

36651. Designation of owners' association to provide improvements, maintenance, and activities

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

CHAPTER 5. Renewal

36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.
(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.
(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

CHAPTER 6. Disestablishment

36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:
(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.
(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the district who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.
(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.
(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

APPENDIX 3 – PARCEL ASSESSMENT CALCULATIONS

MAP KEY	AIN	LOT SIZE	SUNSET/ GLENDALE FRONTAGE	LIBERTY FRONTAGE	ASSESSMENT	TYPE
1	5404001008	6,930	49.5	0	$2,851.20	COM

APPENDIX 4 – TOTAL ESTIMATED COST OF IMPROVEMENTS AND ACTIVITIES

The estimated maximum cost of the line items below was developed based on the estimated costs of providing services in the proposed EPPBID. The costs below are estimated, the actual line item costs will fluctuate. The table below shows expenditures from assessment and non-assessment funds. The total maximum budget may exceed the maximum listed in this table if parcel ownership changes result in parcels being assessed at a higher rate due to a higher estimated benefit.

Year	Clean and Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
2020	$298,830.46	$26,211.35	$87,849.14	$13,177.37	$13,177.37	$439,245.69
2021	$307,795.37	$26,997.69	$90,484.61	$13,572.69	$13,572.69	$452,423.05
2022	$317,029.24	$27,807.62	$93,199.15	$13,979.87	$13,979.87	$465,995.75
2023	$326,540.11	$28,641.85	$95,995.13	$14,399.27	$14,399.27	$479,975.63
2024	$336,336.32	$29,501.11	$98,874.98	$14,831.25	$14,831.25	$494,374.91
Total	$1,586,531.50	$139,159.62	$466,403.01	$69,960.45	$69,960.45	$2,332,015.03

Hi Stephanie,

I hope all is well! I would like to e-introduce you to our new Hollywood field deputy Sean Starkey. Can you add him to the CD13 roster and include him on these invites going forward?

Thank you!

Dan Halden
Director, *HEART of Hollywood*
Office of Councilmember Mitch O'Farrell, 13th District
(213) 473-2187 | daniel.halden@lacity.org | www.cd13.com

Hi Luis,
I just left you a voice mail. Councilmember O'Farrell asked me to contact you regarding what I understand are some delays in obtaining a tree removal permit for trees on Leland Way as part of the Essex project at 6230 Sunset Blvd.

The project was approved by City Council about a year ago and includes a historic preservation component (as well as preservation of most of the trees around the property).

I'm attaching the tree survey as provided by the applicant. Can you please let me know the status of this, and what can be done to ensure a swift resolution?

My numbers are:

Dan,
I'm off today but can you put on your list

- Gower and Romaine
- Lillian way south of Willoughby
- Eleanor east of Lillian way
- Cole north of Melrose
- Wilcox and Willoughby
- and of course Cole and Willoughby.

And that's just my area....I know you have to think of all Hollywood.

Thanks D.

Hi,

The problem is back happening again. These are a few photos I took today. I was out of town this weekend but just got home and evidently someone dumped furniture over the weekend and it has started to become an homeless encampment.... There are at least two people sleeping here.

> Hi Dan & Sylvan,
>
> I hope you are having a great week. Unfortunately, I am reaching out to you because of the same issue I have communicated to you about in the past - illegal dumping & homeless encampment. In the past month it has been an excessive amount of illegal dumping. As always, I have called the streets and sanitation to inform them. Unfortunately, they have either not come by and stated that they have or

come by and not picked up all of the items that have been dumped. I have attached a picture that I took today showing items that I called to have removed two weeks ago. The homeless are starting to gather and there are actually two homeless people sleeping under a blanket in the photo I have attached. Since these items were down two weeks ago I have called at least three times and still they have not been picked up. Additionally there has been graffiti put on the wall as you can see. This is only getting worse and I have been more than patient with trying to resolve the issue. I cannot take it anymore - it's not safe or sanitary. I am looking for another neighborhood some also because this is just unacceptable. Please follow up with streets and sanitation and have these items picked up immediately.

Hi Dan,

It troubles me to email you about this same issue again. Since we last emailed, there have been continuous illegal dumpings in front of my building. Everything from wood, head boards, bed rails, dishwashers, bed mattresses, garbage etc. This is not only an eye-sore but also a safety and health issue. I have continued to call the Bureau of Sanitation to pick these illegal dumpings up - but honestly, this is a waste of my time. I'm tired of taking picture, calling sanitation and emailing you all about this issue. It has come to my attention that since the dumpings started happening again - the parking lot - which is directly across from my buildings' front door and where ALL of the dumpings happen has been allowing moving rental trucks to park there. These moving trucks may be dumping some or all of this furniture. Regardless, the owner(s) of this lot need to be immediately held accountable. The rocks, gravel, debris, trash and dumpings are always coming from their lot. They are neglecting their property while causing a safety and health hazard to the rest of the public and block by allowing this to continue to happen. PLEASE contact the owner of the property to manage this because it is a MAJOR problem and the ONLY problem on this block.

Hi Daniel,

It has been a while since I emailed you all about this issue, but recently it has gotten bad again and needed to let you know. I have continued to call the Bureau of Sanitation to pick up items as they get dumped, as I have done for the past 2 days. I have attached a video & pics from today of a ridiculous amount of furniture that has been left in front of my building in the past two days. While sanitation says they are planning on coming to pick these items up, if there is ANYTHING additional you can do to prevent this from happening again - please let me know. Unfortunately, every time furniture is left here the homeless start to sleep and set-up here during the day and night.

Thank you,

On Dec 4, 2015, at 12:57 PM, Niena Drake <nienard@me.com> wrote:

Hi Daniel,

Per my conversation today with Sylvan, I am emailing you regarding a major issue I have been having right outside my front door. I am a resident at 6700 Franklin Place, Los Angeles, Ca 90028. There has been an increase of illegal dumping happening at an alarming rate in the past several months. Not only has the dumping been a health & safety hazard and nuisance to see but it has turned into a homeless encampment. During the day there could be anywhere from 2 to 5 people sleeping here. At nights that number doubles even sometimes triples.

I have done everything possible to combat and prevent this. I have called Street Services, 311, the Bureau of Sanitation and any other agency who I felt could help with the problem. I have even had to call the police several times. One of the more frightening times I had to call the police was because one of the homeless people snuck in and was hiding in my parking garage. He could have broken into a car, an apartment or assaulted me or someone else. I cannot express to you how frustrated and unsafe this is making me feel. I know I am not the only resident that lives on this block or at this building that has submitted complaints regarding the same issue. I have attached a few photos to show you. Please let me know the best way to move forward to prevent this issue from getting worse and to stop it completely from happening again.

Just a few more notes ...
- The dumping is coming from people who do not live in the buildings on the block.

- While I do not approach or speak to the homeless people, I have approached the dumpers when I see them doing it.

Niena D.

Gents,

We have indeed dealt with Hampton Brandon in several previous occasion within the entertainment district. He was a suspect on a battery case, and few days later a victim of another. He likes to create a scene on the street and solicit a response so he could "live stream" it. Det. Paul Hendry and his crews had dealing with him but not very cooperative. I will dig a bit deeper to see if there are other than 415 PC (Disorderly conduct) that we could push on this incident.

Dear Mr. OFarrell. This guy is know to LAPD for starting fights and committing crimes in and around Hollywood (esp on Hollywood Blvd). His nickname is "Hampton Brandon". Here is one of his incidents from I believe just today. He "livestreams" himself on youtube and other social media intentionally committing crimes such as dealing drugs, and assaulting people. He literally does it on camera. I know he has been arrested. Please help get this guy off the streets. Thank you. John S.

Gents,

We have indeed dealt with Hampton Brandon in several previous occasion within the entertainment district. He was a suspect on a battery case, and few days later a victim of another. He likes to create a scene on the street and solicit a response so he could "live stream" it. Det. Paul Hendry and his crews had dealing with him but not very cooperative. I will dig a bit deeper to see if there are other than 415 PC (Disorderly conduct) that we could push on this incident.

Lieutenant Michael Ling

Hollywood Entertainment District

Hi Adrian,

We chose the location order based on priority, size, and proximity to residences or sensitive areas (like schools). I would prefer not to deviate from the order if possible. In my view, Carlos Ave (adjacent to residents) is a higher priority than 753 Cole, which is not adjacent to residents. Let me know your thoughts. Thanks!

Hi everyone. I have a conflict this morning and will not be able to hold the call.

Please note that this Wednesday 10/18 is a CSI Day. The following locations are on the list:

1. Leland/el Centro
2. Hollywood Rec center
3. Homewood
4. Gower / Yucca / Carlos Ave

Blad and LASAN, please let me and the LAPD Hollywood personnel know what time LASAN will be starting on Wednesday. Also, please confirm that the postings have been completed.

Thanks!

Hi Daniel, how are you?
We, LASAN, learned that is not a safe practice. Per our conference call last Monday, people/transients dump used tires, used oil, hazardous waste, etc, and sometimes it turns into a fire hazard. In this particular exercise, transients might also dump buckets with human waste, needles and others. Please keep sending illegal dumping requests and will be scheduled based on calendar days of service. I appreciate your understanding.

Kind regards,

LA Sanitation!

Hello Dan, is it possible to set up a garbage dumpster in the area so I can have the transients throw out their trash, instead of piling it up at the corner. Let me know.

Thanks

Echo Park BID property ownership

10 messages

Jessica Whaley [redacted] Wed, Jan 11, 2017 at 5:00 PM
To: Juan Fregoso <juan.fregoso@lacity.org>

Hi Juan,

Hope all is well in this New Year! I need some urgent help in finding property ownership for two significant properties on the proposed BID district. We have adjusted the assessments and boundaries and that makes our TOP properties a bit different now. Do you have contact info for the following:

1. **McDonald's** (Owner Name: Franchise Realty interstate Corp). They own numbers 46, 45, 54, and 44 on the attached map.

2. **Rite Aid** (Owner Name: Bolo Corp), Parcels 43 on attached map.

The sooner you can get me this the better as we are setting a Steering Committee meeting in the next two weeks and we need the TOP owners in the know and at the table.

Thanks Juan.......and I know I owe you numbers for street poles/lighting. It got away from me with the holidays. I'll get on that ASAP!

Juan Fregoso <juan.fregoso@lacity.org> Wed, Jan 11, 2017 at 5:05 PM
To: Jessica Whaley [redacted] Amy Ablakat <amy.ablakat@lacity.org>

Hi Jessica,

I am looping in our Planning Deputy who can help us track down this information.

Can you please send the map? There was no attachment.

Amy,
Can we get the information for the property owners at:

1. **McDonald's** (Owner Name: Franchise Realty interstate Corp). They own numbers 46, 45, 54, and 44 on the attached map.

2. **Rite Aid** (Owner Name: Bolo Corp), Parcels 43 on attached map.

Hi Jessica,

Nice to meet you via email.

For your reference, I've listed the property owner information below. Unfortunately, there was no phone number or email address listed. I tried searching the internet but wasn't able to track the contact information. I will continue looking and let you know if I can find any information.

1. McDonald's (Owner Name: Franchise Realty Interstate Corp). C/O- Henry Garcia- Address: PO BOX 307, GLENDORA CA 91740

2. Rite Aid (Owner Name: Bolo Corp), Parcels 43 on attached map.-Address: P.O. BOX 92333 LOS ANGELES CA 90009

Partnerships. Progress. Prosperity.
Sacramento • Los Angeles

Echo Park PBID
Service Plan
March 17, 2017

BUDGET

This budget is an example of how funds could be allocated in the initial year. Budget categories may require adjustments up or down to continue the intended level of services. The Owners' Association Board of Directors will have the authority to re-allocate up to fifteen percent (15%) of total service budget between categories.

Service	%	$
Clean & Safe	70%	$292,622
Administration & Advocacy	20%	$83,606
Marketing & Events	6%	$25,082
Contingency / Reserve	3%	$12,541
City Administration Fee	1%	$4,180
TOTAL	**100%**	**$418,031**

SERVICES

Clean & Safe

The clean and safe program will focus on making the PBID a cleaner and safer place to do business. Clean and safe programs may include:

- Litter abatement.
- Graffiti removal.
- Powerwashing sidewalks to remove gum, stains, and dirt buildup.
- Weed abatement.
- Contracting with service providers for litter clean up and service of "bigbelly" trash receptacles.
- A homeless navigator program to mitigate the negative impacts of homeless individuals on assessed properties.
- Security services provided by dedicated private security patrols.
- Installation of security cameras.
- Community meetings to encourage regular communications and educate property owners and tenants on safety procedures.
- Coordination with the police department and other agencies to maximize efficiency and create a unified security program.

Administration & Advocacy

The administration portion of the budget will be utilized for administrative costs associated with provide the activities and improvements. Those costs may include rent, telephone charges, legal fees, accounting fees, postage, administrative staff, insurance, advocacy, efforts to secure additional funding for improvements to the district, support for development projects within the district and other general office expenses. Advocacy programs will utilize dedicated staff time to provide unified attention, communication, and responsiveness throughout the District and provide a unified voice to represent the District's best interests at local government agencies.

Marketing & Events

The Owners' Association will work in conjunction with the local Chamber of Commerce to promote, market, and brand the PBID as a desirable location to shop, dine, work, live and otherwise conduct business, which may include the use of pole banners, and wayfinding signage; promotional materials including visitors' guides (general or specific to arts, antiques, entertainment, restaurants, retail, services, and education), press releases, e-newsletters, e-calendars, a district web site; marketing research; special events and other similar projects. Marketing services will only be provided to individual assessable parcels within the PBID boundaries. The PBID will provide sponsorship and promotion of special events that attract potential customers and tenants to assessed parcels

Contingency / Reserve

The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration or renewal costs at the discretion of the Owners' Association. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the Owners' Association. Contingency/reserve funds may be spent on PBID programs or administrative and renewal costs as determined by the Owners' Association. The reserve fund may be used for the costs of renewing the PBID.

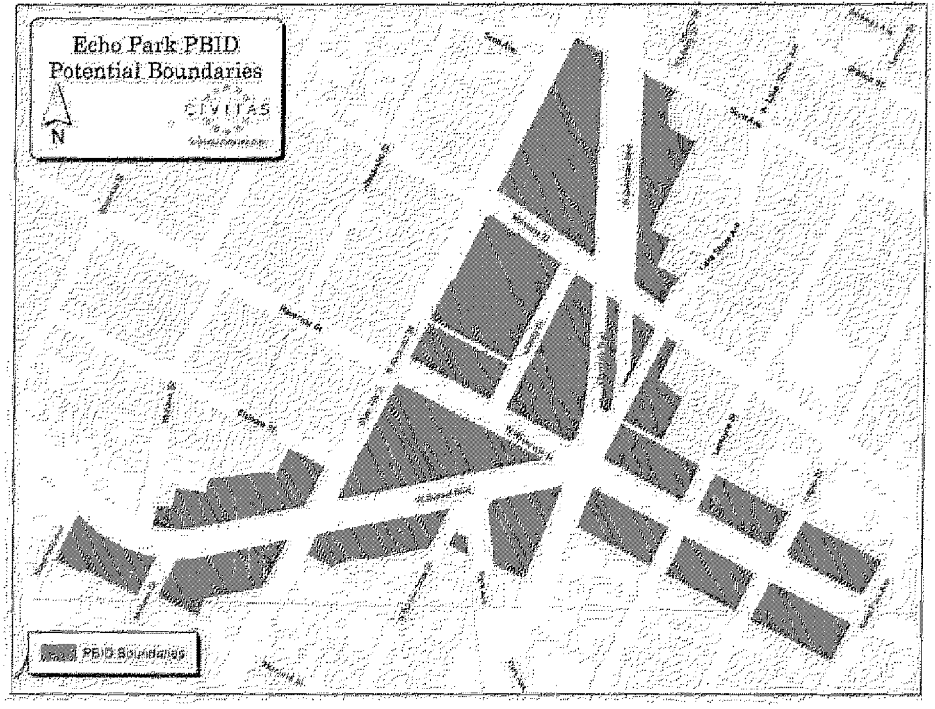
ASSESSMENT RATE

Parcels are assessed based on parcel type, parcel size, and parcel frontage. To determine a parcel's assessment, the applicable lot size and linear square foot rates in the table below are applied to the parcel's actual lot size and linear square foot on public streets within the PBID. The assessment rates are:

Parcel Type	**Lot Size Assessment Rate (sq. ft.)**	**Sunset/Glendale Frontage Assessment Rate (ln. ft.)**	**Liberty Frontage Assessment Rate (ln. ft.)**
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Non-Profit	$0.085	$16.90	$7.50

BOUNDARIES

The map to the right of the page illustrates the proposed PBID boundaries.



GOVERNANCE

The PBID will be managed by the Echo Park Chamber of Commerce. The Chamber must provide an annual report on activities and expenditures to the City, which is also available to property owners. The Chamber, when dealing with PBID business, must also hold open meetings and make records available pursuant to the Brown Act and Public Records Act.

The Bureau shall form a new standing advisory committee, to be known as the "TBD Committee." The committee shall have between x and y members, and be comprised of only representatives of assessed lodging businesses. The property owner committee shall be responsible for making recommendations to the Echo Park Chamber of Commerce board regarding PBID funds and programs.

TERM

The district would be formed for a 5 year period, with services commencing January 1, 2019. After the 5 year term, the PBID may be renewed for up to 10 years if property owners support continuing the programs.

Although the Certificate (see attached) says it's active, the City Records however show it is still not compliant with Tax.
I suggest that we communicate it with Civitas so they can contact Office and Finance.

For your information.

Hi Marisol,

There are several tasks to complete by the contractor that should have been done well before their most recent contract extension expired. Encouraging the consultant to stick to their agreed-to timeline would be the biggest help.

The original beginning of the the proposed Echo Park BID formation actually started with Civitas as the consultant around 2011. The City Attorney is updating the latest draft of Civitas's supplemental agreement to comply with the City's current contracting standards. When it is returned to me I will send it out for signature by the consultant. I will also send you a time line of the remaining tasks required to complete the formation.

Thank you very much.

Contract No. C-118452 Echo Park BID

8 messages

Juan Fregoso <juan.fregoso@lacity.org> Fri, Feb 2, 2018 at 4:59 PM
To: Miranda Paster <miranda.paster@lacity.org>, Rick Scott <rick.scott@lacity.org>
Cc: Marisol Rodriguez <marisol.rodriguez@lacity.org>

Hello Miranda and Rick,

My name is Juan Fregoso, Field Deputy here in Echo Park for Councilmember O'Farrell. Our office wanted to touch base regarding the contract for the Echo Park BID. The BID is very close to being established so we wanted to see when the contract would be extended. It is our understanding that the contract expired and they are waiting for the City to renew it. Do either of you know the timeline for when it will be ready/renewed?

We also wanted to know what the deliverables are for Civitas and what have they completed? Are there any outstanding items they have been paid for but not yet completed?

Please let us know if you have any questions or concerns.

Thank you both in advance for your help.

Hi Juan. Miranda is currently out of the office for an extended time.

The draft of the supplemental contract is with the City Attorney. When it is returned to me it will be sent to Civitas for signature.

Please contact me Monday and I can fill you in with the details concerning Civitas' deliverables and the timeline.

Thank you.

Thanks, Kamran.

Hi Nicole - we need to meet a as soon as possible to discuss the progress of this BID. Our office spoke to the City Attorney and the City Clerk's office this morning and learned information about the delays, expired contracts, management plans, etc. Councilmember O'Farrell asked me to set up an urgent meeting with Civitas.

We appreciate Civitas making themselves available this Friday for a meeting.

Thank you,

Echo Park BID formation background 2010-2018

9 messages

Rick Scott <rick.scott@lacity.org> Wed, Feb 7, 2018 at 2:31 PM
To: Marisol Rodriguez <marisol.rodriguez@lacity.org>
Cc: Juan Fregoso <juan.fregoso@lacity.org>, Shannon Hoppes <shannon.hoppes@lacity.org>

Echo Park BID formation background 2010-2018

The original contract to form the proposed Echo Park BID was brought about by a motion (CF-10-0154) adopted by Council on 4/9/2010. An RFP was released and Civitas was chosen as the consultant on 9/23/2010. https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=10-0154

The original contract was for $80,000, with a term of 1/25/2011 – 5/1/2013, was funded (per the adopted motion, CF-10-0154) by $40,000 from the City's BID Trust Fund 659 and matching funds of $40,000 to come from the proponent group(s). See the attachment for the tasks and delivery schedule for the original contract.

https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccon.viewrecord&contractnum=C-118452

A total of $24,650 was paid out between 2011 and 2013 to the consultant from the original contract from the City's $40,000 (with $15,350 remaining) for tasks 1, 2 & 3 (Feasibility Study-8/31/11, Database of potential assessees-10/31/11, and Management Plan and Engineers report-4/16/13), less a 15% completion holdback per the contract.

During this time, the $40,000 matching funds from the Echo Park Chamber of Commerce and other business community entities was never received. I researched all this information and amounts and then verified my findings with accounting.

This was not my BID when the original contract was awarded. I became the analyst for the Echo Park BID formation in December of 2012. I do not know the reason for the contract being executed and work commencing prior to the all the funding for the contract being in place which is contrary to City Clerk practice.

On 4/18/2013, per the request of the consultant and prior to the expiration of the original contract, an amendment to extend the contract for one year was drawn up and sent to Civitas for signature. It was never returned and there was no response.

On 5/1/13, the original contract with Civitas expired.

On 10/26/2015 Civitas contacted the City Clerk with a proposal to restart the contract and complete the formation for $60,000 (with $40,000 coming from the City's original funds and $20,000 to come from the BID proponents who had not yet delivered their matching funds per the original Council motion). Civitas had proposed a new task list and due date and delivery/payment schedule. The City Attorney balked at renewing the contract at the time and said we needed the tasks to more closely follow the original contract.

On 1/11/2016 Civitas sent a letter to the City Clerk outlining why the formation had not been completed and providing a task delivery schedule more closely aligned with the original. The City Attorney opined that a motion by Council was necessary to accomplish all this and restart the contract. The City Clerk presented all this information in a report to Council.

On 5/26/2016 Council adopted a motion authorizing the City Clerk to restart the contract with Civitas for $60,000 and accept $20,000 from the proponent group as matching funds.

On 6/30/2016 the Echo Park BID formation proponent group delivered $20,000 to the City Clerk which was placed in the BID 659 Trust Fund.

On 7/19/2016 the 1st supplemental contract to complete the formation of the proposed Echo Park BID. (See attachment for deliverables and task schedule per this contract).

On 1/18/2017 Civitas submitted a Database of Potential Assessees for verification. A number of errors were identified by the City Clerk's NBID Technical Research and these issues were noted and returned to the consultant for correction on 2/21/2017. The data was returned by the consultant verified on 3/27/2017.

On 4/13/2017 Civitas billed $3,500 for the Database task. The total amount for that task was actually $8,500. The invoice was processed and returned by the Controllers Financial Management System for an error with the contractor's BTRC. By 6/28/2017 the consultant had addressed this issue. The invoice was resubmitted and kicked back again by the Controller's FMS with additional issues for the consultant resolve. Payment was eventually issued on 9/15/17 after the supplemental contract had expired on 8/1/2017.

The City Attorney opined that the BID proponent group would have to ask to have the contract renewed.

On 12/18/2017, the BID proponent group sent a letter to the City Attorney asking to have the contract renewed.

The City Attorney said the contract would have to be updated to the current City Standard and a motion from Council was necessary to re-start the contract based on the consultant's performance since 2011.

2/7/2018 - A new version of the consultant contract is being drafted and report to Council will be prepared.

Please contact me if you have any questions or require additional information.

Thank you.

Hi Kamran,

We spoke to the Clerks office this morning, we need to set up a meeting with Civitas ASAP, preferably this week if possible - maybe Friday?

We really need to have them step up. Juan can brief you a bit more over the phone.

Please do not share this email with them until we have our meeting.

Thanks

Hi Rick,

I just gave you call and wanted to follow up with a quick email.

We would like to move forward with a one year extension to the contract for the Echo Park BID. Please advise on when we can expect the updated contract so we can move forward with the motion.

We had some did want to get some clarification on what Civitas has been paid for. Per your email, the deliverable Civitas was paid (less 15% holdback) for was:

Feasibility Study-8/31/11
Database of potential assessees-10/31/11
Management Plan and Engineers report-4/16/13

The spreadsheet for the 2013 Consultant Invoice it states that they were paid $11,900 with a hold back of $2,100. As we were looking at the 2017 Invoice, it states that they have not been paid for the Management Plan and Engineer Report. Can you help with clarification?

Please feel free to give me a call when you are available.

Thank you for all your help.

Hi Juan. I've already left for the day (I come in at 6 am during the week). I'll be back Monday.

We are completely swamped with 9 PBID renewals, 3 modifications and 2 other formations all with cannot-miss deadlines to make the tax rolls for 2019 right now. Those items are the priority

I'll do the best I can with Civitas/Echo Park but now there is a long line in front of them that they themselves put there -- many, many, many problems are caused for us by contractors who don't fulfill their obligations.

To clarify your questions: Civitas was paid for the Feasibility Study-8/31/11, Database of potential assessees-10/31/11 and Management Plan and Engineers report-4/16/13. All that was from the original contract -- and all from City money because the proponent group never did their agreed-to part during that time.

The only item still valid is the Feasibility Study. The database and management plan are not.

The new contract requires Civitas to do all the tasks for BID establishment again except for the feasibility study--basically starting over again. One problem is that the only task they did before they let their 2016 contract expire was the database (that they even turned-in late under the terms new contract). That database is nearly a year old now and will have to be re-done. Like I said, many, many, many problems are caused for us by contractors who don't fulfill their obligations.

It usually doesn't work this way but this one's been a fiasco. We'll straighten it out though. I should have everything you need next week sometime.

Thanks.

Echo Park BID formation background 2010-2018

9 messages

Rick Scott <rick.scott@lacity.org> Wed, Feb 7, 2018 at 2:31 PM

Cc: Juan Fregoso <juan.fregoso@lacity.org>, Shannon Hoppes <shannon.hoppes@lacity.org>

Echo Park BID formation background 2010-2018

The original contract to form the proposed Echo Park BID was brought about by a motion (CF-10-0154) adopted by Council on 4/9/2010. An RFP was released and Civitas was chosen as the consultant on 9/23/2010. https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccfi.viewrecord&cfnumber=10-0154

The original contract was for $80,000, with a term of 1/25/2011 – 5/1/2013, was funded (per the adopted motion, CF-10-0154) by $40,000 from the City's BID Trust Fund 659 and matching funds of $40,000 to come from the proponent group(s). See the attachment for the tasks and delivery schedule for the original contract.

https://cityclerk.lacity.org/lacityclerkconnect/index.cfm?fa=ccon.viewrecord&contractnum=C-118452

A total of $24,650 was paid out between 2011 and 2013 to the consultant from the original contract from the City's $40,000 (with $15,350 remaining) for tasks 1, 2 & 3 (Feasibility Study-8/31/11, Database of potential assessees-10/31/11, and Management Plan and Engineers report-4/16/13), less a 15% completion holdback per the contract.

During this time, the $40,000 matching funds from the Echo Park Chamber of Commerce and other business community entities was never received. I researched all this information and amounts and then verified my findings with accounting.

This was not my BID when the original contract was awarded. I became the analyst for the Echo Park BID formation in December of 2012. I do not know the reason for the contract being executed and work commencing prior to the all the funding for the contract being in place which is contrary to City Clerk practice.

On 4/18/2013, per the request of the consultant and prior to the expiration of the original contract, an amendment to extend the contract for one year was drawn up and sent to Civitas for signature. It was never returned and there was no response.

On 5/1/13, the original contract with Civitas expired.

On 10/26/2015 Civitas contacted the City Clerk with a proposal to restart the contract and complete the formation for $60,000 (with $40,000 coming from the City's original funds and $20,000 to come from the BID proponents who had not yet delivered their matching funds per the original Council motion). Civitas had proposed a new task list and due date and delivery/payment schedule. The City Attorney balked at renewing the contract at the time and said we needed the tasks to more closely follow the original contract.

On 1/11/2016 Civitas sent a letter to the City Clerk outlining why the formation had not been completed and providing a task delivery schedule more closely aligned with the original. The City Attorney opined that a motion by Council was necessary to accomplish all this and restart the contract. The City Clerk presented all this information in a report to Council.

On 5/26/2016 Council adopted a motion authorizing the City Clerk to restart the contract with Civitas for $60,000 and accept $20,000 from the proponent group as matching funds.

On 6/30/2016 the Echo Park BID formation proponent group delivered $20,000 to the City Clerk which was placed in the BID 659 Trust Fund.

On 7/19/2016 the 1st supplemental contract to complete the formation of the proposed Echo Park BID. (See attachment for deliverables and task schedule per this contract).

On 1/18/2017 Civitas submitted a Database of Potential Assessees for verification. A number of errors were identified by the City Clerk's NBID Technical Research and these issues were noted and returned to the consultant for correction on 2/21/2017. The data was returned by the consultant verified on 3/27/2017.

On 4/13/2017 Civitas billed $3,500 for the Database task. The total amount for that task was actually $8,500. The invoice was processed and returned by the Controllers Financial Management System for an error with the contractor's BTRC. By 6/28/2017 the consultant had addressed this issue. The invoice was resubmitted and kicked back again by the Controller's FMS with additional issues for the consultant resolve. Payment was eventually issued on 9/15/17 after the supplemental contract had expired on 8/1/2017.

The City Attorney opined that the BID proponent group would have to ask to have the contract renewed.

On 12/18/2017, the BID proponent group sent a letter to the City Attorney asking to have the contract renewed.

The City Attorney said the contract would have to be updated to the current City Standard and a motion from Council was necessary to re-start the contract based on the consultant's performance since 2011.

2/7/2018 - A new version of the consultant contract is being drafted and report to Council will be prepared.

Please contact me if you have any questions or require additional information.

Thank you.

Hi Kamran,

We spoke to the Clerks office this morning, we need to set up a meeting with Civitas ASAP, preferably this week if possible - maybe Friday?

We really need to have them step up. Juan can brief you a bit more over the phone.

Please do not share this email with them until we have our meeting.

Thanks

Hi Rick,

Thank you for taking the time to talk to us this morning and for the updated information.

We are going to meet with the Chamber and Civitas in the next few days and will keep you updated as we get information to share.

Thanks again for all your help.

I look forward to working with you and your team.

Talk to you soon.

Hi Rick,

I just gave you call and wanted to follow up with a quick email.

We would like to move forward with a one year extension to the contract for the Echo Park BID. Please advise on when we can expect the updated contract so we can move forward with the motion.

We had some did want to get some clarification on what Civitas has been paid for. Per your email, the deliverable Civitas was paid (less 15% holdback) for was:

Feasibility Study-8/31/11
Database of potential assessees-10/31/11
Management Plan and Engineers report-4/16/13

The spreadsheet for the 2013 Consultant Invoice it states that they were paid $11,900 with a hold back of $2,100. As we were looking at the 2017 Invoice, it states that they have not been paid for the Management Plan and Engineer Report. Can you help with clarification?

Please feel free to give me a call when you are available.

Thank you for all your help.

Echo Park/Civitas contract extension

3 messages

Rick Scott <rick.scott@lacity.org> Tue, Feb 13, 2018 at 3:34 PM
To: Juan Fregoso <juan.fregoso@lacity.org>
Cc: Marisol Rodriguez <marisol.rodriguez@lacity.org>, Shannon Hoppes <shannon.hoppes@lacity.org>

Juan,

Would you rather have our office do a Clerk Report to Council or your office do a Motion to extend the contract with Civitas to form the Echo Park BID.

The City Clerk has suggested that a Clerk Report would be better as it would be quicker and have all the items we need to get the contract out. A motion would still require us to do a Clerk Report.

Let me know.

Thanks.

Hi Rita,

Thanks for reaching out. Our office is supportive of moving the Hollywood-Western BID contract extension forward with Urban Place. I'm adding our Chief of Staff, Jeanne Min on here who can assist with a motion.

We also would like to extend the Echo Park BID. I am in contact with Rick Scott and our office will be taking the lead with Civitas to ensure there aren't any further delays (nor the consultant nor the Chamber).

Can we include both BID's in one motion or do they have to be two?

Thanks!

There is not a problem doing one motion for both proposed BIDs. Keep in mind that each has a separate Council File number, so it's "cleaner" to do two separate motions.

Since we'll need a staff report for Council, I've drafted the Clerk Report for Hollywood Western and am awaiting comments back from Executive Staff. Once ready, we can submit for EDC, at which point you can request to waive out of Committee.

Hi-
I read Rita's response for the supplemental agreement for EP BID, but both contracts have expired.
Shouldn't we start anew on both? I would rather reset and start fresh.

Btw -Is Urban Place the consultant we met with re: Hollywood Western BID? Are they sub-ing w Jose?

THanks,

EP Draft Motion 021618.docx
9K

MOTION

The Echo Park Chamber of Commerce, which proposed the formation of the Echo Park Business Improvement District (BID), has requested that contract (C-118452) between the City and Civitas (Consultant), for services and activities related to the proposed formation of the Echo Park BID be extended.

On April 9, 2010, the City Council (Council File No. 10-0154) authorized the expenditure of up to $40,000 from the Business Improvement District Trust Fund No. 659, and $40,000 as matching funds from the Echo Park Chamber of Commerce or other entity for activities related to the establishment of the Echo Park Business Improvement District. The City Council further authorized the City Clerk to prepare, execute, and administer a contract between the City and a consulting firm to be chosen through a request for proposal process to provide consulting services for the formation of the Echo Park Business Improvement District. On November 23, 2010, the Echo Park Evaluation Committee selected CIVITAS to provide consulting services. The resulting Contract No. C-118452 expired on May 1, 2013.

On May 18, 2016, the City Council authorized the City Clerk to prepare, execute, and administer a supplemental agreement to Contract No. C-118452 amending the original contract to allow Civitas to continue and complete the remaining formation activities. Additionally, the City Council reduced the original contract cost to $60,000 by reducing the matching funds required from the proponent group to $20,000. The City Council further authorized the City Clerk to accept said $20,000 from the proponent group to complete the formation. The resulting supplement to Contract No. C-118452 expired on August 1, 2017 prior to the completion of the formation.

To date, the consultant has been paid a total of $32,500 (less a 15% withhold per the terms of contract) for Tasks 1, 2 and 3 of the original formation contract and Task 3 of the first supplemental contract in accordance with the amended deliverables of said supplemental agreement.

On December 18, 2017, the Echo Park Chamber of Commerce sent a letter to the City requesting an extension of the contract with Civitas.

The establishment of the proposed Echo Park BID will empower private property owners to create efficiencies and provide a higher level of services as that provided by the city. The work of the proposed Echo Park BID would serve to support and improve beautification efforts, and enhance the economic and environmental vitality of the area.

I THEREFORE MOVE that the City Council instruct the City Clerk to provide the necessary assistance to continue the formation of the Echo Park Business Improvement District.

I FURTHER MOVE that the City Council, subject to the approval of the Mayor:

1. Authorize the City Clerk to prepare, execute and administer a second supplemental agreement to contract C-118452 between the City and Civitas for the completion of the Echo Park Business Improvement District formation services. The second supplemental agreement amends the original contract by reducing the total contract cost to $27,500 for the remaining deliverables and updates the corresponding timeline, subject to the approval of the City Attorney as to form and legality.

2. Authorize the City Clerk to make any technical amendments needed to effectuate the intent of this motion.

MOTION

The Echo Park Chamber of Commerce, which proposed the formation of the Echo Park Business Improvement District (BID), has requested that contract (C-118452) between the City and Civitas (Consultant), for services and activities related to the proposed formation of the Echo Park BID be extended.

On April 9, 2010, the City Council (Council File No. 10-0154) authorized the expenditure of up to $40,000 from the Business Improvement District Trust Fund No. 659, and $40,000 as matching funds from the Echo Park Chamber of Commerce or other entity for activities related to the establishment of the Echo Park Business Improvement District. The City Council further authorized the City Clerk to prepare, execute, and administer a contract between the City and a consulting firm to be chosen through a request for proposal process to provide consulting services for the formation of the Echo Park Business Improvement District. On November 23, 2010, the Echo Park Evaluation Committee selected CIVITAS to provide consulting services. The resulting Contract No. C-118452 expired on May 1, 2013.

On May 18, 2016, the City Council authorized the City Clerk to prepare, execute, and administer a supplemental agreement to Contract No. C-118452 amending the original contract to allow Civitas to continue and complete the remaining formation activities. Additionally, the City Council reduced the original contract cost to $60,000 by reducing the matching funds required from the proponent group to $20,000. The City Council further authorized the City Clerk to accept said $20,000 from the proponent group to complete the formation. The resulting supplement to Contract No. C-118452 expired on August 1, 2017 prior to the completion of the formation.

To date, the consultant has been paid a total of $32,500 (less a 15% withhold per the terms of contract) for Tasks 1, 2 and 3 of the original formation contract and Task 3 of the first supplemental contract in accordance with the amended deliverables of said supplemental agreement.

On December 18, 2017, the Echo Park Chamber of Commerce sent a letter to the City requesting an extension of the contract with Civitas.

The establishment of the proposed Echo Park BID will empower private property owners to create efficiencies and provide a higher level of services as that provided by the city. The work of the proposed Echo Park BID would serve to support and improve beautification efforts, and enhance the economic and environmental vitality of the area.

I THEREFORE MOVE that the City Council instruct the City Clerk to provide the necessary assistance to continue the formation of the Echo Park Business Improvement District.

I FURTHER MOVE that the City Council, subject to the approval of the Mayor:

1. Authorize the City Clerk to prepare, execute and administer a second supplemental agreement to contract C-118452 between the City and Civitas for the completion of the Echo Park Business Improvement District formation services. The second supplemental agreement amends the original contract by reducing the total contract cost to $27,500 for the remaining deliverables and updates the corresponding timeline, subject to the approval of the City Attorney as to form and legality.

2. Authorize the City Clerk to make any technical amendments needed to effectuate the intent of this motion.

Hi Kamran,

We will be calling into the meeting. I spoke with Juan yesterday and let him know that until we have a contract with the City Clerk we will have to meet by phone.

One thing we will need to discuss on Tuesday is the timeline. There are multiple steps we need to take before we get to the petition and ballot process. I talked with Juan yesterday regarding the timeline and next steps. He is going to connect with Marisol and the City Clerk's office to get an understanding of a realistic timeline with the City for us to review during the meeting.

Have a good weekend!
Nichole

To: Juan Fregoso <juan.fregoso@lacity.org>, nfarley@civitasadvisors.com, marisol.rodriguez@lacity.org, Kamran Valanejad <p@epcc.la>, gtrechter@civitasadvisors.com

Hi all,

Thanks for the call - we're looking forward to getting this BID off the ground!

We understand the next couple of steps are:

1. From Civitas: Scope of work done and scope of work to do in relation to what was spent and our remaining funds (and do we have enough to cover everything?)
2. Confirm the contracts from prior years and current contract under review are extensions & not new contracts

Direct link to the spreadsheet should anyone need ite: https://docs.google.com/spreadsheets/d/1tvupv1fzLlhcRxoTKAV7-oa21BKfHNM3GVsde1NjJb8/edit#gid=505595000

And we don't want to forget that we need some assistance from Nichole in regards to the language in the PBID for nonprofit contribution percentages. Kamran recommended that we can reduce the cleaning services provided to the churches in the boundaries.

Thanks again!

Hi Marisol and Juan,

I wanted to follow up on our call. Civitas is willing to continue to work on the Echo Park PBID and see it through to the formation. I believe that many of the frustrations around communication and missing deliverable deadlines you expressed are they same frustration we experience in the 2016 extension. We look forward to starting new and will make sure to include you in all future correspondence with the Chamber related to the deliverables.

Once we have an opportunity to review to contract extension, I would like to schedule a call between the four of us to review the remaining scope and deliverables to agree upon a timeline that will be shared with the Chamber.

Best,
Nichole

Hi Kelly,

You will need to direct us to the decreased levels of service for the non-profit parcels. If you plan to reduce the cleaning services then I will need to have a general idea to which their cleaning services will be reduced. Will they receive 50% fewer services? Or will you be eliminating specific potential cleaning services? We will draft the language in the engineer's report reflecting the reduction of service you plan to provide them.

Hi Nichole,
Thanks for this. It would be whatever we need to do to be in line with the amount discounted. We could do X days less of cleaning per week in line with that. We're looking to you for advice on this. Our net result is we'd like to make sure that the Non-profits in the area are not assessed as much.

Hi Kamran,

Right now we are waiting for the City to send us over a new contract, Gina and I can not do any work on this until we have received, reviewed, and both parties have signed the contract extension.

Best,
Nichole

Hi Nichole and Gina,

Unfortunately I was under the weather and was unable to join yesterday's call. From what I understand the City Clerk mailed the contract out to you, which should be received by the end of this week. Please let us know once you send it back so we can be on the lookout.

Once the contract is finalized, I would really like to sit down, in person and work hand in hand with the direct contact from Civitas who will help see this BID through. Per our last call in February we agreed on:

- Having weekly calls
- Extending the contract to one year
- Civitas and the council office coming to an agreement on acceptable dates for deliverables

On our end, we will continue to push for City departments to get the responses we need to keep this moving forward, but as I have mentioned in the past, we need the same commitment from Civitas.

Thank you.

Hi Marisol,
We received the contract on Friday, April 20th. We are in the process of completing the contract packet to send back to the Rick in the clerks office.

As I mentioned on the phone last week with Juan, we will draft a timeline in accordance with the timeline provided by the Clerks office in the contract this week.

Gina is out this week and next but I would he happy to set up a call with you and Juan to discuss next steps. When she returns, she can work with you directly to schedule a meeting in your office.

We had agreed to weekly calls as needed to complete our deliverables to the contract. When we review the timeline with the entire team, we will address the questions we need direction on to move forward.

Best,
Nichole

Thanks, Nichole. I look forward to working with the team to see this BID through. Please be assured that our office will assist in moving this along to the best of our ability on our end with the City Attorney and Clerk's office. We know there are limitations in terms of staffing at both of these offices, but wee are eager to get this BID off the ground.

Good Morning Marisol and Juan,

Attached is a project timeline from Civitas, based on our contract deliverables and the 2019 PBID Formation Timeline produced by the City Clerks Office.

I would like to propose the following times for us to review the timeline, and the service plan (also attached) so we can begin drafting the Management District Plan:
- Tuesday, May 8 (Nichole and Gina in person) Anytime
- Thursday, May 10 (Conference Call) Anytime

Best,
Nichole

Proposed Echo Park BID greenlight to go out to petition 11/21/18

4 messages

Rick Scott <rick.scott@lacity.org> Wed, Nov 21, 2018 at 12:25 PM

Gina/KamranV,

The City Clerk's office has approved the final draft (dated 11/19/18) of the proposed Echo Park property-based management district plan and Engineer's Report (MDP & ER) as the Final versions for submittal to Council. Congratulations and good job.

Once the final petition format has been submitted to our office and approved please begin gathering signed petitions from the proposed district's stakeholders based on the assessment data in the approved MDP for the formal Prop 218 establishment process and return them to our office in daily batches as they are collected. Please ensure that ALL stakeholders that are to be assessed receive a petition.

We will proceed to Council when just over 50% petitions of the first year's total assessment have been verified by our Technical Research staff. Please see the attached suggested timeline for renewal.

Please contact me if you have any questions.

Thank you.

I've reached out to the City Attorney for an opinion regarding Kamran's question.

Gina - as the petitions are collected (this is for whoever is doing the gathering), at the end of each day as they are gathered they should be pdf'd and sent as a batch to Mario Montez (cc'd on this email) who will be verifying and tallying them. If he finds an issue with a petition he will return it for clarification. So, yes, they can be scanned in order to be pdf'd but keep the original in case we need it.

Thanks.

Hi Rick
We had an excellent luncheon yesterday with Mitch Ofarrell and Nicole, the executive director of the east Hollywood bid speaking as well.

We got several signatures on the spot and are pushing to get the rest that we need over the next week or so. We will keep you updated.

Please remember that unless a petition is **<u>'completely filled out'</u>**<u>-every section including the statement of authority box (signed as well)</u>, it cannot be counted and will be returned to the BID proponents to be completed.

Also keep in mind that unless the BID reaches 50% by March 15th, we cannot guarantee that it will be able to establish in time to be placed on the 2020 County tax rolls and may have to wait until 2021 to begin operation as the City will not direct bill a property BID.

Thank you,

Hi rick
We are working toward that and will have James at Golden west resolve.

If the city attorney could reconsider allowing docusign/hellosign, it would help us with speed and accuracy a great deal. Just getting 5 minutes to sit with folks to sign has been quite difficult, especially since many folks are not in the neighborhood. These are folks who have verbally said they will support the bid and gave challenging schedules.

David
Just talked with Juan at cd13. They are getting approved for one way on Liberty and are ready to make some street improvements. If you have time we would like to meet to scope your potential services for the combined effort.

Very exciting Kamran and Juan!

I could do Tuesday at 3pm or Wednesday at 830am? Also Wednesday at 2pm works.

Please advise and thank you, looking forward.

Best,

DAVID GODSHALL

Jessica Whaley has accepted this invitation.

Echo Park BID Meeting w/ Jessica Whaley

Hi Juan,

Thank you for taking the time to chat with me today. I look forward to meeting further regarding the proposed Echo Park BID. Let me know some time frames that work for you next week and I'd like to get the Civitas consultant at the meeting as well.

Thanks so much for your help with this.

Look forward to meeting.

Hi Juan,

Thank you for taking the time to chat with me today. I look forward to meeting further regarding the proposed Echo Park BID. Let me know some time frames that work for you next week and I'd like to get the Civitas consultant at the meeting as well.

Also happy to get you info on lighting on my street. Just remind me exactly what you need and if you can provide me contact information for LADOT so I can try and make my case for possibly purchasing a permit that would be helpful as well.

Thanks so much for your help with this.

Look forward to meeting.

/Jessica

Hi Juan,
Reaching out again to see what your availability is for a meeting re: Echo Park BID. Does next Thursday work for you some time?
[Quoted text hidden]

Juan Fregoso <juan.fregoso@lacity.org> Fri, Dec 2, 2016 at 11:57 AM
To: Jessica Whaley [redacted]

Hi Jessica,

Sorry for the delay.

10am next Thursday from 10am-11am works best for me. Please confirm so I can send out the Calendar invite.

As for the poles, I just need the number on the yellow tags along the poles. They usually start with an "M". Any of the wooden poles you see without lights would be ideal.

See you soon.

Ok. Let me target those. Do we have any manager contacts.

Juan / Christin: do you have any McDonalds or rite aide contacts ? Or landowner contacts ? Both should be Triple net leases and passed to tenant.

Thanks.

Hi Juan! We have made some really great ground with the BID, and am proud to provide the update that we've gained some great ground on the numbers.

- Support + Lean Support (includes city properties): 54.85%
- Add in the handful of property owners I've been talking to as of late (who I believe will support), that puts us at 63.41%

We have some more followup to do from our latest walk, so the numbers I believe will only imporove.

Happy to talk through more of these numbers if you want to hop on a call!

Hello Kamran and All,

I wanted to see if we could reschedule our BID meeting to next week. Marisol is out sick today and will not be able to attend.

Can you let me know what day/time will work for the Chamber either next Thursday or Friday?

Thank you al for your help and I apologize for the last minute change.

Let me know if you have some questions.

Talk to you soon .

To: KamranV <p@epcc.la>
Cc: Kelly Erickson <kellyEPCC@gmail.com>, Rhonda Reynolds <masaofechopark@sbcglobal.net>, EPCC <board@epcc.la>

Thanks Kamran for the follow up and again for the invite last night.

We can meet on the following dates/times:

Thursday Dec. 14th from 11am - 1pm
Thursday Dec. 21st from 11am - 12pm
Friday Dec. 22nd from 9:30am - 12pm

Please let me know what will work so I can put a hold on our calendars.

There is NO CAMPING ALLOWED on our sidewalks during the hours of 6am to 9pm.

SEND THE POLICE TO ISSUE CITATIONS SO WE CAN USE OUR SIDEWALKS AGAIN BEFORE YOU RECEIVE A LAWSUITS FROM ME AND A GROUP OF CITIZENS.

Mitch -
How how do you allow this? People camping anywhere in the city in broad day light? This is despicable, and absolutely disgusting.

This is called ANACHY Mitch - where everyone is allowed to do as they pleased. And where the police is nowhere to be found to help the citizens.

To: Daniel Halden <Daniel.Halden@lacity.org>

Hey Dan,

I just got a call from Alla Kalaydjian regarding the encampment on El Cerrito Pl. Apparently one of the individuals at the encampment was arrested by LAPD when he was attacking one of the employees at 1724 El Cerrito Pl. The owner called the police station today and found out that the individual was released even though he had warrants out for his arrest.

She called to find out why he was released.

Property owner next door:

Tony
1724 El Cerrito
(310) 490-6665
He's also the one who called LAPD when his employee was being attacked.

Hi. The CPRA we just completed for Target has become another exercise.

Dave & William: Need you to check both CM accounts and confirm your searches.
Everyone: Please check all emails (city and personal) as well as other files you may possess. If you choose to print it out for me, please do so as ONE-SIDED! Otherwise, you may scan and send to me as attachment(s).

Also, only redact *personal* email addresses and phone/addresses. We will leave the names of individuals and their affiliation (company info, neighborhood council/association) unredacted.
City/government email addresses and contact information do not get redacted.

I need the following for Request #6:

"ALL Documents from **August 1, 2013** through the date of your compliance with this request which refer or relate in any manner to the **La Mirada Avenue Neighborhood Association, the Citizens Coalition of Los Angeles, Doug Haines, Robert Blue, Bill Zide and/or David Bell.**" -----does not need to be about Target------

Call me if you have any questions.

Let's plan to produce them by 11/17.

Thanks for ALL your attention to this matter.

Mr. Wright:

This letter is in response to your request received by Council District 13 seeking records pertaining to the Target at Sunset and Western Project. Attached you will find the first batch of responsive documents. The second batch will subsequently follow in a separate email.

However, to follow up from my email dated Oct 31, 2017 (which you did not provide response), this office seeks clarification regarding request #6. Your request is for "All documents from August 1, 2013 through the date of your compliance with this request which refer or relate in any manner to" with names of organizations and individuals. The office may have documents related to those entities/individuals listed regarding topics that do not relate to the Target at Sunset and Western Project.

If you wish to view those documents they are voluminous and I will require more time to produce.

Please confirm receipt of this correspondence and provide the clarification requested.

Thank you,

Good morning Rick,

Attached is a revised MDP + ER for the Echo Park PBID, based on your feedback. I've included both the redline and clean version.

Please let me know if you have any questions or concerns.

I know you're on Jury Duty but look forward to hearing back from you.

Have a great weekend,
Gina

> >
> > My paralegal and I would be happy to jump on a call next week to discuss the revisions or hear additional feedback. We are available the following times:

Mon 11/5: 11am-1:30pm
Tue 11/6: 8am-9am
Wed 11/7: 3:30pm-4:30pm

If these options don't work I can try and find another time.

I look forward to hearing back!

Regards,
Gina

I'll leave it to Rick's discretion, but I noticed that the written boundary description is a general description and only included in the MDP, not in the ER. I believe there needs to be a very specific and accurate written boundary description that matches the boundary map.

Gina, Nate and I phone conferenced yesterday on the final draft of the MDP & ER. When they get that back to me the BID may begin gathering petitions. Get 50% and we'll go to City Council and start the Prop 218 establishment process.

Gina,

I've attached the City of Los Angeles' petition template.

The City requires that a "yes" box be on the petition and per the City Attorney we require a statement of authority affidavit worded exactly as it is on our template.

We also strongly recommend that the actual site addresses be included in addition to APNs in order for stakeholders to know precisely what property is being referred to.

Remember also that is a requirement of your contract to ensure that ALL stakeholders in the proposed district receive a petition.

Contact me if you have any questions.

Thank you.

Rick,

Per our conversation, attached is what I hope is the final Management District Plan and Engineer's Report for the EPPBID. We took the draft version number off the Clean version with the expectation that this is the final version.

Please let us know if the Plan is approved so that we can move forward with the Petition Drive!

Regards,
Gina

I. OVERVIEW

Developed by a growing coalition of property owners, the Echo Park Property and Business Improvement District (EPPBID) is a benefit assessment district whose main goal is to provide improvements and activities which constitute and convey a special benefit to assessed parcels. This approach has been used successfully in other cities throughout the country to provide special benefits to property owners, namely increased sales, attraction of new tenants, increased occupancies, and specifically increased property values. As required by state law, property owners have created this Management District Plan (Plan) to form the EPPBID.

Location: The EPPBID generally includes parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles, as shown on the map in Section III.

Purpose: The purpose of the EPPBID is to provide activities and improvements which constitute and convey a special benefit to assessed parcels. The EPPBID will provide clean and safe, marketing and events, and related administration and outreach programs directly and only to assessed parcels within its boundaries. The intention of the EPPBID is to deliver supplemental services to assessed parcels within the EPPBID that are designed to increase commerce by attracting patrons to assessed parcels within the EPPBID, retention of businesses on assessed parcels within the EPPBID, and attraction of new businesses to the EPPBID.

Budget: The EPPBID annual budget for the first year of its five (5) year operation is anticipated to be $439,245.69. The annual budget may be subject to an increase in assessment rates of no more than three percent (3%) per year.

Cost: The EPPBID's source of revenue will be special assessments levied on specially benefitting parcels that receive improvements and activities within the EPPBID boundaries and other non-assessment revenue sources (such as grants and event income). The assessment rate (cost to the parcel owner) is based on the estimated special benefit provided to each assessed parcel. The assessment rate has been quantified using parcel type, parcel size, and parcel frontage along Sunset Blvd., Glendale Blvd., and Liberty Street. The initial annual rate to each parcel is shown in Engineer's Report (Section VII). Assessment rates may be subject to an increase of no more than three percent (3%) per year.

Formation: EPPBID formation requires submittal of petitions from property owners representing more than fifty percent (50%) of the total assessment. Proposition 218 requires a ballot vote in which more than fifty percent (50%) of the ballots received, weighted by assessment, be in support of the EPPBID.

Duration: The EPPBID will have a five (5) year life, beginning January 1, 2020 through December 31, 2024. Near the end of the term, the petition, ballot, and City Council hearing process must be repeated for the EPPBID to be renewed. The EPPBID is expected to begin services on or shortly after January 1, 2020. If the EPPBID is not renewed, services will sunset on December 31, 2024.

Management: The Echo Park Chamber of Commerce (the Chamber) will serve as the Owners' Association for the EPPBID.

II. BACKGROUND

The International Downtown Association estimates that more than 1,500 Property and Business Improvement Districts (PBIDs) currently operate throughout the United States and Canada. PBIDs are a time-tested tool for property owners who wish to come together and obtain collective services which benefit their properties.

PBIDs provide supplemental services in addition to those provided by local government. These improvements and activities are concentrated within a distinct geographic area and are funded by a special parcel assessment. Services and improvements are only provided to those who pay the assessment.

Although funds are collected by the local government, they are then directed to a private nonprofit. The nonprofit implements services and provides day-to-day oversight. The nonprofit is managed by a Board of Directors representing owners of assessed parcels within the PBID, to help ensure the services meet the needs of property owners and are responsive to changing conditions within the PBID.

PBIDs all over the globe have been proven to work by providing services that improve the overall viability of commercial districts, resulting in higher property values, lease rates, occupancy rates, and sales volumes.

The EPPBID will be formed pursuant to a state law that took effect in January of 1995. The "Property and Business Improvement District Law of 1994," which was signed into law by Governor Pete Wilson, ushered in a new generation of Property and Business Improvement Districts in California. Key provisions of the law include:

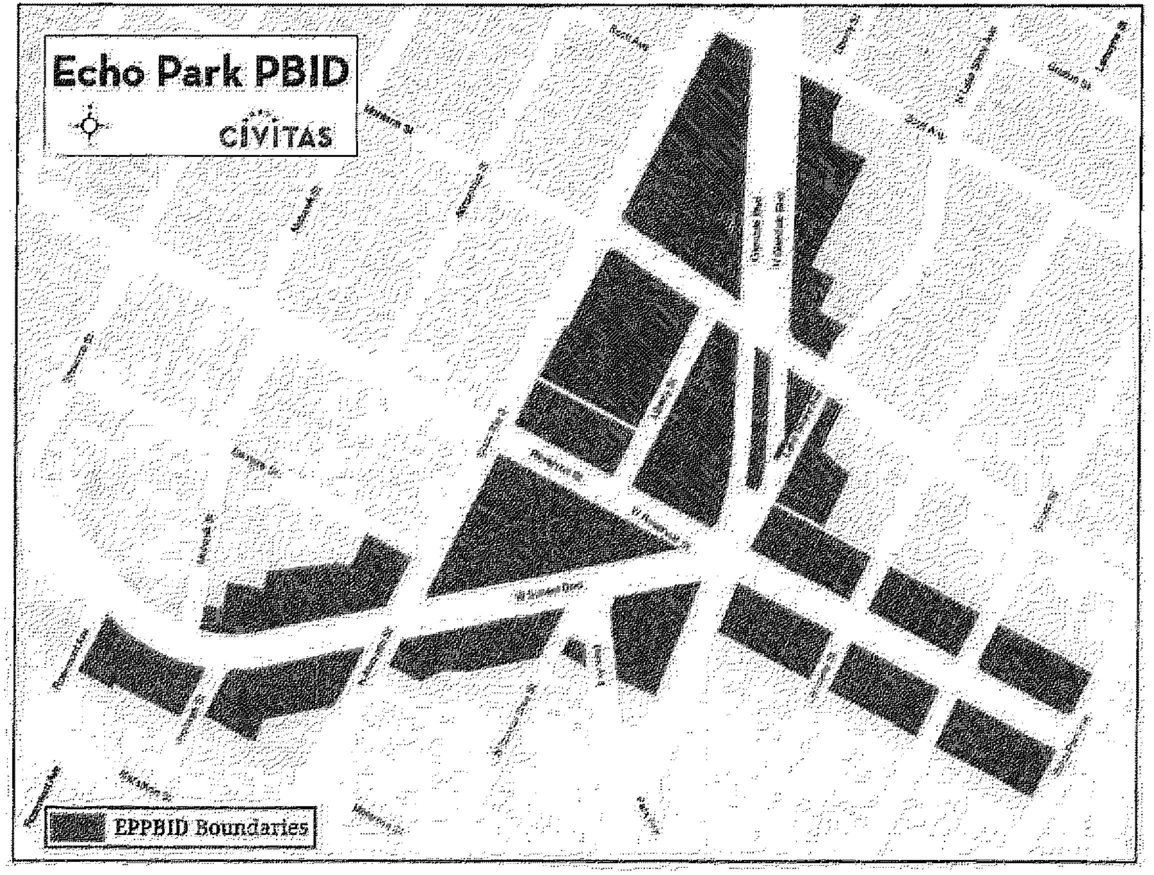
- Allows a wide variety of services which are tailored to meet specific needs of assessed properties in each individual PBID;
- Requires property owner input and support throughout the formation process;
- Requires written support on both a petition and ballot from property owners paying fifty percent (50%) of proposed assessments;
- Allows for a designated, private nonprofit corporation to manage funds and implement programs, with oversight from property owners and the City;
- Requires limits for assessment rates to ensure that they do not exceed the amount owners are willing to pay; and
- Requires the PBID be renewed after a certain time period, making it accountable to property owners.

The "Property and Business Improvement Business District Law of 1994" is provided in Appendix 2 of this document.

III. BOUNDARIES

The EPPBID will deliver activities and improvements to individual assessed parcels within the EPPBID. EPPBID boundaries and services were developed based on the special benefits to be received by individual assessed parcels. Parcels were reviewed to determine: (1) whether the parcel's zoning allows it to be included in the EPPBID; and (2) if the parcel would receive special benefits from the EPPBID's proposed activities and improvements. Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

The EPPBID boundaries include parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The EPPBID boundaries include 110 parcels with 81 parcel owners in a twenty (20) block area. The EPPBID boundary is illustrated by the map below and in Appendix 5. A larger map is available on request by calling (916)437-4300 or (800)999-7781.



IV. SERVICE PLAN & BUDGET

A. Establishment

Property and business owners in Echo Park have been concerned about the need for coordinated supplemental services in the area for several years. City services and efforts in the area have been welcomed, but limited resources have not allowed for a more comprehensive approach to managing the commercial area.

A service plan to provide special benefits to assessed properties was developed using several methods. A series of property owner meetings, a survey of property owners, an analysis of current property conditions and needs, and an intercept survey of visitors were all conducted. The primary needs identified were: increased cleanliness, security, and marketing. To meet those needs, the EPPBID will provide clean and safe, marketing and events, and related administration and outreach to assessed parcels within its boundaries.

B. Improvements and Activities

The EPPBID will provide supplemental improvements and activities that are above and beyond those provided by the City and other government agencies. None of the services to be provided by the EPPBID are provided by the City or other government agencies. The improvements and activities will be provided directly and only to assessed parcels; they will not be provided to parcels that are not assessed. Each and every service is unique to the EPPBID, thus the benefits provided are particular and distinct to each assessed parcel.

1. Clean & Safe

The clean and safe program will focus on making the EPPBID a cleaner and safer place to do business. Clean and safe programs may include, but are not limited to:

- Litter abatement to improve the cleanliness of assessed parcels for their special benefit;
- Graffiti removal to improve the appearance of assessed parcels for their special benefit;
- Power-washing sidewalks to remove gum, stains, and dirt buildup to improve the cleanliness of assessed parcels for their special benefit;
- Weed abatement to improve the appearance of assessed parcels for their special benefit;
- Contracting with service providers for litter clean up to improve the cleanliness of assessed parcels for their special benefit;
- A homeless navigator program to mitigate the negative impacts of homeless individuals on assessed parcels to improve the appearance of assessed parcels for their special benefit;
- Security services provided by dedicated private security patrols to improve the safety of assessed parcels for their special benefit;
- Installation of security cameras to improve the safety of assessed parcels for their special benefit;
- Community meetings to encourage regular communications and educate property owners and tenants on safety procedures to improve the safety of assessed parcels for their special benefit; and
- Coordination with the police department and other agencies to maximize efficiency and create a unified security program to improve the safety of assessed parcels for their special benefit.

2. Marketing & Events

The Owners' Association will work to promote, market, and brand the EPPBID as a desirable location to shop, dine, work, live, and otherwise conduct business, which may include the use of pole banners and wayfinding signage; promotional materials including visitors' guides (general or specific to arts, antiques, entertainment, restaurants, retail, services, and education), press releases, e-newsletters, e-calendars, an EPPBID website; marketing research; special events; and other similar projects. Marketing services will only be provided to individual assessed parcels within the EPPBID boundaries. The EPPBID will provide sponsorship and promotion of special events that attract potential customers and tenants to assessed parcels. All marketing and events activities are designed to attract additional patrons to assessed parcels for their special benefit.

3. Administration & Outreach

The administration portion of the budget will be utilized for administrative costs associated with providing the services. Those costs may include rent, telephone charges, legal fees, accounting fees, postage, administrative staff, insurance, and other general office expenses. Outreach programs will utilize dedicated staff time to provide unified attention, communication, and responsiveness throughout the EPPBID and provide a unified voice to represent the EPPBID's best interests at local government agencies. All administration and outreach activities will only be provided to individual assessed parcels within the EPPBID boundaries for the special benefit of assessed parcels and will not be provided outside the EPPBID boundaries.

4. Contingency/Reserve

The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration or renewal costs at the discretion of the Owners' Association. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the Board of Directors of the Owners' Association. The reserve fund may be used for the costs of renewing the EPPBID.

5. City Administration Fee

The City of Los Angeles shall retain a fee equal to three percent (3%) of the amount of assessment collected to cover its costs of collection and administration.

C. Annual Budget

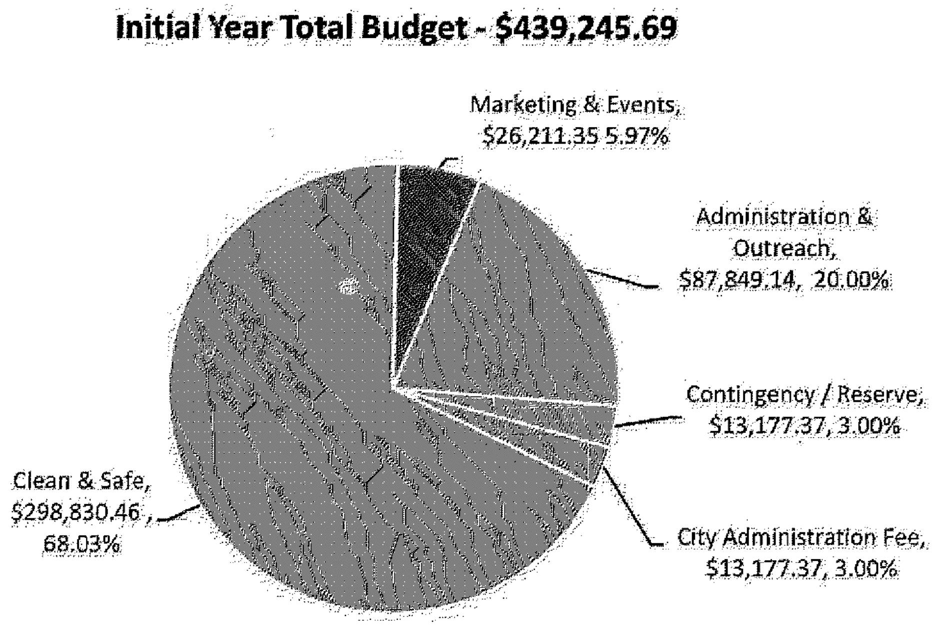
A projected five (5) year budget for the EPPBID is provided below. The overall budget shall remain consistent with this Plan. In the event of a legal challenge, assessment funds may be used to defend the EPPBID. The annual budget is based on the following assumptions and guidelines:

1. The cost of providing improvements and activities may vary depending upon the market cost for those improvements and activities. Expenditures may require adjustment up or down to continue the intended level of improvements and activities. The Chamber Board shall annually have the ability to re-allocate up to ten percent (10%) of the budget allocation by line item within the budgeted categories. Any change will be approved by the Chamber and submitted with the Annual Report.
2. Funds not spent in any given year may be rolled over to the next year.
3. The assessment rate may be subject to annual increases that will not exceed three percent (3%) per year. Increases will be determined by the Chamber Board and will vary each year. The projections below illustrate the maximum annual three percent (3%) increase for all budget items.

4. Each budget category includes all costs related to providing that service, in accordance with Generally Accepted Accounting Procedures (GAAP). For example, the clean and safe budget includes the cost of staff time dedicated to overseeing and implementing the clean and safe program. Staff time dedicated purely to administrative tasks is allocated to the administration portion of the budget. The costs of an individual staff member may be allocated to multiple budget categories, as appropriate in accordance with GAAP. The staffing levels necessary to provide the EPPBID services will be determined by the Chamber Board on as-needed basis.

D. Service Budget

The total improvement and activity budget for 2020 that is funded by property assessments and other revenue sources is $439,245.69. In addition to the assessment revenue, the programs will be supplemented by non-assessment funds. The total of non-assessment funds, and the determination of special and general benefit, is included in the Engineer's Report. The total of assessment and non-assessment funds is provided in Appendix 4. Below is an illustration of the estimated total budget allocations for each budget category for the five (5) year life of the EPPBID. The allocation of the assessment funds is governed by Section E below. Non-assessment funds shall be utilized only for the budget category from which they are derived.



E. Annual Maximum Budget

The budget on the following page assumes the maximum annual increase of three percent (3%) is enacted and that there are no changes to the categorical budget allocations.

Year	Clean & Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
%	68.03%	5.97%	20.00%	3.00%	3.00%	100.00%
2020	$298,830.46	$26,211.35	$87,849.14	$13,177.37	$13,177.37	$439,245.69
2021	$307,795.37	$26,997.69	$90,484.61	$13,572.69	$13,572.69	$452,423.05
2022	$317,029.24	$27,807.62	$93,199.15	$13,979.87	$13,979.87	$465,995.75
2023	$326,540.11	$28,641.85	$95,995.13	$14,399.27	$14,399.27	$479,975.63
2024	$336,336.32	$29,501.11	$98,874.98	$14,831.25	$14,831.25	$494,374.91
Total	$1,586,531.50	$139,159.62	$466,403.01	$69,960.45	$69,960.45	$2,332,015.03

V. ASSESSMENT RATE

A. Assessment Formula

Individual assessed parcels shall be assessed an assessment rate according to each assessed parcel's proportionate special benefit derived from the services provided to each assessed parcel, as shown in the table below. Parcels zoned R1 through R3, RD1.5 or RD3, including residential uses, shall not be assessed.

Initial Parcel Assessment Rates			
Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

B. Changes in Zoning

If the zoning of a parcel within the EPPBID boundary changes during the term of the EPPBID, the assessment calculation may be modified according to the new zoning of the parcel.

C. Public Parcels

The California Constitution requires that "Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owner parcels in fact receive no special benefit."[1] All parcels within the EPPBID are assessed on their parcel square footage and front along Sunset Blvd., Glendale Blvd., and Liberty St. and received EPPBID services and special benefits from those services. All publicly-owned individual parcels will receive all of the services provided in the EPPBID, except for marketing and events services; therefore, all publicly-owned parcels will be assessed at a reduced rate commensurate with the special benefits received by each publicly-owned parcel. The table below lists all publicly-owned (government) assessed parcels within the EPPBID.

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
5402030901	L A CITY		6,977	51.5	0	0	$2,634.11	0.63%
5404001900	L A CITY	2005 SUNSET BLVD	7,070	50.5	0	0	$2,617.92	0.63%
5404001901	L A CITY	2011 SUNSET BLVD	7,892	50	0	0	$2,728.48	0.66%
5404001902	L A CITY	2015 SUNSET BLVD	7,000	50	0	0	$2,592.00	0.62%
5404001903	L A CITY	1206 ALVARADO ST	5,888	0	0	0	$900.86	0.22%
5404001904	L A CITY	1214 ALVARADO ST	7,007	0	0	0	$1,072.07	0.26%
5404001905	L A CITY	2005 SUNSET BLVD	3,836	0	0	0	$586.91	0.14%
Subtotal LA City							**$13,132.35**	**3.16%**
5419030901	L A CITY DEPT OF WATER AND POWER		5,905	45	0	0	$2,272.37	0.55%
Subtotal LA City Dept of Water and Power							**$2,272.37**	**0.55%**

---

[1] Cal. Const., art. XIII D, §4(a)

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
Total Government Assessments							$15,404.72	3.71%

D. Residential Parcels

California Streets and Highways Code section 36632(c) states, "Properties zoned solely for residential use…are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part." Therefore, parcels that are zoned R1 through R3, RD1.5 or RD3 within the EPPBID boundaries will not be assessed.

E. Time and Manner of Collecting Assessments

The EPPBID special assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installments. The City of Los Angeles will then disburse funds to the Chamber, pursuant to the authorization of this *Echo Park Property and Business Improvement District Management District Plan*. Existing laws for enforcement of property taxes apply to EPPBID assessments. If necessary, the City of Los Angeles City Clerk's Office will directly bill property owners or entities that do not appear on the tax roll.

F. Bonds

No bonds shall be issued to finance any services or improvements of the EPPBID.

G. Capital Improvements

The EPPBID shall not fund or construct capital improvements.

VI. GOVERNANCE

A. Owners' Association

The EPPBID shall be governed by the Echo Park Chamber of Commerce, with oversight from the Los Angeles City Council. The Echo Park Chamber of Commerce shall serve as the Owners' Association described in the Streets and Highways Code §36651. The Board of Directors of the Chamber and its staff are charged with the day-to-day operations of the EPPBID.

The Chamber shall form a new standing advisory committee, to be known as the "Echo Park PBID Governing Committee" (PGC). The Chamber Board's resolution creating the PGC shall delegate the authority to manage matters related to the EPPBID to the PGC, including, but not limited to, management of assessment funds and full decision-making authority regarding EPPBID programs. A majority of the PGC shall be property owners paying the EPPBID assessment.

B. Brown Act & Public Records Act Compliance

An Owners' Association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. The Owners' Association is, however, subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The Owners' Association must act as a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Chamber Board of Directors and certain committees must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act.

C. Annual Report

The Chamber shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650 (see Appendix 2). The annual report is a prospective report for the upcoming year and must include:

1. Any proposed changes in the boundaries of the EPPBID or in any benefit zones or classification of property within the district;
2. The improvements, maintenance, and activities to be provided for that fiscal year;
3. The estimated cost of providing the improvements, maintenance, and activities to be provided for that fiscal year;
4. The method and basis of levying the assessment in sufficient detail to allow each real property owner to estimate the amount of the assessment to be levied against his or her property for that fiscal year;
5. The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year; and
6. The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this Plan.

VII. ENGINEER'S REPORT

The EPPBID's parcel assessments will be imposed in accordance with the provisions of Article XIIID of the California Constitution. Article XIIID provides that "only special benefits are assessable,"[2] and requires the City to "separate the general benefits from the special benefits conferred on a parcel."[3] Special benefits are a "particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public-at-large."[4] Conversely, a general benefit is "conferred on real property located in the district or to the public-at-large."[5] Assessment law also mandates that "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[6]

The Engineer determined the total cost of the improvements and activities, quantified the general benefit accruing to the public-at-large and non-assessed parcels adjacent to and within the EPPBID, and separated that amount from the special benefit accruing to the assessed parcels. Then, the Engineer determined the proportional special benefit derived by each parcel and allocated the special benefit value of the improvements and activities accordingly. The Engineer's determinations and detailed calculations are summarized in this report.

A. Boundary Description and Rationale

The EPPBID boundaries include parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The EPPBID boundaries include 110 parcels with 81 parcel owners in a twenty (20) block area.

Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

B. Separation of General and Special Benefits

Each of the improvements and activities, and the associated costs and assessments within EPPBID, were reviewed, identified, and allocated based on special and general benefits pursuant to Article XIIID of the California Constitution. The assessment has been apportioned based on the proportional special benefits conferred to the assessed parcels located within the EPPBID boundaries as determined below.

1. General Benefits

Unlike special benefits, which are conferred directly and only upon assessed parcels, a general benefit is conferred on the general public or non-assessed parcels. Existing City and other public services, which are provided to every person and parcel, everywhere within the City, are an example of a general benefit. Although the EPPBID's boundaries have been narrowly drawn and programs have been carefully designed to provide special benefits, and activities and improvements will only be provided directly to assessed parcels, it is acknowledged that there will be general benefits as a result of the EPPBID's activities and improvements.

---

[2] Cal. Const., art. XIII D, §4(a)
[3] Cal. Const., art. XIII D, §4(a)
[4] Id, §2(i)
[5] Cal Const., art XIII D §2(i)
[6] Cal. Const., art. XIII D, §4(a)

The California Constitution mandates that "only special benefits are assessable, and an agency shall separate the general benefits from the special benefits."[7] "Generally, this separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits."[8] The first step that must be undertaken to separate general and special benefits provided by the EPPBID's activities and improvements is to identify and quantify the general benefits. There are two bodies who can receive general benefits: the public-at-large within the EPPBID, and non-assessed parcels within and surrounding the EPPBID.

a. General Benefit to the Public-at-Large

Although the activities and improvements are narrowly designed and carefully implemented to specially benefit the assessed parcels, and only provided directly to assessed parcels, they will generate a general benefit to the public-at-large within the EPPBID. State law indicates that "Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed."[9] However, "the mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits."[10] Further, "the value of any incidental or collateral effects that arise from the improvements, maintenance or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel."[11] Thus, although there may be some incidental benefit to persons engaged in business on the assessed parcels, that incidental benefit is not considered general benefit because it is inherently produced by activities and improvements that provide special benefits to the assessed parcels. There is, however, a general benefit to persons not engaged in business on the assessed parcels.

Intercept surveys conducted in similar districts have found that approximately 97.3% of pedestrian traffic within PBID boundaries is engaged in business on assessed parcels, while the remaining approximately 2.7% is simply passing through and not engaging in business on the assessed parcels[12]. The 2.7% of traffic passing through does not have any connection to the assessed parcels, and therefore does not represent a special benefit to the assessed parcels. The 2.7% will, however, receive a derivative and indirect general benefit as a result of the activities and improvements being provided in the EPPBID. Therefore, it is estimated that 2.7% of the benefit created by the EPPBID's services is general benefit provided to the public-at-large. To ensure that the assessment dollars do not fund general benefits to the public-at-large, that portion of the cost of activities and improvements will be paid for with funds not obtained through assessments. Using the 2.7% figure, based on the initial year activity and improvement budget, the value of this general benefit to the public-at-large is $11,859.63 ($439,245.69*0.027).

[12] Surveys conducted in: North Park, San Diego (January 2015); Mack Road, Sacramento (July 2014); and Sunrise MarketPlace, Citrus Heights (December 2013)

b. General Benefit to Non-Assessed Parcels

Although they are only provided directly to the assessed parcels, the EPPBID's activities and improvements may also confer general benefits upon non-assessed parcels within and surrounding the EPPBID. One study examining property values in PBID areas found "no evidence of spill-over impacts (either good or bad) on commercial properties located just outside the BID's boundaries;"[13] however, the California Court of Appeals has stated that "services specifically intended for assessed parcels concomitantly confer collateral general benefits to surrounding properties."[14] It is reasonable to conclude that activities and improvements within the EPPBID will have an incidental impact on non-assessed parcels surrounding or within the EPPBID's boundaries. Although the legislature has indicated that "the value of any incidental or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall *not* be deducted from the entirety of the cost of any special benefit,"[15] the California Court of Appeals has noted that "the characterization of a benefit may depend on whether the parcel receives a direct advantage from the improvement....or receives an indirect, derivative advantage resulting from the overall public benefits of the improvement."[16] Those derivative and indirect impacts are considered general benefits and will be quantified and separated.

In this Engineer's opinion, because activities and improvements are provided only within the EPPBID and on its perimeter, parcels separated from the EPPBID by either at least one intervening parcel or an impassable physical barrier such as a wall, railroad track, freeway, or ditch will not receive spill over benefits. Parcels separated from the EPPBID will not benefit because they are physically removed from the actual location of activities and improvements provided, and do not face serviced parcels. Therefore, this analysis considers non-assessed parcels within the EPPBID's boundaries and surrounding parcels that are immediately adjacent to and accessible from the EPPBID's boundaries.

The total EPPBID activity and improvement budget for the first year is $439,245.69. After reducing the activity and improvement budget by the general benefit to the public-at-large ($11,859.63), the remaining benefit to parcels is $427,386.06. This benefit has been distributed to both assessed and non-assessed parcels using the following methodology. The general benefit to the public-at-large has been proportionally allocated to the EPPBID's activity and improvement categories as shown in the following table.

Category	Benefit to Parcels	Benefit to Public-at-Large	Total
Clean & Safe	$290,762.04	$8,068.42	$298,830.46
Marketing & Events	$25,503.64	$707.71	$26,211.35
Administration & Outreach; Contingency/Reserve; City Admin Fee	$111,120.38	$3,083.50	$114,203.88
TOTAL	**$427,386.06**	**$11,859.63**	**$439,245.69**

To determine the general benefit to parcels, the Engineer assigned each parcel group a benefit factor, determined the appropriate parcel characteristic to use in the calculation, multiplied the benefit factor by the benefit characteristic to determine the benefit units attributable to each parcel group, and apportioned the remaining service cost (service cost minus general benefit to the public) in accordance with the benefit units derived by each parcel group.

i. Benefit Factors

All parcels within and adjacent to the EPPBID have been assigned a benefit factor to mathematically represent the proportional special and general benefit and quantify the value of each. The determination of benefit factors for each type of activity follows.

Tangible Activities

The tangible activities (those that are physically provided via a person or people working throughout the district) to be provided by the EPPBID generate three types of special benefits:

> *Service* – The primary special benefit provided by the EPPBID's physical activities is the actual service.
>
> *Presence* – the EPPBID's physical activities also provide the special benefit of an individual's presence on the assessed parcel as the activities are provided, which can have a deterrent effect and creates a positive impression that the area is well-maintained and safe. The "Disneyland effect" is the benefit the parcels receive from the observation that parcels are being maintained. There are studies which link the perception of cleanliness to a perception of increased security.
>
> *Proximity* – the EPPBID's physical activities also provide the special benefit of being in proximity to a cleaner, safer parcel. Neighboring parcels enjoy the spillover benefits of being adjacent to increased safety and cleanliness.

The majority of the benefit received by the parcels is the results of the EPPBID's services; onsite presence and proximity are lesser benefits. It is this Engineer's estimation that seventy-five percent (75%) of the special benefit from the EPPBID's physical activities is the service, while the presence and proximity benefits each account for twelve and one-half percent (12.5% presence, 12.5% proximity) of the special benefit. Assessed parcels will receive all three benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly serviced and therefore only receive the general benefit of proximity.

Intangible Activities

Some of the EPPBID's activities, such as marketing, are distinct in that they are not provided to a targeted area within the EPPBID, rather they are provided via Internet, radio, and other forms of media and targeted at an audience outside the EPPBID in an effort to bring the audience into the EPPBID. These activities provide two types of special benefits:

> *Direct Exposure* – The primary special benefit provided by the EPPBID's intangible activities is exposure. The intangible activities increase awareness of the EPPBID as a commercial and business destination and lead to increased patronage.
>
> *Incidental Exposure* – The EPPBID's intangible activities will also have a secondary special benefit of incidental exposure, such as word-of-mouth exposure, that results from the direct exposure and increases awareness of the EPPBID as a commercial and business destination.

The majority of the benefit from these activities is the direct exposure; the incidental exposure is a lesser benefit. It is this Engineer's estimation that ninety percent (90%) of the special benefit from the intangible activities is direct exposure, while ten percent (10%) is incidental exposure. Assessed parcels will receive both as special benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly marketed and therefore only receive the general benefit of incidental exposure.

Factors Determined

Based on the foregoing analysis, all assessed parcels within the EPPBID specially benefit from the EPPBID's activities and improvements, and have been assigned a benefit factor of 1.0. Parcels that are not assessed have been assigned benefit factors based on the portion of the benefit they will receive, as described above. The non-assessed parcels will benefit from 12.5% of the tangible activities and 10% of the intangible activities; therefore they have been assigned benefit factors of 0.125 and 0.10, respectively.

ii. Non-Assessed Benefit Characteristics

There are two types of parcels that are not assessed; those within the EPPBID and those immediately adjacent to and accessible from the EPPBID. Because they generally benefit in a differing manner, distinct parcel characteristics are used to quantify the general benefit to each type.

> *Inside* – Non-assessed parcels inside of the EPPBID are surrounded by parcels that are assessed and receiving the full special benefits; they will, therefore, receive the general benefits of proximity and indirect exposure. These parcels are impacted on more than one side by the EPPBID's activities and improvements, marketing has a direct impact all around them, and activities and improvements are provided all around them. Because these parcels are surrounded by specially benefitted parcels, it is appropriate that parcel square footage be used to measure the general benefit they receive.
>
> *Adjacent* – Adjacent parcels are those that are immediately adjacent to or directly across the street from specially benefitted parcels, and accessible from specially benefitted parcels. These parcels generally benefit differently than those inside the EPPBID, because these parcels are adjacent to, rather than surrounded by, specially benefitted parcels. Square footage is not an appropriate measure of benefit to these parcels. Because the parcels are not surrounded by serviced parcels, a long, shallow parcel with the same square footage as a deep, narrow parcel will receive a different level of general benefit. Likewise, two parcels with the same depth but a different width adjacent to serviced parcels will benefit differently. To account for this difference, it is appropriate that parcel linear frontage be used to measure the general benefit the adjacent parcels receive.

iii. Calculations

To quantify and separate the general benefit to non-assessed parcels, the following calculations were undertaken for each budget category.

1. The total service budget for each category was determined and the amount of general benefit to the public-at-large was subtracted from the category budget.
2. The benefit factor applicable to each activity or improvement was multiplied by the parcel square footage or linear frontage of assessed and non-assessed parcels, to determine the number of benefit units received by each parcel group.
3. The benefit units for all parcel groups were summed, and the percentage of benefit units attributable to each parcel group was calculated.
4. The total remaining activity and improvement budget, less the amount already determined to be general benefit to the public-at-large, was allocated to general and

special benefit categories for each parcel group using the calculated benefit percent and applicable benefit characteristic methodology.

5. The special and general benefit resulting from the administration and outreach, contingency/reserve, and city administration fee portions of the budget were determined based on the proportional allocation of benefits derived from activities and improvements.

Clean & Safe

The clean & safe budget, minus the amount of general benefit to the public-at-large, is $290,762.04. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The clean & safe budget category contains tangible activities; the Engineer used the 0.125 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	= 1,110,022.00	99.743%	X $290,762.04	= $290,015.40
Non-Assessed	22,862	X 0.125	= 2,857.75	0.257%	X $290,762.04	= $746.64

The clean & safe budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $290,015.40. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.296%	X $290,015.40	= $282,174.13
Adjacent	3,376	X 0.125	= 422.00	2.704%	X $290,015.40	= $7,841.27

Therefore, the allocation of the clean & safe budget is as follows:

General Benefit – Public-At-Large	$8,068.42
General Benefit – Inside Parcels	$746.64
General Benefit – Adjacent Parcels	$7,841.27
Special Benefit	$282,174.13
Total	**$298,830.46**

Marketing & Events

The marketing and events budget, minus the amount of general benefit to the public-at-large, is $25,503.64. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The marketing and events budget category contains intangible activities; the Engineer used the 0.10 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	=1,110,022.00	99.794%	X $25,503.64	= $25,451.22
Non-Assessed	22,862	X 0.100	=2,286.20	0.206%	X $25,503.64	= $52.42

The marketing and events budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $25,451.22. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.825%	X $25,451.22	= $24,897.72
Adjacent	3,376	X 0.100	=337.60	2.175%	X $25,451.22	= $553.50

Therefore, the allocation of the marketing and events budget is as follows:

General Benefit – Public-At-Large	$707.71
General Benefit – Inside Parcels	$52.42
General Benefit – Adjacent Parcels	$553.50
Special Benefit	$24,897.72
Total	**$26,211.35**

Administration & Outreach; Contingency/Reserve; City Administration Fee

The administration and outreach; contingency/reserve; and City administration fee budget line items relates to the activities and improvements provided. These costs have been allocated proportionally based on the special and general benefit provided by each category.

	Special Benefit to Parcels	General Benefit to Parcels
Clean & Safe	$282,174.13	$8,587.91
Marketing & Events	$24,897.72	$605.92
Activity Totals	$307,071.85	$9,193.83
Percent	97.09%	2.91%
Administration & Outreach; Contingency/Reserve; City Administration Fee	$107,890.11	$3,230.27
Total Parcel Benefits	**$414,961.96**	**$12,424.10**

iv. Total Benefits

Based on the foregoing calculations, the total benefits to assessed parcels, non-assessed parcels, and the general public are:

	Special	Parcel General	Public	Total
Clean & Safe	$282,174.13	$8,587.91	$8,068.42	$298,830.46
Marketing & Events	$24,897.72	$605.92	$707.71	$26,211.35
Administration & Outreach	$82,992.39	$2,484.83	$2,371.93	$87,849.14
Contingency/Reserve	$12,448.86	$372.72	$355.79	$13,177.37
City Admin Fee	$12,448.86	$372.72	$355.79	$13,177.37
Total	**$414,961.96**	**$12,424.10**	**$11,859.63**	**$439,245.69**

c. Non-Assessment Funding

The programs funded by the EPPBID receive additional non-assessment funding in the form of grants, corporate sponsorships, event income, and other miscellaneous funds. These funding sources are anticipated to equal or exceed the amount of general benefit conferred annually by the EPPBID's activities and improvements, $24,283.73. These non-assessment funds will be used to pay for the general benefit provided by the EPPBID's activities and improvements, ensuring that parcel assessments will only be used to provide special benefits.

2. Special Benefit

The activities and improvements to be provided by the EPPBID constitute and convey special benefits directly to the assessed parcels. Assessment law requires that "the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided."[17] Further, "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[18] Special benefit "includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed."[19]

To determine the total special benefit value to be conveyed to the assessed parcels, we deduct the general benefit value ($24,283.73) from the total value of the activities and improvements ($439,245.69) The remaining $414,961.96 is considered the special benefit to assessed parcels (the "Total Assessment"). The Total Assessment represents the total value of the special benefit to be provided by the activities and improvements. The Total Assessment has been proportionally divided among the assessed parcels so that no assessment exceeds the reasonable cost of the proportional special benefit conferred on a parcel. The assessment rate has been designed to ensure that "properties that receive the same proportionate special benefit pay the same assessment."[20]

C. Assessment Methodology

1. Base Formula

Each parcel will be assessed based on proportional special benefits received. The variables used for determining the annual assessment formula are parcel type, parcel size, and parcel frontage along Sunset Boulevard, Glendale Boulevard, and Liberty Street. These variables are appropriate measures of the proportional special benefit because the need for services, level of services, and quantity of services are all relative to these variables; thus the special benefit provided to each parcel by the services can be proportionally measured using these variables.

[17] Cal. Const., art XIII D §4(a)
[18] Ibid
[19] Streets and Highways Code section 36615.5
[20] *Tiburon v. Bonander* (2009) 180 Cal.App.4th 1057

Determination of Assessment Rates

"Because not all parcels in the district are identical in size....some will receive more special benefit than others."[21] Each of the variables used relates directly to the service level and special benefit provided to each parcel. Parcel square footage is the size of the parcel, measured in square feet. Parcel frontage is the length of a parcel that fronts Sunset Boulevard, Glendale Boulevard, Liberty Street, measured in linear feet. Size is an appropriate measure of proportional special benefit because it relates directly to the quantity of services provided to the parcel, the highest and best use of a parcel, and reflects the long-term value implications of the EPPBID. The larger a parcel, the more services and benefit the parcel will receive.

Because not all parcels in the EPPBID are identical in use, some will receive more special benefit than others. For example, a private non-profit parcel will benefit to a lesser degree than a commercial parcel, because it will not enjoy the benefits of increased commerce resulting from the services. Further detail on the benefit to each parcel type is in the following pages. To determine the assessment rates, the assessed parcels were classified by the estimated benefit each type of parcel receives, the estimated special benefit value of the activities and improvements provided to each type was determined based on approximate cost of service provision, and an assessment rate that is proportional to the estimated proportional benefit received by each parcel type was determined.

To determine the assessment rates, the estimated special benefit value for each parcel type was divided by the total assessable parcel square footage, parcel linear front footage, and parcel type as shown in the tables below.

Parcel Type

Parcel types were categorized based on the typical amount of foot and vehicle traffic on the various commercial, government and private non-profit parcels. Parcels with heavy traffic, such as commercial parcels, will receive the highest level of services. Parcels with lower traffic, such as government parcels, will receive a lower level of services. Parcels with lowest traffic, such as private non-profit parcels will receive the lowest level of services. The approximate cost of services by parcel type was determined. Then, the cost of services by type was divided by the parcel square footage and parcel linear front footage of those parcels to determine the assessment rates.

Parcel Size and Parcel Front Footage

The EPPBID's services will benefit each assessed parcel as a whole. The service budget, which in this Engineer's estimation, represents special benefits to the parcels, has been allocated based on parcel size and parcel front footage.

Parcel Type	Initial Parcel Size Budget		Parcel Square Footage		Initial Parcel Assessment Rate ($/sqft/yr)
Commercial	$162,434.49	÷	955,497	=	$0.170
Government	$7,890.98	÷	51,575	=	$0.153
Private Non-Profit	$8750.75	÷	102,950	=	$0.085

---

[21] *Dahms v. Downtown Pomona* (2009) 174 Cal.App.4th 708

Parcel Type	Initial Parcel Frontage Budget (Sunset Blvd. & Glendale Blvd.)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$201,633.90	÷	5,966	=	$33.80
Government	$7,513.74	÷	247	=	$30.42
Private Non-Profit	$13,225.43	÷	783	=	$16.90

Parcel Type	Initial Parcel Frontage Budget (Liberty Street)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$12,040.80	÷	803	=	$15.00
Government*	$0.00	÷	0	=	$13.50
Private Non-Profit	$1,471.88	÷	196	=	$7.50

*There are currently no government parcels fronting Liberty Street. However, if in the future a parcel fronting Liberty Street is owned by a government entity, it will be subject to the rate identified in the table above.

Summary of Assessment Rates

Therefore, for the initial year, the maximum annual assessment rates to parcels are as shown below and in Appendix 1. Maximum annual assessment rates may be subject to an increase of no more than three (3%) percent per year as shown in Appendix 1.

Initial Parcel Assessment Rates			
Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

Parcel assessment calculations are shown in Appendix 3.

2. Commercial Parcels

Commercial parcels will receive and benefit from all EPPBID activities and improvements, and will therefore be assessed the full rate.

3. Government Parcels

The California Constitution, in Article XIII D, provides that "parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit." No public agency owning parcels in the district has made such a demonstration. Government-owned parcels within the District will receive special benefit to a lesser degree than commercial parcels, therefore they will be assessed at a rate commensurate with the degree of special benefit.

4. Private Non-Profit Parcels

Because they do not have a commercial component, private non-profit parcels, as shown on the County Assessor's records will be assessed at a reduced rate commensurate to the benefits received as shown in the table above. This rate was developed based on the estimated benefit to private non-profit parcels, which do not have a for-profit commercial component – and therefore benefit to a lesser degree than commercial parcels. These parcels will benefit in that they will be cleaner and safer, but they benefit to a lesser degree than parcels occupied by for-profit businesses.

5. Non-Assessed Parcel

There are three (3) parcels within the EPPBID that will not be assessed. These parcels are neither commercial, government, or private non-profit parcels and will not specially benefit from or directly receive the EPPBID's activities and improvements. These parcels are accounted for in the analysis of general benefit provided to non-assessed parcels within the EPPBID. These parcels have the following uses:

Residential. The state legislature has determined that "properties zoned exclusively for residential use… are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment."[22] The activities and improvements to be provided are designed to specially benefit commercial, government and private non-profit parcels via increased commerce, occupancy, and lease rates. None of these benefits apply to residential parcels, which will not be serviced or benefit from the EPPBID's activities and improvements. Residential parcels are those parcels with four family units or less, residential common areas, residential vacant lots, residential planned unit developments, and residential condominiums. There are two (2) residential parcels within the EPPBID that will not be assessed.

Miscellaneous. There is one (1) miscellaneous parcel with no commercial activity. This parcel contains a median and will not receive or specially benefit from EPPBID programs, nor will it be assessed.

6. Changes in Data

It is the intent of this Plan and Engineer's Report that each parcel included in the EPPBID can be clearly identified. Every effort has been made to ensure that all parcels included in the EPPBID are consistent in the boundary map and the assessment calculation table. However, if inconsistencies arise, the order of precedence shall be: 1) the assessment calculation table and 2) the boundary map.

If the parcel size, parcel front footage, or type of a parcel changes during the EPPBID's term, the assessment calculation may be modified accordingly.

D. Assessment Notice

During the hearing process, an Assessment Ballot will be sent to owners of each parcel in the EPPBID. The Assessment Ballot provides an estimated assessment. The final individual assessment for any particular parcel may change, up or down, if the parcel square footage, parcel front footage, or type differ from those used to calculate the amount shown on the notice, which can be found in Appendix 3.

E. Time and Manner for Collecting Assessments

As provided by State Law, the the EPPBID assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installment. The County of Los Angeles shall distribute funds collected to the Chamber. Existing laws for enforcement and appeal of property taxes, including penalties and interest, apply to the EPPBID assessments.

---

[22] Streets and Highways Code § 36632(c)

F. Engineer's Certification

I hereby certify, to the best of my knowledge and experience, that each of the identified assessed parcels located within the Echo Park Property and Business Improvement District will receive a special benefit over and above the general benefits conferred and that the amount of the assessment is no greater than the proportional special benefits conferred on each parcel, as described in this Engineer's Report.

Review of this Echo Park Property and Business Improvement District Management District Plan and preparation of the Engineer's Report was completed by:

Ross Peabody
State of California

November 19, 2018
Date

ROSS E. PEABODY
No. C51090
Exp. 9-30-19

This Engineer's Report is intended to be distributed as part of the Management District Plan in its entirety, including the Assessment Calculation Table (Appendix 3) and the Boundary Map. Reproduction and distribution of only Section VII of this Management District Plan violates the intent of this stamp and signature.

APPENDIX 1 – MAXIMUM ANNUAL ASSESSMENT RATES

The table below illustrates the maximum annual assessment rates with the assumption that the rates will be increased annually by three percent (3%). The maximum rates listed are a required disclosure and not the anticipated course of action.

Year	Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
2020	Commercial	$0.170	$33.80	$15.00
	Government	$0.153	$30.42	$13.50
	Private Non-Profit	$0.085	$16.90	$7.50
2021	Commercial	$0.175	$34.81	$15.45
	Government	$0.158	$31.33	$13.91
	Private Non-Profit	$0.088	$17.41	$7.73
2022	Commercial	$0.180	$35.86	$15.91
	Government	$0.162	$32.27	$14.32
	Private Non-Profit	$0.090	$17.93	$7.96
2023	Commercial	$0.186	$36.93	$16.39
	Government	$0.167	$33.24	$14.75
	Private Non-Profit	$0.093	$18.47	$8.20
2024	Commercial	$0.191	$38.04	$16.88
	Government	$0.172	$34.24	$15.19
	Private Non-Profit	$0.096	$19.02	$8.44

APPENDIX 2 – PBID LAW

*** THIS DOCUMENT IS CURRENT THROUGH THE 2018 SUPPLEMENT ***
(ALL 2017 LEGISLATION)

STREETS AND HIGHWAYS CODE
DIVISION 18. PARKING
PART 7. PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

CHAPTER 1. General Provisions

ARTICLE 1. Declarations

36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

36601. Legislative findings and declarations; Legislative guidance

The Legislature finds and declares all of the following:

(a) Businesses located and operating within business districts in some of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.

(d) Assessments levied for the purpose of conferring special benefit upon the real property or a specific benefit upon the businesses in a business district are not taxes for the general benefit of a city, even if property, businesses, or persons not assessed receive incidental or collateral effects that benefit them.

(e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:

(1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.
(2) Job creation.
(3) Business attraction.
(4) Business retention.
(5) Economic growth.
(6) New investments.

(f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.

(g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.

(h) The act amending this section is intended to provide the Legislature's guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.

(1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.

(2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.

(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

36603.5. Part prevails over conflicting provisions

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

ARTICLE 2. Definitions

36606. "Activities"

"Activities" means, but is not limited to, all of the following that benefit businesses or real property in the district:

(a) Promotion of public events.
(b) Furnishing of music in any public place.
(c) Promotion of tourism within the district.
(d) Marketing and economic development, including retail retention and recruitment.
(e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
(f) Other services provided for the purpose of conferring special benefit upon assessed real property or specific benefits upon assessed businesses located in the district.

36606.5. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

36609.4. "Clerk"

"Clerk" means the clerk of the legislative body.

36609.5. "General benefit"

"General benefit" means, for purposes of a property-based district, any benefit that is not a "special benefit" as defined in Section 36615.5.

36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

(a) Parking facilities.
(b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
(c) Trash receptacles and public restrooms.
(d) Lighting and heating facilities.
(e) Decorations.
(f) Parks.
(g) Fountains.
(h) Planting areas.
(i) Closing, opening, widening, or narrowing of existing streets.
(j) Facilities or equipment, or both, to enhance security of persons and property within the district.
(k) Ramps, sidewalks, plazas, and pedestrian malls.
(l) Rehabilitation or removal of existing structures.

36611. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

36612. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all records relating to activities of the district.

36614. "Property"

"Property" means real property situated within a district.

36614.5. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

36614.6. "Property-based assessment"

"Property-based assessment" means any assessment made pursuant to this part upon real property.

36614.7. "Property-based district"

"Property-based district" means any district in which a city levies a property-based assessment.

36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

36615.5. "Special benefit"

"Special benefit" means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

ARTICLE 3. Prior Law

36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

CHAPTER 2. Establishment

36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.
(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:
(1) A map showing the boundaries of the district.
(2) Information specifying where the complete management district plan can be obtained.
(3) Information specifying that the complete management district plan shall be furnished upon request.
(c) The resolution of intention described in subdivision (a) shall contain all of the following:
(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.
(2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

36622. Contents of management district plan

The management district plan shall include, but is not limited to, all of the following:
(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.
(b) The name of the proposed district.
(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business

assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements, maintenance, and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.

(e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.

(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k) (1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.

(2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.

(l) In a property-based district, the total amount of all special benefits to be conferred upon the properties located within the property-based district.

(m) In a property-based district, the total amount of general benefits, if any.

(n) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.

(o) Any other item or matter required to be incorporated therein by the city council.

36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.

(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as modified by the city council at the hearing concerning establishment of the district. Notwithstanding the foregoing, improvements and activities that must be provided outside the district boundaries to create a special or specific benefit to the assessed parcels or businesses may be provided, but shall be limited to marketing or signage pointing to the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

36626. Resolution establishing district

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in Section 36625.

36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (h) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

CHAPTER 3. Assessments

36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.
(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.
(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:
    (1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.
    (2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.
(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

CHAPTER 3.5. Financing

36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

(a)The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.
(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.
(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 4. Governance

36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.
(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.
(2) The improvements, maintenance, and activities to be provided for that fiscal year.
(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.
(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.
(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.
The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

36651. Designation of owners' association to provide improvements, maintenance, and activities

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

CHAPTER 5. Renewal

36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.

(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.

(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

CHAPTER 6. Disestablishment

36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:

(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.

(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the district who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.

(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is

disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.
(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

APPENDIX 4 – TOTAL ESTIMATED COST OF IMPROVEMENTS AND ACTIVITIES

The estimated maximum cost of the line items below was developed based on the estimated costs of providing services in the proposed EPPBID. The costs below are estimated, the actual line item costs will fluctuate. The table below shows expenditures from assessment and non-assessment funds. The total maximum budget may exceed the maximum listed in this table if parcel ownership changes result in parcels being assessed at a higher rate due to a higher estimated benefit.

Year	Clean and Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
2020	**$298,830.46**	**$26,211.35**	**$87,849.14**	**$13,177.37**	**$13,177.37**	**$439,245.69**
2021	**$307,795.37**	**$26,997.69**	**$90,484.61**	**$13,572.69**	**$13,572.69**	**$452,423.05**

I. OVERVIEW

Developed by a growing coalition of property owners, the Echo Park Property and Business Improvement District (EPPBID) is a benefit assessment district whose main goal is to provide improvements and activities which constitute and convey a special benefit to assessed parcels. This approach has been used successfully in other cities throughout the country to provide special benefits to property owners, namely increased sales, attraction of new tenants, increased occupancies, and specifically increased property values. As required by state law, property owners have created this Management District Plan (Plan) to form the EPPBID.

Location: The EPPBID generally includes parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles, as shown on the map in Section III.

Purpose: The purpose of the EPPBID is to provide activities and improvements which constitute and convey a special benefit to assessed parcels. The EPPBID will provide clean and safe, marketing and events, and related administration and outreach programs directly and only to assessed parcels within its boundaries. The intention of the EPPBID is to deliver supplemental services to assessed parcels within the EPPBID that are designed to increase commerce by attracting patrons to assessed parcels within the EPPBID, retention of businesses on assessed parcels within the EPPBID, and attraction of new businesses to the EPPBID.

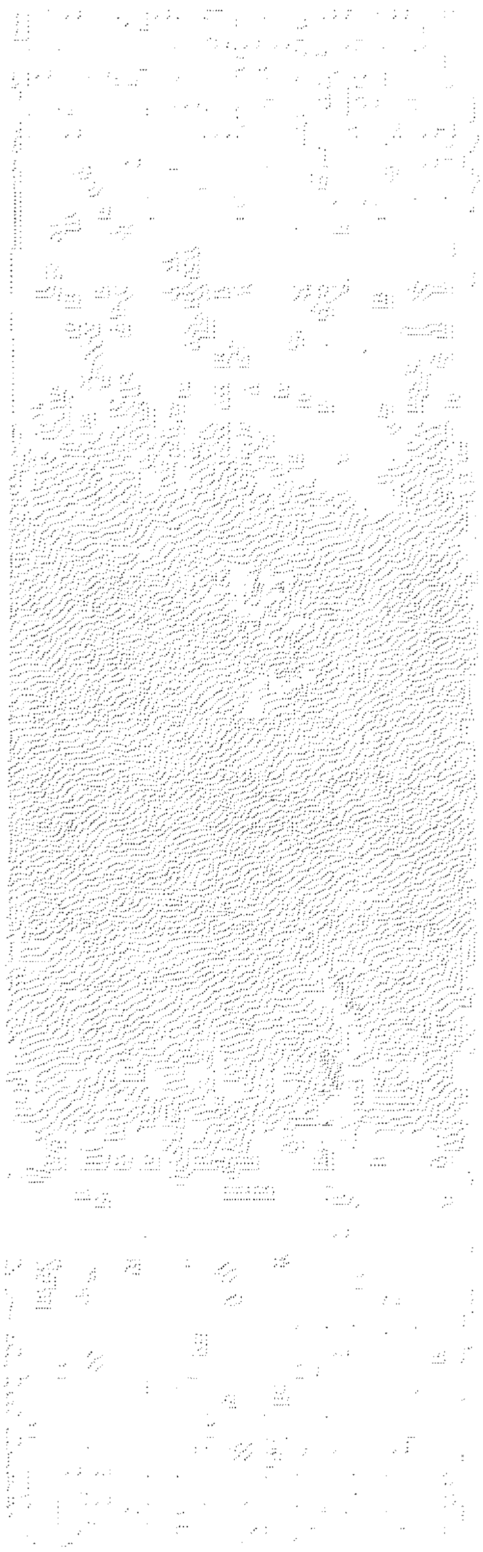
Budget: The EPPBID annual budget for the first year of its five (5) year operation is anticipated to be $439,245.69. The annual budget may be subject to an increase in assessment rates of no more than three percent (3%) per year.

Cost: The EPPBID's source of revenue will be special assessments levied on specially benefitting parcels that receive improvements and activities within the EPPBID boundaries and other non-assessment revenue sources (such as grants and event income). The assessment rate (cost to the parcel owner) is based on the estimated special benefit provided to each assessed parcel. The assessment rate has been quantified using parcel type, parcel size, and parcel frontage along Sunset Blvd., Glendale Blvd., and Liberty Street. The initial annual rate to each parcel is shown in Engineer's Report (Section VII). Assessment rates may be subject to an increase of no more than three percent (3%) per year.

Formation: EPPBID formation requires submittal of petitions from property owners representing more than fifty percent (50%) of the total assessment. Proposition 218 requires a ballot vote in which more than fifty percent (50%) of the ballots received, weighted by assessment, be in support of the EPPBID.

Duration: The EPPBID will have a five (5) year life, beginning January 1, 2020 through December 31, 2024. Near the end of the term, the petition, ballot, and City Council hearing process must be repeated for the EPPBID to be renewed. The EPPBID is expected to begin services on or shortly after January 1, 2020. If the EPPBID is not renewed, services will sunset on December 31, 2024.

Management: The Echo Park Chamber of Commerce (the Chamber) will serve as the Owners' Association for the EPPBID.



II. BACKGROUND

The International Downtown Association estimates that more than 1,500 Property and Business Improvement Districts (PBIDs) currently operate throughout the United States and Canada. PBIDs are a time-tested tool for property owners who wish to come together and obtain collective services which benefit their properties.

PBIDs provide supplemental services in addition to those provided by local government. These improvements and activities are concentrated within a distinct geographic area and are funded by a special parcel assessment. Services and improvements are only provided to those who pay the assessment.

Although funds are collected by the local government, they are then directed to a private nonprofit. The nonprofit implements services and provides day-to-day oversight. The nonprofit is managed by a Board of Directors representing owners of assessed parcels within the PBID, to help ensure the services meet the needs of property owners and are responsive to changing conditions within the PBID.

PBIDs all over the globe have been proven to work by providing services that improve the overall viability of commercial districts, resulting in higher property values, lease rates, occupancy rates, and sales volumes.

The EPPBID will be formed pursuant to a state law that took effect in January of 1995. The "Property and Business Improvement District Law of 1994," which was signed into law by Governor Pete Wilson, ushered in a new generation of Property and Business Improvement Districts in California. Key provisions of the law include:

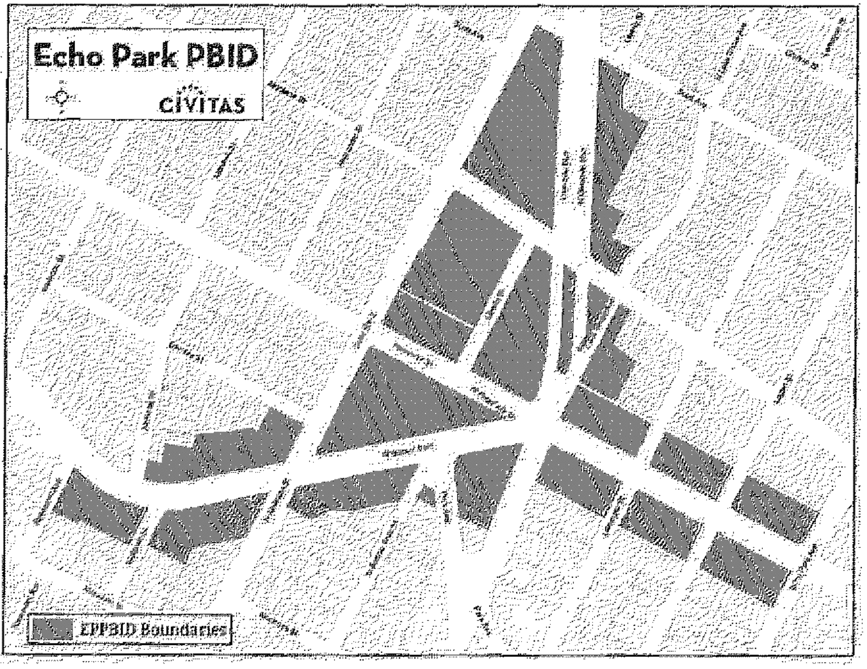
- ➢ Allows a wide variety of services which are tailored to meet specific needs of assessed properties in each individual PBID;
- ➢ Requires property owner input and support throughout the formation process;
- ➢ Requires written support on both a petition and ballot from property owners paying fifty percent (50%) of proposed assessments;
- ➢ Allows for a designated, private nonprofit corporation to manage funds and implement programs, with oversight from property owners and the City;
- ➢ Requires limits for assessment rates to ensure that they do not exceed the amount owners are willing to pay; and
- ➢ Requires the PBID be renewed after a certain time period, making it accountable to property owners.

The "Property and Business Improvement Business District Law of 1994" is provided in Appendix 2 of this document.

III. BOUNDARIES

The EPPBID will deliver activities and improvements to individual assessed parcels within the EPPBID. EPPBID boundaries and services were developed based on the special benefits to be received by individual assessed parcels. Parcels were reviewed to determine: (1) whether the parcel's zoning allows it to be included in the EPPBID; and (2) if the parcel would receive special benefits from the EPPBID's proposed activities and improvements. Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

The EPPBID ~~generally~~ boundaries includes parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The ~~service area~~EPPBID boundaries includes ~~approximately~~ 110 ~~properties~~ parcels with 81 ~~property~~ parcel owners in a twenty (20) block area. The EPPBID boundary is illustrated by the map below and in Appendix 5. A larger map is available on request by calling (916)437-4300 or (800)999-7781.



IV. SERVICE PLAN & BUDGET

A. Establishment

Property and business owners in Echo Park have been concerned about the need for coordinated supplemental services in the area for several years. City services and efforts in the area have been welcomed, but limited resources have not allowed for a more comprehensive approach to managing the commercial area.

A service plan to provide special benefits to assessed properties was developed using several methods. A series of property owner meetings, a survey of property owners, an analysis of current property conditions and needs, and an intercept survey of visitors were all conducted. The primary needs identified were: increased cleanliness, security, and marketing. To meet those needs, the EPPBID will provide clean and safe, marketing and events, and related administration and outreach to assessed parcels within its boundaries.

B. Improvements and Activities

The EPPBID will provide supplemental improvements and activities that are above and beyond those provided by the City and other government agencies. None of the services to be provided by the EPPBID are provided by the City or other government agencies. The improvements and activities will be provided directly and only to assessed parcels; they will not be provided to parcels that are not assessed. Each and every service is unique to the EPPBID, thus the benefits provided are particular and distinct to each assessed parcel.

1. Clean & Safe

The clean and safe program will focus on making the EPPBID a cleaner and safer place to do business. Clean and safe programs may include, but are not limited to:

- Litter abatement to improve the cleanliness of assessed parcels for their special benefit;
- Graffiti removal to improve the appearance of assessed parcels for their special benefit;
- Power-washing sidewalks to remove gum, stains, and dirt buildup to improve the cleanliness of assessed parcels for their special benefit;
- Weed abatement to improve the appearance of assessed parcels for their special benefit;
- Contracting with service providers for litter clean up to improve the cleanliness of assessed parcels for their special benefit;
- A homeless navigator program to mitigate the negative impacts of homeless individuals on assessed parcels to improve the appearance of assessed parcels for their special benefit;
- Security services provided by dedicated private security patrols to improve the safety of assessed parcels for their special benefit;
- Installation of security cameras to improve the safety of assessed parcels for their special benefit;
- Community meetings to encourage regular communications and educate property owners and tenants on safety procedures to improve the safety of assessed parcels for their special benefit; and
- Coordination with the police department and other agencies to maximize efficiency and create a unified security program to improve the safety of assessed parcels for their special benefit.

2. Marketing & Events

The Owners' Association will work to promote, market, and brand the EPPBID as a desirable location to shop, dine, work, live, and otherwise conduct business, which may include the use of pole banners and wayfinding signage; promotional materials including visitors' guides (general or specific to arts, antiques, entertainment, restaurants, retail, services, and education), press releases, e-newsletters, e-calendars, an EPPBID website; marketing research; special events; and other similar projects. Marketing services will only be provided to individual assessed parcels within the EPPBID boundaries. The EPPBID will provide sponsorship and promotion of special events that attract potential customers and tenants to assessed parcels. All marketing and events activities are designed to attract additional patrons to assessed parcels for their special benefit.

3. Administration & Outreach

The administration portion of the budget will be utilized for administrative costs associated with providing the services. Those costs may include rent, telephone charges, legal fees, accounting fees, postage, administrative staff, insurance, and other general office expenses. Outreach programs will utilize dedicated staff time to provide unified attention, communication, and responsiveness throughout the EPPBID and provide a unified voice to represent the EPPBID's best interests at local government agencies. All administration and outreach activities will only be provided to individual assessed parcels within the EPPBID boundaries for the special benefit of assessed parcels and will not be provided outside the EPPBID boundaries.

4. Contingency/Reserve

The budget includes a contingency line item to account for uncollected assessments, if any. If there are contingency funds collected, they may be held in a reserve fund or utilized for other program, administration or renewal costs at the discretion of the Owners' Association. Policies relating to contributions to the reserve fund, the target amount of the reserve fund, and expenditure of monies from the reserve fund shall be set by the Board of Directors of the Owners' Association. The reserve fund may be used for the costs of renewing the EPPBID.

5. City Administration Fee

The City of Los Angeles shall retain a fee equal to three percent (3%) of the amount of assessment collected to cover its costs of collection and administration.

C. Annual Budget

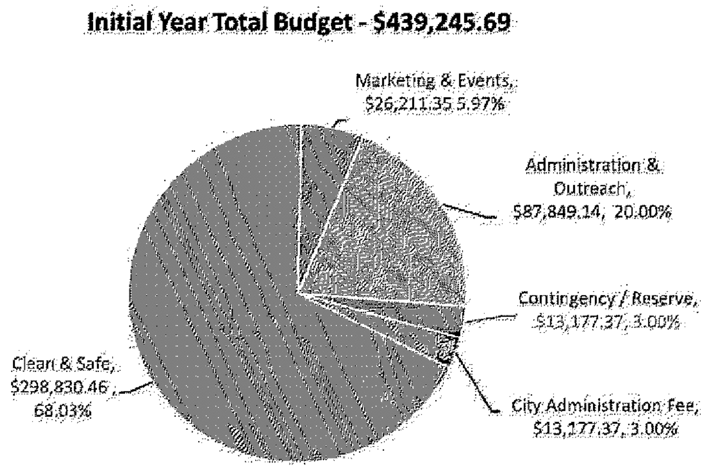
A projected five (5) year budget for the EPPBID is provided below. The overall budget shall remain consistent with this Plan. In the event of a legal challenge, assessment funds may be used to defend the EPPBID. The annual budget is based on the following assumptions and guidelines:

1. The cost of providing improvements and activities may vary depending upon the market cost for those improvements and activities. Expenditures may require adjustment up or down to continue the intended level of improvements and activities. The Chamber Board shall annually have the ability to re-allocate up to ten percent (10%) of the budget allocation by line item within the budgeted categories. Any change will be approved by the Chamber and submitted with the Annual Report.
2. Funds not spent in any given year may be rolled over to the next year.

3. The assessment rate may be subject to annual increases that will not exceed three percent (3%) per year. Increases will be determined by the Chamber Board and will vary each year. The projections below illustrate the maximum annual three percent (3%) increase for all budget items.
4. Each budget category includes all costs related to providing that service, in accordance with Generally Accepted Accounting Procedures (GAAP). For example, the clean and safe budget includes the cost of staff time dedicated to overseeing and implementing the clean and safe program. Staff time dedicated purely to administrative tasks is allocated to the administration portion of the budget. The costs of an individual staff member may be allocated to multiple budget categories, as appropriate in accordance with GAAP. The staffing levels necessary to provide the EPPBID services will be determined by the Chamber Board on as-needed basis.

D. Service Budget

The total improvement and activity budget for 2020 that is funded by property assessments and other revenue sources is $439,245.69. In addition to the assessment revenue, the programs will be supplemented by non-assessment funds. The total of non-assessment funds, and the determination of special and general benefit, is included in the Engineer's Report. The total of assessment and non-assessment funds is provided in Appendix 4. Below is an illustration of the estimated total budget allocations for each budget category for the five (5) year life of the EPPBID. The allocation of the assessment funds is governed by Section E below. Non-assessment funds shall be utilized only for the budget category from which they are derived.



E. Annual Maximum Budget

The budget on the following page assumes the maximum annual increase of three percent (3%) is enacted and that there are no changes to the categorical budget allocations.

Year	Clean & Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
%	68.03%	5.97%	20.00%	3.00%	3.00%	100.00%
2020	$298,830.46	$26,211.35	$87,849.14	$13,177.37	$13,177.37	$439,245.69
2021	$307,795.37	$26,997.69	$90,484.61	$13,572.69	$13,572.69	$452,423.05
2022	$317,029.24	$27,807.62	$93,199.15	$13,979.87	$13,979.87	$465,995.75
2023	$326,540.11	$28,641.85	$95,995.13	$14,399.27	$14,399.27	$479,975.63
2024	$336,336.32	$29,501.11	$98,874.98	$14,831.25	$14,831.25	$494,374.91
Total	$1,586,531.50	$139,159.62	$466,403.01	$69,960.45	$69,960.45	$2,332,015.03

V. ASSESSMENT RATE

A. Assessment Formula

Individual assessed parcels shall be assessed an assessment rate according to each assessed parcel's proportionate special benefit derived from the services provided to each assessed parcel, as shown in the table below. Parcels zoned R1 through R3, RD1.5 or RD3, including residential uses, shall not be assessed.

Initial Parcel Assessment Rates			
Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

B. Changes in Zoning

If the zoning of a parcel within the EPPBID boundary changes during the term of the EPPBID, the assessment calculation may be modified according to the new zoning of the parcel.

C. Public Parcels

The California Constitution requires that "Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owner parcels in fact receive no special benefit."[1] All parcels within the EPPBID are assessed on their parcel square footage and front along Sunset Blvd., Glendale Blvd., and Liberty St. and received EPPBID services and special benefits from those services. All publicly-owned individual parcels will receive all of the services provided in the EPPBID, except for marketing and events services; therefore, all publicly-owned parcels will be assessed at a reduced rate commensurate with the special benefits received by each publicly-owned parcel. The table below lists all publicly-owned (government) assessed parcels within the EPPBID.

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
5402030901	L A CITY		6,977	51.5	0	0	$2,634.11	0.63%
5404001900	L A CITY	2005 SUNSET BLVD	7,070	50.5	0	0	$2,617.92	0.63%
5404001901	L A CITY	2011 SUNSET BLVD	7,892	50	0	0	$2,728.48	0.66%
5404001902	L A CITY	2015 SUNSET BLVD	7,000	50	0	0	$2,592.00	0.62%
5404001903	L A CITY	1206 ALVARADO ST	5,888	0	0	0	$900.86	0.22%
5404001904	L A CITY	1214 ALVARADO ST	7,007	0	0	0	$1,072.07	0.26%
5404001905	L A CITY	2005 SUNSET BLVD	3,836	0	0	0	$586.91	0.14%

---

[1] Cal Const, art XIII D, §4(a)

AIN	Owner Name	Situs Address	Lot Size	Sunset Frontage	Glendale Frontage	Liberty Frontage	Total Assessment	% of Total
Subtotal LA City							**$13,132.35**	**3.16%**
5419030901	L A CITY DEPT OF WATER AND POWER		5,905	45	0	0	$2,272.37	0.55%
Subtotal LA City Dept of Water and Power							**$2,272.37**	**0.55%**
Total Government Assessments							**$15,404.72**	**3.71%**

D. Residential Parcels

California Streets and Highways Code section 36632(c) states, "Properties zoned solely for residential use…are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part." Therefore, parcels that are zoned R1 through R3, RD1.5 or RD3 within the EPPBID boundaries will not be assessed.

E. Time and Manner of Collecting Assessments

The EPPBID special assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installments. The City of Los Angeles will then disburse funds to the Chamber, pursuant to the authorization of this *Echo Park Property and Business Improvement District Management District Plan*. Existing laws for enforcement of property taxes apply to EPPBID assessments. If necessary, the City of Los Angeles City Clerk's Office will directly bill property owners or entities that do not appear on the tax roll.

F. Bonds

No bonds shall be issued to finance any services or improvements of the EPPBID.

G. Capital Improvements

The EPPBID shall not fund or construct capital improvements.

VI. GOVERNANCE

A. Owners' Association

The EPPBID shall be governed by the Echo Park Chamber of Commerce, with oversight from the Los Angeles City Council. The Echo Park Chamber of Commerce shall serve as the Owners' Association described in the Streets and Highways Code §36651. The Board of Directors of the Chamber and its staff are charged with the day-to-day operations of the EPPBID.

The Chamber shall form a new standing advisory committee, to be known as the "Echo Park PBID Governing Committee" (PGC). The Chamber Board's resolution creating the PGC shall delegate the authority to manage matters related to the EPPBID to the PGC, including, but not limited to, management of assessment funds and full decision-making authority regarding EPPBID programs. A majority of the PGC shall be property owners paying the EPPBID assessment.

B. Brown Act & Public Records Act Compliance

An Owners' Association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. The Owners' Association is, however, subject to government regulations relating to transparency, namely the Ralph M. Brown Act and the California Public Records Act. These regulations are designed to promote public accountability. The Owners' Association must act as a legislative body under the Ralph M. Brown Act (Government Code §54950 et seq.). Thus, meetings of the Chamber Board of Directors and certain committees must be held in compliance with the public notice and other requirements of the Brown Act. The Owners' Association is also subject to the record keeping and disclosure requirements of the California Public Records Act.

C. Annual Report

The Chamber shall present an annual report at the end of each year of operation to the City Council pursuant to Streets and Highways Code §36650 (see Appendix 2). The annual report is a prospective report for the upcoming year and must include:

1. Any proposed changes in the boundaries of the EPPBID or in any benefit zones or classification of property within the district;
2. The improvements, maintenance, and activities to be provided for that fiscal year;
3. The estimated cost of providing the improvements, maintenance, and activities to be provided for that fiscal year;
4. The method and basis of levying the assessment in sufficient detail to allow each real property owner to estimate the amount of the assessment to be levied against his or her property for that fiscal year;
5. The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year; and
6. The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this Plan.

VII. ENGINEER'S REPORT

The EPPBID's parcel assessments will be imposed in accordance with the provisions of Article XIIID of the California Constitution. Article XIIID provides that "only special benefits are assessable,"[2] and requires the City to "separate the general benefits from the special benefits conferred on a parcel."[3] Special benefits are a "particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public-at-large."[4] Conversely, a general benefit is "conferred on real property located in the district or to the public-at-large."[5] Assessment law also mandates that "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[6]

The Engineer determined the total cost of the improvements and activities, quantified the general benefit accruing to the public-at-large and non-assessed parcels adjacent to and within the EPPBID, and separated that amount from the special benefit accruing to the assessed parcels. Then, the Engineer determined the proportional special benefit derived by each parcel and allocated the special benefit value of the improvements and activities accordingly. The Engineer's determinations and detailed calculations are summarized in this report.

A. Boundary Description and Rationale

The EPPBID boundaries include parcels fronting W. Sunset Blvd. between Rosemont Ave. and Lake Shore Ave., fronting W. Reservoir St. between N. Alvarado St. and Echo Park Ave., fronting Liberty St. between Montana St. and W. Reservoir St., fronting N. Glendale Blvd. between Scott Ave. and W. Reservoir St., fronting Lake Shore Ave. between Montana St. and W. Reservoir St., fronting Montana St. between N. Alvarado St. and Lake Shore Ave., and fronting the east side of N. Alvarado St. between Scott Ave. and W. Sunset Blvd., in the Echo Park area of the City of Los Angeles. The EPPBID boundaries include 110 parcels with 81 parcel owners in a twenty (20) block area.

Formatted: Normal, Space Before: 0 pt, No bullets or numbering

Boundaries were carefully developed to ensure all and only those parcels which will receive special benefits from the proposed activities and improvements are included. This boundary was chosen because it includes parcels within the commercial corridor of Echo Park that will receive special benefits from EPPBID improvements and activities and generally excludes residential parcels that are statutorily exempt from EPPBID assessments.

Formatted: Font color: Auto

~~A.~~B. Separation of General and Special Benefits

Each of the improvements and activities, and the associated costs and assessments within EPPBID, were reviewed, identified, and allocated based on special and general benefits pursuant to Article XIIID of the California Constitution. The assessment has been apportioned based on the proportional special benefits conferred to the assessed parcels located within the EPPBID boundaries as determined below.

[5] Cal Const, art XIII D §2(i)
[6] Cal. Const, art. XIII D, §4(a)

1. General Benefits

Unlike special benefits, which are conferred directly and only upon assessed parcels, a general benefit is conferred on the general public or non-assessed parcels. Existing City and other public services, which are provided to every person and parcel, everywhere within the City, are an example of a general benefit. Although the EPPBID's boundaries have been narrowly drawn and programs have been carefully designed to provide special benefits, and activities and improvements will only be provided directly to assessed parcels, it is acknowledged that there will be general benefits as a result of the EPPBID's activities and improvements.

The California Constitution mandates that "only special benefits are assessable, and an agency shall separate the general benefits from the special benefits."[7] "Generally, this separation and quantification of general and special benefits must be accomplished by apportioning the cost of a service or improvement between the two and assessing property owners only for the portion of the cost representing special benefits."[8] The first step that must be undertaken to separate general and special benefits provided by the EPPBID's activities and improvements is to identify and quantify the general benefits. There are two bodies who can receive general benefits: the public-at-large within the EPPBID, and non-assessed parcels within and surrounding the EPPBID.

a. General Benefit to the Public-at-Large

Although the activities and improvements are narrowly designed and carefully implemented to specially benefit the assessed parcels, and only provided directly to assessed parcels, they will generate a general benefit to the public-at-large within the EPPBID. State law indicates that "Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed."[9] However, "the mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits."[10] Further, "the value of any incidental or collateral effects that arise from the improvements, maintenance or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel."[11] Thus, although there may be some incidental benefit to persons engaged in business on the assessed parcels, that incidental benefit is not considered general benefit because it is inherently produced by activities and improvements that provide special benefits to the assessed parcels. There is, however, a general benefit to persons not engaged in business on the assessed parcels.

Intercept surveys conducted in similar districts have found that approximately 97.3% of pedestrian traffic within PBID boundaries is engaged in business on assessed parcels, while the remaining approximately 2.7% is simply passing through and not engaging in business on the assessed parcels[12]. The 2.7% of traffic passing through does not have any connection to the assessed parcels, and therefore does not represent a special benefit to the assessed parcels. The 2.7% will, however, receive a derivative and indirect general benefit as a result of the activities and improvements being provided in the EPPBID. Therefore, it is estimated that 2.7% of the benefit created by the EPPBID's services is general benefit provided to the public-at-large. To ensure that the assessment dollars do not fund general benefits to the public-at-large, that portion of the cost of activities and improvements will be paid for with funds not obtained through assessments. Using the 2.7% figure, based on the initial year activity and improvement budget, the value of this general benefit to the public-at-large is $11,859.63 ($439,245.69*0.027).

b. General Benefit to Non-Assessed Parcels

Although they are only provided directly to the assessed parcels, the EPPBID's activities and improvements may also confer general benefits upon non-assessed parcels within and surrounding the EPPBID. One study examining property values in PBID areas found "no evidence of spill-over impacts (either good or bad) on commercial properties located just outside the BID's boundaries;"[13] however, the California Court of Appeals has stated that "services specifically intended for assessed parcels concomitantly confer collateral general benefits to surrounding properties."[14] It is reasonable to conclude that activities and improvements within the EPPBID will have an incidental impact on non-assessed parcels surrounding or within the EPPBID's boundaries. Although the legislature has indicated that "the value of any incidental or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall *not* be deducted from the entirety of the cost of any special benefit,"[15] the California Court of Appeals has noted that "the characterization of a benefit may depend on whether the parcel receives a direct advantage from the improvement…or receives an indirect, derivative advantage resulting from the overall public benefits of the improvement."[16] Those derivative and indirect impacts are considered general benefits and will be quantified and separated.

In this Engineer's opinion, because activities and improvements are provided only within the EPPBID and on its perimeter, parcels separated from the EPPBID by either at least one intervening parcel or an impassable physical barrier such as a wall, railroad track, freeway, or ditch will not receive spill over benefits. Parcels separated from the EPPBID will not benefit because they are physically removed from the actual location of activities and improvements provided, and do not face serviced parcels. Therefore, this analysis considers non-assessed parcels within the EPPBID's boundaries and surrounding parcels that are immediately adjacent to and accessible from the EPPBID's boundaries.

The total EPPBID activity and improvement budget for the first year is $439,245.69. After reducing the activity and improvement budget by the general benefit to the public-at-large ($11,859.63), the remaining benefit to parcels is $427,386.06. This benefit has been distributed to both assessed and non-assessed parcels using the following methodology. The general benefit to the public-at-large has been proportionally allocated to the EPPBID's activity and improvement categories as shown in the following table.

Category	Benefit to Parcels	Benefit to Public-at-Large	Total
Clean & Safe	$290,762.04	$8,068.42	$298,830.46

[15] Streets and Highways Code section 36622(k)(2)

[16] Tiburon v. Bonander (2009) 180 Cal.App.4th 1057, 1077

Marketing & Events	$25,503.64	$707.71	$26,211.35
Administration & Outreach; Contingency/Reserve; City Admin Fee	$111,120.38	$3,083.50	$114,203.88
TOTAL	**$427,386.06**	**$11,859.63**	**$439,245.69**

To determine the general benefit to parcels, the Engineer assigned each parcel group a benefit factor, determined the appropriate parcel characteristic to use in the calculation, multiplied the benefit factor by the benefit characteristic to determine the benefit units attributable to each parcel group, and apportioned the remaining service cost (service cost minus general benefit to the public) in accordance with the benefit units derived by each parcel group.

i. Benefit Factors

All parcels within and adjacent to the EPPBID have been assigned a benefit factor to mathematically represent the proportional special and general benefit and quantify the value of each. The determination of benefit factors for each type of activity follows.

Tangible Activities

The tangible activities (those that are physically provided via a person or people working throughout the district) to be provided by the EPPBID generate three types of special benefits:

> *Service* – The primary special benefit provided by the EPPBID's physical activities is the actual service.
>
> *Presence* – the EPPBID's physical activities also provide the special benefit of an individual's presence on the assessed parcel as the activities are provided, which can have a deterrent effect and creates a positive impression that the area is well-maintained and safe. The "Disneyland effect" is the benefit the parcels receive from the observation that parcels are being maintained. There are studies which link the perception of cleanliness to a perception of increased security.
>
> *Proximity* – the EPPBID's physical activities also provide the special benefit of being in proximity to a cleaner, safer parcel. Neighboring parcels enjoy the spillover benefits of being adjacent to increased safety and cleanliness.

The majority of the benefit received by the parcels is the results of the EPPBID's services; onsite presence and proximity are lesser benefits. It is this Engineer's estimation that seventy-five percent (75%) of the special benefit from the EPPBID's physical activities is the service, while the presence and proximity benefits each account for twelve and one-half percent (12.5% presence, 12.5% proximity) of the special benefit. Assessed parcels will receive all three benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly serviced and therefore only receive the general benefit of proximity.

Intangible Activities

Some of the EPPBID's activities, such as marketing, are distinct in that they are not provided to a targeted area within the EPPBID, rather they are provided via Internet, radio, and other forms of media and targeted at an audience outside the EPPBID in an effort to bring the audience into the EPPBID. These activities provide two types of special benefits:

Direct Exposure – The primary special benefit provided by the EPPBID's intangible activities is exposure. The intangible activities increase awareness of the EPPBID as a commercial and business destination and lead to increased patronage.

Incidental Exposure – The EPPBID's intangible activities will also have a secondary special benefit of incidental exposure, such as word-of-mouth exposure, that results from the direct exposure and increases awareness of the EPPBID as a commercial and business destination.

The majority of the benefit from these activities is the direct exposure; the incidental exposure is a lesser benefit. It is this Engineer's estimation that ninety percent (90%) of the special benefit from the intangible activities is direct exposure, while ten percent (10%) is incidental exposure. Assessed parcels will receive both as special benefits; non-assessed parcels within and adjacent to the EPPBID will not be directly marketed and therefore only receive the general benefit of incidental exposure.

Factors Determined

Based on the foregoing analysis, all assessed parcels within the EPPBID specially benefit from the EPPBID's activities and improvements, and have been assigned a benefit factor of 1.0. Parcels that are not assessed have been assigned benefit factors based on the portion of the benefit they will receive, as described above. The non-assessed parcels will benefit from 12.5% of the tangible activities and 10% of the intangible activities; therefore they have been assigned benefit factors of 0.125 and 0.10, respectively.

ii. Non-Assessed Benefit Characteristics

There are two types of parcels that are not assessed; those within the EPPBID and those immediately adjacent to and accessible from the EPPBID. Because they generally benefit in a differing manner, distinct parcel characteristics are used to quantify the general benefit to each type.

Inside – Non-assessed parcels inside of the EPPBID are surrounded by parcels that are assessed and receiving the full special benefits; they will, therefore, receive the general benefits of proximity and indirect exposure. These parcels are impacted on more than one side by the EPPBID's activities and improvements, marketing has a direct impact all around them, and activities and improvements are provided all around them. Because these parcels are surrounded by specially benefitted parcels, it is appropriate that parcel square footage be used to measure the general benefit they receive.

Adjacent – Adjacent parcels are those that are immediately adjacent to or directly across the street from specially benefitted parcels, and accessible from specially benefitted parcels. These parcels generally benefit differently than those inside the EPPBID, because these parcels are adjacent to, rather than surrounded by, specially benefitted parcels. Square footage is not an appropriate measure of benefit to these parcels. Because the parcels are not surrounded by serviced parcels, a long, shallow parcel with the same square footage as a deep, narrow parcel will receive a different level of general benefit. Likewise, two parcels with the same depth but a different width adjacent to serviced parcels will benefit differently. To account for this difference, it is appropriate that parcel linear frontage be used to measure the general benefit the adjacent parcels receive.

iii. Calculations

To quantify and separate the general benefit to non-assessed parcels, the following calculations were undertaken for each budget category.

1. The total service budget for each category was determined and the amount of general benefit to the public-at-large was subtracted from the category budget.
2. The benefit factor applicable to each activity or improvement was multiplied by the parcel square footage or linear frontage of assessed and non-assessed parcels, to determine the number of benefit units received by each parcel group.
3. The benefit units for all parcel groups were summed, and the percentage of benefit units attributable to each parcel group was calculated.
4. The total remaining activity and improvement budget, less the amount already determined to be general benefit to the public-at-large, was allocated to general and special benefit categories for each parcel group using the calculated benefit percent and applicable benefit characteristic methodology.
5. The special and general benefit resulting from the administration and outreach, contingency/reserve, and city administration fee portions of the budget were determined based on the proportional allocation of benefits derived from activities and improvements.

Clean & Safe

The clean & safe budget, minus the amount of general benefit to the public-at-large, is $290,762.04. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The clean & safe budget category contains tangible activities; the Engineer used the 0.125 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	= 1,110,022.00	99.743%	X $290,762.04	= $290,015.40
Non-Assessed	22,862	X 0.125	= 2,857.75	0.257%	X $290,762.04	= $746.64

The clean & safe budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $290,015.40. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.296%	X $290,015.40	= $282,174.13
Adjacent	3,376	X 0.125	= 422.00	2.704%	X $290,015.40	= $7,841.27

Therefore, the allocation of the clean & safe budget is as follows:

General Benefit – Public-At-Large	$8,068.42
General Benefit – Inside Parcels	$746.64

General Benefit – Adjacent Parcels	$7,841.27
Special Benefit	$282,174.13
Total	**$298,830.46**

Marketing & Events

The marketing and events budget, minus the amount of general benefit to the public-at-large, is $25,503.64. The calculations below determine the amount of general benefit to non-assessed parcels within the EPPBID. The marketing and events budget category contains intangible activities; the Engineer used the 0.10 benefit factor to quantify the general benefit.

Parcel Type	Square Footage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Assessed	1,110,022	X 1.000	=1,110,022.00	99.794%	X $25,503.64	= $25,451.22
Non-Assessed	22,862	X 0.100	=2,286.20	0.206%	X $25,503.64	= $52.42

The marketing and events budget, minus the amount of general benefit to the public and non-assessed parcels within the EPPBID, is $25,451.22. The calculations below determine the amount of general benefit to parcels adjacent to the EPPBID.

Parcel Type	Linear Frontage	Benefit Factor	Benefit Units	Benefit Percent	Remaining Budget	
Inside	15,186	X 1.000	=15,186.00	97.825%	X $25,451.22	= $24,897.72
Adjacent	3,376	X 0.100	=337.60	2.175%	X $25,451.22	= $553.50

Therefore, the allocation of the marketing and events budget is as follows:

General Benefit – Public-At-Large	$707.71
General Benefit – Inside Parcels	$52.42
General Benefit – Adjacent Parcels	$553.50
Special Benefit	$24,897.72
Total	**$26,211.35**

Administration & Outreach; Contingency/Reserve; City Administration Fee

The administration and outreach; contingency/reserve; and City administration fee budget line items relates to the activities and improvements provided. These costs have been allocated proportionally based on the special and general benefit provided by each category.

	Special Benefit to Parcels	General Benefit to Parcels
Clean & Safe	$282,174.13	$8,587.91
Marketing & Events	$24,897.72	$605.92
Activity Totals	$307,071.85	$9,193.83
Percent	97.09%	2.91%
Administration & Outreach; Contingency/Reserve; City Administration Fee	$107,890.11	$3,230.27
Total Parcel Benefits	**$414,961.96**	**$12,424.10**

iv. Total Benefits

Based on the foregoing calculations, the total benefits to assessed parcels, non-assessed parcels, and the general public are:

	Special	Parcel General	Public	Total
Clean & Safe	$282,174.13	$8,587.91	$8,068.42	$298,830.46
Marketing & Events	$24,897.72	$605.92	$707.71	$26,211.35
Administration & Outreach	$82,992.39	$2,484.83	$2,371.93	$87,849.14
Contingency/Reserve	$12,448.86	$372.72	$355.79	$13,177.37
City Admin Fee	$12,448.86	$372.72	$355.79	$13,177.37
Total	**$414,961.96**	**$12,424.10**	**$11,859.63**	**$439,245.69**

c. Non-Assessment Funding

The programs funded by the EPPBID receive additional non-assessment funding in the form of grants, corporate sponsorships, event income, and other miscellaneous funds. These funding sources are anticipated to equal or exceed the amount of general benefit conferred annually by the EPPBID's activities and improvements, $24,283.73. These non-assessment funds will be used to pay for the general benefit provided by the EPPBID's activities and improvements, ensuring that parcel assessments will only be used to provide special benefits.

2. Special Benefit

The activities and improvements to be provided by the EPPBID constitute and convey special benefits directly to the assessed parcels. Assessment law requires that "the proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided."[17] Further, "no assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel."[18] Special benefit "includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed."[19]

To determine the total special benefit value to be conveyed to the assessed parcels, we deduct the general benefit value ($24,283.73) from the total value of the activities and improvements

---

[17] Cal. Const, art XIII D §4(a)
[18] Ibid
[19] Streets and Highways Code section 36615.5

($439,245.69). The remaining $414,961.96 is considered the special benefit to assessed parcels (the "Total Assessment"). The Total Assessment represents the total value of the special benefit to be provided by the activities and improvements. The Total Assessment has been proportionally divided among the assessed parcels so that no assessment exceeds the reasonable cost of the proportional special benefit conferred on a parcel. The assessment rate has been designed to ensure that "properties that receive the same proportionate special benefit pay the same assessment."[20]

~~Service Provided~~	~~Total Benefit Value~~	~~General Benefit Value to Public~~	~~Benefit Value to Parcels (Special & General)~~	~~Special Benefit to Assessed Parcels~~
~~Clean & Safe~~	~~$298,830.46~~	~~$8,068.42~~	~~$290,762.04~~	~~$282,174.13~~

~~B.~~C. Assessment Methodology

1. Base Formula

Each parcel will be assessed based on proportional special benefits received. The variables used for determining the annual assessment formula are parcel type, parcel size, and parcel frontage along Sunset Boulevard, Glendale Boulevard, and Liberty Street. These variables are appropriate measures of the proportional special benefit because the need for services, level of services, and quantity of services are all relative to these variables; thus the special benefit provided to each parcel by the services can be proportionally measured using these variables.

Determination of Assessment Rates

"Because not all parcels in the district are identical in size…some will receive more special benefit than others."[21] Each of the variables used relates directly to the service level and special benefit provided to each parcel. Parcel square footage is the size of the parcel, measured in square feet. Parcel frontage is the length of a parcel that fronts Sunset Boulevard, Glendale Boulevard, Liberty Street, measured in linear feet. Size is an appropriate measure of proportional special benefit because it relates directly to the quantity of services provided to the parcel, the highest and best use of a parcel, and reflects the long-term value implications of the EPPBID. The larger a parcel, the more services and benefit the parcel will receive.

Because not all parcels in the EPPBID are identical in use, some will receive more special benefit than others. For example, a private non-profit parcel will benefit to a lesser degree than a commercial parcel, because it will not enjoy the benefits of increased commerce resulting from the services. Further detail on the benefit to each parcel type is in the following pages. To determine the assessment rates, the assessed parcels were classified by the estimated benefit each type of parcel receives, the estimated special benefit value of the activities and improvements provided to each type was determined based on approximate cost of service provision, and an assessment rate that is proportional to the estimated proportional benefit received by each parcel type was determined.

---

[20] *Tiburon v. Bonander* (2009) 180 Cal.App.4th 1057
[21] *Dahms v. Downtown Pomona* (2009) 174 Cal.App.4th 708

To determine the assessment rates, the estimated special benefit value for each parcel type was divided by the total assessable parcel square footage, parcel linear front footage, and parcel type as shown in the tables below.

Parcel Type

Parcel types were categorized based on the typical amount of foot and vehicle traffic on the various commercial, government and private non-profit parcels. Parcels with heavy traffic, such as commercial parcels, will receive the highest level of services. Parcels with lower traffic, such as government parcels, will receive a lower level of services. Parcels with lowest traffic, such as private non-profit parcels will receive the lowest level of services. The approximate cost of services by parcel type was determined. Then, the cost of services by type was divided by the parcel square footage and parcel linear front footage of those parcels to determine the assessment rates.

Parcel Size and Parcel Front Footage

The EPPBID's services will benefit each assessed parcel as a whole. The service budget, which in this Engineer's estimation, represents special benefits to the parcels, has been allocated based on parcel size and parcel front footage.

Parcel Type	Initial Parcel Size Budget		Parcel Square Footage		Initial Parcel Assessment Rate ($/sqft/yr)
Commercial	$162,434.49	÷	955,497	=	$0.170
Government	$7,890.98	÷	51,575	=	$0.153
Private Non-Profit	$8750.75	÷	102,950	=	$0.085

Parcel Type	Initial Parcel Frontage Budget (Sunset Blvd. & Glendale Blvd.)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$201,633.90	÷	5,966	=	$33.80
Government	$7,513.74	÷	247	=	$30.42
Private Non-Profit	$13,225.43	÷	783	=	$16.90

Parcel Type	Initial Parcel Frontage Budget (Liberty Street)		Parcel Frontage Footage		Initial Parcel Assessment Rate ($/lnft/yr)
Commercial	$12,040.80	÷	803	=	$15.00
Government*	$0.00	÷	0	=	$13.50
Private Non-Profit	$1,471.88	÷	196	=	$7.50

*There are currently no government parcels fronting Liberty Street. However, if in the future a parcel fronting Liberty Street is owned by a government entity, it will be subject to the rate identified in the table above.

Summary of Assessment Rates

Therefore, for the initial year, the maximum annual assessment rates to parcels are as shown below and in Appendix 1. Maximum annual assessment rates may be subject to an increase of no more than three (3%) percent per year as shown in Appendix 1.

Initial Parcel Assessment Rates			
Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
Commercial	$0.170	$33.80	$15.00
Government	$0.153	$30.42	$13.50
Private Non-Profit	$0.085	$16.90	$7.50

Parcel assessment calculations are shown in Appendix 3.

2. Commercial Parcels

Commercial parcels will receive and benefit from all EPPBID activities and improvements, and will therefore be assessed the full rate.

3. Government Parcels

The California Constitution, in Article XIII D, provides that "parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit." No public agency owning parcels in the district has made such a demonstration. Government-owned parcels within the District will receive special benefit to a lesser degree than commercial parcels, therefore they will be assessed at a rate commensurate with the degree of special benefit.

4. Private Non-Profit Parcels

Because they do not have a commercial component, private non-profit parcels, as shown on the County Assessor's records will be assessed at a reduced rate commensurate to the benefits received as shown in the table above. This rate was developed based on the estimated benefit to private non-profit parcels, which do not have a for-profit commercial component – and therefore benefit to a lesser degree than commercial parcels. These parcels will benefit in that they will be cleaner and safer, but they benefit to a lesser degree than parcels occupied by for-profit businesses.

5. Non-Assessed Parcel

There are three (3) parcels within the EPPBID that will not be assessed. These parcels are neither commercial, government, or private non-profit parcels and will not specially benefit from or directly receive the EPPBID's activities and improvements. These parcels are accounted for in the analysis of general benefit provided to non-assessed parcels within the EPPBID. These parcels have the following uses:

Residential. The state legislature has determined that "properties zoned exclusively for residential use…are conclusively presumed not to benefit from the improvements and services funded through these assessments, and shall not be subject to any assessment."[22] The activities and improvements to be provided are designed to specially benefit commercial, government and private non-profit parcels via increased commerce, occupancy, and lease rates. None of these benefits apply to residential parcels, which will not be serviced or benefit from the EPPBID's activities and improvements. Residential parcels are those parcels with four family units or less, residential common areas, residential vacant lots, residential planned unit developments, and residential condominiums. There are two (2) residential parcels within the EPPBID that will not be assessed.

---

[22] Streets and Highways Code § 36632(c)

Miscellaneous. There is one (1) miscellaneous parcel with no commercial activity. This parcel contains a median and will not receive or specially benefit from EPPBID programs, nor will it be assessed.

6. Changes in Data

It is the intent of this Plan and Engineer's Report that each parcel included in the EPPBID can be clearly identified. Every effort has been made to ensure that all parcels included in the EPPBID are consistent in the boundary map and the assessment calculation table. However, if inconsistencies arise, the order of precedence shall be: 1) the assessment calculation table and 2) the boundary map.

If the parcel size, parcel front footage, or type of a parcel changes during the EPPBID's term, the assessment calculation may be modified accordingly.

~~C.~~D. Assessment Notice

During the hearing process, an Assessment Ballot will be sent to owners of each parcel in the EPPBID. The Assessment Ballot provides an estimated assessment. The final individual assessment for any particular parcel may change, up or down, if the parcel square footage, parcel front footage, or type differ from those used to calculate the amount shown on the notice, which can be found in Appendix 3.

~~D.~~E. Time and Manner for Collecting Assessments

As provided by State Law, the the EPPBID assessment will appear as a separate line item on annual property tax bills prepared by the County of Los Angeles. Property tax bills are generally distributed in the fall, and payment is expected by lump sum or installment. The County of Los Angeles shall distribute funds collected to the Chamber. Existing laws for enforcement and appeal of property taxes, including penalties and interest, apply to the EPPBID assessments.

~~E.~~F. Engineer's Certification

I hereby certify, to the best of my knowledge and experience, that each of the identified assessed parcels located within the Echo Park Property and Business Improvement District will receive a special benefit over and above the general benefits conferred and that the amount of the assessment is no greater than the proportional special benefits conferred on each parcel, as described in this Engineer's Report.

Review of this Echo Park Property and Business Improvement District Management District Plan and preparation of the Engineer's Report was completed by:

Ross Peabody
State of California

November ~~8~~19, 2018
Date

This Engineer's Report is intended to be distributed as part of the Management District Plan in its entirety, including the Assessment Calculation Table (Appendix 3) and the Boundary Map. Reproduction and distribution of only Section VII of this Management District Plan violates the intent of this stamp and signature.

APPENDIX 1 – MAXIMUM ANNUAL ASSESSMENT RATES

The table below illustrates the maximum annual assessment rates with the assumption that the rates will be increased annually by three percent (3%). The maximum rates listed are a required disclosure and not the anticipated course of action.

Year	Parcel Type	Parcel Size (sq. ft.)	Sunset Blvd. & Glendale Blvd. Frontage (ln. ft.)	Liberty St. Frontage (ln. ft.)
2020	Commercial	$0.170	$33.80	$15.00
	Government	$0.153	$30.42	$13.50
	Private Non-Profit	$0.085	$16.90	$7.50
2021	Commercial	$0.175	$34.81	$15.45
	Government	$0.158	$31.33	$13.91
	Private Non-Profit	$0.088	$17.41	$7.73
2022	Commercial	$0.180	$35.86	$15.91
	Government	$0.162	$32.27	$14.32
	Private Non-Profit	$0.090	$17.93	$7.96
2023	Commercial	$0.186	$36.93	$16.39
	Government	$0.167	$33.24	$14.75
	Private Non-Profit	$0.093	$18.47	$8.20
2024	Commercial	$0.191	$38.04	$16.88
	Government	$0.172	$34.24	$15.19
	Private Non-Profit	$0.096	$19.02	$8.44

APPENDIX 2 – PBID LAW

*** THIS DOCUMENT IS CURRENT THROUGH THE 2018 SUPPLEMENT ***
(ALL 2017 LEGISLATION)

STREETS AND HIGHWAYS CODE
DIVISION 18. PARKING
PART 7. PROPERTY AND BUSINESS IMPROVEMENT DISTRICT LAW OF 1994

CHAPTER 1. General Provisions

ARTICLE 1. Declarations

36600. Citation of part

This part shall be known and may be cited as the "Property and Business Improvement District Law of 1994."

36601. Legislative findings and declarations; Legislative guidance

The Legislature finds and declares all of the following:

(a) Businesses located and operating within business districts in some of this state's communities are economically disadvantaged, are underutilized, and are unable to attract customers due to inadequate facilities, services, and activities in the business districts.

(b) It is in the public interest to promote the economic revitalization and physical maintenance of business districts in order to create jobs, attract new businesses, and prevent the erosion of the business districts.

(c) It is of particular local benefit to allow business districts to fund business related improvements, maintenance, and activities through the levy of assessments upon the businesses or real property that receive benefits from those improvements.

(d) Assessments levied for the purpose of conferring special benefit upon the real property or a specific benefit upon the businesses in a business district are not taxes for the general benefit of a city, even if property, businesses, or persons not assessed receive incidental or collateral effects that benefit them.

(e) Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits:

(1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the total incidence of violent crimes within the 30 districts studied.
(2) Job creation.
(3) Business attraction.
(4) Business retention.
(5) Economic growth.
(6) New investments.

(f) With the dissolution of redevelopment agencies throughout the state, property and business improvement districts have become even more important tools with which communities can combat blight, promote economic opportunities, and create a clean and safe environment.

(g) Since the enactment of this act, the people of California have adopted Proposition 218, which added Article XIII D to the Constitution in order to place certain requirements and restrictions on the formation of, and activities, expenditures, and assessments by property-based districts. Article XIII D of the Constitution provides that property-based districts may only levy assessments for special benefits.

(h) The act amending this section is intended to provide the Legislature's guidance with regard to this act, its interaction with the provisions of Article XIII D of the Constitution, and the determination of special benefits in property-based districts.

(1) The lack of legislative guidance has resulted in uncertainty and inconsistent application of this act, which discourages the use of assessments to fund needed improvements, maintenance, and activities in property-based districts, contributing to blight and other underutilization of property.

(2) Activities undertaken for the purpose of conferring special benefits upon property to be assessed inherently produce incidental or collateral effects that benefit property or persons not assessed. Therefore, for special benefits to exist as a separate and distinct category from general benefits, the incidental or collateral effects of those special benefits are inherently part of those special benefits. The mere fact that special benefits produce incidental or collateral effects that benefit property or persons not assessed does not convert any portion of those special benefits or their incidental or collateral effects into general benefits.
(3) It is of the utmost importance that property-based districts created under this act have clarity regarding restrictions on assessments they may levy and the proper determination of special benefits. Legislative clarity with regard to this act will provide districts with clear instructions and courts with legislative intent regarding restrictions on property-based assessments, and the manner in which special benefits should be determined.

36602. Purpose of part

The purpose of this part is to supplement previously enacted provisions of law that authorize cities to levy assessments within property and business improvement districts, to ensure that those assessments conform to all constitutional requirements and are determined and assessed in accordance with the guidance set forth in this act. This part does not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes.

36603. Preemption of authority or charter city to adopt ordinances levying assessments

Nothing in this part is intended to preempt the authority of a charter city to adopt ordinances providing for a different method of levying assessments for similar or additional purposes from those set forth in this part. A property and business improvement district created pursuant to this part is expressly exempt from the provisions of the Special Assessment Investigation, Limitation and Majority Protest Act of 1931 (Division 4 (commencing with Section 2800)).

36603.5. Part prevails over conflicting provisions

Any provision of this part that conflicts with any other provision of law shall prevail over the other provision of law, as to districts created under this part.

36604. Severability

This part is intended to be construed liberally and, if any provision is held invalid, the remaining provisions shall remain in full force and effect. Assessments levied under this part are not special taxes.

ARTICLE 2. Definitions

36606. "Activities"

"Activities" means, but is not limited to, all of the following that benefit businesses or real property in the district:
(a) Promotion of public events.
(b) Furnishing of music in any public place.
(c) Promotion of tourism within the district.
(d) Marketing and economic development, including retail retention and recruitment.
(e) Providing security, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
(f) Other services provided for the purpose of conferring special benefit upon assessed real property or specific benefits upon assessed businesses located in the district.

36606.5. "Assessment"

"Assessment" means a levy for the purpose of acquiring, constructing, installing, or maintaining improvements and providing activities that will provide certain benefits to properties or businesses located within a property and business improvement district.

36607. "Business"

"Business" means all types of businesses and includes financial institutions and professions.

36608. "City"

"City" means a city, county, city and county, or an agency or entity created pursuant to Article 1 (commencing with Section 6500) of Chapter 5 of Division 7 of Title 1 of the Government Code, the public member agencies of which includes only cities, counties, or a city and county, or the State of California.

36609. "City council"

"City council" means the city council of a city or the board of supervisors of a county, or the agency, commission, or board created pursuant to a joint powers agreement and which is a city within the meaning of this part.

36609.4. "Clerk"

"Clerk" means the clerk of the legislative body.

36609.5. "General benefit"

"General benefit" means, for purposes of a property-based district, any benefit that is not a "special benefit" as defined in Section 36615.5.

36610. "Improvement"

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years or more including, but not limited to, the following:

(a) Parking facilities.
(b) Benches, booths, kiosks, display cases, pedestrian shelters and signs.
(c) Trash receptacles and public restrooms.
(d) Lighting and heating facilities.
(e) Decorations.
(f) Parks.
(g) Fountains.
(h) Planting areas.
(i) Closing, opening, widening, or narrowing of existing streets.
(j) Facilities or equipment, or both, to enhance security of persons and property within the district.
(k) Ramps, sidewalks, plazas, and pedestrian malls.
(l) Rehabilitation or removal of existing structures.

36611. "Management district plan"; "Plan"

"Management district plan" or "plan" means a proposal as defined in Section 36622.

36612. "Owners' association"

"Owners' association" means a private nonprofit entity that is under contract with a city to administer or implement improvements, maintenance, and activities specified in the management district plan. An owners' association may be an existing nonprofit entity or a newly formed nonprofit entity. An owners' association is a private entity and may not be considered a public entity for any purpose, nor may its board members or staff be considered to be public officials for any purpose. Notwithstanding this section, an owners' association shall comply with the Ralph M. Brown Act (Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of the Government Code), at all times when matters within the subject matter of the district are heard, discussed, or deliberated, and with the California Public Records Act (Chapter 3.5 (commencing with Section 6250) of Division 7 of Title 1 of the Government Code), for all records relating to activities of the district.

36614. "Property"

"Property" means real property situated within a district.

36614.5. "Property and business improvement district"; "District"

"Property and business improvement district," or "district," means a property and business improvement district established pursuant to this part.

36614.6. "Property-based assessment"

"Property-based assessment" means any assessment made pursuant to this part upon real property.

36614.7. "Property-based district"

"Property-based district" means any district in which a city levies a property-based assessment.

36615. "Property owner"; "Business owner"; "Owner"

"Property owner" means any person shown as the owner of land on the last equalized assessment roll or otherwise known to be the owner of land by the city council. "Business owner" means any person recognized by the city as the owner of the business. "Owner" means either a business owner or a property owner. The city council has no obligation to obtain other information as to the ownership of land or businesses, and its determination of ownership shall be final and conclusive for the purposes of this part. Wherever this part requires the signature of the property owner, the signature of the authorized agent of the property owner shall be sufficient. Wherever this part requires the signature of the business owner, the signature of the authorized agent of the business owner shall be sufficient.

36615.5. "Special benefit"

"Special benefit" means, for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value.

36616. "Tenant"

"Tenant" means an occupant pursuant to a lease of commercial space or a dwelling unit, other than an owner.

ARTICLE 3. Prior Law

36617. Alternate method of financing certain improvements and activities; Effect on other provisions

This part provides an alternative method of financing certain improvements and activities. The provisions of this part shall not affect or limit any other provisions of law authorizing or providing for the furnishing of improvements or activities or the raising of revenue for these purposes. Every improvement area established pursuant to the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500) of this division) is valid and effective and is unaffected by this part.

CHAPTER 2. Establishment

36620. Establishment of property and business improvement district

A property and business improvement district may be established as provided in this chapter.

36620.5. Requirement of consent of city council

A county may not form a district within the territorial jurisdiction of a city without the consent of the city council of that city. A city may not form a district within the unincorporated territory of a county without the consent of the board of supervisors of that county. A city may not form a district within the territorial jurisdiction of another city without the consent of the city council of the other city.

36621. Initiation of proceedings; Petition of property or business owners in proposed district

(a) Upon the submission of a written petition, signed by the property or business owners in the proposed district who will pay more than 50 percent of the assessments proposed to be levied, the city council may initiate proceedings to form a district by the adoption of a resolution expressing its intention to form a district. The amount of assessment attributable to property or a business owned by the same property or business owner that is in excess of 40 percent of the amount of all assessments proposed to be levied, shall not be included in determining whether the petition is signed by property or business owners who will pay more than 50 percent of the total amount of assessments proposed to be levied.

(b) The petition of property or business owners required under subdivision (a) shall include a summary of the management district plan. That summary shall include all of the following:

- (1) A map showing the boundaries of the district.
- (2) Information specifying where the complete management district plan can be obtained.
- (3) Information specifying that the complete management district plan shall be furnished upon request.

(c) The resolution of intention described in subdivision (a) shall contain all of the following:

- (1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property or businesses within the district, a statement as to whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements do not need to be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities, and the location and extent of the proposed district.
- (2) A time and place for a public hearing on the establishment of the property and business improvement district and the levy of assessments, which shall be consistent with the requirements of Section 36623.

36622. Contents of management district plan

The management district plan shall include, but is not limited to, all of the following:

(a) If the assessment will be levied on property, a map of the district in sufficient detail to locate each parcel of property and, if businesses are to be assessed, each business within the district. If the assessment will be levied on businesses, a map that identifies the district boundaries in sufficient detail to allow a business owner to reasonably determine whether a business is located within the district boundaries. If the assessment will be levied on property and businesses, a map of the district in sufficient detail to locate each parcel of property and to allow a business owner to reasonably determine whether a business is located within the district boundaries.

(b) The name of the proposed district.

(c) A description of the boundaries of the district, including the boundaries of benefit zones, proposed for establishment or extension in a manner sufficient to identify the affected property and businesses included, which may be made by reference to any plan or map that is on file with the clerk. The boundaries of a proposed property assessment district shall not overlap with the boundaries of another existing property assessment district created pursuant to this part. This part does not prohibit the boundaries of a district created pursuant to this part to overlap with other assessment districts established pursuant to other provisions of law, including, but not limited to, the Parking and Business Improvement Area Law of 1989 (Part 6 (commencing with Section 36500)). This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with another business assessment district created pursuant to this part. This part does not prohibit the boundaries of a business assessment district created pursuant to this part to overlap with a property assessment district created pursuant to this part.

(d) The improvements, maintenance, and activities proposed for each year of operation of the district and the maximum cost thereof. If the improvements, maintenance, and activities proposed for each year of operation are the same, a description of the first year's proposed improvements, maintenance, and activities and a statement that the same improvements, maintenance, and activities are proposed for subsequent years shall satisfy the requirements of this subdivision.

(e) The total annual amount proposed to be expended for improvements, maintenance, or activities, and debt service in each year of operation of the district. If the assessment is levied on businesses, this amount may be estimated based upon the assessment rate. If the total annual amount proposed to be expended in each year of operation of the district is not significantly different, the amount proposed to be expended in the initial year and a statement that a similar amount applies to subsequent years shall satisfy the requirements of this subdivision.

(f) The proposed source or sources of financing, including the proposed method and basis of levying the assessment in sufficient detail to allow each property or business owner to calculate the amount of the assessment to be levied against his or her property or business. The plan also shall state whether bonds will be issued to finance improvements.

(g) The time and manner of collecting the assessments.

(h) The specific number of years in which assessments will be levied. In a new district, the maximum number of years shall be five. Upon renewal, a district shall have a term not to exceed 10 years. Notwithstanding these limitations, a district created pursuant to this part to finance capital improvements with bonds may levy assessments until the maximum maturity of the bonds. The management district plan may set forth specific increases in assessments for each year of operation of the district.

(i) The proposed time for implementation and completion of the management district plan.

(j) Any proposed rules and regulations to be applicable to the district.

(k) (1) A list of the properties or businesses to be assessed, including the assessor's parcel numbers for properties to be assessed, and a statement of the method or methods by which the expenses of a district will be imposed upon benefited real property or businesses, in proportion to the benefit received by the property or business, to defray the cost thereof.

(2) In a property-based district, the proportionate special benefit derived by each identified parcel shall be determined exclusively in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the activities. An assessment shall not be imposed on any parcel that exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and a property-based district shall separate the general benefits, if any, from the special benefits conferred on a parcel. Parcels within a property-based district that are owned or used by any city, public agency, the State of California, or the United States shall not be exempt from assessment unless the governmental entity can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit. The value of any incidental, secondary, or collateral effects that arise from the improvements, maintenance, or activities of a property-based district and that benefit property or persons not assessed shall not be deducted from the entirety of the cost of any special benefit or affect the proportionate special benefit derived by each identified parcel.

(l) In a property-based district, the total amount of all special benefits to be conferred upon the properties located within the property-based district.

(m) In a property-based district, the total amount of general benefits, if any.

(n) In a property-based district, a detailed engineer's report prepared by a registered professional engineer certified by the State of California supporting all assessments contemplated by the management district plan.

(o) Any other item or matter required to be incorporated therein by the city council.

36623. Procedure to levy assessment

(a) If a city council proposes to levy a new or increased property assessment, the notice and protest and hearing procedure shall comply with Section 53753 of the Government Code.

(b) If a city council proposes to levy a new or increased business assessment, the notice and protest and hearing procedure shall comply with Section 54954.6 of the Government Code, except that notice shall be mailed to the owners of the businesses proposed to be assessed. A protest may be made orally or in writing by any interested person. Every written protest shall be filed with the clerk at or before the time fixed for the public hearing. The city council may waive any irregularity in the form or content of any written protest. A written protest may be withdrawn in writing at any time before the conclusion of the public hearing. Each written protest shall contain a description of the business in which the person subscribing the protest is interested sufficient to identify the business and, if a person subscribing is not shown on the official records of the city as the owner of the business, the protest shall contain or be accompanied by written evidence that the person subscribing is the owner of the business or the authorized representative. A written protest that does not comply with this section shall not be counted in determining a majority protest. If written protests are received from the owners or authorized representatives of businesses in the proposed district that will pay 50 percent or more of the assessments proposed to be levied and protests are not withdrawn so as to reduce the protests to less than 50 percent, no further proceedings to levy the proposed assessment against such businesses, as contained in the resolution of intention, shall be taken for a period of one year from the date of the finding of a majority protest by the city council.

(c) If a city council proposes to conduct a single proceeding to levy both a new or increased property assessment and a new or increased business assessment, the notice and protest and hearing procedure for the property assessment shall comply with subdivision (a), and the notice and protest and hearing procedure for the business assessment shall comply with subdivision (b). If a majority protest is received from either the property or business owners, that respective portion of the assessment shall not be levied. The remaining portion of the assessment may be levied unless the improvement or other special benefit was proposed to be funded by assessing both property and business owners.

36624. Changes to proposed assessments

At the conclusion of the public hearing to establish the district, the city council may adopt, revise, change, reduce, or modify the proposed assessment or the type or types of improvements, maintenance, and activities to be funded with the revenues from the assessments. Proposed assessments may only be revised by reducing any or all of them. At the public hearing, the city council may only make changes in, to, or from the boundaries of the proposed property and business improvement district that will exclude territory that will not benefit from the proposed improvements, maintenance, and activities. Any modifications, revisions, reductions, or changes to the proposed assessment district shall be reflected in the notice and map recorded pursuant to Section 36627.

36625. Resolution of formation

(a) If the city council, following the public hearing, decides to establish a proposed property and business improvement district, the city council shall adopt a resolution of formation that shall include, but is not limited to, all of the following:

(1) A brief description of the proposed improvements, maintenance, and activities, the amount of the proposed assessment, a statement as to whether the assessment will be levied on property, businesses, or both within the district, a statement on whether bonds will be issued, and a description of the exterior boundaries of the proposed district, which may be made by reference to any plan or map that is on file with the clerk. The descriptions and statements need not be detailed and shall be sufficient if they enable an owner to generally identify the nature and extent of the improvements, maintenance, and activities and the location and extent of the proposed district.

(2) The number, date of adoption, and title of the resolution of intention.

(3) The time and place where the public hearing was held concerning the establishment of the district.

(4) A determination regarding any protests received. The city shall not establish the district or levy assessments if a majority protest was received.

(5) A statement that the properties, businesses, or properties and businesses in the district established by the resolution shall be subject to any amendments to this part.

(6) A statement that the improvements, maintenance, and activities to be conferred on businesses and properties in the district will be funded by the levy of the assessments. The revenue from the levy of assessments within a district shall not be used to provide improvements, maintenance, or activities outside the district or for any purpose other than the purposes specified in the resolution of intention, as

modified by the city council at the hearing concerning establishment of the district. Notwithstanding the foregoing, improvements and activities that must be provided outside the district boundaries to create a special or specific benefit to the assessed parcels or businesses may be provided, but shall be limited to marketing or signage pointing to the district.

(7) A finding that the property or businesses within the area of the property and business improvement district will be benefited by the improvements, maintenance, and activities funded by the proposed assessments, and, for a property-based district, that property within the district will receive a special benefit.

(8) In a property-based district, the total amount of all special benefits to be conferred on the properties within the property-based district.

(b) The adoption of the resolution of formation and, if required, recordation of the notice and map pursuant to Section 36627 shall constitute the levy of an assessment in each of the fiscal years referred to in the management district plan.

36626. Resolution establishing district

If the city council, following the public hearing, desires to establish the proposed property and business improvement district, and the city council has not made changes pursuant to Section 36624, or has made changes that do not substantially change the proposed assessment, the city council shall adopt a resolution establishing the district. The resolution shall contain all of the information specified in Section 36625.

36627. Notice and assessment diagram

Following adoption of the resolution establishing district assessments on properties pursuant to Section 36625 or Section 36626, the clerk shall record a notice and an assessment diagram pursuant to Section 3114. No other provision of Division 4.5 (commencing with Section 3100) applies to an assessment district created pursuant to this part.

36628. Establishment of separate benefit zones within district; Categories of businesses

The city council may establish one or more separate benefit zones within the district based upon the degree of benefit derived from the improvements or activities to be provided within the benefit zone and may impose a different assessment within each benefit zone. If the assessment is to be levied on businesses, the city council may also define categories of businesses based upon the degree of benefit that each will derive from the improvements or activities to be provided within the district and may impose a different assessment or rate of assessment on each category of business, or on each category of business within each zone.

36628.5. Assessments on businesses or property owners

The city council may levy assessments on businesses or on property owners, or a combination of the two, pursuant to this part. The city council shall structure the assessments in whatever manner it determines corresponds with the distribution of benefits from the proposed improvements, maintenance, and activities, provided that any property-based assessment conforms with the requirements set forth in paragraph (2) of subdivision (k) of Section 36622.

36629. Provisions and procedures applicable to benefit zones and business categories

All provisions of this part applicable to the establishment, modification, or disestablishment of a property and business improvement district apply to the establishment, modification, or disestablishment of benefit zones or categories of business. The city council shall, to establish, modify, or disestablish a benefit zone or category of business, follow the procedure to establish, modify, or disestablish a property and business improvement district.

36630. Expiration of district; Creation of new district

If a property and business improvement district expires due to the time limit set pursuant to subdivision (b) of Section 36622, a new management district plan may be created and the district may be renewed pursuant to this part.

CHAPTER 3. Assessments

36631. Time and manner of collection of assessments; Delinquent payments

The collection of the assessments levied pursuant to this part shall be made at the time and in the manner set forth by the city council in the resolution levying the assessment. Assessments levied on real property may be collected at the same time and in the same manner as for the ad valorem property tax, and may provide for the same lien priority and penalties for delinquent payment. All delinquent payments for assessments levied pursuant to this part may be charged interest and penalties.

36632. Assessments to be based on estimated benefit; Classification of real property and businesses; Exclusion of residential and agricultural property

(a) The assessments levied on real property pursuant to this part shall be levied on the basis of the estimated benefit to the real property within the property and business improvement district. The city council may classify properties for purposes of determining the benefit to property of the improvements and activities provided pursuant to this part.

(b) Assessments levied on businesses pursuant to this part shall be levied on the basis of the estimated benefit to the businesses within the property and business improvement district. The city council may classify businesses for purposes of determining the benefit to the businesses of the improvements and activities provided pursuant to this part.

(c) Properties zoned solely for residential use, or that are zoned for agricultural use, are conclusively presumed not to benefit from the improvements and service funded through these assessments, and shall not be subject to any assessment pursuant to this part.

36633. Time for contesting validity of assessment

The validity of an assessment levied under this part shall not be contested in any action or proceeding unless the action or proceeding is commenced within 30 days after the resolution levying the assessment is adopted pursuant to Section 36626. Any appeal from a final judgment in an action or proceeding shall be perfected within 30 days after the entry of judgment.

36634. Service contracts authorized to establish levels of city services

The city council may execute baseline service contracts that would establish levels of city services that would continue after a property and business improvement district has been formed.

36635. Request to modify management district plan

The owners' association may, at any time, request that the city council modify the management district plan. Any modification of the management district plan shall be made pursuant to this chapter.

36636. Modification of plan by resolution after public hearing; Adoption of resolution of intention

(a) Upon the written request of the owners' association, the city council may modify the management district plan after conducting one public hearing on the proposed modifications. The city council may modify the improvements and activities to be funded with the revenue derived from the levy of the assessments by adopting a resolution determining to make the modifications after holding a public hearing on the proposed modifications. If the modification includes the levy of a new or increased assessment, the city council shall comply with Section 36623. Notice of all other public hearings pursuant to this section shall comply with both of the following:

(1) The resolution of intention shall be published in a newspaper of general circulation in the city once at least seven days before the public hearing.

(2) A complete copy of the resolution of intention shall be mailed by first class mail, at least 10 days before the public hearing, to each business owner or property owner affected by the proposed modification.

(b) The city council shall adopt a resolution of intention which states the proposed modification prior to the public hearing required by this section. The public hearing shall be held not more than 90 days after the adoption of the resolution of intention.

36637. Reflection of modification in notices recorded and maps

Any subsequent modification of the resolution shall be reflected in subsequent notices and maps recorded pursuant to Division 4.5 (commencing with Section 3100), in a manner consistent with the provisions of Section 36627.

CHAPTER 3.5. Financing

36640. Bonds authorized; Procedure; Restriction on reduction or termination of assessments

(a) The city council may, by resolution, determine and declare that bonds shall be issued to finance the estimated cost of some or all of the proposed improvements described in the resolution of formation adopted pursuant to Section 36625, if the resolution of formation adopted pursuant to that section provides for the issuance of bonds, under the Improvement Bond Act of 1915 (Division 10 (commencing with Section 8500)) or in conjunction with Marks-Roos Local Bond Pooling Act of 1985 (Article 4 (commencing with Section 6584) of Chapter 5 of Division 7 of Title 1 of the Government Code). Either act, as the case may be, shall govern the proceedings relating to the issuance of bonds, although proceedings under the Bond Act of 1915 may be modified by the city council as necessary to accommodate assessments levied upon business pursuant to this part.
(b) The resolution adopted pursuant to subdivision (a) shall generally describe the proposed improvements specified in the resolution of formation adopted pursuant to Section 36625, set forth the estimated cost of those improvements, specify the number of annual installments and the fiscal years during which they are to be collected. The amount of debt service to retire the bonds shall not exceed the amount of revenue estimated to be raised from assessments over 30 years.
(c) Notwithstanding any other provision of this part, assessments levied to pay the principal and interest on any bond issued pursuant to this section shall not be reduced or terminated if doing so would interfere with the timely retirement of the debt.

CHAPTER 4. Governance

36650. Report by owners' association; Approval or modification by city council

(a) The owners' association shall cause to be prepared a report for each fiscal year, except the first year, for which assessments are to be levied and collected to pay the costs of the improvements, maintenance, and activities described in the report. The owners' association's first report shall be due after the first year of operation of the district. The report may propose changes, including, but not limited to, the boundaries of the property and business improvement district or any benefit zones within the district, the basis and method of levying the assessments, and any changes in the classification of property, including any categories of business, if a classification is used.
(b) The report shall be filed with the clerk and shall refer to the property and business improvement district by name, specify the fiscal year to which the report applies, and, with respect to that fiscal year, shall contain all of the following information:

(1) Any proposed changes in the boundaries of the property and business improvement district or in any benefit zones or classification of property or businesses within the district.
(2) The improvements, maintenance, and activities to be provided for that fiscal year.
(3) An estimate of the cost of providing the improvements, maintenance, and activities for that fiscal year.
(4) The method and basis of levying the assessment in sufficient detail to allow each real property or business owner, as appropriate, to estimate the amount of the assessment to be levied against his or her property or business for that fiscal year.
(5) The estimated amount of any surplus or deficit revenues to be carried over from a previous fiscal year.
(6) The estimated amount of any contributions to be made from sources other than assessments levied pursuant to this part.

(c) The city council may approve the report as filed by the owners' association or may modify any particular contained in the report and approve it as modified. Any modification shall be made pursuant to Sections 36635 and 36636.
The city council shall not approve a change in the basis and method of levying assessments that would impair an authorized or executed contract to be paid from the revenues derived from the levy of assessments, including any commitment to pay principal and interest on any bonds issued on behalf of the district.

36651. Designation of owners' association to provide improvements, maintenance, and activities

The management district plan may, but is not required to, state that an owners' association will provide the improvements, maintenance, and activities described in the management district plan. If the management district plan designates an owners' association, the city shall contract with the designated nonprofit corporation to provide services.

CHAPTER 5. Renewal

36660. Renewal of district; Transfer or refund of remaining revenues; District term limit

(a) Any district previously established whose term has expired, or will expire, may be renewed by following the procedures for establishment as provided in this chapter.
(b) Upon renewal, any remaining revenues derived from the levy of assessments, or any revenues derived from the sale of assets acquired with the revenues, shall be transferred to the renewed district. If the renewed district includes additional parcels or businesses not included in the prior district, the remaining revenues shall be spent to benefit only the parcels or businesses in the prior district. If the renewed district does not include parcels or businesses included in the prior district, the remaining revenues attributable to these parcels shall be refunded to the owners of these parcels or businesses.
(c) Upon renewal, a district shall have a term not to exceed 10 years, or, if the district is authorized to issue bonds, until the maximum maturity of those bonds. There is no requirement that the boundaries, assessments, improvements, or activities of a renewed district be the same as the original or prior district.

CHAPTER 6. Disestablishment

36670. Circumstances permitting disestablishment of district; Procedure

(a) Any district established or extended pursuant to the provisions of this part, where there is no indebtedness, outstanding and unpaid, incurred to accomplish any of the purposes of the district, may be disestablished by resolution by the city council in either of the following circumstances:

(1) If the city council finds there has been misappropriation of funds, malfeasance, or a violation of law in connection with the management of the district, it shall notice a hearing on disestablishment.

(2) During the operation of the district, there shall be a 30-day period each year in which assessees may request disestablishment of the district. The first such period shall begin one year after the date of establishment of the district and shall continue for 30 days. The next such 30-day period shall begin two years after the date of the establishment of the district. Each successive year of operation of the district shall have such a 30-day period. Upon the written petition of the owners or authorized representatives of real property or the owners or authorized representatives of businesses in the district who pay 50 percent or more of the assessments levied, the city council shall pass a resolution of intention to disestablish the district. The city council shall notice a hearing on disestablishment.

(b) The city council shall adopt a resolution of intention to disestablish the district prior to the public hearing required by this section. The resolution shall state the reason for the disestablishment, shall state the time and place of the public hearing, and shall contain a proposal to dispose of any assets acquired with the revenues of the assessments levied within the property and business improvement district. The notice of the hearing on disestablishment required by this section shall be given by mail to the property owner of each parcel or to the owner of each business subject to assessment in the district, as appropriate. The city shall conduct the public hearing not less than 30 days after mailing the notice to the property or business owners. The public hearing shall be held not more than 60 days after the adoption of the resolution of intention.

36671. Refund of remaining revenues upon disestablishment or expiration without renewal of district; Calculation of refund; Use of outstanding revenue collected after disestablishment of district

(a) Upon the disestablishment or expiration without renewal of a district, any remaining revenues, after all outstanding debts are paid, derived from the levy of assessments, or derived from the sale of assets acquired with the revenues, or from bond reserve or construction funds, shall be refunded to the owners of the property or businesses then located and operating within the district in which assessments were levied by applying the same method and basis that was used to calculate the assessments levied in the fiscal year in which the district is disestablished or expires. All outstanding assessment revenue collected after disestablishment shall be spent on improvements and activities specified in the management district plan.
(b) If the disestablishment occurs before an assessment is levied for the fiscal year, the method and basis that was used to calculate the assessments levied in the immediate prior fiscal year shall be used to calculate the amount of any refund.

APPENDIX 4 – TOTAL ESTIMATED COST OF IMPROVEMENTS AND ACTIVITIES

The estimated maximum cost of the line items below was developed based on the estimated costs of providing services in the proposed EPPBID. The costs below are estimated, the actual line item costs will fluctuate. The table below shows expenditures from assessment and non-assessment funds. The total maximum budget may exceed the maximum listed in this table if parcel ownership changes result in parcels being assessed at a higher rate due to a higher estimated benefit.

Year	Clean and Safe	Marketing & Events	Administration & Outreach	Contingency / Reserve	City Administration	Total
2020	$298,830.46	$26,211.35	$87,849.14	$13,177.37	$13,177.37	$439,245.69
2021	$307,795.37	$26,997.69	$90,484.61	$13,572.69	$13,572.69	$452,423.05
2022	$317,029.24	$27,807.62	$93,199.15	$13,979.87	$13,979.87	$465,995.75

Subject: Help Needed at Gower Street Underpass (between Franklin and Hollywood)

Team:
I'm getting a lot of calls and emails regarding the situation on Gower Street underneath the freeway. I know you are all aware. I figured it would make sense to send a comprehensive email regarding the situation.

We have a CSI Day coming up in October, but I'm asking for these additional measures to be taken in the interim.

Here is what I am collectively requesting of each agency:

LAPD Hollywood Division -- Please provide extra patrol, including from Narcotics - I am getting emails and calls regarding frequent drug usage at this location.

LAPD OWB HOPE Team -- Please include this location as a top priority for all your upcoming visits to Hollywood.

LASAN - Blad -- Please re-authorize this location ASAP.

LASAN - WPD -- Please provide spot cleaning to the extent you can; I am getting reports of needles, feces, urine, etc.

LAHSA -- Please re-authorize this location ASAP and/or provide outreach services to those in need.

CD4 -- FYI, I know we are both hearing about this from both sides of the border.

Please let me know if you have any questions.

Thanks,

Dan Halden

Subject: FOLLOW UP Week of July 5th: Dave/William next: Adrian Riskin CPRARequest (CD13.2017.03.25.a)

Hi all! We need to follow up with this request.
Dave/William: please clock in your cumulative hour this week and report back to the group with your progress. This is all related to Selma Park. Details are below.

Please search your own email accounts, as well as the two MOF email accounts.

Thanks!

All,
I'm not sure where Tony left off with this prior to going on vacation, so Dave and William, you are up next for this week. I'm re-CCing the request below. Please search your individual accounts, plus BOTH MOF accounts.

You have one cumulative hour this week. Let us know if you use it all or if you have time left over.

Thanks!

CPRA REQUEST

I'd like to see all records relating to Selma Park and CF 16-1456 from September 1, 2015 through whenever you comply with this request. This should include but not be limited to:

1. Emails which contain the search string "selma park"
2. Emails which contain the word "playground"
3. Emails to/from/cc/bcc anyone associated with the so-called Friends of Selma Park
4. Minutes and/or notes from meetings relating to either Selma Park or CF 16-1456
5. CD13 staff or CM calendar entries for business relating to either the park or the CF
6. Non-email communications on either subject
7. Other records relating to either topic

Team:
We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne
5. Christine

6. Chris
7. Sylvan
8. Marisol

Subject: HOMELESS ENCAMPMENT - Charter Spectrum (formerly TWC) 856 Wilcox Ave Los Angeles, CA 90038

Dear Jeanne –

I am reaching out to you to see if you and your team, along with the Councilman could help us with a growing homeless encampment creating safety issues and property damage at our Charter Spectrum location in Hollywood at 856 Wilcox Ave Los Angeles, CA 90038.

I am hearing from our staff there that the homeless individuals are occupying space on the west side of the facility. The area they are stationed has many trees which provides shade for them to hang out daily. Also they are loitering on our property due to the property fence only being around 5' feet in certain areas. They are accessing the water supply to our facility for a resource and trash is found daily on the property.

We have posted a number of no trespassing signs, see photos.

- Are there height limits for business to install fences?
- Can trees be cut down to eliminate the shade area for the homeless to encamp?

Confirming "No Trespassing" signs are placed at the location and have included pics.

Your review, helpful assistance and reply is always appreciated.

Grateful regards,

- Peter

Subject: HOMELESS ENCAMPMENT - Charter Spectrum (formerly TWC) 856 Wilcox Ave Los Angeles, CA 90038

Dear Jeanne –

I am reaching out to you to see if you and your team, along with the Councilman could help us with a growing homeless encampment creating safety issues and property damage at our Charter Spectrum location in Hollywood at 856 Wilcox Ave Los Angeles, CA 90038.

I am hearing from our staff there that the homeless individuals are occupying space on the west side of the facility. The area they are stationed has many trees which provides shade for them to hang out daily. Also they are loitering on our property due to the property fence only being around 5' feet in certain areas. They are accessing the water supply to our facility for a resource and trash is found daily on the property.

We have posted a number of no trespassing signs, see photos.
- Are there height limits for business to install fences?
- Can trees be cut down to eliminate the shade area for the homeless to encamp?

Confirming "No Trespassing" signs are placed at the location and have included pics.

Your review, helpful assistance and reply is always appreciated.

Grateful regards,

- Peter

Dan,

As you know this is an area I give attention to daily. I also have been meeting with the staff at the property trying to find a way to change the front landscape of the property.

Since I'm not back till October I copied Acting Senior Lead Officer Jesse Rubalcava who is covering for me in my absence.

I also copied Sgt Maxwell who is now in charge of our Officers who deal with the homeless on a daily basis and also now in charge of the SLO's.

Subject: Please support Target at Sunset Boulevard!

Dear Mitch O'Farrell:

I am writing to ask for your support for a zoning amendment – requested by Target Corporation and approved November 12 by the Planning Commission – to resume construction at the company's Sunset Boulevard and Western Avenue site. This matter will be addressed at the Planning and Land Use Management (PLUM) Committee on March 22.

I am a subcontractor and a partner to Target on this project. After more than a year of the site sitting idle, approval to restart construction would mean immediate jobs for my industry, as well as long-term benefits including:

- Bringing millions of dollars of investment into the community;
- Creating hundreds of jobs;
- Generating millions of dollars in sales tax revenue for the city; and
- Providing an additional shopping and grocery option at a store that would feature a customized assortment to meet the specific local preferences of our community at a great value.

I hope you will agree with me that Target's plans in East Hollywood merit Council approval and should move forward as quickly as possible.

Thank you for your consideration.

Brian Olsen
President, Land Forms Landscape

Mr. Gregory Kuhl
<2kuhl@prodigy.net>

Dear Mr. Kuhl:

ACCESS RAMPS AT THE INTERSECTION OF WHITLEY AVENUE AND FRANKLIN AVENUE
(Ref. 12-01098)

Thank you for your e-mail request to Mayor Villaraigosa of August 15, 2012 regarding the installation of access ramps at the above location. That inquiry was referred to the Engineering and Special Projects Divisions of the Bureau of Street Services for review and response.

Installation of access ramps was completed on the northeast and northwest (DASH bus stop) corners of the intersection on August 28, 2012. An investigation by the Engineering Division which followed indicates that ramp installation is not feasible on the southwest and southeast corners because of the steep grade of the sidewalk at the southwest corner, presence of the steps leading to the lower level of the private property on the southeast corner of the intersection, and lack of sufficient room.

Thank you for your patience and cooperation. If you would like additional information regarding your repairs, please contact Mr. Nick Lopez, Superintendent II at (213) 847-2973. If you have any routine street maintenance concerns or other City service related requests, please feel free to call the Bureau at 1-800-996-2489 or the City's Constituent Contact Center by dialing 3-1-1 or (213) 473-3231.

Sincerely,

NAZARIO SAUCEDA, Director
Bureau of Street Services

Subject: Homeless encampment
To: Dan Halden <daniel.halden@lacity.org>
Cc: "mike.n.feuer@lacity.org" <mike.n.feuer@lacity.org>, City of Los Angeles <councilmember.ofarrell@lacity.org>

Hi Dan,

I know how busy you are but we need to bring this to your attention. Yesterday, the planters we have placed in that space next to the freeway have been vandalized (pictures attached). We reported it to LAPD and they sent an investigator. Attached is the officer's Investigative Report. Incidentally, our cameras failed to record the crime being committed and we only had a suspect riding a bike leaving the scene. As can be expected, this case will be kept on file and most probably will soon be forgotten. Although we never caught the person(s) in the act, we have a strong suspicion that they belong to the group of transients living in the tents along Carlos Avenue and at the corner of Tamarind Avenue. I recognize them as being the same group evicted from the cul-de-sac by Officer Sevdalian and his team some months back. They were not able to occupy that space again because of the planters we put in place right after they moved out. Now that they live nearby, they maybe thinking of going back there if we do not replace the broken pots as soon as possible.

We would like to seek your help again in ridding Carlos Avenue of transients. These tents are up 24/7 and so residents of nearby buildings have to walk on the street or risk being harassed when walking next to their tents. This area is fast becoming a potential crime scene if nothing is done about them. We are highly suspicious that drug deals involving these transients are being made there. Old vans can be seen parked next to or near them for days until cleaning day. We would greatly appreciate whatever assistance you can provide in clearing that area of transients so we can walk on the sidewalk without fear of being attacked.

Thanking you in advance for your help.

KEEP THIS REPORT FOR REFERENCE. INSTRUCCIONES EN ESPANOL AL REVERSO.

Your case will be assigned to a detective for follow-up investigation based upon specific facts obtained during the initial investigation. Studies have shown that the presence of these facts can predict whether a detailed follow-up investigation would likely result in the arrest and prosecution of the suspect(s) or the recovery of property, in a manner that is cost-effective to you, the taxpayer. Significant decreases in personnel have made it impossible for detectives to personally discuss each and every case with all crime victims. A detective will not routinely contact you, unless the detective requires additional information.

TO REPORT ADDITIONAL INFORMATION: If you have specific facts to provide which might assist in the investigation of your case, please contact the detective Monday through Friday, between 8:00 A.M. and 9:30 A.M., or between 2:30 P.M. and 4:00 P.M. at telephone number ________________. If the detective is not available when you call, please leave a message and include the telephone number where you can be reached.

COPY OF REPORT: If you wish to purchase a copy of the complete report, phone (213) 486-8130 to obtain the purchase price. Send a check or money order payable to the Los Angeles Police Department to Records and Identification Division, Box 30158, Los Angeles, CA 90030. Include a copy of this report or the following information with your request: 1) Name and address of victims; 2) Type of report and DR number (if listed above); 3) Date and location of occurrence. NOTE: Requests not accompanied by proper payment will not be processed.

DR NUMBER: If not entered on this form, the DR number may be obtained by writing to Records and Identification Division and giving the information needed to obtain a copy of the report (see above paragraph). Specify that you only want the DR number. It will be forwarded without delay. There is no charge for this service.

CREDIT CARDS/CHECKS: Immediately notify concerned credit corporation or banks to avoid possibility of being liable for someone else using your stolen or lost credit card or check.

HOW YOU CAN HELP THE INVESTIGATION OF YOUR CASE:

* Keep this memo for reference.
* If stolen items have serial numbers not available at time of report, attempt to locate them and phone them to the detective at the listed number.
* If you discover additional losses, complete and mail in the Supplemental Property Loss form given to you by the reporting employee.
* Promptly report recovery of property.
* Promptly report additional information such as a neighbor informing you of suspicious activity at time crime occurred.

VICTIM-WITNESS ASSISTANCE PROGRAM: The Los Angeles City and County Victim-Witness Assistance Program (VWAP) can help to determine if you qualify for Victim of Violent Crime compensation. If you qualify, they will assist with filling your claim application. If you are a victim or a witness to a crime and will be going to court, they will explain the court procedures to you. Their staff may also assist you with other problems created by the crime.

To find the program location nearest to you, call the Victim-Witness Assistance Program at the Los Angeles City Attorney's Office (213) 485-6976, or the Los Angeles County District Attorney's Office (800) 380-3811.

VICTIMS OF VIOLENT CRIME COMPENSATION: Refer to paragraph at bottom of reverse side.

Thanks to the few of you who have responded.

For everyone else: PLEASE CONDUCT THE SEARCH. I NEED THEM SO I MAY REVIEW WITH OUR CITY ATTORNEY. YOU HAVE UNTIL MONDAY, 10/30.

Attached is the request. Follow items #1-6. For Item #6, please keep it aligned with the emails to/from/about those individuals as it pertains to the Target project specifically.

Thanks,
Jeanne

LA NextRequest Training Agenda.pdf

FYI - I'll sit thru this training today and let you know if it's worth your time to do later.
I may need to have a back-up (or two) as the administrator.

In the meantime, attached is the agenda of topics that will be covered today.

Thanks!

Hi All,
As a reminder, we will be holding an online NextRequest training on the NextRequest software TOMORROW, February 13th at 10 am PST. This is an opportunity to get an in depth walkthrough of the software and to ask questions about how your department's process would translate to NextRequest. The training will cover two main areas (full agenda attached):

- Responding to and managing requests in NextRequest (75-90 minutes)
- Administering a department in NextRequest: (30-45 minutes)

If you are able to attend, it's not too late! P**lease register beforehand at** this link**.** Tomorrow you can join the webinar using the personal access link that was sent to you after you registered for the webinar.

If you would like to attend the training but are not available tomorrow, that's totally fine, just let me know. The training will also be recorded and a video shared.
If you have any questions about the training or anything else related to NextRequest please let me know and I'm looking forward to the training tomorrow!
Best,
Rosellen

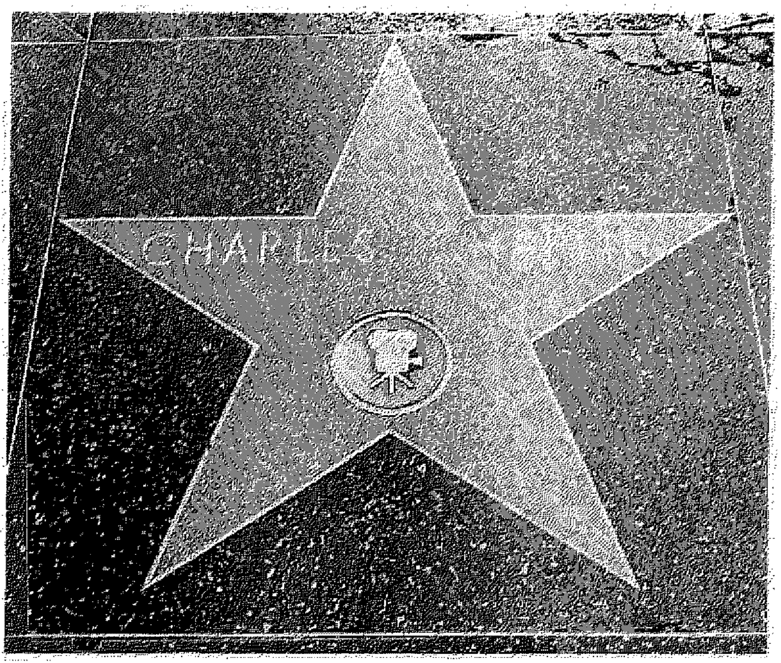
HOLLYWOOD WALK OF FAME - DESIGN SERVICES - WORK ORDER NO. E1908444 - TOS NO. 052A/340L

INTRODUCTION

The City of Los Angeles, Bureau of Engineering (BOE) is seeking a consultant team ("the consultant") to provide Design Services for the Hollywood Walk of Fame (HWoF), located mainly on Hollywood Boulevard, between La Brea Avenue and Vine Street in Hollywood, Los Angeles. The Design Services include, but are not limited to, Planning, Pre-Design, Design, Construction Administration, and Post Construction, etc. The selected consultant will provide architectural, landscape, civil, and other support services, as necessary to deliver the scope of work as specified in this TOS.

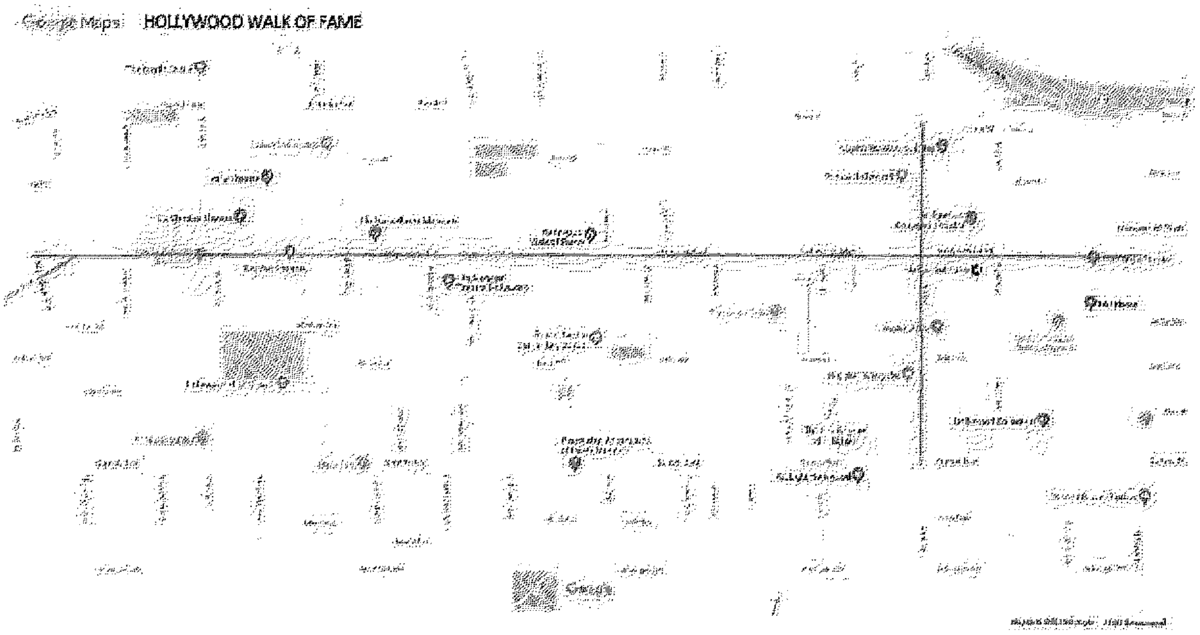


AN EQUAL EMPLOYMENT OPPORTUNITY EMPLOYER

Recyclable and made from recycled waste.

PROJECT DESCRIPTION - HOLLYWOOD WALK OF FAME

The Hollywood Walk of Fame comprises of more than 2,600 bronze and terrazzo star plaques embedded and lining the sidewalks of Hollywood Boulevard. The stars honor the achievements of celebrities in the entertainment industry. It is a Historic Cultural Monument that attracts millions of tourist and visitors worldwide each year. It runs 1.3 miles east to west on Hollywood Boulevard from Gower Street to La Brea Avenue, plus a short segment of Marshfield Way that runs diagonally between Hollywood and La Brea; and 0.4 miles north to south on Vine Street between Yucca Street and Sunset Boulevard.



The first eight stars to the Walk of Fame were installed on August 15, 1958 near the intersection of Hollywood and Highland as part of a demonstration project meant to generate excitement over what the Walk could look like. Construction on the Walk began in earnest on February 8, 1960 with the installation of the star of Stanley Kramer near the intersection of Hollywood and Gower. Over time, the Walk of Fame became a permanent fixture not just of the area's sidewalk, but of the entertainment industry and the Hollywood mystique in general. Today, each year approximately two dozen stars are added to the Walk of Fame in five possible categories: 1) Motion Pictures; 2) Television; 3) Recording; 4) Radio; and 5) Live Performance.

Over the years, various areas of the Walk of Fame have fallen into disrepair. Due to the Walk's overall size, complicated jurisdictional issues, and the escalating costs associated with the terrazzo, there have been inconsistent repairs throughout the years. Even relatively minor maintenance or repairs to individual stars can prove to be costly endeavors. Large-scale repairs of a block or more at a time have been extremely complicated, expensive and in many cases begin to show deterioration within a few years. As a result, the Walk of Fame as a whole is inconsistent and piecemealed and often does not match the expectations visitors have for the Walk or for Hollywood in general.

There are a number of master plans, studies, and records related to the Walk of Fame that have been conducted by various organizations or agencies throughout the years. The diverse nature of the various studies, and the organizations that commissioned them, is indicative of the special place the Walk of Fame has in the community. Attached to this TOS are some of those documents, provided by organizations including: the Hollywood Chamber of Commerce, the agency in charge of selecting stars to add to the Walk; the Hollywood Historic Trust, set up by the Chamber to oversee and administer repairs to the Walk; the Hollywood Entertainment District Business Improvement District (BID), which represents property owners in the area; Hollywood Heritage, a historic preservation organization; and other non-profit organizations that have imagined or proposed improvements to either the Walk itself or the area and experience associated with it (including the bump-outs, parking, public art, trees, etc.). The previous Masterplan and Studies are an attachment to this TOS.

The goal is to move the Hollywood Walk of Fame, forward from the 20th Century. The Consultant shall:

Step 1 - Streetscape Concept Plan:

1. Review all previous Master Plans and Studies:
    - Review all previous outstanding Stakeholders inputs.
    - Review all previous outstanding Community meetings and inputs.
    - Coro Study: "Protecting the Hollywood Walk of Fame"
    - Modified Parking District Study and Recommendations
    - Diagram of Existing Five (5) Sidewalk Widening Improvements originally designed and installed by the Community Redevelopment Agency (CRA)
    - DO Art Foundation proposed activation of Sidewalk Widening Improvements.
    - Specifications for existing Decomposed Granite along the Walk
    - Information on Hollywood Boulevard Commercial & Entertainment Historic District, as recognized by the National Register of Historic Places
    - Walk of Fame 50th Anniversary Maintenance and Repairs Project
    - Proposal(s) for Suggested Theater/Entertainment District, Pedestrian Systems, Facade Controls, etc.

2. Assess existing/current conditions of the entire Hollywood Walk of Fame limits of work. Prepare a report documenting damaged items, inoperative items, violations, inconsistencies, discrepancies, missing elements, ...etc.

3. Meetings:
    - Standard Project Team Meetings.
    - Three (3) Focus Group Meetings – CD13, City Staff, Office of Historic Resources, Chamber, BID, HWoF, Historic Trust, etc....

- Two (2) Community Meetings - With synthesized Information, conduct courtesy update.

4. Provide a new Streetscape Concept Plan.

5. Provide Construction Estimates of the Streetscape Concept Plan and recommended improvements. The Estimate shall be broken down by tasks and phases, allowing the Project Team to plan, strategize, and develop what elements to construction in Phase 1 and other subsequent phases.

6. Recommend strategy & priorities scope of work to go to construction, factoring:
   - Available Funding – Phase 1 & Future Phases.
   - Existing Conditions (Most Dilapidated Areas)
   - Prime Areas
   - Phasing – Construction Logistics Sequencing
   - Cohesive Coordinated Approach
   - Other Construction Projects & Developments
   - Olympics, Special Events, & Ceremonies.

   The City shall approve a strategy & priority scope of work.

The total maximum fee for the Concept Streetscape Plan shall not exceed One Hundred and Thirty-Eight Thousand dollars ($138,000). This total maximum fee includes all reimbursable expenses and other miscellaneous fees. In addition, your fee quotation is required to be itemized per discipline and sub-consultants, i.e. Civil, Landscape, Architectural, Structural, Mechanical, Plumbing and Electrical Engineering, etc. It shall demonstrate how all hours and fees are to be allocated. In addition, your fee quotation should be itemized per Project Deliverable as listed in this Task Order Solicitation.

Step 2 - Streetscape Design Documents:

Once this Streetscape Concept Plan task is completed and approved, the City will negotiate a lump sum design task order with the chosen consultant to provide complete Streetscape Design Documents services for the prioritized Streetscape improvements, limited to a construction budget of $3 million dollars.

SCOPE OF SERVICES

1. Streetscape Concept Design Services
   The project limit of work shall be the entire Hollywood Walk of Fame for the purpose of Assessment. The BOE will secure environmental clearances, including completing the required documentation under the California Environmental Quality Act (CEQA). The BOE also provides the necessary surveys and geotechnical engineering work.

A. The Consultant, in accordance with the Architectural Services Agreement, shall perform Landscape/Architectural/Engineering Pre-Design, Design, and Construction Administrative services, including but not limited to, the preparation of design and construction documents (plans and specifications), related plan check and permit approvals, constructability review, cost estimates, support services during bid and construction, and preparation of related as-built drawings, as described herewith.

B. All drawings shall be drawn in BIM/Autodesk Revit 2015 or the latest, and on 24 by 36-inch sheets with the BOE title block, of which an electronic copy will be provided by the BOE. The electronic files of the drawings in BIM/Autodesk Revit 2015 or the latest shall be made available to the BOE upon request during any phase of the project and for final assembly of bid/construction documents. Design Documents shall be in English units and shall be completed in conformance with City requirements and comply with current codes.

C. The Consultant shall coordinate all disciplines, including but not limited to: civil, landscape, architectural, structural, and electrical engineering plans and specifications with all other disciplines.

D. The Potential Construction Scope of Work:

- Sidewalk Widening Improvements
- Tree Wells
- Street Lighting
- Signage
    - Direction / Way Finding
    - Informational
    - Interpretive
- Obsolete Items
    - Trash Cans
    - CRA Stage Lights
    - Newspaper & Magazines Stand
    - Etc……
- ADA Ramps
- Curb & Gutter Replacements
- Trees Replacements
- Street Furniture
    - Benches
    - Trash Receptacles
- Bus Shelters
- Medians
- Tour Bus Designated Areas
- Drainage Improvements
- Demonstration Terrazzo Replacement Material
- Demonstration stretch:

  - Both the North and South side of Hollywood Boulevard between Las Palmas Avenue to Wilcox Avenue.

E. All disciplines, including but not limited to the civil, landscape, architectural, structural, electrical engineering consultant shall comply with all current and applicable codes and regulations. The Consultant shall provide all the required architectural, civil, structural and electrical engineering design and construction documents in accordance with but not limited to the following:

- Site Demolition & Construction Plans.
- New Structures Structural Engineering Design.
- Site Improvement Civil Engineering, Landscape, Architectural Design.
- Lighting, Power and Data/Telecommunication Systems.
- Camera Monitoring Systems.
- Public Announcement System.
- Grading and Site Drainage Design.
- Electrical Service Load Calculations and Single Line Diagrams.
- Electrical Panel Schedules.
- Lighting Control Diagrams and Details.
- California Energy Commission's Title 24 Compliance Forms for lighting.
- Information and coordination related to utility companies and service connections.
- Coordination with all agencies having jurisdiction, including but not limited to, the Fire Department (LAFD), Department of Building and Safety (LADBS), Bureau of Sanitation (BOS), Information Technology Agency (ITA), Department of General Services (GSD), Department of Water and Power (DWP), and other utility companies as needed, to complete the design and obtain all necessary approvals.
- Verify and locate all utilities point of connections (POC), including the sizes of all required utility services.
- The site civil engineering shall comply with the City's Low Impact Development Ordinance (LID).
- All Title 24 Calculations shall be done by EnergyPro software. Electrical calculations shall be combined under a single file.

F. The Consultant shall provide Technical Specifications for the entire project in coordination with the BOE (ALL disciplines). The Technical Specifications shall be prepared by an independent professional specification writer, and written in Microsoft Word in CSI Format. The BOE will provide a sample format of the Technical Specifications for reference. The electronic files of the Technical Specifications in Microsoft Word shall be made available to the BOE upon request during any phase of the design and for final assembly of bid/construction documents.

G. The Consultant shall provide cost estimates for the entire HWoF project at specified project intervals. The cost estimates shall be prepared by an independent professional cost estimator.

H. The Consultant shall provide an independent constructability review for the entire project from a third party. The constructability review may be in the form of Value Engineering which may be required in order to bring the cost of the project back into the budget. In addition, the aesthetical design must be approved by the City, local neighborhood, and the Cultural Affairs Commission as part of this Task Order.

I. All work shall be in compliance with all the most current requirements of all applicable codes and regulations, including but not limited to the following:
- City's Low Impact Development Ordinance (LID).
- City's Standard Urban Stormwater Mitigation Plan (SUSMP).
- City's Standard Specifications for Public Works Construction ("Green Book").
- City's Green Building Ordinance.

J. The Consultant shall attend periodic design coordination meetings with the BOE. The Consultant shall attend as many meetings as are necessary to successfully complete the design for the site and the building.

K. The Consultant shall determine the locations and requirements for all relevant utility sources and points of connection. The Consultant shall provide electrical engineering design to ensure uninterrupted power supply to the rest of HWoF, when other sections of the HWoF are interrupted or demolished.

L. The Consultant shall assist the BOE during bid and award phase responding to bidders' Requests for Information (RFIs) and/or issue bid addenda where necessary at no extra charge.

M. The Consultant shall provide full Construction Administration for their related services during construction including but not limited to the following:
- Attend minimum 60 weekly job site meetings during construction. The duration for demolition and construction is approximately twenty-four (24) months.
- Review and respond to Requests for Information (RFIs), Shop Drawings and Submittals in a timely manner.

N. The Consultant shall prepare Record Drawings for their related disciplines from the field as-built plans prepared by the Contractor after construction completion. The final Record Drawings shall be submitted to Engineering in both BIM/Autodesk Revit 2014 and Adobe PDF formats. All plan sheets shall be "bound" in their original digital format when submitted to the BOE.

O. Public Outreach will be coordinated and organized for Design approval by City team. The team will facilitate Community meetings, during the course of the Project.

P. The overall goal is to secure environmental approvals as early as possible. The City will be handling the environmental work for the project. The Consultant shall provide technical support services to assist the City's environmental officer.

Q. Prepare the necessary presentation documents to the Department of Cultural Affairs (DCA) and Public Art, including elevations, cross-sections and renderings of the cultural artwork and elevated sculptures. Consultant will participate in the selection of the Artist by the DCA for the Public Art aspect of the project.

R. The BOE will provide survey and geotechnical reports for the project upon request by the Consultant. The BOE's Survey Division and Geotechnical Engineering Division shall produce these documents.

S. Quality Assurance / Quality Control (QA)/ (QC) and Constructability Review: Consultant will develop a QA program to develop procedures and guidelines to assure an acceptable level of quality. A constructability review will be conducted to ensure the contract documents are buildable, biddable, and meet the anticipated construction estimate.

2. Project Phases:
The Consultant shall complete the following tasks for each of project phases, for the related design and engineering work as described in the Basic Services above.

A. Pre-Design/Conceptual Phase (PD): (Step 1 – Streetscape Concept Plan)
   1. Investigate site conditions and all as-built plans necessary for design programing, design concepts, and related civil, structural, and electrical engineering.
   2. Complete Design Programming and develop a Pre-Design Report.
   3. Develop a minimum of 3 different Conceptual Design. The schemes shall present the benefits to the BOE, Focus Group, and the community. The community shall be represented by a Focus Group.
   4. The Consultant shall provide conceptual architectural and engineering design services, such as architectural, civil, structural, electrical engineering, landscape designs, and other related support services, as needed until a Final Conceptual Design is approved. This Conceptual Design must be presented to the stakeholders for feedback before proceeding further with the Design.
   5. Provide an outline Technical Specifications for the entire project in coordination with the BOE.
   6. Present and obtain conceptual approval from the Cultural Affairs Commission and Capital Project Review Committee.
   7. Provide a rough order of magnitude construction cost estimate for the entire project based on the Final Conceptual Design.

B. Schematic Design Phase (SD): (Step 2 – Streetscape Design Documents, to be negotiated)
   1. Provide Schematic Design, including civil, structural, electrical engineering, landscape, and other related support services. Develop Schematic Design as needed until an acceptable scheme is accepted by the City. Consultant shall start with a minimum of 3 different floor plan schemes and building massing.
   2. Attend meetings as necessary with the BOE until the final Schematic Design is approved.
   3. Perform investigation work for site conditions and as-built plans necessary for the related design of the civil, structural, and electrical engineering for the improvements.
   4. Meet with the LAFD, LADBS, BOS, BSL, Planning Dept. and other agencies having jurisdiction for preliminary plan check and reviews for compliance with grading, structural, and electrical code requirements and incorporate pertinent aspects as appropriate.
   5. Coordinate with the DWP and other utility companies to obtain service commitment and identify points of connection for all applicable utility services.
   6. Provide drawings and documents necessary to obtain Schematic Design approval from the BOE and the Council District Office.
   7. Present and obtain approval from the Cultural Affairs Commission.
   8. Provide a Class "C" construction cost estimate for the entire project.
   9. Provide outline Technical Specifications for the entire project in coordination with the BOE.
   10. Present to the Community Maintenance Committee.
   11. Assist and obtain parking variance with Planning Dept.

C. Design Development Phase (DD):
   1. Drawings shall illustrate the project in much greater detail than the Final Conceptual Design. Work with the BOE to identify their maintenance and infrastructure needs and design accordingly.
   2. Present the 50% Design Development plans to the BOE.
   3. Provide Technical Specifications for the entire project, indicating construction methods and materials used, including sizes and quantities of proposed major electrical, security, phone, data, and fire/life safety systems.
   4. Present the Design Development plans to the BOE, Council District office, and the community until the Design Development plans are approved.
   5. Meet with the LAFD, LADBS, BSS, DWP, and other agencies having jurisdiction for preliminary plan check for compliance with code requirements and incorporate pertinent aspects as appropriate.
   6. Provide a Class "B" construction cost estimate for the entire project.

D. Construction Document Phase (CD):
   1. Provide Construction Documents in accordance with the approved Design Development phase plans except for any modifications authorized in writing or identified during a Value Engineering session and approved by the BOE.

2. Submit the Construction Documents at fifty percent (50%) and ninety percent (90%) completion to the BOE for review and approval.
3. Submit the ninety percent (90%) Construction Documents to all agencies having jurisdiction, including but not limited to LAFD, LADBS, DWP, and BOS for plan check and obtain "Ready to Issue" permits.
4. Attend meetings as necessary with the BOE and other agencies having jurisdiction until the final Construction Documents are approved by the BOE.
5. Submit Class "A" construction cost estimate for the entire project at ninety percent (90%) completion.
6. Provide final Construction Documents including Technical Specifications and drawings ready to be issued for bid.
7. Provide an independent (third-party) constructability review for the entire project, and complete related plan revisions to address all the comments from the constructability review.

E. Bid and Award Phase (B&A):
The Consultant shall assist the BOE to respond to bidders' RFIs, and prepare clarifications and/or additional bid documents for issuance of bid addenda where necessary.

F. Construction Phase (CON):
1. Attend the pre-construction meeting.
2. Attend weekly job site construction meetings for related work to ascertain progress and compliance of the project for regulatory requirements per instruction above.
3. Review and comment on shop drawings and submittals for related work in a timely manner.
4. Review and respond to RFIs for related work in a timely manner.
5. Review contractor proposed product substitutions in a timely manner.
6. Review the contractor's schedule, advice on the schedule impact of proposed construction change orders.
5. Attend field observation/construction meetings as necessary to resolve design-related construction problems in a timely manner.
6. Provide interpretation of related construction documents and issue clarification drawings as required.
7. Assist with preparation of construction's preliminary change order estimates.
8. Participate in pre-final and final inspections.
9. Provide structural observation as necessary to comply with LADBS.

G. Post-Construction Phase (POST):
1. Incorporate as-built information to the final record drawings for related disciplines after construction completion, indicating all field changes made during construction based on the information provided by the Contractor, including but not limited to, change orders, clarifications, bulletins, supplemental instructions, addenda, etc. Each drawing sheet shall be prominently marked "AS-BUILT" and dated.

PROJECT SCHEDULE

The following timeline and milestones are to be used for developing the fee proposal and services breakdown:

Task	Duration	Completion Dates
Step 1- TOS Award / NTP	-	05/16/19
Step 1 - Planning & Design	5 months	09/30/19
Step 2 – NTP (to be negotiated)	3 months	12/31/19
Step 2 – Design Documents	3 months	03/30/20
Step 2 - Bid & Award	3 months	06/30/20
Step 2 - Construction	18 months	12/30/21
Step 2 - Post Construction	6 months	06/30/22

The Consultant shall submit a schedule for the proposed work. The schedule may be a bar chart.

PHASES AND FEE PROPOSALS

Please submit your fee proposal for each of the project components noted below and itemize your fees accordingly. In addition, your fee quotation is required to be itemized per project phases; schematic design, design development, construction documents, bid and award, construction, and post construction. This Task Order Solicitation is not an authorization to start work. A Notice to Proceed (NTP) will be issued to authorize work start when your firm has been selected and your fee proposal has been accepted. In addition, an Authorization to Proceed (ATP) will be issued to your firm for each of the subsequent project phases before you may proceed with the work.

			Step 1		
NO	DESCRIPTION	FIRM	PD	FEES	BIP
1	Prime (Architect)				
2	Landscape Design				
3	Structural Engineering				
4	Civil Engineering				
5	Electrical Engineering				
6	Landscape & Irrigation				
7	Specifications				
8	Cost Estimating				
9	Constructability Review				
10	Const. Administration				
11	Reimbursables				
	TOTAL PROPOSAL AMOUNT:				

The requested fee proposal shall be prepared in accordance with the terms and conditions of your executed Architectural Services Agreement. Submit the names and resumes of your firm's personnel and proposed sub-consultants including Schedule B – Task Work Order List of Sub-Consultants for all proposed sub-consultants per contract Article 17 Business Inclusion Program. The Schedule B form is attached.

The Consultant Payment Schedule shall be as follows:

Start	-
Draft Report	$35,000.00
Presentation of Concept Option & Class "C" Cost Estimate	$68,000.00
Final Report	$35,000.00
Total	$138,000.00

SUBMISSION AND FEE PROPOSAL

Submit Four (4) identical hard copies of your proposal along with an electronic version in Adobe PDF format. Each submitted proposal must not exceed 36 double-sided sheets including covers.

The requested fee proposal shall be prepared in accordance with the terms and conditions of your executed Services Agreement. In the event that the prime consultant is including in fee proposal subconsultants not previously included in the prime consultant's Schedule A list of proposed subconsultants, the prime consultant shall first conduct outreach according to the Contract's Business Inclusion Program Article 17. Documentation supporting consultant's outreach efforts to potential subconsultants and evaluation of selected subconsultants must be included as an attachment with the fee proposal. After reviewing the documentation, the BOE staff may approve these sub-consultants as additions to the prime consultant's Schedule A list of proposed sub-consultants per Contract's Article 9 Subconsultant Approval. Submit the names and resumes of your proposed sub-consultants including Schedule B – Task Work Order List of Subconsultants for all proposed subconsultants.

The fee proposal should outline the costs per phase for each service, as well as an estimated cost for reimbursable expenses. Please note that the City shall pay for all the plan check and permit fees. However, the Consultant may be asked to pay for related plan check fees and submit invoices for reimbursement.

NON-COLLUSION AFFIDAVIT

A Non-Collusion Affidavit, attached, must be signed and submitted with your proposal.

SELECTION CRITERIA

Proposals shall be evaluated according to the following criteria:

- Demonstrated ability to deliver the design within the approved construction budget as supported by similar completed projects within the last 5 years (25%)
- Ability of the team to complete the project design according to the schedule (25%)
- Demonstrated experience with the local community (20%)
- Value of Services based on the Fee proposal. (20%)
- Continuous compliance with the Business Inclusion Program per Contract Article 17 of your contract. The set anticipated participation levels are 18% MBE, 4% WBE, 25% SBE, 8% EBE, and 3% DVBE (10%)

CONTACT INFORMATION

All questions, written notices and submission of your fee proposal shall be directed to:

Neil Drucker, Interim Division Manager
Bureau of Engineering, Architectural Division
1149 South Broadway, Suite 830
Los Angeles, CA 90015

Attention: Gus Malkoun, Project Manager
Tel: 213-485-1646
E-mail: gus.malkoun@lacity.org

Please attend the mandatory Pre-proposal Meeting and Jobsite Walk scheduled for Thursday, **March 28, 2019 at 10:00am.** Meet at Hollywood City Hall, 6501 Fountain Avenue, Los Angeles, CA 90028.

Your fee proposal must be received by our office no later than **2:00pm on May 2, 2019**. The City reserves the right to award some or all parts of the proposal. In addition, the City reserves the right to reject any and all proposals.

We look forward to your participation and receiving your fee proposal.

Sincerely,

Neil Drucker, Interim Division Manager
Architectural Division

Re: California Public Records Act Requests – Target at Sunset and Western Project

Dear Councilmember O'Farrell:

This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following:

For ease of reference in this document, please refer to the following **defined terms**:

The "City" shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.

"Target" shall refer to the Target Corporation, all related or affiliated companies, and all principals, including John Dewes, officers, employees, attorneys (including but not limited to the law firm of Hecht, Solberg, Robinson, Goldberg & Bagley, LLP, and/or the law firm Shoreline, and/or the law firm of Armbruster, Goldsmith & Delvac), agents and/or consultants thereof (including but not limited to Greenberg Farrow, and Douglas Couper).

"Project" shall refer to the previously or currently proposed Target at Sunset and Western project located at or near 5500-5544 W. Sunset Boulevard, 1417-1441 N. Western Ave., 1414 St. Andrews Place, and 5505-5525 W. De Longpre Ave.

"Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.

"Correspondence" or "communication" shall mean physical or electronic correspondence, emails, memoranda, meeting notes, calendar entries, letters, notes of telephone calls (including conference calls, Skype calls, and the like), and any other form of electronic communication, such as Instagram.

Please note that Documents and Emails includes, but is not limited to, correspondence to or from any email account through which any public business is conducted, including but not limited to **personal or otherwise private email accounts belonging to government officials, employees or consultants**, pursuant to the California Supreme Court's recent decision in City of San Jose v. Superior Court (2017) 2 Cal.5th 608. This also includes text messages on any public or private device on which discussions about the Project and other public matters was discussed. **Please ensure that you have secured and produced all such personal or otherwise private emails and texts.** Therefore, we are also requesting that all relevant officials, employees and agents **preserve intact under a litigation hold** all such "personal" and official emails and text messages, and not to destroy, delete, allow to be automatically purged, or otherwise to engage in or permit spoliation of such evidence. To the extent that such emails or texts have been deleted, purged or otherwise spoliated, we demand that the holders of these devices immediately be informed that they must take all efforts to retrieve any deleted or otherwise purged emails and texts, and make all efforts to retrieve and preserve them. **Please confirm that you will do so.**

The public records requests include:

(1) All communications from April 1, 2016 through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Target at Sunset and Western Project, Target Corporation, the law firm of Hecht, Solberg, Robinson, Goldberg & Bagley, LLP, the law firm

Shoreline, the law firm of Armbruster, Goldsmith & Delvac, or any of their employees, attorneys, consultants, or other representative.

(2) All communications from April 1, 2016 through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to Greenberg Farrow, or any of their employees, attorneys, consultants, or other representative.

(3) All communications from April 1, 2016 through the date of your compliance with this request which refer or relate to any Stop Work Order issued by the LADBS in response to litigation concerning the Target at Sunset and Western Project.

(4) All Documents and/or communications from August 1, 2014 through the date of your compliance with this request which refer or relate in any manner to the Target at Sunset and Western Project, litigation involving the Target at Sunset and Western Project, action taken by the Los Angeles Department of Building and Safety regarding the Target at Sunset and Western Project, and/or the writs of mandate issued relating to the Target at Sunset and Western Project.

(5) All Documents from April 1, 2016 through the date of your compliance with this request which refer or relate to Target being asked or required to apply for any new City Planning Commission or City Council discretionary decision processes for the Target at Sunset and Western Project.

(6) All Documents from August 1, 2013 through the date of your compliance with this request which refer or relate in any manner to the La Mirada Avenue Neighborhood Association, the Citizens Coalition Los Angeles, Doug Haines, Robert Blue, Bill Zide and/or David Bell.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If your office determines that any information is exempt from disclosure, I ask that you reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If you determine that any requested records are subject to a still-valid exemption, I request that you exercise your discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, you redact the exempt content and disclose the rest. Should you deny any part of this request, you are required to provide a written response describing the legal authority on which you rely.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question."** (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b)if : (1) you are withholding any documents; (2) you are redacting any documents; (3) what documents you are so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

We request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-

referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications.

Please contact me in advance to arrange a time and place where a member of this office can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am faxing this request on October 12, 2017, please ensure that your response is provided to me by no later than **October 23, 2017**. Thank you.

Very truly yours,
Daniel Wright

Hi,
The problem is back happening again. These are a few photos I took today. I was out of town this weekend but just got home and evidently someone dumped furniture over the weekend and it has started to become an homeless encampment.... There are at least two people sleeping here.

We have some "no dumping" signs -- do you think this would help?

Hi Dan & Sylvan,

I hope you are having a great week. Unfortunately, I am reaching out to you because of the same issue I have communicated to you about in the past - illegal dumping & homeless encampment. In the past month it has been an excessive amount of illegal dumping. As always, I have called the streets and sanitation to inform them. Unfortunately, they have either not come by and stated that they have or come by and not picked up all of the items that have been dumped. I have attached a picture that I took today showing items that I called to have removed two weeks ago. The homeless are starting to gather and there are actually two homeless people sleeping under a blanket in the photo I have attached. Since these items were down two weeks ago I have called at least three times and still they have not been picked up. Additionally there has been graffiti put on the wall as you can see. This is only getting worse and I have been more than patient with trying to resolve the issue. I cannot take it anymore - it's not safe or sanitary. I am looking for another neighborhood some also because this is just unacceptable. Please follow up with streets and sanitation and have these items picked up immediately.

Hi Niena,
I am very sorry to hear this continues to be an issue. I was actually just on your

street the other day to report bulky items, which were picked up.

I'd like to propose that Sylvan and I come meet you directly in the neighborhood and we can discuss possible solutions.

Please let us know what dates/times over the next few weeks you would be available for a meeting.

Thank you,

Hi Dan,

It troubles me to email you about this same issue again. Since we last emailed, there have been continuous illegal dumpings in front of my building. Everything from wood, head boards, bed rails, dishwashers, bed mattresses, garbage etc. This is not only an eye-sore but also a safety and health issue. I have continued to call the Bureau of Sanitation to pick these illegal dumpings up - but honestly, this is a waste of my time. I'm tired of taking picture, calling sanitation and emailing you all about this issue. It has come to my attention that since the dumpings started happening again - the parking lot - which is directly across from my buildings' front door and where ALL of the dumpings happen has been allowing moving rental trucks to park there. These moving trucks may be dumping some or all of this furniture. Regardless, the owner(s) of this lot need to be immediately held accountable. The rocks, gravel, debris, trash and dumpings are always coming from their lot. They are neglecting their property while causing a safety and health hazard to the rest of the public and block by allowing this to continue to happen. PLEASE contact the owner of the property to manage this because it is a MAJOR problem and the ONLY problem on this block.

Hi Daniel,

It has been a while since I emailed you all about this issue, but recently it has gotten bad again and needed to let you know. I have continued to call the Bureau of Sanitation to pick up items as they get dumped, as I have done for the past 2 days. I have attached a video & pics from today of a ridiculous amount of furniture that has been left in front of my building in the past two days. While sanitation says they are planning on coming to pick these items up, if there is ANYTHING additional you can do to prevent this from happening again - please let me know. Unfortunately, every time furniture is left here the homeless start to sleep and set-up here during the day and night.

Thank you,

Hi Daniel,

Per my conversation today with Sylvan, I am emailing you regarding a major issue I have been having right outside my front door. I am a resident at 6700 Franklin Place, Los Angeles, Ca 90028. There has been an increase of illegal dumping happening at an alarming rate in the past several months. Not only has the dumping been a health & safety hazard and nuisance to see but it has turned into a homeless encampment. During the day there could be anywhere from 2 to 5 people sleeping here. At nights that number doubles even sometimes triples.

I have done everything possible to combat and prevent this. I have called Street Services, 311, the Bureau of Sanitation and any other agency who I felt could help with the problem. I have even had to call the police several times. One of the more frightening times I had to call the police was because one of the homeless people snuck in and was hiding in my parking garage. He could have broken into a car, an apartment or assaulted me or someone else. I cannot express to you how frustrated and unsafe this is making me feel. I know I am not the only resident that lives on this block or at this building that has submitted complaints regarding the same issue. I have attached a few photos to show you. Please let me know the best way to move forward to prevent this issue from getting worse and to stop it completely from happening again.

Just a few more notes ...
- The dumping is coming from people who do not live in the buildings on the block.

- While I do not approach or speak to the homeless people, I have approached the dumpers when I see them doing it.

Jeanne,
I didn't get a chance to finish compiling this CPRA request before my trip. It's half-redacted and compiled, sitting on my desk. I will submit it to the City Attorney when I get back.

Thanks,

Dan Halden

Re: California Public Records Act Requests – Target at Sunset and Western Project

Dear Councilmember O'Farrell:

This request is made under the California Public Records Act pursuant to Government Code Section 6250, et seq. Please provide copies of the following:

For ease of reference in this document, please refer to the following **defined terms:**

> The "City" shall refer to all officials, employees, consultants, and agents of the Department of City Planning, City of Los Angeles, including the City Attorney's office and any and all outside counsel retained by the City.
>
> "Target" shall refer to the Target Corporation, all related or affiliated companies, and all principals, including John Dewes, officers, employees, attorneys (including but not limited to the law firm of Hecht, Solberg, Robinson, Goldberg & Bagley, LLP, and/or the law firm Shoreline, and/or the law firm of Armbruster, Goldsmith & Delvac), agents and/or consultants thereof (including but not limited to Greenberg Farrow, and Douglas Couper).
>
> "Project" shall refer to the previously or currently proposed Target at Sunset and Western project located at or near 5500-5544 W. Sunset Boulevard, 1417-1441 N. Western Ave., 1414 St. Andrews Place, and 5505-5525 W. De Longpre Ave.

> "Document," as defined in Govt. Code Section 6252(g), shall mean any handwriting, typewriting, printing, photostating, photographing, photocopying, transmitting by electronic mail or facsimile, and every other means of recording upon any tangible thing any form of communication or representation, including letters, words, pictures, sounds, or symbols, or combinations thereof, and any record thereby created, regardless of the manner in which the record has been stored.
>
> "Correspondence" or "communication" shall mean physical or electronic correspondence, emails, memoranda, meeting notes, calendar entries, letters, notes of telephone calls (including conference calls, Skype calls, and the like), and any other form of electronic communication, such as Instagram.

Please note that Documents and Emails includes, but is not limited to, correspondence to or from any email account through which any public business is conducted, including but not limited to **personal or otherwise private email accounts belonging to government officials, employees or consultants**, pursuant to the California Supreme Court's recent decision in City of San Jose v. Superior Court (2017) 2 Cal.5th 608. This also includes text messages on any public or private device on which discussions about the Project and other public matters was discussed. **Please ensure that you have secured and produced all such personal or otherwise private emails and texts.** Therefore, we are also requesting that all relevant officials, employees and agents **preserve intact under a litigation hold** all such "personal" and official emails and text messages, and not to destroy, delete, allow to be automatically purged, or otherwise to engage in or permit spoliation of such evidence. To the extent that such emails or texts have been deleted, purged or otherwise spoliated, we demand that the holders of these devices immediately be informed that they must take all efforts to retrieve any deleted or otherwise purged emails and texts, and make all efforts to retrieve and preserve them. **Please confirm that you will do so.**

The public records requests include:

(1) All communications from April 1, 2016 through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to the Target at Sunset and Western Project, Target Corporation, the law firm of Hecht, Solberg, Robinson, Goldberg & Bagley, LLP, the law firm

Shoreline, the law firm of Armbruster, Goldsmith & Delvac, or any of their employees, attorneys, consultants, or other representative.

(2) All communications from April 1, 2016 through the date of your compliance with this request between anyone with Council District 13 on the one hand and any person on the other hand related in any way to Greenberg Farrow, or any of their employees, attorneys, consultants, or other representative.

(3) All communications from April 1, 2016 through the date of your compliance with this request which refer or relate to any Stop Work Order issued by the LADBS in response to litigation concerning the Target at Sunset and Western Project.

(4) All Documents and/or communications from August 1, 2014 through the date of your compliance with this request which refer or relate in any manner to the Target at Sunset and Western Project, litigation involving the Target at Sunset and Western Project, action taken by the Los Angeles Department of Building and Safety regarding the Target at Sunset and Western Project, and/or the writs of mandate issued relating to the Target at Sunset and Western Project.

(5) All Documents from April 1, 2016 through the date of your compliance with this request which refer or relate to Target being asked or required to apply for any new City Planning Commission or City Council discretionary decision processes for the Target at Sunset and Western Project.

(6) All Documents from August 1, 2013 through the date of your compliance with this request which refer or relate in any manner to the La Mirada Avenue Neighborhood Association, the Citizens Coalition Los Angeles, Doug Haines, Robert Blue, Bill Zide and/or David Bell.

I draw the City's attention to Government Code Section 6253.1, which requires a public agency to assist the public in making a focused and effective request by: (1) identifying records and information responsive to the request, (2) describing the information technology and physical location of the records, and (3) providing suggestions for overcoming any practical basis for denying access to the records or information sought.

If your office determines that any information is exempt from disclosure, I ask that you reconsider that determination in view of Proposition 59 which amended the State Constitution to require that all exemptions be "narrowly construed." Proposition 59 may modify or overturn authorities on which the City has relied in the past.

If you determine that any requested records are subject to a still-valid exemption, I request that you exercise your discretion to disclose some or all of the records notwithstanding the exemption and with respect to records containing both exempt and non-exempt content, you redact the exempt content and disclose the rest. Should you deny any part of this request, you are required to provide a written response describing the legal authority on which you rely.

Please be advised that Government Code Section 6253(c) states in pertinent part that the agency "shall promptly notify the person making the request of the determination **and the reasons therefore**." (Emphasis added.) Section 6253(d) further states that nothing in this chapter "shall be construed to permit an agency to delay or obstruct the inspection or copying of public records. The **notification of denial** of any request for records required by Section 6255 shall set forth the names and titles or positions of each person responsible for the denial."

Additionally, Government Code Section 6255(a) states that the "agency shall justify withholding any record by demonstrating that the record in question is exempt under expressed provisions of this chapter or that on the facts of the particular case the public interest served by not disclosing the record clearly outweighs the public interest served by disclosure of the record." (Emphasis added.) This provision makes clear that the agency is required to justify withholding any record **with particularity as to "the record in question.**" (Emphasis added.)

Please clearly state in writing pursuant to Section 6255(b)if : (1) you are withholding any documents; (2) you are redacting any documents; (3) what documents you are so withholding and/or redacting; and (4) the alleged legal bases for withholding and/or redacting as to the particular documents. It should also be noted that to the extent documents are being withheld, should those documents also contain material that is not subject to any applicable exemption to disclosure, then the disclosable portions of the documents must be segregated and produced.

We request that you preserve intact all documents and computer communications and attachments thereto, including but not limited to all emails and computer files, wherever originated, received or copied, regarding the subject matter of the above-

referenced cases, including archives thereof preserved on tape, hard drive, disc, or any other archival medium, and including also any printouts, blowbacks, or other reproduction of any such computer communications.

Please contact me in advance to arrange a time and place where a member of this office can inspect the records. As required by Government Code Section 6253, please respond to this request within ten days. Because I am faxing this request on October 12, 2017, please ensure that your response is provided to me by no later than **October 23, 2017**. Thank you.

Very truly yours,

Daniel Wright

Team:

We have another CPRA request from Adrian Riskin to work on. We can devote **ONE HOUR OF CUMULATIVE STAFF TIME** this week. I have been going through this on my own and have accumulated and redacted my documents.

I am including the request, as well as the order in which everyone should respond. Please see below.

As with before, the first person on the list should go through their emails and files, see if they have any responsive documents, print and redact anything that's responsive, and then log their time accordingly. **If you reach one hour of total time, YOUR WORK FOR THE WEEK IS DONE.** If you have leftover time, you should notify the next person on the list who needs to respond, and how much time they need to allot that week.

Please let me know if you have any questions.

Suggested order:

1. Leg. Team (in order of however you see fit)
2. Tony
3. Dave/William - personal accounts + the MOF accounts
4. Jeanne
5. Christine
6. Chris
7. Sylvan
8. Marisol

MITCH O'FARRELL
Councilmember
13th District

Mr. Brian Walters
Office of the City Clerk
200 N. Spring Street, 3rd Floor
Los Angeles, CA 90012

Dear Mr. Walters,

Please see attached responsive documents from my office related to Adrian Riskin's CPRA request **CD13.2017.03.25.a.**

Please note that portions of the responsive information will be redacted from the requested materials pursuant to Government Code Sections 6254(c) and 6255, which permits redaction of the personal contact information belonging to private citizens because the public interest served by not disclosing the record and protecting individuals' privacy interest in their personal information clearly outweighs the public interest served by disclosure of the record.

Additionally, certain records were withheld due to the deliberative process.

Sincerely,

Mitch O'Farrell

MITCH O'FARRELL
Councilmember, 13th District

CITY HALL 200 N. Spring Street Room 480 Los Angeles CA 90012 OFFICE: 213.473.7013 FAX: 213.473.7734

Parks in Your Area

c13 Intern <c13.intern@lacity.org>
To: daniel.halden@lacity.org

Tue, May 27, 2014 at 12:07 PM

Hi Dan,

Could you confirm that these parks are in your area and that the addresses are correct?

SELMA PARK
6567 Selma Ave. (Corner of Selma and Schrader), Los Angeles, CA 90028

DOROTHY & BENJAMIN SMITH PARK
7020 Franklin Ave., Los Angeles, CA 90028

HOLLYWOOD RECREATION CENTER
1122 Cole Ave., Los Angeles, CA 90038

YUCCA PARK
6671 Yucca St., Los Angeles, CA 90028

Let me know if there are any parks I missed in your area. Thank you.

- Jack

Subject: Sidewalk Repair Program Tracking Log
To: Angelo Yenko <angelo.yenko@lacity.org>

Greetings:

Please find attached the Sidewalk Repair Program Tracking Log.

The log is generated by the Sidewalk Repair Program Database and shows the status of sidewalk repair and curb ramp installation sites from several sources including City facilities, sites sourced from the Department on Disability, sites with repairs funded by CDBG and Prop 1C funds, and sites reported by Council Districts.

As always, the sidewalk repair program welcomes a dialogue with Council Districts to ensure accuracy of the data.

Best,

Carl

Hello,

I live in Hollywood and I love all the great things that you have been working on and wanted to know about green space and parks. I see lots of buildings going up and no where for the kids that live there to play and no updates to the local parks either, such as De longpre and Selma. It would be great to see at least some improvements for my kids (3 active boys) to play and be active and for all the new kids coming into the area. Childhood obesity is still a serious concern and we cannot turn away from the need for places to congregate and play for adults and kids alike.

Thanks for listening,

Danielle Arce

Subject: More Shade For Selma Park
To: marisol.rodriguez@lacity.org
Cc: ryan.carpio@lacity.org

Hello Ms. Rodriguez

My name is Travis Wester, a stakeholder in CD13, and I was hoping to ask for your advice on how to move forward with a plan to install a shade structure for the playground in Selma Park (corner of Selma and Schrader).

I spoke to Ryan Carpio last night and he said I should contact both the Planning, Construction, and Maintenance Branch of Parks & Rec and yourself regarding the matter. I've checked the list of projects both in design and in construction and it doesn't look like anything is in the works for Selma, but I would be very interested in doing what I could to get some shade for my daughter and her friends.

Would it be possible to put together a mix of public funding and grant money to get it done? Perhaps some fundraising as well (The Y across the street uses that park too)? I've never tried to move forward with anything on this scale before (closest I've come is to get the curb on Orange opposite In-N-Out painted red so cars can pass on the right... small potatoes). Any direction towards who to speak to in Parks & Rec or any other advice you can offer would be greatly appreciated!

Oh, and my wife and I took our daughter (three years old) to the Family Resource Day your office facilitated a couple weeks ago. Great event! Well done.

Thank you for your help!

one,
Travis Wester

Fwd: Healthy initiatives for Angelinos

Dan Halden <daniel.halden@lacity.org> Thu, Sep 1, 2016 at 2:51 PM
To: Danielle Arce , Star Parsamyan <star.parsamyan@lacity.org>, Nikki Ezhari <nikki.ezhari@lacity.org>

Hi Danielle,

I hope all is well. Your email came through while I was out of town; sorry for the delay in response.

Selma Park is located in CD13, but De Longpre Park is located in CD4. I'm copying CD4 deputy Nikki Ezhari who can provide information on De Longpre Park.

I'm not aware of planned updates for these two parks. Is there something you had in mind?

Regarding the buildings going up in the area: a lot of developments do have "open space" requirements and provide features like dog runs, playground, etc.

Thanks,

Dan Halden

Selma Park

Hanson, Dian <d.hanson@taschen.com> Tue, Sep 20, 2016 at 10:47 AM
To: "daniel.halden@lacity.org" <daniel.halden@lacity.org>

Dear Mr. Halden-
I am a citizen of Hollywood and a member of the Hollywood YMCA for 14 years. In the last year there has been a serious change in the managing of Selma Park, at the corner of Selma and Schrader, across from the Y. This pocket park is where day care children from the Y are taken to play in the summer, but lately the park has become home to 8 to 10 homeless people at all times of the day. They camp, drink, play music, change their clothes, smoke weed, spread garbage, and of course, relieve themselves. Many use this as their home base, and the locker rooms at the Y as places to shower, hang out and charge their city-issued cell phones. We at the Y are pretty unhappy about these obviously unhealthy and often inebriated people spending hours in the locker rooms where we bathe and change clothes, but Selma Park is the real vector. In the past police regularly patrolled the park and removed the homeless. There has been no sign of any police intervention in the last year and a solid community of homeless has evolved and entrenched, causing a serious local hygiene problem.
I want to know if community leaders have decided to turn Selma Park over to the homeless, if police have been told to leave them alone. If so, the council needs to take responsibility and provide the park with toilets, showers and more trash barrels. I would also suggest making a separate entrance to the children's play area of the park, so that the Y kids don't have to be led through the mounds of trash and a homeless camp to get to their playground.
And yes, I am a writer and editor for a publishing company, Mr. Halden, but would rather get this addressed through city government channels than go on an editorial rampage.
Dian

Selma Park

Hanson, Dian <d.hanson@taschen.com>
To: Dan Halden <daniel.halden@lacity.org>

Mon, Sep 26, 2016 at 11:48 AM

Dear Mr. Halden-
Friday there were 14 men in the park at 10:00 am, many shirtless and inebriated. This morning there were even more. They've gotten through the gate into the children's play area as of Friday. Attached are two photos from Yelp of men in the locker room at the YMCA, which is now getting low ratings due to the homeless issue, one showing how they store their possessions in the lockers and one of men sleeping on the floor. Worst is that Selma Park is adjacent to Selma Elementary school. The city has built the wonderful affordable housing complex for teachers at the corner of Selma and Cherokee, but how many families will want to live in a neighborhood overrun by intimidating vagrants? I really hope your office can take note and help with this.
Dian

Development at Franklin/Highland

Thu, Oct 13, 2016 at 5:10 PM

To: Dan Halden <daniel.halden@lacity.org>, Chris Robertson <chris.robertson@lacity.org>
Cc: canyonschool1@sbcglobal.net

Hello,

My name is Travis Wester, a stakeholder in CD13. Dan, I believe I've met you before at one or two of the CHNC meetings and Chris I've emailed you before about shade structures for Selma Park.

Today, I'm writing about the construction that has just begun at Highland Ave. and Franklin. It looks to be a massive, multi-unit apartment building that will, no doubt, be under construction for years.

However, I'm the parent of a little girl attending preschool at Canyon School, a co-op which is literally across the street from this new construction (our school is on Las Palmas). It shares a City property with a senior citizens' center, and to my knowledge our facility never received any notice of permits, plans, proposals, impact reports, nothing.

The majority of the preschool is outdoors, and the other day the little children were covered in the soot and dirt from the parking lot being ripped up. This should raise all kinds of alarm bells, as while I'm not chemical engineer or cancer researcher I'm fairly certain that dust kicked up from a decades-old parking lot being busted up should probably not be avoided by children under the age of five. As it is, they are literally inhaling this stuff.

I would very much appreciate your help in figuring out how it came to be that this project has moved forward without a school for little children less than 100' away being notified. Surely, there was some kind of EIR or something that was drawn up that took this into consideration? This is clearly a gigantic project, after all.

Please find attached what information we've been able to gather. I look forward to hearing back on this matter soon.

Thank you!

one,
Travis Wester

Dear Mr. Halden:

There is a black gentleman who seems to be suffering acute mental illness.

He's screaming and convulsing from time to time.

Who should I contact?

The Police at 911?

Is there a mental health unit that can help?

Thank you.

Romulus

Dan Halden <daniel.halden@lacity.org> Mon, Oct 31, 2016 at 4:15 PM
To: Romulus Zamora
Cc: SLO Paul Jordan <32285@lapd.lacity.org>, Steve Houchin <steve.houchin@lacity.org>

Hi Romulus,

I'm CCing your LAPD local senior lead officer Paul Jordan. LAPD 911 can always be called in the event of an emergency.

For specific mental health issues, the County Department of Mental Health (DMH) has a Homeless Outreach & Mobile Engagement (HOME) team that responds to those sorts of calls: http://file.lacounty.gov/SDSInter/dmh/186286_HOMEBrochure10-08.pdf More information can be found in that document including the 24-hour hotline.

I hope this helps.

Need your help

Romulus Zamora Wed, Nov 16, 2016 at 12:55 PM
To: Dan Halden <daniel.halden@lacity.org>

Dear Dan,

NOTHING has happened since we spoke.

Jannet Jara, our assistant manager, told me that some officers would come to meet here about the situation.

That has not occurred.

Meantime, SELMA PARK hosts a homeless community of about a dozen people daily.

They have been peaceful. One of the managers at the YMCA told me that some of them use their property

as a public bathroom.

I'd like to have us take the next step.

Please tell me how I may now be of assistance.

Thank you.

Selma Park

3 messages

Dave Fri, Nov 18, 2016 at 5:45 PM
To: Dan Halden <daniel.halden@lacity.org>, "Gubler, Leron" <Leron@hollywoodchamber.net>, Kerry Morrison <Kerry@hollywoodbid.org>

Dan, Leron and Kerry,

What is going on with Selma Park, I was at 2 political events this last week and people I was talking to said they would not support the Hollywood Central Park because they were worried that it would be overrun by homeless. They told me to go see what happened to Selma park. I went by Selma Park today and its disgusting. There are tents and about 40 homeless people and this is right next to where kids are playing. Our society sucks if it can't do something about this. We were in NYC for the election results and we didn't see any homeless people. I see Pasadena and other cities are passing ordinances. Let's try to get tough on this......

To: Dave . Dan Halden <daniel.halden@lacity.org>, "Gubler, Leron" <Leron@hollywoodchamber.net>

Dave, we are concerned about this park as well – and are working with the city attorney to see what redress we might have. It is a top priority.

A local activist, Dr. Adrian Riskin, who has been critical of the BID's operations, took it upon himself to ask the city to remove signs that had been in place there since 2008 indicating that this was a children's park. Now those signs only exist on the playground side, but the other side, as you know, has become very intimidating and scary. We are looking at options – could playground equipment, for example, be installed in the entire park and could we reclaim it? We have had complaints from families, and from the YMCA who would like to use it for children's programs.

It is a top priority for us as well – but this individual has been quite intent to compromise our attempts to maintain a quality of life for our community. Here is a glimpse into his campaign to discredit us and "reclaim the park." I can assure you he is not sitting down there right now playing chess.

Kerry,

Here is the photo I took on Saturday and sent to Dan Halden. There were about 10 – 12 homeless camped out there on Saturday. Friday there was some type of homeless get together because I counted 50 – 60. I told Dan the city should just close it temporarily for maintenance until they figure it out.

The continuing SAGA at Selma Park

2 messages

Romulus Zamora Fri, Nov 18, 2016 at 8:52 AM
To: Daniel Halden <daniel.halden@lacity.org>

Daniel,

This morning 5 homeless people in Selma Park, 4 men and a woman, shouted loud threats at each other around 8:25 AM.

Several times they took "fighting" positions and clenched their hands into fists.

I called 911 about it, and when it seemed like they were calming down, declined to request a police officer.

It's possible that one of the black gentlemen stuck a white man after repeatedly telling him to leave him alone.

The black man apparently did not want the police contacted.

They've calmed down now.

I realize the stress these people are under, but they're upsetting our residents on the south side of Manson Apartments.

Yesterday I told Jannet Jara, our assistant manager, that you'd like to arrange a meeting with our tenants about Selma Park.

Please contact her directly at

Let me know how I can help, too.

Thank you.

Romulus

Hi Romulus,

Good speaking to you just now. I am CCing Senior Lead Officer Paul Jordan. Per our conversation, Paul is your first point of contact with LAPD and he is one of the finest officers in the department. You are in great hands with Paul on all public safety issues.

Regarding the park, I will stay in touch with you regarding next steps.

Please connect me to your apartment manager so I can set up a meeting with her, you and the residents.

Thanks,

Dan Halden

"All Hands on Deck" Meeting regarding Selma Park

14 messages

Dan Halden <daniel.halden@lacity.org> Fri, Nov 18, 2016 at 9:48 AM
To: SLO Paul Jordan <32285@lapd.lacity.org>, Steve Houchin <steve.houchin@lacity.org>, "strefan.fauble" <strefan.fauble@lacity.org>, Sophia Pinacortez <sophia.pinacortez@lacity.org>, Albert Torres <albert.torres@lacity.org>, Jose Monge <jose.monge@lacity.org>

Good morning, all:

I'm writing to you regarding Selma Park, a pocket part in Hollywood at the corner of Selma and Schrader. As I believe you know, recently our office has received several complaints and concerns from the surrounding neighbors regarding issues in the park.

I'd like to arrange an "all hands on deck" meeting to discuss these issues and concerns, and to brainstorm possible remedies.

I am requesting attendance from the following agencies/organizations at this meeting:

LAPD
Officer Paul Jordan

City Attorney
Steve Houchin, Strefan Fauble (City Attorney for Rec and Parks)

Recreation and Parks
Sophia Pina Cortez, Jose Monge, Albert Torres

Please let me know your availability during the following days:

Tuesday 11/29 - BETWEEN 10:00 AM and 5:00 PM
Wednesday 11/30 - BETWEEN 10:00 AM and 5:00 PM

I look forward to hearing from you.

Thank you,

Dan,

First, thanks for the call. I will get back to you regarding the schedule for Prospect Theatre. And, lets talk on Monday regarding the Sidewalk dining. I think they are wrong about the ADA clearance.

Also, I did drive by Selma Park on Saturday. There was about 15 homeless people in the park and tons of their crap. You can see some of it in this photo. I would recommend closing the park for repairs for a week or so to get them to move somewhere else.

Message from Rosa, RE: Selma Park Posada

1 message

Sylvan De la Cruz <sylvan.delacruz@lacity.org> Tue, Nov 22, 2016 at 11:34 AM
To: Daniel Halden <Daniel.Halden@lacity.org>
Cc: Marisol Rodriguez <marisol.rodriguez@lacity.org>

Organizers of the posada at Selma Park would like to have the presence of LAPD at their event. They are concerned that children and families will be gathering at the park, and there are likely to be homeless individuals there, as well. It's just a safety precaution they would like to take.

17th December
4:30pm
Selma park

Can you reach out to Hollywood LAPD and invite them?

thnx

Old Navy coming to Hollywood

David Gajda Tue, Nov 22, 2016 at 12:09 PM
To: Marty Shelton <mshelton@naicapital.com>, Leron Gubler <Leron@hollywoodchamber.net>, Dwayne Gathers <dgathers@gathersstrategies.com>, Timothy Grubbs Brian Folb <Brian@hollywoodoffices.com>, Kerry Morrison <Kerry@hollywoodbid.org>, Joseph Mariani <joe@hollywoodbid.org>, Donelle Dadigan <donelle@dadigan.com>, Beth Marlis <bethm@mi.edu>, Dan Halden <daniel.halden@lacity.org>

Marty,

This is the same thing I'm hearing. I have been talking to Dan, Leron and Kerry about the homeless situation and what has happened to Selma Park (see attached photo). With this situation I am not sure how we are going to attract any name brand retail. All they have to do is come on a tour and see for themselves.

Dave

Subject: Old Navy coming to Hollywood

The subject line got your attention but in reality Old Navy is NOT coming to Hollywood. As some of you might know, I have the retail lease listing on a 13K SF space at 6675 Hollywood Blvd and I have been pinging GAP corporate for weeks who owns the Old Navy brand about coming to Hollywood. As of today, they turned the space down saying Hollywood is too urban. Initially there was interest from the real estate department which prompted me to follow-up. I am speculating hear but as my Old Navy contact stumbled with the term "too urban" I am guessing what she really meant to say is Hollywood is too "gritty". I share this because I think there really needs to be a concerted effort to change a perception of Hollywood that still exist even with all the new development.

Cory and Paul:

Happy almost-Thanksgiving. There is an annual posada at Selma Park that will be happening this year on Saturday 12/17 at 4:30 PM. They are requesting presence of an LAPD officer. Would someone be available to assist?

Thanks,

Dan Halden

About scheduling a meeting at MANSON Apartments

Romulus Zamora Mon, Nov 28, 2016 at 1:38 PM
To: daniel.halden@lacity.org

Hope you had a good holiday, Daniel.

Mine was delicious and refreshing.

JANNET JARA, our apartment manager, just told me of a proposed date for a meeting regarding SELMA PARK.

Regrettably she'll be on vacation out of the country until January.

Please contact her for a date that will work.

Thank you.

Romulus Zamora

Hi Jannet,

It was a pleasure speaking to you just now. As promised, I am CCing my counterparts in Hollywood: Steve Houchin (Neighborhood Prosecutor) and Officer Paul Jordan (LAPD Senior Lead Officer).

Officer Jordan and Steve are liaisons to your community along with myself.

We are working to address the concerns that have been raised regarding Selma Park, and we would be happy to come meet with you and some of your interested residents.

Would you be available to meet with us on **Tuesday, December 13th at 1:30 PM?**

Thanks,

HOLLYWOOD FIELD REPORT
NOVEMBER 28 – DECEMBER 2, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Central Hollywood NC

Monday, November 28th

I attended the monthly board meeting of the CHNC and gave a report on various items. I also stayed for the bulk of the meeting to discuss our office's support of a proposed temporary PPD application on two blocks of Cahuenga, between Fountain and Lexington. The board voted to write a letter of support for the PPD.

Meeting: Anthony Conley

Tuesday, November 29th

I had a field meeting with Anthony Conley, a constituent in Hollywood who is a new board member of the Hollywood Studio District NC. I met with Anthony in his neighborhood to discuss some beautification possibilities, parking enforcement issues, etc.

Meeting: Travis Wester

Tuesday, November 29th

I had a field meeting with Travis Wester, a constituent who lives on Hawthorn Aveune and whose daughter attends Canyon School, also located in our district. Travis and I have corresponded regarding various issues over the years and I wanted to sit down with him to discuss how things are going in more depth. Travis is particularly interested in Selma Park, which he used to frequent with his daughter.

Meeting: Montalban CUB Renewal

Tuesday, November 29th

CR and I met with LAPD Vice and reps from the Montalban to discuss their pending CUB renewal. They are requesting to transfer from beer/wine to a full line of alcohol. I requested that they go before CHNC and meet with the residents of Triangle Square prior to their hearing in January.

Event: Salvation Army Open House

Tuesday, November 29th

I attended the open house hosted by the Salvation Army in advance of their partnership with the Greater West Hollywood Food Coalition, beginning in January.

Event: Hollywood Chamber of Commerce Entertainment Conference

Wednesday, November 30th

I staffed MOF at this event.

Meeting: Selma Park

Wednesday, November 30th

MSR and I held a meeting at Selma Park with various City departments. I can provide more details as needed.

Meeting: Street/Sidewalk Closure Committee
Thursday, December 1st
I held the monthly meeting. Three items were presented, none of them major closures. All were approved.

Meeting: HOPE Team
Thursday, December 1st
I met with Captain Palka, NP Steve Houchin, the West Bureau HOPE Team and various stakeholders to discuss the HOPE Team's work and specifically its progress so far in Pacific Division with an organization called the Homeless Task Force, which has been very successful in providing shelter and housing for homeless individuals.

Meeting: Hollywood Property Owners Alliance
Friday, December 2nd
I met with the BID for our monthly get-together. I can provide details as needed.

Meeting: Hollywood/Highland Public Safety Initiative
Friday, December 2nd
MOF, DG, SP, AY and I met with LAPD, City Attorney, CLA, the BID and Chamber to discuss the H/H Public Safety Initiative. I can provide details as needed.

Hi, Daniel,

Jannet told me you're planning to have a meeting here at MANSON APARTMENTS re: SELMA PARK

on TUESDAY. Have you firmed up a time yet?

If it doesn't conflict with a morning appointment, I hope to attend.
Thanks.

HOLLYWOOD FIELD REPORT
DECEMBER 5 – 9, 2016
FIELD DEPUTY DAN HALDEN

Meeting: Greater West Hollywood Food Coalition

Monday, December 5th

MSR and I had a meeting with Tim Deegan and Sherry Bonanno of the GWHFC to discuss their upcoming feeding program at the Salvation Army Hollywood campus. I can provide more details in person.

Meeting: WeWork Hollywood

Monday, December 5th

CR, AA and I staffed MOF at this tour of the WeWork Hollywood creative office campus.

Meeting: 1611 Schrader Blvd Property Management & Neighbors

Tuesday, December 6th

I met with the property managers and residents of 1611 Schrader Blvd, an apartment building next to Selma Park, to discuss issues at the park.

Meeting: Columbia Square

Tuesday, December 6th

CR and I had a meeting at the new Columbia Square residential tower to see the community room and other facilities. The community room is now open for neighborhood council (and other) meetings.

Meeting: Hollywood Wayfinding Signage Project

Tuesday, December 6th

I had a meeting with the Hollywood BID and other stakeholders – the first of several "steering committee" meetings – to discuss the three concurrent wayfinding signage projects in Hollywood. There will be several more meetings over the next few months to help design and implement the project.

Meeting: Hollywood Historic Trust

Tuesday, December 6th

CR and I went to the quarterly meeting of the Hollywood Historic Trust. We discussed various issues including our desire to repair the Hollywood Blvd bump outs and to seek alternatives to terrazzo along the Walk of Fame.

Meeting: Run to Remember 2017

Tuesday, December 6th

I met with the organizer of the Run to Remember, which will be held on February 12, 2017. This is the second annual event in Los Angeles, and will follow the exact same route as last year, beginning and ending at the Grove. It winds through CD4, CD5 and CD13.

Meeting: Stuart Bell

Wednesday, December 7th

I met with Stuart Bell, a resident at The W in Hollywood, who had some traffic-related concerns on his street. I will follow up accordingly.

Meeting: Triangle Square Residents

Wednesday, December 7th

I met with about 20 residents at Triangle Square to discuss the ongoing *Star Wars* street closure as well as other issues of concern. It was a very positive meeting.

Meeting: Iguana Clothing

Wednesday, December 7th

I met with the owner of Iguana Clothing on Hollywood Blvd who had contacted me regarding *Star Wars* as well as some other quality of life questions and concerns.

Meeting: First Baptist Church re: Safe Routes to Schools Project

Thursday, December 8th

I met with the owner of the First Baptist Church, along with BOE engineers, to discuss the Safe Routes to Schools project on Selma Avenue, specifically the proposed bump out at the SE corner of Selma and Las Palmas. Per the property owner's request, the bump out will be comprised of decomposed granite with one or two trees, since that is easier to maintain than landscaping.

Event: Dolores Mission School – Hollywood Museum

Thursday, December 8th

I represented MOF at the annual visit by the Dolores Mission School to the Hollywood Museum. I presented two certificates on MOF's behalf.

Meeting: Stephen Fletcher

Friday, December 9th

I met with Hollywood resident Stephen Fletcher, who lives at Franklin Place and Las Palmas Avenue. "Fletch" moved here a couple of years ago and has gotten very involved in the neighborhood. I will follow up with him on various items.

Subject: Selma Park Quotes
To: Esmeralda Salguero <esmeralda.salguero@lacity.org>

Esmeralda,

- 2000 WT Generator - $125.00
- Microphone - $8.00
- Microphone Stand - $4.00
- Speaker - $75.00
- Speaker Stand - $6.00

I spoke with my supervisor and showed them the site of your event and what you needed lighting wise, and they said you would need at least 3 pole lights and a 7000 WT Generator.

- Pole Lights - $75.00
- 7000 WATT Generator - $265.00

Thank you,

Christopher

Violence at Selma Park

1 message

Romulus Zamora Tue, Dec 27, 2016 at 5:08 PM
To: Dan Halden <daniel.halden@lacity.org>
Cc: 32285@lapd.lacity.org

Dear Dan:

Hope you're enjoying your holidays.

Things are getting worse at Selma Park.

Today 2 white men got into a fight.

It would have been pointless to call 911

because it was soon over.

Such violent eruptions, along with shouting matches

continue to disrupt the quiet of our residential area.

Maybe we should convene a meeting of the LA Council

on Selma Avenue to see what the MAYOR and elected officials

will do to address the plight of the homeless.

Dumping them in our neighborhood is not working.

Romulus Zamora

To: BID Security Committee

Our councilmember deserves our support – as the media is off to the races with a story they have misconstrued.

The media has picked up on a motion introduced by the Councilmember to explore how to limit access by adults to a children's play area.

http://clkrep.lacity.org/onlinedocs/2016/16-1456_mot_12-14-2016.pdf

They obviously are not aware of the situation we are facing in Selma Park, ever since a "community activist" demanded that the children's play area signs be taken down in half of the park. It has become a neighborhood nuisance, and no one wants to use the park – adults or children.

The media is very critical of Mitch's motion. See LA Times editorial today

http://www.latimes.com/opinion/editorials/la-ed-playground-ban-20161227-story.html

and a piece of bad reporting on KTLA today

http://ktla.com/2016/12/28/l-a-considers-playground-ban-on-single-adults/

Please take a moment to write a letter to the LA Times expressing support for what Mitch is trying to accomplish. They have missed the point entirely, and are not aware of what is happening here in our only park in Hollywood. We will be submitting one on behalf of both BIDs. We are also using social media to counteract this, and posted a photo from today, which shows at least 20 people lying around in the park today. This is not the ideal place to come and play chess, or "eat a donut," as the Times editorial suggests.

Here are instructions:

letters@latimes.com

Homeless woman from Selma/Schraeder park found in students school bathroom.

6 messages

melissa schrift Fri, Jan 6, 2017 at 7:16 PM
To: Kevin Landa
Cc: Daniel Halden <daniel.halden@lacity.org>, Michele R Landa Coach Jay
, jason schrift <jason.schrift@abc.com>, david.ryu@lacity.org

Furthermore, it should also be noted that on Dec 15th or 16th, a homeless woman jumped the fence to take shelter from the rain in one of the school bathrooms, whereupon two 6th grade female STUDENTS encountered her partially in a state of undress (according to my daughter) as she was likely trying to dry herself off. The woman was agitated and unpleasant to the girls who then notified staff. The woman changed her tune when the principal confronted her, apologizing, saying she thought the school had already gone on the holiday break. Police were summoned, as they happened to already be on school grounds delivery gifts to the students of Selma.

Today there was a man with a black beanie pulled down over his entire face, screaming obscenities as students had to walk past him to enter school property. This is frightening for children and parents. We don't feel safe outside the gates and now we have concerns about our children's safety inside the campus.

This is a serious safety matter and I just wanted to be sure our concerns were expressed in writing.

Sincerely,
Melissa Geiger Schrift

To: Captain Cory Palka <cory.palka@lapd.lacity.org>, SLO Paul Jordan <32285@lapd.lacity.org>

Cory and Paul,

Are you aware of the incident listed below? A homeless woman jumping the fence into Selma school and encountering students?

Thanks,

Dan Halden
Hollywood Field Deputy
Councilmember Mitch O'Farrell

Dear Daniel and Officer Paul Jordan,

I'm following up to see if anything will be done regarding this location ...as of today the sidewalk continues to be blocked 24 hours a day thank you.

Mitch O'Farrell <councilmember.ofarrell@lacity.org>

While you were our Councilman, you approved some BAD DESIGNS for Selma Park

Fri, Jan 6, 2017 at 8:03 AM

To: mayor.garcetti@lacity.org
Cc: councilmember.ofarrell@lacity.org

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you.

Romulus Zamora

[redacted]

Now what is the CITY doing in SELMA PARK??????

2 messages

Romulus Zamora Fri, Jan 6, 2017 at 7:27 AM

It's not even 7:30AM and there's a CREW outside our MANSON apartment windows

with a JACKHAMMER breaking up stone work TAXPAYERS PAID FOR around the TREES

in SELMA PARK.

Daniel, you've enjoyed your HOLIDAY VACATION.

PLEASE TELL ME TODAY what is going on.

And why so EARLY.

The homeless have NEVER BEEN SO LOUD or SO DISTURBED our tenants

as your CREW!!!!!

The entire SOUTH SIDE of our building is being FORCED AWAKE.

Thank you.

Romulus

Dan Halden <daniel.halden@lacity.org> Fri, Jan 6, 2017 at 12:08 PM

Got to the bottom of it.

Romulus Zamora
To: Dan Halden <daniel.halden@lacity.org>

Fri, Jan 6, 2017 at 1:31 PM

Apparently whoever designed SELMA PARK and put cement rings

around the trees didn't know what they were doing, Dan.

The rings were hurting the trees.

The PARKS Department came in and jackhammered the rings

so the trees can grow properly.

Selma Elementary School needed for meeting re: Selma Park

3 messages

Dan Halden <daniel.halden@lacity.org> Fri, Jan 6, 2017 at 4:18 PM
To: Glendy Elias <glendy.marin@lausd.net>, "Lampros, Vicky" <vxl4584@lausd.net>

Hi Glendy and Vicky:

Happy New Year and I hope you are doing well! I am organizing a meeting next week – Thursday January 12th at 10:00 AM – to discuss Selma Park.

We will be meeting with several members of the community including residents, non-profits, etc. We would really like to include Selma Elementary School in this discussion.

Would either of you (or someone from the school) be available?

Please advise, and thanks!

Best Regards,

Dan Halden

Homeless encampment Schrader / Selma area

Kevin Landa Fri, Jan 6, 2017 at 5:12 PM
To: Daniel Halden <daniel.halden@lacity.org>
Cc: Michele R Landa Melissa GeigerSchrift >, Coach Jay

Dear Dan Halden CD13,

There is an ongoing homeless encampment on Schrader and Selma. It also involves drug use with needles and other public health issues.

Can someone please reach out and offer services to the people and and clean and sanitize the sidewalks , park and area.

The homeless are not removing their belongings...and belongings remain on the sidewalk 24 hrs a day.

One of my kids goes to Larchmont charter middle school on Selma campus. Walking to school there is not as safe as it should be and now many avoid it if possible.

Selma Park that used to be a great pocket park and was attended by local parents daily in the past ... now is toxic and unsafe.

In the evening it has been very unsafe walking in that area and going to from the YMCA is a gauntlet of tents , debris and feces/urine.... at this point many avoid walking there especially at night and even teachers are instructed not to walk alone....
The recent crime reports reflect some of this as well...
It's often I see police and bid security, loud arguments among the transient group and my kids have witnessed these confrontations as well.

Please do what you can and what resources you have to provide some safety and balance to that area. Please offer resources and services to the people experiencing homelessness. Please ask the city to provide resources to the community for public health, safety and clean up of the surrounding area / sidewalk.

Please forward this note to the LAPD Senior Lead Officer for the area as well as I don't have their contact information.

Thanks
Kevin

Guests: Celina Alvarez, Housing Works; Alex Davis, The Center at Blessed Sacrament; Susan Dutra, My Friend's Place; Shelby Winston, Madame Tussaud's Hollywood; Aram Haroutonign, Harts Café; Mike, Hot Rock.

I. Call to Order: The meeting was called to order at 10:05 a.m.

II. Public Comment: There were several local businesses present who presented concerns to the committee regarding the food trucks that have overtaken a few parking spots every single day. The business owners that spoke indicated that vehicles will "reserve" those spaces as early as 3 a.m. so that the food trucks can swoop in. Morrison indicated that this has been a top priority in her regular meetings with the council office at city attorney/neighborhood prosecutor. In fact, due to the good work of one of the employees at Hollywood Hot Rock, license plates were captured over the past month and the city attorney was able to document the flagrant violation of laws. One of the cars had received 73 tickets over six months; a second vehicle had received 35 tickets over 90 days. She said that her staff is researching whether there are nay examples of "scofflaw laws" in this country that could be considered for LA. She asked for additional time to work with the city on solutions.

John Tronson asked Joe Mariani to go ahead and report on the city's accelerated plan to pass a sidewalk vending ordinance, since that was pertinent to the discussion regarding the food trucks. Mariani informed the board that he had attended the LA City Council's Public Works and Gang Reduction Committee hearing on Monday (12/12) where the committee reviewed the proposed framework to legalize sidewalk vending in Los Angeles. Mariani spoke during public comment at the meeting and informed the council members that the two BIDS are asking for a clear and concise opt out option for communities that are not geared to support sidewalk vending. Currently the committee is considering and "opt out" option to be included in the framework with a 20% threshold. What the threshold is comprised of at this point is still up for discussion. The committee is proposing 20% of businesses or property owners as the requirement. The City is putting the item on the fast track for a approval and as it stands now would be considered in January before City Council. Mariani said he and Morrison we will be working on letters to Councilmember O'Farrell to express the BIDs concerns with the framework and reiterate the importance of an "opt out" option.

III. Meeting Notes: Apologies from the staff, there were no meeting notes assembled after the November meeting.

IV. Reports

- A. Staff Report:
  - a. Homeless Issues
    - i. Encampments: Morrison reported that the BID and the LAPD continue to struggle with several homeless encampments that have cropped up. In particular, there is a concentration of people who have started living at Cherokee and Selma, and also Selma Park has become an encampment and has become a

very intimidating place for children and families to visit. With respect to Selma Park, she indicated that after a meeting with city officials, it has been determined that the park will be closed for reseeding of the grass and the implementation of repairs. While that is underway, staff will organize various organizations and schools to come together to activate the park for children and families: Selma Elementary School, Blessed Sacrament, the YMCA, PAL and others.

ii. County Sales Tax: Morrison briefed the committee on action taken last week by the LA County Board of Supervisors. They voted: (1) to declare a state of emergency in the county with respect to the homeless situation; and (2) to place a ¼ cent special sales tax on the March ballot to raise $355 M a year for 10 years for homeless services. Both BID Boards will be asked as to whether they would like to add their name to the list of endorsing organizations.

iii. Salvation Army/Greater West Hollywood Food Coalition: Morrison briefed the board on the plans announced by the SA on October 28 that they are proceeding to invite the GWHFC to feed on their property, five nights a week, starting Jan 1. Morrison described some recent meetings on this topic, including an Open House organized by the SA on November29, 2106 in which virtually all of the neighboring owners showed up. Concern was expressed that the SA proceeded to consummate this arrangement with no discussion with their neighbors, despite repealed assurances that this would occur.

b. Street Character issue. Joe Mariani reported that he had attended another meeting to work out logistics related to the city plan to distribute 20 passes a day to individuals wanting to pose as street characters for tips in the zone from Highland to Orange. There are still a number of key issues to work out including:

   i. Who would distribute the passes each day?
   ii. How would behavior be punished if the character violates the rules – especially if there is no expectation that a name is collected at the time a character receives a pass?
   iii. What would happen if characters ignore the rule?

Mariani also asked that if the BID served as the distribution agent for the passes the HPOA would need to be fully indemnified by the City before an agreement is signed. The topic is still being discussed at the City level and more information should be available in January.

B. Andrews International: Steve Seyler presented the report for the period 11-1-16 and 12-4-16 and shared some highlights. He said that calls for service had leveled out. He introduced the outreach worker, Max Moore, who has been brought on for a pilot period to do actual on-the street outreach and engagement with the homeless population in both BIDs. Max shared two success stories of intervention: one involving a 73 year old woman who had been living on a bus bench near AMDA, and a second involving a former Superman street character who had succumbed to drug addiction.

C. LAPD: The senior lead officers who attended on behalf of LAPD expressed some of the challenges they are facing with respect to homeless encampments. In particular, in instances where individuals are clearly separating their trash from private belongings, the Dept. of Sanitation is refusing to pick this up. The committee generally discussed the current crisis in the city and the fact that there are no longer any adult shelter beds in Hollywood.

V. New Business: Morrison advised the committee that it has been customary at the end of the year for the HPOA board to set aside some remaining contingency dollars to provide small grants to local nonprofit partners who are resources with respect to homelessness. The three organizations, Housing Works, My Friend's Place and The Center at Blessed Sacrament presented a summary of their operations and how the grants from 2015 were able to support their work in Hollywood. John Tronson indicated that the board will be considering similar allocations at their meeting the next day.

VI. Next Meeting: The next meeting is tentatively scheduled for January 11, 2016.

VII. Adjournment: There being no further business the meeting was adjourned at 11:20 a.m.

MAYOR ERIC GARCETTI

Los Angeles City Hall

Dear Mayor Garcetti:

I live next to the Los Angeles Gay & Lesbian Center.

On our apartment building's south side is SELMA PARK.

When you were our district councilman you approved creation of Selma Park.

Among the designs you approved were for the planting of several trees

and their being encircled by concrete rings.

The CITY PARKS Department has now discovered that these concrete rings

are DAMAGING the trees.

This morning a crew with jackhammers began breaking up the concrete

EARLIER than the legal noisy work start time of 7:30AM.

The tenants on the 3 stories of our building's south side were forced awake.

We had NO ADVANCE NOTICE of the work.

Selma Park and several blocks of SELMA AVENUE have recently become

enclaves of our homeless citizenry.

What is the City of Los Angeles doing to assist these taxpayers and sometimes

VOTERS?

Thank you.

Romulus Zamora,

HOLLYWOOD FIELD REPORT
JANUARY 9 – 13, 2017
FIELD DEPUTY DAN HALDEN

Meeting: Hollywood Studio District NC

Monday, January 9th

I attended the monthly HSDNC meeting to give my report. I also stayed for most of the meeting to hear an item the board was considering regarding homeless feeding on the public right-of-way. There was significant stakeholder opposition to the Resolution that was in front of the board. The item was sent back to the NC's ad hoc committee on homelessness.

Meeting: Hollywood Blvd Food Trucks

Tuesday, January 10th

I had a meeting with County Health, LAPD, LADOT and City Attorney to discuss the ongoing matter of food trucks illegally parking on Hollywood Blvd. Last week, one of the regular vendors was suspended for at least two weeks due to multiple health code violations. There is now a stronger relationship with County Health than there has been in the past, and we are getting good responsiveness from the agency.

Conference Call: EaCa Alley

Tuesday, January 10th

AY and I had a conference call with City Attorney and BOE to discuss EaCa Alley. I can provide details as needed.

Meeting re: Tour Bus Parking

Tuesday, January 10th

I had a meeting with Brandon Helfer and Scott Sanchez of Proper Parking, a company in Hollywood that operates tour bus coaches and also manages several parking lots. They are the long-term tenant of a lot at Franklin/Highland on the CD4 side. They are currently applying for a CUP that would allow them to pave the site and formalize it as a parking lot. Assuming they get the CUP, they are also interested in leasing some of the spaces for monthly rentals by tour buses. This would allow us to remove the staging area on Hawthorn Avenue, a major request from Hollywood High School.

Since the location is in CD4, I connected with them and provided the contact information for Proper Parking. On the matter of the CUP, I deferred the issue to them but briefed them of our interest in resolving the tour bus issue.

Meeting re: Stratford School Parking

Wednesday, January 11th

I had a meeting with LADOT and Stratford School, located at 1200 N Cahuenga Boulevard (kitty corner from Hollywood Recreation Center). We are going to replace the "No Parking

7am-5pm School Days" restriction on Lexington with a different type of restriction which will end up with a net gain of about three parking spaces for the community.

Meeting: W Residences Meet and Greet

Wednesday, January 11th

I staffed MOF at this event. About a dozen residents attended from The W. We talked about various issues including public safety, walkability, planning, small businesses, etc.

Event: Coffee/Cafecito with Vine Street Elementary School Parents

Thursday, January 12th

ES and I staffed MOF at this event which included about 15-20 parents of children who attend Vine Street Elementary School. The main topics of discussion included the new oversize vehicle restrictions around the school, the forthcoming full traffic signal at Romaine/Vine, and affordable housing.

Meeting: Selma Park "Next Steps"

Thursday, January 12th

I met with several members of the Hollywood community, as well as city departments, to discuss "next steps" at Selma Park. The group included school principals, residents and non-profits. We had a great discussion about what folks would like to see, and we agreed to meet regularly to plot a course forward that is community-driven. Our next meeting will be in February.

Event: "For the Love of Hollywood" Gala

Thursday, January 12th

I staffed MOF at this event.

Meeting: LOVE Foundation

Friday, January 13th

I met with the LOVE Foundation, with whom we have partnered in the past on cleanups and events. They have been working with SDLC (and our office) on our upcoming Hollywood cleanup/beautification day scheduled for February 18th.
